CONTENTS

This issue of the Bulletin contains in the order given—

Court Decision.

Docket.

Rules Directory.

Notice of Hearing Calendar.

Remaining Minutes of Regular Meeting of December 22, 1953, Affecting Calendar Numbers 732-41-BZ—Vol. III, 723-50-BZ—Vol. II, 611-52-BZ—Vol. II and 571-52-BZ.

Appeals as to Multiple Dwellings.

Rules for the Testing and Use of Blended Cements.

Rules Relating to Smoking in Protected Portions of
Factories, and in Special Classes of Occupants.

COURT DECISION

Matter of 117 & 127 West 48th Street Corp. vs. Board:—On June 9, 1953, the Board granted a variance under Section 7, subdivision f, of the Zoning Resolution to permit in a business use district a storage garage as an extension to a garage, previously permitted under Cal. No. 934-50-BZ, Vol. I, on the plot in the rear facing 47th Street, for a term of twenty-five years, including the omission of certain portions of required side courts. The total capacity of the combined buildings exceed 150 cars; Cal. No. 934-50-BZ, Vol. II. Under date of November 30, 1953, the attorneys for the petitioner and for the Board signed a stipulation of discontinuance, and filed such stipulation of discontinuance with the court.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellant and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

PREMISES AFFECTED—35-35 24th street and 2402-2408 35th avenue, southeast corner (Block 338, Lot 8), Long Island City, Borough of Queens.
APPEARANCES—
For Applicant: Alfred A. Lama and Morris Siegel.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.
ACTION OF BOARD—Application reopened as Vol. II, and set for hearing January 5, 1954, at 10 A.M., subject to

the regular procedure, to consider a new proposal, waiving all requirements except a new decision of the Borough Superintendent, which has been filed and to permit two publications in the Bulletin.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

571-52-BZ

APPLICANT—Fred Safran, for Regent Venetian Blind Mfg. Co., owner.
SUBJECT—Application July 25, 1952—(decision of the borough superintendent) under the zoning resolution, to permit in a local retail use district the alteration of an existing building for the manufacture of venetian blinds.
PREMISES AFFECTED—401-403 East 11th street and 182 1st avenue, northeast corner (Block 439, Lot 1), Borough of Manhattan.
APPEARANCES—
For Applicant: Fred Safran.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.
ACTION OF BOARD—Application withdrawn on request of applicant.
THE VOTE—
Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

Adjourned: 4:00 P. M.

JOSEPH J. DOYLE, *Chief Clerk.*

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description, the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight,

and such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULES

RULES FOR THE TESTING AND USE OF BLENDED CEMENTS

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS, AUGUST 2, 1940. EFFECTIVE, IN ACCORDANCE WITH SECTION 665, SUBDIVISION C, OF THE NEW YORK CITY CHARTER, AUGUST 26, 1940.

(584-39-SR)

Authority:

Pursuant to the Authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, Charter of the City of New York, and C26-189.0, Administrative Building Code (2.2.1.1), and C26-312.0, paragraph c, subdivision 2, Administrative Building Code (7.1.1.7.3) reading: "Nothing herein contained shall be construed to prohibit the use of cements of other types which are approved by the board and are used in accordance with rules of the board governing their use."

1.0 Scope.

1.1 The intent of these rules is to provide a basis for the use of blended cements other than Portland Cement. Subject to the restrictions in the approval of the Board as to each brand, such blended cements may be used as substitutes for Portland Cement on an equivalent weight basis where Portland Cement is permitted.

2.0 Blended Cements.

2.1 Blended cements shall include an intimately interground mixture of approved Portland Cement with natural or artificial products composed of silica and alumina, which shall be mixed with Portland Cement in limited proportions, (except as may be otherwise provided for in the Administrative Code) and which will react in the presence of water to form a hydraulic cement.

2.2 Admixtures to Portland Cement shall have a previous record of satisfactory experience.

2.3 These rules shall not be applicable to harmless materials used as coloring, waterproofing, plasticizing, and freezing preventatives when used as admixtures to Portland Cement in quantities not in excess of 1%.

3.0 Manufacture and quality of Blended Cements.

3.1 A flow sheet in duplicate showing the process of manufacture and blending shall be filed with the Board as part of any application for approval which shall include the origin and the amount of materials used and proof as to quality and uniformity.

4.0 Available supply of raw materials.

4.1 Evidence shall be filed with the Board showing the potential supply of raw material available to the manufacture.

5.0 Fineness.

5.1 The specific surface shall be not less than 1800 sq. cm. per gram, as determined by methods of test described in A.S.T.M. specifications C115-38T.

5.2 The residue shall not exceed 15% by weight on a No. 325 standard sieve.

6.0 Soundness.

6.1 A pat of neat cement of normal consistency shall be subjected to tests for soundness by the methods outlined in A.S.T.M. specifications C77-36, and when

so tested it shall show no signs of distortion, cracking, checking or disintegration when subjected to the steam test, nor shall the expansion of the pat be greater than 5mm, when molded in Le Chatelier tongs and stored in a standard moist closet for 24 hours.

6.2 In addition to these requirements, the expansion of three 1" x 1" x 10" bars of neat cement of normal consistency when subjected to the Autoclave test, A.S.T.M. tentative method, shall not have an expansion in excess of 0.75%.

7.0 Time of set.

7.1 Time of setting shall be determined by test described in A.S.T.M. Specification C77-36, and the mortar so tested shall not develop initial set in less than one hour and final set in more than 10 hours, as tested with Vicat or Gillmore needle.

8.0 Compressive strength for normal blended cements.

8.1 The average compressive strength of five 2-inch mortar cubes composed of one part of blended cement and 2.75 parts graded Ottawa sand by weight shall be not less than the following:

Age at Test	Storage of Cubes	*Compressive Strength
7 days	1 day in moist air, 6 days in water	2200 lbs. sq. in.
28 days	1 day in moist air, 27 days in water	3500 lbs. sq. in.

*When tested in accordance with Fed. Spec. SS-C-158.

8.2 Tensile Strength.

The average tensile strength in lbs. sq. in. of not less than 5 mortar briquets composed of one part cement and 3 parts of Ottawa sand, by weight, shall be equal to or greater than the following:

Age at Test	Storage of Briquets	Tensile Strength Lbs. Sq. In.
3 days	1 day in moist air, 2 days in water	175
7 days	1 day in moist air, 6 days in water	275
28 days	1 day in moist air, 27 days in water	350

The average tensile strength of the mortar at 7 and 28 days shall be higher than that at 3 and 7 days, respectively.

9.0 Blended cements having other properties.

9.1 When approval of the board is requested for the use of Blended Cements having high early strength, sulfate resistance or low heat of hydration, application shall be made to the board for additional tests to develop these properties.

RULES

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

Rule 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator-car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fire-resisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building, Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellant and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

JANUARY 12, 1954, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, January 12, 1954, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

467-53-BZ

APPLICANT—Lama, Proskauer and Prober, for J. J. A. Holding Corp., owner.

SUBJECT—Application June 9, 1953—(decision of the borough superintendent), under section 7e, and 21 of the zoning resolution, to permit in a residence use, B area district, the erection and maintenance of a factory and warehouse using more than the area permitted, for a term of twenty years.

PREMISES AFFECTED—71-79 Macombs place and 248-260 West 153rd street, southwest corner (Block 2038, Lot 12), Borough of Manhattan.

Hearing closed; laid over from November 17, 1953, to December 8, 1953, for inspection and decision; then to January 12, 1954, for applicant to submit information as to proposed tenant and occupancy; hearing previously closed.

247-35-BZ—Vol. II

APPLICANT—DeRose and Cavalieri, for Henry Sauer, owner

SUBJECT—Application, April 23, 1953, reopened May 19, 1953 as Vol. II—re (decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use, E area district, the erection and maintenance of a lunch wagon (restaurant) nearer to the street line than is permitted.

PREMISES AFFECTED—3007 East Tremont avenue, northeast corner of Erickson place (Block 5381, Lot 38), Borough of The Bronx.

Laid over to November 17, 1953, for inspection and decision—hearing closed on October 27, 1953; then to November 24, 1953, and again to December 15, 1953, for inspection and decision; then to January 12, 1954, for applicant to file further information with the Board as to proposed parking area.

743-45-BZ—Vol. III

APPLICANT—Solomon Jochnowitz, for Garvan Realities, Inc., owner (James Seeman Studios, lessee).

SUBJECT—Application, September 14, 1953, reopened September 29, 1953 as Vol. III—re (decision of the borough

CALENDAR

superintendent) under section 7c of the zoning resolution, to permit in a residence, business and unrestricted use district, the change in occupancy from storage garage and repair shop, auto showroom and sales, to factory use.

PREMISES AFFECTED—134-12 Atlantic avenue, south side, 100 ft. east of 134th street and 134-23 95th avenue, north side, 100 ft. west of Van Wyck expressway (Block 9450, Lots 34 and 56), Richmond Hill, Borough of Queens.

Laid over from November 24, 1953, to December 15, 1953, at request of the objector's attorney; applicant to send out notices to owners in affected area; hearing closed on December 15, 1953; laid over to January 12, 1954, for inspection and decision.

258-35-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober, for Octagon Laundry, Inc., owner.

SUBJECT—Application, May 20, 1953, reopened June 9, 1953 as Vol. IV—re (decision of the borough superintendent) under sections 7c, and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of an extension to existing wet wash laundry to be used for storage and sorting of laundry and a store; and to permit the erection and maintenance of an extension to the north to be used for dry cleaning, for the storage of furs, boiler room, loading and unloading of laundry; and to convert the present four car garage facing Grove street to a store and bundle storage room; and to permit the open portion to the north for the day parking of patrons, employees and owner's cars.

PREMISES AFFECTED—2112-2126 Menahan street, east side, 102.56 ft. north of Grandview avenue and 2117-2127 Grove street (Block 3373, Lots 13, 18, 20, 50 and 53), Ridgewood, Borough of Queens.

Laid over from December 1, 1953, to December 15, 1953, at request of objector's representative; no further requests for adjournment; hearing closed on December 15, 1953; laid over to January 12, 1954, for inspection and decision.

189-52-BZ—Vol. II

APPLICANT—James E. McKillop, for Archie Lakin, owner.

SUBJECT—Application, November 5, 1952, reopened November 5, 1952 as Vol. II—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use, C area district, the erection and maintenance of a building (store), using more than the area permitted.

PREMISES AFFECTED—602 Manhattan avenue, east side, 200 ft. south of Nassau avenue (Block 2689, Lot 46), Borough of Brooklyn.

Laid over from December 1, 1953, to December 15, 1953, for inspection and decision—hearing closed; then to January 12, 1954, for inspection and decision.

297-34-BZ—Vol. III

APPLICANT—J. G. L. Molloy, for Anne Cosden, owner.

SUBJECT—Application, August 8, 1952, reopened February 25, 1953 as Vol. III—re (decision of the borough superintendent) under sections 7c, 7f, 7h, 7i and 21 of the zoning resolution, to permit in a business use district, the extension in area of premises and change in occupancy from auto-laundry, grease pits and office, to gasoline service station, lubritorium, car wash (non automatic), motor vehicle repairs, storage and sale of accessories and office; and the parking of more than five motor vehicles waiting to be serviced.

PREMISES AFFECTED—2705-2717 Nostrand avenue, east side, 340 ft. south of Avenue M (Block 7666, Lots 24 and 25), Borough of Brooklyn.

Hearing closed; laid over from December 15, 1953, to January 12, 1954, for inspection and decision.

157-53-BZ

APPLICANT—Henry Nordheim, for Groteville Holding Corp., owner.

SUBJECT—Application February 25, 1953—(decision of the borough superintendent) under sections 7e, 7h, and 21 of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—718 Grote street, south side, 6.40 ft. west of Prospect avenue (Block 3100, Lot 68), Borough of The Bronx.

Hearing closed; laid over from December 15, 1953, to January 12, 1954, for inspection and decision without further argument.

290-53-BZ

APPLICANT—Carroll Blake, for Tulbro Realty Corp., owner (Brooklyn Parkside Motors, Inc., lessee).

SUBJECT—Application April 22, 1953—(decision of the borough superintendent) under sections 7f, and 7A of the zoning resolution, to permit in a business use district, the change in occupancy from sale and display and parking of more than five motor vehicles, to gasoline service station, car washing, storage and sale of accessories, with show windows and business entrance nearer to residence use district than is permitted.

PREMISES AFFECTED—1401 86th street, northeast corner of 14th avenue (Block 6340, Lot 1), Borough of Brooklyn.

Hearing closed; laid over from December 15, 1953, to January 12, 1954, for inspection and decision.

368-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Ideal Clamp Manufacturing Co., Inc., owner.

SUBJECT—Application May 15, 1953—(decision of the borough superintendent), under sections 7c, and 21 of the zoning resolution, to permit in a residence and business use, C area district, the change in occupancy of buildings located in the residence use district from chicken market, wet wash laundry, and garage and office to manufacturing of light metal products, including stamping, cutting, plating, assembly, packing and shipping, loading berth, employees lunchroom and offices; and to demolish an existing building and to permit the erection of a one story extension, using more than the area permitted.

PREMISES AFFECTED—413-437 Liberty avenue, 197-209 Vermont street, northeast corner and 154-172 Wyona street (Block 3689, Lot 1), Borough of Brooklyn.

Hearing closed; laid over from December 15, 1953, to January 12, 1954, for inspection and decision.

436-53-BZ

APPLICANT—O'Dwyer, Bernstein, and Preusse, for Lena G. Gates and May L. Thrall, owners.

SUBJECT—Application June 2, 1953—(decision of the borough superintendent) under sections 7e, and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station (lubritorium), auto wash (non-automatic), motor vehicle repairs, storage and sale of accessories and office, and to permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—141-50 Union turnpike, south side, 44.96 ft. west of Main street (Block 6634, Lot 34), Flushing, Borough of Queens.

Hearing closed; laid over from December 15, 1953 to January 12, 1954, for inspection and decision.

446-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Fulton Reid Realty and Holding Corp., owner.

SUBJECT—Application June 5, 1953—(decision of the borough superintendent) under section 7c, and 21 of the zoning resolution, to permit in a local retail use, C area district, the demolition of the three two story frame buildings on the corner of Fulton street and Reid avenue.

CALENDAR

and to permit the erection of a new two story extension to be used in conjunction with existing meat processing, with offices, toilets and locker rooms on second floor, using more than the area permitted; and to permit the change in use from garage for five cars, and bar and grill to meat processing.

For Opposition: Douglas A. Witschieben.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 2, 1954, at 10 A.M. for inspection and decision; hearing closed.

330-53-A

APPLICANT—Simeon Heller, for Estate of Raphael Tassi, owner (Express Service Inc., lessee).

SUBJECT—Application April 22, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—45-47 Downing street, west side, 92 ft. 7½ in. south of Bedford street (Block 528, Lot 80), Borough of Manhattan.

APPEARANCES—

For Applicant: Simeon Heller and G. Lippe.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 2, 1954, at 10 A.M. for inspection and decision in conjunction with Cal. 743-52-BZ.

208-53-BZ

APPLICANT—Ingram S. Carner, for William Rishkes, owner.

SUBJECT—Application March 24, 1953—(decision of the borough superintendent) under sections 7f, 7h, and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash (non-automatic), storage and sale of accessories, motor vehicle repairs, and office, and to permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—5801-5829 Flatlands avenue, and 965-977 East 58th street, northeast corner and 892-896 East 59th street (Block 7762, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Hearing closed; laid over to January 12, 1954, at 10 A.M. for applicant to discuss with owner matter of withdrawal.

489-53-BZ

APPLICANT—Morris Rothstein and Son, for Samuel Match, owner.

SUBJECT—Application June 26, 1953—(decision of the borough superintendent) under section 9A of the zoning resolution, to permit in a residence use, D area and a class 1 times height district, the erection and maintenance of a class A-multiple dwelling and garage for more than five cars, in excess of height permitted within two miles of an airport.

PREMISES AFFECTED—2717-2727 East 28th street, 2729-2741 East 28th street, east side, 127-81 and 101-91 ft. north of Shore parkway and 3655-3677 Shore parkway, north side, 95 ft. east of East 28th street (Block 7501, Lots 104 and 112), Borough of Brooklyn.

APPEARANCES—

For Applicant: Arnold Rothstein and George Lane.

For Opposition: George N. Brickfield, Solomon Kletzelman, Ralph J. Favilla, George F. Brennan, Antonia Cardlin, Minnie Katzelman, Helen Kudia, Ann Boscovich, Victoria Zahra, Dora Holtorf, Alice Johnson, Ralph L. Buono, Rosalie Leslie, Joseph Savarese, Thomas J. Long, Bernard Misbin, Jeunio Johnson, Samuel W. Lyons, Arthur J. Tuveri, Roy Noto, Gladys A. Zinn, Catherine F. Stillwell, Kathlee Smith, Veronica E. Panico and Denis Keogh.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, Bd. of Education.

ACTION OF BOARD—Hearing closed; laid over to January 12, 1954, at 10 A.M.; applicant and objector to file briefs.

628-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Ralph and Catherine Green, Norman R. Silver and Stanley W. Berman, owners.

SUBJECT—Application August 26, 1953—(decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs, sale and storage of accessories, and office, and to permit the parking and storage of motor vehicles on unbuilt upon portion of lot; with a show window and entrance nearer to residence use district than is permitted for a term of 20 years.

PREMISES AFFECTED—1097-1109 Bedford avenue and 323-329 Gates avenue northeast corner (Block 1807, Lots 1-7 inclusive), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 2, 1954, at 10 A.M. for inspection and decision; hearing closed.

634-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Angelo Rimola, Katherine Sergio and James Meringola, owners (Socony-Vacuum Oil Co., lessee).

SUBJECT—Application September 2, 1953—(decision of the borough superintendent) under sections 7c, 7i and 7A of the zoning resolution, to permit in a business use district, the demolition of existing gasoline service station and used car lot and the reconstruction of station to include lubritorium, auto laundry, motor vehicle repairs, store, utility room and office, and to permit the parking and storage of motor vehicles with a curb cut nearer to residence use district than is permitted.

PREMISES AFFECTED—118-11 101st avenue and 97-32 Lefferts avenue, northwest corner (Block 9456, Lot 22), Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

MINUTES

ACTION OF BOARD—Laid over to February 2, 1954, at 10 A.M. for inspection and decision; hearing closed.

7-53-BZ

APPLICANT—Sidney Neubauer, for Harry and Leonard Miller, owners.

SUBJECT—Application January 8, 1953—Application (decision of the borough superintendent) under sections 7e, 7f, 7A and 7h of the zoning resolution, to permit in a residence and retail use district, the erection and maintenance of a gasoline service station, lubricatorium, auto laundry (non automatic), storage and sale of accessories and to permit the parking of motor vehicles on unbuilt upon portion of plot with curb cuts nearer to the residence use district than permitted.

PREMISES AFFECTED—154-09 North Conduit avenue, 154-23 to 154-29 Rockaway Blvd., northeast corner and 140-14 to 140-22 155th street (Block 12310, Lots 1 and 78), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: None.

For Opposition Edw. Hoffman, Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 1, 1953 after due notice by publication in the Bulletin; taken off the calendar for a new date of hearing to be set; then set for hearing on January 5, 1954; and

WHEREAS, the applicant failed to notify owners of property affected; and

WHEREAS, at the public hearing on January 5, 1954 there was no appearance on behalf of the applicant, although he was duly notified.

Resolved, that this application be and it hereby is *dismissed* for lack of prosecution.

611-52-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Expert Concrete Breakers, Inc., owner.

SUBJECT—Application reopened December 15, 1953—(decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a business building, (stores, super-market, warehouse), and to permit the parking of patrons cars on unbuilt upon portion of lot, for a term of twenty years.

PREMISES AFFECTED—35-35 24th street and 24-02, 24-08 35th avenue, southeast corner (Block 388, Lot 8), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Morris Siegel.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Commissioners Kleinert and Keating and Deputy Chief Connors 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, on May 5, 1953 this application was granted by the Board on certain conditions, under sections 7e and 7h of the zoning resolution, for a term of twenty years, to permit in a residence use district the erection and maintenance of a

business building (stores, supermarket, warehouse), and to permit the parking of patrons' cars on the unbuilt upon portion of the lot, affecting premises 35-35 24th street and 2402-2408 35th avenue, southeast corner (Block 338, Lot 8), Long Island City, Borough of Queens; and

WHEREAS, this application was reopened on December 15, 1953 and set for hearing on January 5, 1954 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated November 12, 1953 acting on amendment to N.B. 4277-52, reads:

"1. Proposed erection of stores, loading and unloading and parking of customers cars, and warehouse for radios, television, electronics, electrical parts and supplies, and distribution, loading and unloading and parking & storage of owners trucks, parking of employees & customers cars on a plot located in a residence use district is contrary to Art. II Sect. 3 of the zoning resolution and the resolution of the Board under Cal. #611-52-BZ."

and

WHEREAS, new plans, seven sets, four sheets each, received with letter, marked "Received November 24, 1953," differ with plan marked "Received February 20, 1953," one sheet and plans marked "Received September 5, 1953," four sheets, as follows: new plans only show structure at northerly end of site fronting on 35th avenue (90.93' x 70.0'), with a cellar; plans filed with application dated September 5, 1953 show cellar 90.93 ft. by 307 ft.; new plan of 1st floor shows structure at northerly end of site facing on 35th avenue and 24th street (90.93 x 70), with vacant portion adjoining at south of structure, 118.4 ft. fronting on 24th street to be used for loading and unloading, parking of customers' and employees' cars; that adjoining vacant portion is shown a warehouse 190 ft. fronting on 24th street, and adjoining this structure to the south, a vacant portion 62 ft. front to be used for loading and unloading and parking of owner's trucks; that plans received with application dated September 5, 1953 and approved by resolution, show structure 90.93 ft. by 307 ft. with open portion at southerly end of plot 133.40 ft. by 116.84 ft. for parking of patrons' cars; that the recommendation of the Board, re, relocating parking lot, has been complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 5, 1953, by adding thereto:

"that in the event the owner desires to rearrange the use on the premises as now proposed and as indicated on revised plans filed with this application, marked 'Received November 24, 1953, (4 sheets)' such change in use and arrangement may be permitted, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto where not inconsistent with the resolution adopted on May 5, 1953; that complete working drawings shall be submitted as thereunder required, before same are submitted to the borough superintendent, within three (3) months from the date of this *amended* resolution."

166-53-BZ

APPLICANT—Kenneth W. Milnes, for Peter J. and Rosaria D'Arrigo, owner.

SUBJECT—Application March 6, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a residence and business use district the change in occupancy from telephone exchange to factory, storage and store (dress manufacture).

PREMISES AFFECTED—145 Clove road, east side, 126 ft. south of Richmond terrace (Block 201, Lot 27), West Brighton, Borough of Richmond.

MINUTES

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and business use, C and E area, class 1½ and 1¼ height districts; Clove road is in a business use, C area, class 1½ and 1¼ height district; Richmond terrace is in business and unrestricted use, C and A area, class 1½ and 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated February 16, 1953 acting on Alt. Applic. 260-52, reads:

"1. The proposed change of use and occupancy of the existing 3 story class I building from a business use to a factory is contrary to Subdiv. 3 of Article II of the Zoning Resolution inasmuch as this building extends into a Residence use district.
and amendment to Alt. Applic. 260-52 dated November 13, 1953, reads:

"1. In view of the proposed change of use of the building under this application, it is proposed to discontinue and remove the existing standpipe system, if that portion of the building and stairway projecting into the residential area is approved by the Board of Standards and Appeals under Cal. No. 166-53-BZ."

and

WHEREAS, the applicant states the premises consist of a plot, 52.39 ft. frontage by 125.23 ft. in depth, irregular, on which is located a building 25 ft. 3½ in. front by 103 ft. in depth, 3 stories, 50 ft. 2 in. in height, of class 1 construction, formerly used as a New York telephone company exchange, and occupied by owner as dressmaking establishment; that it is proposed to convert the use of building for the manufacture of wedding gowns for wholesale; and

WHEREAS, the applicant contends that this building was originally built by the New York telephone company in 1903 as a central telephone exchange and was continually used as such until vacated in 1949; that the present owners purchased it in 1950 primarily as a location for their own dressmaking concern; that they were assured at the time by the real estate agent that there were no restrictions against occupancy of the building for this purpose and without further investigation purchased the building; that after being on the premises for some time an inspector for the department of housing and buildings told them that they must secure a new certificate of occupancy due to the change in use; that nothing further was done until 1952 when the inspector placed a violation (No. 9/52) against the premises; that an architect was employed to file the necessary plans which meant complete re-measuring of the building as the original plans were destroyed by fire; that when the plans were examined it was found that the building proper projected into the residential zone at the rear approximately 10 ft., and the outside steel stair projected to within 18 in. of the rear lot line; that approval of plans was denied unless a variance was granted by the Board; that subsequent to the violation being placed against the premises, a summons to court was given to the owners but withdrawn by the Department of Housing and Buildings due to the death of the inspector; that no further court action will be taken until the Board renders its decision; that the property was zoned in 1916 for unrestricted use, 1½ height, C area and the only change made was that the unrestricted use was changed to business in 1942; that the residential portion of the lot has remained unchanged from 1916 to date; that the owners'

business is highly specialized dress making, involving only the manufacture of wedding gowns for wholesale; that about 25 women are employed in peak times and about 3 at slack times; that the building is of class 1 construction, with proper and ample exit facilities and live load capacities of 150 pounds per sq. ft. on the 1st, 2nd and 3rd floors; that with over 90% of the building lying within the business use zone and it being practically impossible to make this very excellent building comply without great expense and hardship on the owner, it is requested that the Board legalize this entire building for the uses ordinarily permitted in a business district so that the owner may enjoy full use of the premises within the law; that the building has been in this location for over 40 years and no useful purpose would be served by attempting to make the building comply; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c. to permit the extension of the existing building erected before 1916 in the more restricted district, and to permit such portion of the building to be used for business purposes, as proposed in conjunction with the balance of the building in the business use district, as indicated on plans filed with this application marked "Received March 6, 1953" (11 sheets), on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that any equipment within the building not required by law for the proposed new use may be removed; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

397-53-BZ

APPLICANT—Leonard F. Rothkrug, for Caroline Della Monica, owner.

SUBJECT—Application May 21, 1953—(decision of the borough superintendent) under section 7f of the zoning resolution, to permit in a business use district, the erection and maintenance of a two car garage, a four car garage, and a fourteen car garage in addition to existing five car garage.

PREMISES AFFECTED—178-180 15th street, south side, 278 ft. east of 4th avenue (Block 1047, Lots 22 and 23), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 8, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to December 22, 1953, for inspection and decision; applicant to file revised plans and corrected area plans; then to January 5, 1954, for decision after applicant has submitted additional plan, as requested; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 15th street and 4th avenue are in a business use, B area and class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated May 1, 1953 acting on N.B. Applic. 509-53, reads:

"1. Proposed garage units in addition to present 5-car garage on a lot within a business use district, is

MINUTES

contrary to Art. 2, Sect. 4a-15 of the zoning resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 48 ft. 1 in. frontage by 172 ft. 11 in. in depth, irregular, on which is located a five-car garage and a two-story frame structure, which is to be demolished; that there is an existing concrete driveway from five-car garage and an existing curb cut, for which certificate of occupancy No. 57910-29 has been filed; that it is proposed to erect twenty attached and semi-attached additional one-car garage units, each approximately 9 ft. by 20 ft., 12 ft. in height, of class 3 construction; that all doors will be 8 ft. by 7 ft. of the overhead folding type; and

WHEREAS, the applicant contends that the subject site is located in a densely developed business and residential area with no public or private garage facilities within the affected area, and only garage facilities for a very few cars in the entire neighborhood; that the owner of these premises, who has had the existing five-car garage fully rented since it was built in 1929, proposed the additional units at the request of car owners residing in the community and in particular those car owners residing in the adjoining four-story apartment house building; that the garages will be used solely for the garaging of pleasure cars and there will be no repairs of any kind conducted on the premises nor storage of any gasoline; that there will be no openings in the walls along the side or rear lot lines and no signs will be erected; that the premises adjacent to the garages and the driveway will be paved with concrete and only one curb cut to 15th street, 17 ft. in width, is requested in addition to the existing 8 ft. curb cut; and

WHEREAS, the applicant states that lot 22 was acquired August 25, 1929 and lot 23 was acquired April 1948; that the assessed valuation of the land is \$7,300 and the buildings \$2,400, making a total of \$9,700; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, Subdivision f, for a term of ten (10) years, to permit the construction and occupancy of the proposed single car garages as indicated on plans filed with this application marked "Received May 21, 1953," 3 sheets, and "December 21, 1953", 1 sheet, on condition that the existing dwelling now on the premises shall be removed as proposed and the premises shall be arranged and constructed as indicated on such plans; that such buildings shall in all other respects comply with all requirements of the Building Code; that where buildings are not proposed, the open spaces shall be paved with concrete or asphaltic pavement and properly rolled; that there shall be erected on the interior lot lines where walls of existing buildings do not occur a suitable woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 ft. 6 in.; that the entrances shall be solely from 15th street, where there may be a curb cut not exceeding 10 ft. in width; that such curb cut is in addition to the existing curb cut for which a permit shall be in force; that during the term of this variance the premises shall be occupied for no other use; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to a sign at the entrance advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not be illuminated and shall not extend beyond the building line and shall not exceed 25 sq. ft. in area; that the sidewalk on 15th street and curbing shall be repaired or restored to the satisfaction of the Borough President; that all permits shall be obtained

and all work completed within the requirements of Section 22A of the zoning resolution and a new Certificate of Occupancy shall be obtained.

441-53-BZ

APPLICANT—Harry A. Yarish, for S.B.J. Meyer Realty Co. Inc., owner.

SUBJECT—Application June 4, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a residence and local retail use, C area district, the removal of third and fourth stories and the extension of existing store on first floor, using more than the area permitted, and to permit the change in occupancy of second floor from dwellings to showroom.

PREMISES AFFECTED—540 Rockaway avenue, west side, 99 ft. 9 in. south of Sutter avenue (Block 3543, Lot 30), Borough of Brooklyn.

APPEARANCES—

For Applicant: Harry A. Yarish.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Rockaway avenue are in residence and local retail use, C area, class 1 height districts; Sutter avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 18, 1953 acting on Alt. Applic. 388-57, reads:

"8. Repeated—Proposed use for store on 1st fl. and show room on 2nd fl. on a lot partly in a Residence and partly in Local Retail district violates Art. II Sec. 3 and Sec. 4-C Zoning Resolution.

9. Repeated—Proposed extension in area violates Art. IV Sec. 13b Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 25 ft. frontage by 100 ft. in depth, on which is located a building 25 ft. front, 18 ft. 6 in. rear by 69 ft. in depth, irregular, four stories in height, of class 3 construction, used as a store and class A multiple dwelling, but now vacant; that it is proposed to remove the 3rd and 4th story, extend the 1st story on the north side and to extend the business use to the 2nd floor; and

WHEREAS, the applicant contends that every building on the entire block on the same side of the street is provided with a store or stores on the 1st floor, and also on the same block there is a one and a two-story garage; that this establishes the character of the neighborhood; that the proposed use will be limited only to such as is permitted in retail districts; that the present use was changed from unrestricted to residential on July 31, 1947, while the subject building was in the same ownership; that with respect to objection No. 9, it is submitted that the adjoining building on the north occupies the entire lot; that the proposed extension abuts the said building and does not extend beyond the present depth of the subject building and will not affect light or ventilation of any surrounding building; that the building has been vacant for more than five years and to rehabilitate the upper floors for a conforming use is prohibitive and if carried out would not yield a fair return; that the entire store, except for the small area at the front, is too narrow for most store uses and it is a definite hardship and most

MINUTES

difficult for the owner to carry the building as it is, and it is therefore requested that this appeal be granted under such conditions as the Board may direct; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the zoning resolution and that basis was established to warrant continuation of the area covered, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7c and 21, to permit the extension of business use into the more restricted district, substantially as proposed and as indicated on plans filed with this application, marked "Received June 4, 1953" (5 sheets), and "October 21, 1953" (3 sheets), on condition that the building shall be reduced in height as proposed and in all other respects shall comply with all laws, rules and regulations applicable to such a building when erected within the retail use area, except that the area coverage of the existing building may be continued; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 2:25 P.M.

JOSEPH J. DOYLE, Chief Clerk.

REGULAR MEETING

TUESDAY AFTERNOON, JANUARY 5, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors.

255-43-A—Vol. II

APPLICANT—George Kent Weldon, for Hyland Nursing Home, operated by Cecelia Salvatore, owner; new owner, Rose Amsky.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—28-53 216th street, north side, 477.32 ft. each of 38th avenue (Block 6019, Lot 1), Bay-side, Borough of Queens.

APPEARANCES—

For Applicant: George Kent Weldon and Myron A. Ellis.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on January 22, 1946, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on July 3, 1951; and

WHEREAS, the applicant requested a further extension of the term of variance; and

WHEREAS, the premises are about to be sold to a new owner, Mrs. Rose Amsky, by the former owner, Mrs. Cecelia Salvatore, but the premises will be continued to be operated as the Hyland Nursing Home.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 5, 1943, as amended by resolutions adopted through July 3, 1951, only so far as it has reference to the term of the variance, so that as amended this portion of the resolution shall read:

"granted for a term of five (5) years, from the date of this amended resolution, to permit * * *; that other than as herein amended, the resolutions as above cited shall be complied with in all respects; that a new certificate of occupancy shall be obtained; that the premises shall be maintained to the satisfaction of the Department of Hospitals." (Alt. Applic. 1628/44)

632-45-A

APPLICANT—Henry G. Harris, for Clara Frankel, owner.
SUBJECT—Application reopened July 28, 1953—Vol. IV—re Appeal from a decision of the Borough Superintendent (previously granted on condition).

THE VOTE TO GRANT—

Affirmative: Chairman Murdock and Commissioner Kleinert 2
Negative: Deputy Chief Connors 1
Not Voting: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this appeal was laid over for the applicant to file a plan for the consideration of the Department of Hospitals, and such plan has been filed; and

WHEREAS, the following resolution was offered for adoption:

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 29, 1946, Vol. II, by adding thereto:

"* * * that in the event the owner desires to extend the building of Class 3 construction substantially as proposed and indicated on revised plans filed with this appeal marked 'Received September 23, 1953,' 4 sheets, such extension may be constructed and maintained and arranged as approved by the Department of Hospitals as indicated on such plans, on condition that the building shall not be increased in height or area; that in all other respects, the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that a sprinkler system shall be maintained in accordance with the requirements of the Building Code, through the present building and proposed extension; that there shall be an additional exit provided from the 1st floor to the rear yard either by means of extending the passageway and removing the bathroom or by installing stairs from both rear chambers to grade; that there shall be no doors hung on the openings between the rooms in the proposed rear extension on the 1st floor."

WHEREAS, upon motion to grant, two votes were recorded aye, one vote was recorded no and one member of the Board was recorded as not voting.

645-52-A

APPLICANT—Joseph Schafran, for Blitzer Realty Co., Inc., owner.

SUBJECT—Application September 9, 1952—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—46 Great Jones street, north side, 166 ft. west of Bowery (Block 531, Lot 48), Borough of Manhattan.

APPEARANCES—

For Applicant: Charles I. Goldman and Morris Blitzer.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 22, 1953, on amendment as to Alt. Applic. 1007/52, reads:

"1. Egress from termination of fire escape in rear does not presently comply with Resol. 1138-24-S of B.S. & A.

2. A fire escape is not acceptable as a second means of egress in a factory bldg. over 5 stories in height as per Sec. 271 of the Labor Law."

and

WHEREAS, the applicant states that the building is 7 stories, 80 ft. in height, 23 ft. 3 in. by 87 ft. 11 in. and 90 ft. 5 in. irregular in area at 1st floor, 23 ft. 3 in. by 85 ft. in area at typical floor, of fireproof construction, erected prior to 1913, located in an unrestricted use, B area, Class 2 height district, used and occupied since 1945, as follows: Cellar—storage; 1st floor—leather embossing, 6 persons; 2nd floor—doll assembly, 5 persons; 3rd floor—furniture manufacturing; 4 persons; 4th and 5th floors, electroplating, 20 persons per floor; 6th floor—leather purse manufacturing, 5 persons; 7th floor—chemical packing, 3 persons. The building is equipped with an interior fire alarm system and regular monthly fire drills are maintained; that there is one interior 3 ft. 8 in. wide iron stairs with slate treads, enclosed with 6 in. t. c. blocks, plastered both sides, equipped with kalamein self-closing doors, and one fire escape on the rear, extending to roof by stairs and with egress from its lower termination to the roof of #40 East 4th street; and

WHEREAS, Violation #2136/52 was issued for failure to provide two legal means of egress from each floor of the building; failure to completely enclose the existing interior stairway in that the elevator shaft has open grille sides and door openings within stairway enclosure; that failure to post floor load capacity signs on all floors and failure to make exit doors self-closing on the 7th and 5th floors; and

WHEREAS, the applicant states the building is fireproof and occupied as a tenant factory with 57 persons above the 1st floor; that it is equipped with a fire alarm system and has a fireproof stairway leading from roof bulkhead directly to the street, enclosed in terra-cotta blocks, plastered both sides, with fireproof self-closing doors at all openings and there is a 45 degree fire escape on the rear; that the building conforms in all respects with the resolution adopted by the Board December 16, 1924 under Cal. No. 1138-24-S, except that in lieu of the termination of the fire escape in the yard of 40 East 4th street, the fire escape now exits onto the roof of the new structure erected at 40 East 4th street and over such structure to a counterbalanced ladder leading to East 4th street; that the building in question is equipped with a fire alarm system and supervised fire drills held each month; and

WHEREAS, the applicant has filed with the Board a copy of the permission issued by the owner of 40 East 4th street for the maintenance of the egress from the rear fire escape of 46 Great Jones street; and

WHEREAS, the applicant contends that to comply with the requirements of the Borough Superintendent would create extreme hardship inasmuch as the net area of each floor is only 1,542 sq. ft.; that to install a second stairway would reduce this space so as to make the floors unrentable; that the width of the first floor would be reduced by the additional hallway leading to the street, so that not more than 6 feet would remain between the existing stairway and the new hallway;

WHEREAS, the applicant states that item 2 of Violation #2136/52 will be complied with by the installation of a 3/8 in. transite enclosure around the elevator shaft, such transite to be applied by bolting to both sides of the existing metal elevator grille and equipped with standard 1 1/2 hour test fireproof self-closing doors; and

WHEREAS, the Board on July 25, 1944, under Cal. No. 388-48-A modified Order #38275 LC issued by the Fire Commissioner, requiring the discontinuance of the manufacture of a combustible mixture on the premises and the storage of diethylene glycol; and

WHEREAS, the applicant now states that the use which was the subject of appeal under Cal. No. 388-48-A has been discontinued and that there are no uses in the building requiring combustible permits from the Fire Commissioner; and

WHEREAS, the Board on December 16, 1924, under Cal. No. 1138-24-S granted a variation of the requirements of the Labor Law, as cited in Order #566 issued August 17, 1916 by the Fire Commissioner, requiring an additional means of egress from each floor remote from the existing stairway, only so far as it affected egress from the termination of the lowest balcony of the exterior stairs at 2nd story level, on condition that the balcony be extended to the east with a 45° stairway, leading to the yard of the premises 40 East 4th street; and granted only so long as conditions as to use and occupancy remained unchanged.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent acting on amendment to Alt. Applic. 1007/52, Objections 1 and 2, amending the resolution adopted by the Board under Cal. No. 1138-24-S, as cited in the decision of the Borough Superintendent acting on amendment to Alt. Applic. 1007/52, Obj. 1, and that the decision be and it hereby is *modified* and that the appeal be and it hereby is *granted* only so far as it has reference to the means of escape from the previously permitted rear fire escape and to permit such rear fire escape to have an exit with a balcony to the adjoining premises and with steps down to the roof of the one story building at 40 East 4th street with a counterbalanced ladder on the front of such building at 40 East 4th street, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area, as shown on plans filed with this appeal marked "Received September 9, 1952," (2 sheets), and "October 13, 1953" (1 sheet); that the consent filed with the Board as to the use of the roof of 40 East 4th street for such exit shall also be filed with the Borough Superintendent; that the existing interior fire alarm system and fire drills shall be maintained so long as the building is occupied as herein proposed.

APPLICATION—Sidney Daub, for 23 Washington Square, Inc., owner.

SUBJECT—Application October 20, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—23 Washington Square North, north side, 134 ft. 8¾ in. east of MacDougal street (Block 551, Lot 12), Borough of Manhattan.

APPEARANCES—

For Applicant: Sidney Daub.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 7, 1953, on amendment as to Alt. Applic. 1470/51, reads:

"A.23. Yard area of 360.23 sq. ft. required (27 ft. 8½ in. by 13 ft.) (Sec. 172 M.D.L.)"

and

WHEREAS, the applicant states that the building is 4 stories and basement, 60 ft. in height; 27 ft. 3 in. by 99 ft. 2 in. in area, of Class 3 construction, erected prior to 1881, located on a lot 27 ft. 3 in. front by 99 ft. 2 in. in depth, in a residence use, C area, Class 1¼ height district, and used and occupied since erection as a one family dwelling, and proposed to be used and occupied as follows: cellar, storage and boiler room; basement, dentist's office and apartment, one family; 1st floor, 1 apartment; 2nd, 3rd and 4th floors, 2 apartments each floor; that the building will be provided with a sprinkler system having one source of supply, with heads located in the public halls and stairs; that the existing stairs is 3 ft. wide, enclosed in partitions of wood studs, lath and plaster, equipped with wood self-closing doors and leading direct to street, and provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that plans and applications have been filed and approved to alter the building to a Class A multiple dwelling, containing 8 apartments and dentist's office; and

WHEREAS, the applicant contends that there exists a side yard at the rear east side, 13 ft. wide and 22 ft. 6 in. in length with an additional triangular portion of 13 sq. ft.; that the total area of this yard is 305 sq. ft.; that the required area for this outer court is 360.23 sq. ft.; that to obtain the additional 55 sq. ft. of unoccupied space it would be necessary to remove the rear wall and a section of the side wall, including the floor and roof construction and reconstruct same a distance of 3 ft. 10 in. back from the rear lot line, which would incur a great expense upon the owners and cause an unnecessary hardship; that the demolition and rebuilding of the rear of the building would not furnish additional light or air to the occupants of the building or to the adjoining building; that at the rear of this building there is a one family residence, three stories in height with a 12 ft. deep two story extension at the rear; that the roof of this extension is at the level of the 2nd floor of the building in question; that the lot upon which this three story building is located is only 35 ft. deep, fronting on MacDougal alley, thus furnishing additional light and air to the rooms above the 1st story of the building in question.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 1470/51, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 310 of the Multiple Dwelling Law, to permit the rear yard of the size and location as proposed and as shown on plans filed with this appeal marked "Received October 20, 1953" (4 sheets), "December 17, 1953" (1 sheet), and "December 18, 1953" (1 sheet), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable to the building and occupancy; that the building shall not be increased in height or area.

841-53-A

APPLICANT—Carl H. Salminen, for Ethel Woodiwiss, owner.

SUBJECT—Application November 25, 1953—Appeal from a decision of the Borough Superintendent re revocation of Certificate of Occupancy #986-28.

PREMISES AFFECTED—218-15 103rd avenue, north side, 99 ft. east of 217th lane (Block 11106, Lot 18), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen and Philip A. Limpert.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted revoking Certificate of Occupancy #986/28.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 12, 1953, reads:

"Your letter dated August 6, 1953, together with letter of Carl H. Salminen, architect, dated August 10, 1953, requesting the revocation of C.O. #986 of 1928 affecting above described premises is hereby denied.

Your attention is directed to 646 sub (g) of the New York City Charter which provides that such certificates may be revoked only by the Board of Standards and Appeals.

We expect an application to be filed from this denial to the Board of Standards and Appeals before September 1, 1953—otherwise this office will commence proceedings for such revocation."

and

WHEREAS, the decision of the Borough Superintendent, dated November 2, 1953, reads:

"Letter of October 23, 1953 from the Board of Standards and Appeals, addressed to Mr. Carl H. Salminen, relative to the above matter has been called to my attention.

The letter dated August 12, 1953, addressed to P. A. Limpert, you can consider amended to date of this letter for the purpose of appealing to the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the building is two stories, 25 ft. in height, 20 ft. 9 inches by 60 ft. 8 in. in area, of Class 4 construction, erected in 1923 on a lot 55 ft. front by 100 ft. in depth, in a local retail and residence use, D area, Class 1 height district; used and occupied since 1928: Cellar—boiler room, kitchen, pantry, laundry, dressing room, storage room and mortuary, 2 persons; 1st floor—private and semi-private rooms, bath, utility rooms and superintendent's quarters, 6 persons; 2nd floor—private and semi-private rooms, examination room, bath, utility closets, 9 persons; and

WHEREAS, the applicant states the building is equipped with a one-source sprinkler system; that there are two 3 ft. wide wood stairs, enclosed in partitions of wood studs, lath and plaster, equipped with kalamein self-closing doors leading direct to street and equipped with a ladder and scuttle to roof; and

WHEREAS, in an appeal to the Board under Cal. No. 981/47-A, Vol. I, denied by the Board February 3, 1948, it was found that the building was erected under N.B. App. 1384/23 as a two-family dwelling and that in 1928 application was made for certificate of occupancy for use of the building as a sanatorium and upon inspection it was reported that the building was of brick construction and Certificate of Occupancy #986/28 was issued for a sanatorium on the 1st and 2nd floors; that the inspector's error in stating that the building was brick, was due to the fact the building is brick veneered to its full height, and has a flat roof with a parapet with tile coping, and the Board held that the

outstanding certificate of occupancy should be considered for revocation upon the filing of an appeal to revoke; and

WHEREAS, the Department of Hospitals has instituted proceeding in Municipal Term, Magistrate's Court for violation of Section 583-a subdivision 2 of Chapter 23 of the N.Y.C. Charter in that the building was unlawfully maintained as a sanatorium without a permit and the matter was referred to Special Sessions where upon consent it was adjourned to January 11, 1954, pending action by the Board on this application and on application filed under Cal. No. 981-47-A, Vol. II; and

WHEREAS, the Board found that Certificate of Occupancy 986-28 was improperly issued and should be revoked.

Resolved, that the application to revoke Certificate of Occupancy #986/28, be and it hereby is granted.

981-47-A—Vol. II

APPLICANT—Carl H. Salminen, for Ethel Woodiwiss, owner.

SUBJECT—Application reopened November 24, 1953 as Vol. II—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—218-15 103rd avenue, north side, 99 ft. east of 217th lane (Block 11106, Lot 18), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen and Philip A. Limpert.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 27, 1953, as to Alt. Applic. 1122/47, reads:

"1. C. of O. 986 issued on above premises states that building is of brick construction. This application states building is of frame construction. Use of frame building as a sanatorium is contrary to Sec. 4.2.1 B.C.

Note no reference to application of C. of O.

2. Exits must comply with requirements of Article 7, Sec. 6.1.5 B.C."

and

WHEREAS, the applicant states that the building is 2 stories, 25 ft. in height; 20 ft. 9 in. front by 60 ft. 8 in. in depth, of class 4 construction, erected 1923; located on a lot 55 ft. by 100 ft. in area, in a local retail and residence use, D area, class 1 height district, and used and occupied since 1928—cellar, boiler room, kitchen, pantry, laundry, dressing room, storage, record room, mortuary, 2 persons; 1st floor, private and semi-private rooms, bath, superintendent's quarters and utility room, 6 persons; 2nd floor, private and semi-private rooms, examination room, bath and utility closets, 9 persons; no change in use or occupancy is now proposed; the building is equipped with a one source sprinkler system; two 3 ft. wide wood stairs, enclosed in wood studs, lath and plaster partitions, equipped with kalamein self-closing doors, leading direct to street and provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. 1384/23, as a two family dwelling and in 1923 application for a certificate of occupancy was made for use as a sanatorium and upon inspection was reported to be of brick construction and Certificate of Occupancy #986/28 was issued for sanatorium on the 1st and 2nd floors; that it was the inspector's error in stating that the building was brick, which apparently was an oversight since the building is brick veneered for its full height and has a flat roof and a parapet with tile coping; and

WHEREAS, the applicant contends that there are two fire hydrants on 103rd avenue within 100 ft. of the premises and a fire alarm box on the southeast corner of 103rd avenue and 217th lane approximately 140 ft. from the building; that

MINUTES

there is a non-coin telephone maintained on the premises; that the building is equipped with an approved sprinkler system; and

WHEREAS, the applicant contends that the owner has been maintaining the sanatorium since 1928 and wishes to continue it as it is her only means of support; that the owner is willing to provide one hour fire resistive construction for all stair halls and doors; that the walls of the stairs will be filled with rock wool and the cellar ceiling will be completely fire retarded with $\frac{1}{2}$ " plaster boards and $\frac{1}{2}$ " plaster and with any other reasonable suggestion that the Board may deem necessary for the safety of patients in the way of exits and sprinklers; and

WHEREAS, the Board on February 3, 1948, under Vol. I, of this appeal denied an appeal from a decision of the Borough Superintendent, dated November 3, 1947, on Alt. Applic. 1122/47 relating to the proposed extension of this frame building for use as a sanatorium and at the time of such denial the Board recommended that the certificate of occupancy which was apparently improperly issued should be considered for revocation; and

WHEREAS, the applicant has filed an application with the Board for revocation of the certificate of occupancy under Cal. No. 841-53-A; and

WHEREAS, this was laid over to obtain a further report from the Department of Hospitals, which has been received.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1122/47, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the building to be occupied as a sanatorium, substantially as proposed and as indicated on plans filed with this application marked "Received May 5, 1953," (3 sheets), as *amended* by revised plan marked "Received January 4, 1954," and that the requirements as shown on such plan marked "Received January 4, 1954" having received the approval of the Department of Hospitals under date of December 29, 1953, shall be complied with; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; that a sprinkler system complying with the requirements of the Building Code shall be installed throughout the building; that a new certificate of occupancy shall be obtained to replace certificate of occupancy #986/28 revoked by resolution adopted this day under Calendar No. 841-53-A.

WHEREAS, plans submitted as being in substantial compli-
ance with the Board's requirements were approved October 9, 1951; and

WHEREAS, the resolution was amended October 9, 1951; and

WHEREAS, plans submitted as being in substantial compli-
ance with the Board's requirements were approved November 20, 1951; and

WHEREAS, the term of variance was extended February 19, 1952; and

WHEREAS, time to obtain permits and complete the work was extended on October 28, 1952; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 9, 1951, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Borough Superin-
tendent and in view of the new decision by the Borough Superintendent under N.B. 2039/50, disapproved De-
cember 30, 1953, that all permits required shall be obtained and all work involved shall be completed within the requirements of Section 22A of the Zoning Resolution" (N.B. 2039/50).

602-51-BZ—Vol. II

APPLICANT — Robert Gottlieb, for Hermany Farms, owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under section 7c of the zoning resolution, permitting in a residence use district, the alteration to existing building by enlarging the present second floor (previously granted by the Board the parking and storage of motor vehicles used in conjunction with milk bottling premises on lot 25 for a term of years).

PREMISES AFFECTED—2338 Hermany avenue, south side, 341 ft. west of Zerega avenue (Block 3697, Lots 9, 21 and 25), Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and time to complete extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on December 16, 1952, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 16, 1952, only so far as it has reference to the time within which to

obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that the work has been approximately one-half completed, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. App. 295/52)

640-51-BZ

APPLICANT—Leonard F. Rothkrug, for Nathan Slugh, owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7h of the zoning resolution, permitting in a residence use district, the parking and storage of motor vehicles on unoccupied portion of lot on which is located a multiple dwelling.

ACTION OF BOARD—Resolution amended and working drawings approved.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 25, 1952, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution and submitted working drawings, as being in substantial compliance with the Board's requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 25, 1952 and *approve* working drawings marked "Received December 16, 1953" (2 sheets) as in substantial compliance with the requirements of the resolution, and to permit changes as thereon shown, as follows:

1. Three curb cuts, each 30 feet in width to Bruckner boulevard;

2. Change of location and size of accessory building to 46 feet by 28 feet, located 38 feet from the easterly lot line and arranged as thereon shown;

3. to permit ten 550 gallon gasoline tanks located 18 feet from the lot line and four dispensing pumps on one island instead of six dispensing pumps on three islands, and permitting light standards as indicated on such plans;

on condition that in all other respects the resolution adopted by the Board on July 25, 1952, shall be complied with; that the premises where not built upon shall be leveled substantially to the grade of the abutting streets and paved with concrete or asphaltic pavement; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the sidewalks and curbing around the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to a permanent sign attached to the accessory building or the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection

of a post standard within the building line near the intersection for supporting a sign, which may be illuminated, advertising only the brand of gasoline and sale and permitting such sign to extend beyond the building line for a distance of not more than 4 feet. (N.B. 1376/51)

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 18, 1953, as to Sprinkler Applic. 439/53, reads:

"1. The proposal to extend the existing sprinkler system is denied as Alt. 4229 of 1952 was approved conditionally, providing a sprinkler system is installed conforming with requirements as set forth under Ch. 19, Art. 19 and Ch. 26-1375.0 Adm. Code."

and

WHEREAS, the applicant states that the building is one story, 13 ft. in height; 200 ft. front by 100 ft. in depth, of class 3 construction, erected 1946, located on a lot 250 ft. front by 111 ft. 1 in. in depth, in an unrestricted use district; proposed to be increased in area by the erection of a one story extension, 16 ft. by 30 ft. in area, in the yard, and used and occupied—basement, storage, 1st floor, manufacturing eye glass frames and storage; that the building is provided with a two source sprinkler system throughout complying with the requirements of the resolution adopted by the Board May 7, 1946, under Vol. I, of this appeal, which permitted the storage of not more than 5,000 lbs. of nitro-cellulose material on the premises in a standard 10,000 lb. capacity vault; and 1,500 lbs. on the premises, in process, outside of the vault; and

WHEREAS, the applicant states that it is now proposed to erect a small additional extension, 30 ft. by 16 ft. in area of class 3 construction and cut off from the main building by 3 hour fireproof self-closing doors and having a direct exit on floor level to the yard and such extension to contain a 10,000 lbs. capacity nitro-cellulose vault in which it is proposed to install an additional 10,000 lbs. of Zylonite; and

WHEREAS, the applicant states that it is proposed to extend the existing sprinkler system to cover this additional area; that the extension of the sprinkler system will require only 6 additional heads in the extension proper, plus 12 heads in the vault; and

WHEREAS, the applicant contends that the total number of heads in the area of hazard in the building will be 54 and that it is unlikely in the event that these heads should all open at once and discharge water at the standard rate of 20 gallons per minute, the total discharge would then be 1,080 gallons per minute; that tests were made on the mains feeding the original sprinkler system and show a flow of 950 gallons per minute with a residual of pressure of 45 lbs. from the main on 2nd avenue; that this would leave about 37 lbs. on the sprinkler heads; that it is quite obvious that the additional 130 gallons per minute flow required would greatly reduce this pressure; that the 60th street main had

MINUTES

a much higher static pressure than the 2nd avenue, but the Department of Water Supply, Gas and Electricity had difficulty in obtaining a measurement of the flow; that they did however get a record of 500 gallons per minute flowing at 50 lbs. on the hydrant east of the building in question, which would be nearly level with the sprinklers as there is a considerable grade at this point; that other readings were as high as 60 lbs. or more, but this figure could not be guaranteed by the Department of Water Supply, Gas and Electricity; that as the 60th street main is a 12 in. main it would seem obvious that there would be no difficulty in getting more than 1,080 gallons per minute with ample residual pressure from this main; and

WHEREAS, plans filed with this appeal indicate that the system is fed from a 6 in. connection to a 20 in. main in 6th avenue which is fed from a grid system and a 6 in. connection to a 12 in. city main in 60th street, which in turn is fed from a grid system and that the 60th street main is normally not connected to the 2nd avenue main as the connecting valve at this point is normally kept closed; that in addition the sprinkler system will be supplied by two siamese connections, one on 60th street and one on 2nd avenue.

Resolved, that the decision of the Borough Superintendent, acting on Sprinkler Applic. 439/53, Obj. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* only so far as it has reference to permission to extend the existing sprinkler system in the building as permitted by the Board under this calendar number under Volume 1, on May 7, 1946, in the event that the owner desires to construct an addition to the building for the storage of nitro-cellulose in the vaults as proposed and as indicated on plans filed with this appeal marked "Received February 27, 1953," (2 sheets), *on condition* that such extension shall in all respects comply with all laws, rules and regulations applicable thereto; that the storage of nitro-cellulose shall be in accordance with the requirements of the Administrative Code and to the satisfaction of the Fire Commissioner.

* Correction—Reference in the applicant's statement in regard to the amount of nitro-cellulose storage, changed from 10,000 lbs. to 5,000 lbs. and the words added, in italics "*and 1,500 lbs. on the premises, in process, outside of the vault; and*

NOTICE

THE BUILDING LAWS AND AMENDMENTS THERETO

THE VARIOUS BUILDING LAWS OF THE CITY OF NEW YORK ARE published in FOUR SEPARATE VOLUMES, consisting of matters affecting or relating to the construction, maintenance, alteration, demolition or removal of structures and buildings in the City of New York; including excerpts from the STATE LABOR LAW, the PLUMBING CODE, ELEVATOR RULES, THE NEW YORK CITY CHARTER, the complete BUILDING CODE OF THE CITY OF NEW YORK; the MULTIPLE DWELLING LAW, the STATE PLASTERING LAW, various local laws, and building and construction rules and regulations adopted by various City and State agencies.

These volumes are now ON SALE at the office of the Supervisor of the City Record, ROOM 2213, MUNICIPAL BUILDING, MANHATTAN, NEW YORK 7, N. Y. The price for the complete set of four volumes is \$4 (\$4.25 by mail), single volumes each containing certain parts of the above described laws, \$1 (by mail \$1.10).

Checks for \$3 or more must be certified.

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeals, Room 1018, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

Minutes of Regular Meeting, Tuesday Afternoon, January 12, 1954, Affecting Calendar Numbers 292-48-SM, 841-50-SM, 353-52-SA, 359-52-SA, 431-52-SM, 671-52-SM, 196-53-SA, 407-53-SA, 456-53-SA, 459-53-SM, 462-53-SA, 472-53-SA, 511-53-SM, 669-53-SA, 776-53-SM, 565-53-A, 787-53-A, 819-53-A, 676-44-A—Vol. III, 247-52-A—Vol. II, 776-52-A—Vol. II, 190-53-A, 416-53-A, 254-49-A—Vol. II, 516-53-A, 532-53-A, 823-53-A, 328-35-BZ—Vol. II, 333-41-BZ, 851-41-BZ, 90-43-BZ, 569-43-BZ, 2-48-BZ and 830-52-BZ.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building, Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellant and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

CALENDAR

DOCKET

New Cases Filed up to January 12, 1954

Cal. No. Dept. Premises Affected

1-54-BZ—H.B.Q.—63-55 60th place, northeast corner of Grove street (Block 3523, Lot 1), Ridgewood, Borough of Queens, Alt. 75-53.

Refrigerating System, Chap. 19.....Jan. 13, 1953—Vol. 38, No. 2A

Approved appliances and materials are printed in the Supplement to the Bulletin of June 24, 1947, Vol. 32, No. 25A.

JANUARY 19, 1954, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, January 19, 1954, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

354-53-BZ

APPLICANT—Ervin Palmer, for Gardel Enterprises, Inc., owner.

SUBJECT—Application May 8, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles, for a term of two years.

PREMISES AFFECTED—462 West 22nd street, south side, 175 ft. east of 10th avenue (Block 719, Lot 77), Borough of Manhattan.

CALENDAR

Hearing closed; laid over from December 22, 1953, to January 19, 1954, for inspection and decision without further argument, solely as to Lot No. 77, with no reference to parking on any additional lots.

448-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Socony Vacuum Oil Co., owner.

SUBJECT—Application June 8, 1953—(decision of the borough superintendent) under sections 7c, 7i, and 7A of the zoning resolution, to permit in the business use district portion of a lot located in a residence and business use district, the extension in use and area of existing gasoline service station to include lubritorium, car wash, motor vehicle repairs, storage and sale of accessories, and to permit the parking and storage of motor vehicles in residence use portion of plot, with curb cut nearer to residence use district than is permitted.

PREMISES AFFECTED—127-08 Rockaway boulevard and 117-01 to 117-09 127th street, southeast corner (Block 11749, Lot 44), Ozone Park, Borough of Queens.

Hearing closed; laid over from December 22, 1953, to January 19, 1954, for inspection and decision.

631-53-BZ

APPLICANT—Saul Goldsmith, for 52 Building Corp., owner.

SUBJECT—Application August 27, 1953—(decision of the Borough Superintendent) under section 21 of the zoning resolution, to permit in the business use, C area district portion of plot located in a residence and business use district, the erection and maintenance of a business building (factory), using more than the area permitted.

PREMISES AFFECTED—72-02 51st avenue, 51-01 to 51-13 72nd street, southeast corner; 72-10 to 72-20 51st road and 51-02 to 51-10 72nd place (Block 2461, Lot 16), Winfield, Borough of Queens.

Laid over from December 22, 1953, to January 19, 1954, for inspection and decision; hearing closed.

632-53-BZ

APPLICANT—Ingram S. Carner, for Sam Mintz, owner.

SUBJECT—Application August 28, 1953—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a business use district, the erection and maintenance of two buildings to be used as junk shops for sorting, packing, and baling of scrap metal and rubber (no paper or rags), and to permit the open storage in yard of scrap metal and rubber; and to permit a loading and unloading space nearer to intersection than is permitted.

PREMISES AFFECTED—739-745 East 95th street, 9501-9529 Ditmas avenue, northeast corner and 736-746 East 96th street (Block 8113, Lot 1), Borough of Brooklyn.

Laid over from December 22, 1953, to January 19, 1954, for inspection and decision; hearing closed.

638-53-BZ

APPLICANT—Leo Kornblath, for Jack Auster, owner.

SUBJECT—Application September 10, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—418-420 West 53rd street, south side, 275 ft. west of 9th avenue (Block 1062, Lots 44 and 45), Borough of Manhattan.

Hearing closed; laid over from December 22, 1953 to January 19, 1954, for inspection and decision without further argument.

662-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Charles H. Hunsdorfer, owner (Socony-Vacuum Oil Co., lessee).

SUBJECT—Application August 26, 1953—(decision of the borough superintendent) under sections 7c, 7i, and 7h of

the zoning resolution, to permit in a retail use district, the reconstruction and extension of existing gasoline service station to include lubritorium, car wash, motor vehicle repairs, store, utility room and office; and to permit the parking and storage of motor vehicles.

PREMISES AFFECTED—1228-1242 Forest avenue and 441 Jewett avenue, southeast corner (Block 354, Lot 32), West Brighton, Borough of Richmond.

Hearing closed; laid over from December 22, 1953, to January 19, 1954, for inspection and decision.

663-53-A

APPLICANT—Lama, Proskauer and Prober, for Charles H. Hunsdorfer, owner (Socony-Vacuum Oil Co., lessee).

SUBJECT—Application August 26, 1953—filed pursuant to section 35, General City Law re premises located partly in bed of proposed widening of Jewett avenue and Forest avenue.

PREMISES AFFECTED—1228-1242 Forest avenue and 441 Jewett avenue, southeast corner (Block 354, Lot 32), West Brighton, Borough of Richmond.

205-44-BZ—Vol. III

APPLICANT—Peter W. Bruder, for Queens Abbey, owner.

SUBJECT—Application July 30, 1953, reopened September 22, 1953 as Vol. III—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in the local retail use portion of a plot located in a residence and local retail use district, the extension to existing undertaking establishment and one family dwelling.

PREMISES AFFECTED—198-20 Hollis avenue, south side, from 198th to 199th streets (Block 10938, Lot 22), Hollis, Borough of Queens.

Laid over from December 22, 1953, to January 12, 1954, for inspection and decision; hearing closed; applicant to file revised plans; then to January 19, 1954, for further consideration and decision.

206-44-A—Vol. II

APPLICANT—Peter W. Bruder, for Queens Abbey, owner.

SUBJECT—Application reopened September 22, 1953 as Vol. II—re appeal from a decision of the borough superintendent.

PREMISES AFFECTED—198-20 Hollis avenue, south side, from 198th to 199th streets (Block 10938, Lot 22), Hollis, Borough of Queens.

689-53-BZ

APPLICANT—Charles M. Spindler, for Sunshine Quaker Laundry Service Inc., and LDB Realty Corp., owners.

SUBJECT—Application September 29, 1953—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a manufacturing use district, the change in occupancy of public garage to steam laundry in conjunction with existing laundry and the extension in height of portions of existing laundry building.

PREMISES AFFECTED—814-818 Lexington avenue, south side, 150 ft. west of Ralph avenue (Block 1638, Lots 21, 22, 23, 24 and 30), Borough of Brooklyn.

Hearing closed; laid over from December 22, 1953, to January 19, 1954, for inspection and decision.

467-53-BZ

APPLICANT—Lama, Proskauer and Prober, for J. J. A. Holding Corp., owner.

SUBJECT—Application June 9, 1953—(decision of the borough superintendent), under section 7e, and 21 of the zoning resolution, to permit in a residence use, B area district, the erection and maintenance of a factory and warehouse using more than the area permitted, for a term of twenty years.

PREMISES AFFECTED—71-79 Macombs place and 248-260 West 153rd street, southwest corner (Block 2038, Lot 12), Borough of Manhattan.

CALENDAR

Hearing closed; laid over from November 17, 1953, to December 8, 1953, for inspection and decision; then to January 12, 1954, for applicant to submit information as to proposed tenant and occupancy; hearing previously closed; then to January 19, 1954, for further consideration by the Board and decision.

489-53-BZ

APPLICANT—Morris Rothstein and Son, for Samuel Match, owner.

SUBJECT—Application June 26, 1953—(decision of the borough superintendent) under section 9A of the zoning resolution, to permit in a residence use, D area and a class 1 times height district, the erection and maintenance of a class A multiple dwelling and garage for more than five cars, in excess of height permitted within two miles of an airport.

PREMISES AFFECTED—2717-2727 East 28th street, 2729-2741 East 28th street, east side, 127.81 and 101.91 ft. north of Shore parkway and 3655-3677 Shore parkway, north side, 95 ft. east of East 28th street (Block 7501, Lots 104 and 112), Borough of Brooklyn.

Laid over from December 22, 1953, to January 5, 1954, at request of objector's representative; no further requests for adjournment; then to January 12, 1954, applicant and objector to file briefs; hearing closed; then to January 19, 1954, for further consideration and decision.

384-31-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Freunds Service Station, Inc., owner.

For Applicant: Arthur P. McNulty and Abbey Cosden.
For Opposition: Edwin Gold.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.
ACTION OF BOARD—Application granted on condition.
THE VOTE—
Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3
Negative 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on February 25, 1953 subject to regular procedure, for rehearing based on alleged change of conditions in the area; and

WHEREAS, a public hearing was held on this application on November 24, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Nostrand avenue are in a business use, D area, class 1 height district; Avenue M is in residence and business use, D area and class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 30, 1952 acting on Alt. Applic. 2368-52, reads:

"1. The proposed extension of premises and change in occupancy from auto laundry, grease pits and office to gasoline service station, lubritorium, car washing, motor vehicle repairs, office for sale of auto accessories and parking for more than 5 motor vehicles waiting to be serviced in a business use zone is contrary to Article II, Para. 4(a) subsections 29 and 46 of the Zoning Resolution.

2. Provide exit from premises as per 6.1.2.2.2. B. C."

and
WHEREAS, the applicant states that the premises consist of a plot, 120 ft. frontage by 105 ft. in depth, on which is located a building 54 ft. $\frac{1}{2}$ in. front by 57 ft. 5 in. in depth, one story, 15 ft. in height, of class 3 construction, presently used as auto laundry, office and grease pits, for which certificate of occupancy No. 118615 has been filed; and

WHEREAS, the applicant contends that on October 31, 1950, an application was filed to reopen this case based on new facts; that since that date there have been a number of changes in this area and Nostrand avenue between Avenue M and Avenue N can no longer be developed as a residential area or as a retail store area; that it has in fact been developed as a manufacturing and industrial area; that in block 7666, on lot 11, there has been constructed a two-story brick office and garage building, and also a gasoline pump; that lot 15 contains a parking lot; that lots 30 and 32 have one-story brick factory buildings, and lot 40 has a small office building; that in block 7665, lot 53 there is a one-story brick machine shop and lot 56 has a one-story brick motor vehicle repair shop; that lot 58 is used for parking cars in connection with business carried on in lots 53 and 56; that lots 61, 64, 68 and 71 contain one-story brick factories and lot 74 contains a one-story brick store and dress factory; that on lot 78 there is a one-story brick

MINUTES

store and fuel trucking depot; that on these premises air conditioning equipment is sold as well as fuel oil; that there is a gasoline tank on these premises and fuel trucks are stored here; and

WHEREAS, the applicant further contends that Nostrand avenue in the vicinity of the above premises is definitely a factory and industrial area, and the added uses which are requested in this application would in no way be detrimental to the surrounding neighborhood; that the subject premises have been used for many years as an automobile service station without, however, the right to sell gasoline; that Nostrand avenue is today one of the heavier travelled arteries in Brooklyn; and

WHEREAS, the applicant contends with respect to section 21, that this property, as it is presently functioning, is being operated by the owner's husband; that several years ago he suffered a severe heart attack and as a result is limited in his physical activity; that because of this limitation, he finds that it is impossible for him to continue to operate this auto laundry and greasing and servicing of motor vehicles as he has heretofore done; that the income from the property is not sufficient to continue its operation at a profit and it would be an undue hardship to deprive him of the variance requested and thus require the owner to sell the business; that in view of the added use sought, sale of gasoline, item A should be amended to include therewith 7h to cover the proposed parking of vehicles at the premises; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under section 7, subdivisions f, h and i of the zoning resolution, as to use.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 7f for a term of ten (10) years, to permit the premises to have the additional use of sale of gasoline and under section 7i for minor repairing with hand tools only and under section 7, subdivision h for parking of cars awaiting service substantially as proposed and as indicated on plans filed with this application marked "Received August 8, 1952" (4 sheets) *on condition* that the existing building shall not be increased in height or area; that the paving in front of the building for the gasoline selling area shall be either concrete or asphaltic pavement and shall extend from lot line to lot line in front of the building; that the balance of the unbuilt upon area shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that where walls of adjoining buildings do not occur there shall be on the rear and side lot lines a woven wire fence of the chain link type erected on a masonry base to a total height of 5 feet 6 inches; that curb cuts shall consist of two, 30 feet each, located where shown on plans showing proposed conditions; that any existing curb cuts shall be restored and the sidewalk and curbing reconstructed or restored to the satisfaction of the Borough President; that pumps shall be of a low approved type, not nearer than 10 feet from the base to the street building line; that the number of gasoline storage tanks shall not exceed four 550 gallon tanks; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution; that as to objection 2 an administrative appeal should be filed if necessary.

247-35-BZ—Vol. II

APPLICANT—DeRose and Cavalieri, for Henry Sauer, owner.

SUBJECT—Application, April 23, 1953, reopened May 19, 1953 as Vol. II—re (decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use, E area district, the erection and maintenance of a lunch wagon (restaurant) nearer to the street line than is permitted.

PREMISES AFFECTED—3007 East Tremont avenue,

northeast corner of Ericson place (Block 5381, Lot 38), Borough of The Bronx.

APPEARANCES—

For Applicant: George J. Cavalieri.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 19, 1953 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on October 27, 1953 after due notice by publication in the Bulletin; laid over to November 17, 1953, for inspection and decision—hearing closed on October 27, 1953; then to November 24, 1953, and again to December 15, 1953, for inspection and decision; then to January 12, 1954, for applicant to file further information with the Board as to proposed parking area; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E area, class ½ height district; East Tremont avenue and Ericson place are in residence and business use, D and E area and class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 8, 1953 acting on N.B. Applic. 273-53, reads:

"1. In a residence district the proposed lunch wagon (Restaurant) is contrary to Sect. 3 of the Zon. Res.

2. In an E district no portion of any building may be erected nearer than 10' to the street line as per Sect. 15 of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 75.14 and 60.12 ft. frontage by 15 and 58.76 ft. in depth, on which are located two bill boards and a small one story shack used as an office; that it is proposed to install a lunch wagon 45 ft. front by 32 ft. in depth, one story, 12.5 ft. in height, of class 4 construction, to be used as a restaurant; and

WHEREAS, the applicant contends that the plot is irregular, 2310 sq. ft. in area, fronting 75.14 ft. on East Tremont avenue and 60.12 ft. on Ericson place, and has a depth of 58.76 ft. at right angles to Ericson place; that a variation is requested for a period of 10 years; that the district maps were changed on May 28, 1938 from business to residence use; that the size and shape of this plot, together with its location, would not warrant a conforming improvement at this time; and

WHEREAS, the applicant further contends that this property was purchased by the present owner in the belief that it could be improved with a business use; that carrying charges would have to be met until such time as the plot warrants a conforming improvement; that the business use continues along Tremont avenue to a point almost abutting this property and there has not been a residential improvement within the affected area for many years; that the proximity to the business use district and the character of improvements on nearby properties are such as to justify the granting of the variance herein requested; that relief is requested from compliance with E district front setback requirements as shape and area of plot would cause undue hardship; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under section 7, subdivision e of the zoning resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 7e for a term of fifteen (15) years to permit the premises to be occupied as a restaurant, substantially as proposed and as indicated on plans filed with this application, marked "Received April 23, 1953" (2 sheets) *on condition* that all signs and other uses shall be removed from the premises; that under section 21, the proposed restaurant shall be constructed where located and of the size and of the area as shown, provided that space shown to be left unbuilt upon shall be maintained properly paved; that in all other respects shall comply with the requirements of the Building Code; that there shall be erected on the interior lot line from East Tremont avenue to Ericson place a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 ft. 6 inches; that it is a condition of this grant that the owner shall acquire or lease for the term of this variance the premises on the east side of Ericson place for the parking of cars and motor vehicles patronizing the proposed restaurant; that such lot shall be as indicated on additional plans filed marked "Received January 11, 1954" (1 sheet) comprising in block 5375, lots 15, 18, 19 and 21, as thereon shown, except that such parking lot shall be occupied only within the business use district and that a permit for such use within the business use district shall be obtained in accordance with the legal requirements; that such parking area, however, need not exceed 5,000 feet; that all permits required shall be obtained and all work completed within the requirements of section 22A of the zoning resolution, including the proposed parking area; and that the restaurant shall not be maintained until the parking area is acquired and subject to a lawful permit.

258-35-BZ—Vol. IV

APPLICANT—Lama, Proskauer and Prober, for Octagon Laundry, Inc., owner.

SUBJECT—Application, May 20, 1953, reopened June 9, 1953 as Vol. IV—re (decision of the borough superintendent) under sections 7c and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of an extension to existing wet wash laundry to be used for storage and sorting of laundry and a store; and to permit the erection and maintenance of an extension to the north to be used for dry cleaning, for the storage of furs, boiler room, loading and unloading of laundry; and to convert the present four car garage facing Grove street to a store and bundle storage room; and to permit the open portion to the north for the day parking of patrons, employees and owner's cars.

PREMISES AFFECTED—2112-2126 Menahan street, east side, 102.56 ft. north of Grandview avenue and 2117-2127 Grove street (Block 3373, Lots 13, 18, 20, 50 and 53), Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and William C. Eisenhardt.

For Opposition: Charles A. Heeg, Katherine Dengeler, Margaret Homer, Elizabeth Kaufmann, Johanna Geider, Cecelia Plotz, Florence Callei, Fredericka Wilhelm, Anna Kircher, Henry Weismantel and Stephanie Zimmer.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on June 9, 1953, subject to regular procedure, to consider extension of use and change of arrangement; and

WHEREAS, a public hearing was held on this application on December 1, 1953, after due notice by publication in the Bulletin; laid over to December 15, 1953, at request of objector's representative; no further requests for adjournment; hearing closed on December 15, 1953; laid over to January 12, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Grandview avenue and Grove street are in a business use, C area and Class 1 height district; and

WHEREAS, the decision of the borough superintendent dated May 8, 1953, acting on amendment to Alt. Applic. 2741/49, reads:

"1. The extension of an existing wet wash laundry, to provide uses of storage and sorting of laundry, boiler rooms, stores, dry cleaning establishment (Flashpoint 140 min.) Fur storage, loading and unloading, day parking for owner and employees cars (more than five) and parking of patrons cars (more than five) on a plot located in a Business Zone is contrary to Article II, Section 4a subdivision 51 of the Zoning Resolution.

2. The omission of garage for twenty trucks, stock and bundle room and the substitution of boiler rooms, stores, dry cleaning establishment (Flashpoint 140 min.) Fur store and parking of patrons cars (more than five) is contrary to Resolution Calendar No. 258-35-BZ, Vol. III."

and

WHEREAS, the applicant states that the premises consist of a plot 160.57 ft. and 121.01 ft. front by 113.04 ft. in depth (irregular) on which is located a Class 3 building partly two stories in height, having a frontage of 47.5 ft. on Menahan street and approximately 170 ft. in depth, used as a wet wash laundry, store and office; that the original wet wash laundry laundry was erected under N. B. 13168/24; in 1935 under Cal. 258-35-BZ the Board granted an extension of this laundry and the additional use of garage for more than five cars in conjunction therewith; that there is also on the site a two-family dwelling and 4-car garage; that Certificate of Occupancy #3368 was issued for a laundry and office. It is proposed to maintain present wet wash laundry use and erect a new extension of 83 ft. 4 $\frac{7}{8}$ in. front on Menahan street to be used for storage and sorting of laundry and a store; and to erect a new extension to the north for use as dry cleaning, using a liquid with a minimum flashpoint of 140°, fur storage, boiler room, loading and unloading of laundry; that the present 4-car garage facing Grove street will be converted to a store and bundle storage room; the garage doors will be bricked up and all curb cuts on Grove street removed; that it is also proposed to use the present open area to north of laundry for day parking of owners', employees' and patrons' cars; that all the foregoing uses except the dry cleaning were approved by the Board under Cal. 258-35-BZ, Vol. III and it is only proposed to maintain these uses under present application and to include dry cleaning, which is a permissible use in a business zone up to an area of 2,000 sq. ft.; that the area proposed for actual dry cleaning, including store and incidental storage is only 3,100 sq. ft.; and

WHEREAS, the applicant contends that dry cleaning has now become an associated business with a wet wash laundry and the public now demands making one stop for all its cleaning needs; that a parking area has been provided for the patrons' cars, which will reduce the present parking problem at this point; that the new building will be erected in a modern manner and inasmuch as most of these uses were formerly granted by the Board and the area will not be affected, it is requested that this application be granted; and

WHEREAS, under CP10386, the Planning Commission approved on December 23, 1953 under Calendar No. 24, certain use changes in the area of notification, not affecting however, the plot involved herein: such changes involved certain areas from Business to Retail and from Business to Residence; these changes were on the Calendar of the Board of

MINUTES

Estimate for January 14, 1954, No. 127, to become effective January 25, 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted on condition.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted under Vol. I on November 6, 1935, as thereafter amended by resolutions adopted June 17, 1950, and under resolutions extending time adopted through June 9, 1953, by adding thereto:

"that in addition to the uses previously permitted under resolutions above cited, the extension as now proposed and as indicated on plans filed with this application, marked 'Received May 20, 1953' (3 sheets) may be permitted, *on condition* that such additional buildings shall comply in all other respects with all laws, rules and regulations applicable thereto and shall not be further increased in height or area than as now proposed; that all the work hereinbefore permitted where not inconsistent with this amended resolution may be permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

276-43-BZ—Vol. III

APPLICANT—Robert Gottlieb, for Santini Building Corp., owner.

SUBJECT—Application, July 30, 1953, reopened September 22, 1953 as Vol. III—re (decision of the borough superintendent) under sections 7c, 21, and 19A, j of the zoning resolution, to permit in a residence use district, the change in occupancy from storage garage for more than five motor vehicles to factory and storage, with height of entrance to loading platform smaller than required.

PREMISES AFFECTED—3441 Kingsbridge avenue, west side, 169.64 ft. south of West 236th street (Block 3406, Lot 441), Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on September 22, 1953 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 8, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to December 22, 1953, for inspection and decision without further argument; then to January 5, 1954, for decision after applicant has filed revised plans; then to January 12, 1954, for applicant to file revised plans; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1¼ height district; Kingsbridge avenue and West 236th street is in residence and business use, B area and class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated July 14, 1953 acting on amendment to Alt. Applic. 587-53, reads:

"1. In a Residence district the proposed factory is contrary to Sec. 3 of the Zoning Resolution.

5. Off-street loading berths must be provided as per Sect. 19-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 ft. frontage by 106 ft. in depth, irregular, on which

is located a building 56 ft. front by 100 ft. in depth, two stories, 27 ft. in height, of class one construction, used as a storage garage, for which certificate of occupancy 9232-51 has been filed; that it is proposed to change the use to factory for light manufacturing and storage, as permitted in a business use district; and

WHEREAS, the applicant contends that the building is two stories and cellar in height, of fireproof construction, erected in 1916 before the enactment of the zoning resolution of July 25, 1916; that the building was continuously used as a garage until it was leased to the present owner in 1943 for use as a warehouse for household goods; that application for variance to permit this use was filed June 3, 1943 under Cal. 276-43-BZ and permission was granted to change the garage to a warehouse; that the warehouse was used as such until 1950 when the demand for household storage space disappeared and application was again made to the Board for a variance under Cal. No. 265-43-BZ, Vol. II to allow the owner to change the premises back to a garage; that this was granted in 1950; that since then the owner has struggled along with the building but it seems people would rather leave their cars on the street instead of storing them in garages and it is for this reason that appeal is again made to the Board for permission to change the use of this building into a factory for light manufacturing as permitted in a business district; that the use of the building for light manufacturing would not be any more objectionable than the garage or warehouse use as the use would be limited to daylight hours, probably only five days a week; that the character of the neighborhood has not changed much since 1916; that most of the lots and the east and west sides of the street are still vacant and it is felt that there will be no detriment to the neighborhood; that in view of the fact that the clear ceiling height is only 13 ft. and the door is close to the ceiling now, it would be a practical hardship to comply with the strict requirements of section 19-A(h)(1) and (2); that a modification under paragraph (j) is therefore requested to accept the present size of door as now built; that the total net floor area is 15,850 sq. ft.; and

WHEREAS, the subject premises and the premises of the Agres Nuts and Seeds Company in Brooklyn were inspected by a committee of the Board; and

WHEREAS, in view of the further statement as to the limitation of the type of nuts and seeds to be processed and the other changes proposed for the subject premises, the committee recommends that the application should be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 26, 1950, as thereafter amended by resolutions adopted through January 9, 1951, by adding thereto:

"that in the event the owner desires to change the use of the premises from storage garage to a factory for treating nuts and seeds such change of use may be permitted under section 7c, *on condition* that the building shall not be increased in height or area; that the building shall be maintained substantially as proposed and as indicated on plans filed with this application, marked 'Received July 30, 1953' (9 sheets) as amended by revised plans marked 'Received December 31, 1953' (4 sheets) and 'January 7, 1954' (1 sheet), *on condition* that the fire escape shall be removed from the rear of the building as proposed and shall be reconstructed and reinstalled on the north side of the building as indicated on such revised plans marked 'Received December 31, 1953' and that an exit door shall be installed as thereon shown from the second floor; that the passageway or court on the north side of the building from such stair to the street shall be properly paved and maintained in safe condition; that the roasting of nuts and seeds shall be maintained on the second floor only as proposed and shall be limited to sunflower seeds, pumpkin seeds, squash seeds, watermelon seeds and pistachio nuts and peanuts but no other type of nuts or seeds giving off an odor during processing; that the ventilating system, including the roof cyclone shall be maintained at all times while

MINUTES

processing is taking place, ventilated through the roof to the penthouse of the present elevator shaft as proposed and indicated on such revised plans marked 'Received January 7, 1954'; that such fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the windows at the rear shall be blocked up with approved masonry or glass block as approved for exterior walls; that on the first floor there may be permitted the storage of one truck operated by this concern for their own business; that loading and unloading shall be within the building and under Section 19j, the existing door, permitting entrance of a motor vehicle may be continued; that the number of people employed within the building shall not exceed twenty with not more than ten at manufacturing; and that all permits required including a new certificate of occupancy shall be obtained and all work completed within six (6) months from the date of this amended resolution."

685-53-A

APPLICANT—Robert Gottlieb, for Santini Building Corp., owner.

SUBJECT—Application July 30, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—3441 Kingsbridge avenue, west side, 169.64 ft. south of West 236th street (Block 3406, Lot 441), Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated July 14, 1953, acting on amendment to Alt. Applic. 587/53, reads:

"3. The exterior open stair is contrary to Sec. 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is two stories, 27 feet in height, 56 ft. by 100 ft. in area, of fireproof construction, erected in 1916 on a lot 60 feet front by 106 feet average in area, in a residence use, B area, Class 1 1/4 height district; used and occupied since 1951: cellar—boilerroom and garage, 0 persons; 1st floor, storage garage for more than five motor vehicles; 2nd floor, storage garage for more than five motor vehicles; total occupancy throughout building, 12 persons, for which Certificate of Occupancy 9232/51 was issued; and

WHEREAS, the applicant states that it is proposed to use and occupy the building as follows: cellar—boilerroom and storage; 1st and 2nd floors—factory (roasting nuts) 20 persons each floor; that the building is provided with one 3 ft. 8 in. wide interior iron stairs enclosed with fireproof partitions, equipped with fireproof self-closing doors, leading from roof bulkhead direct to street and one exterior stairs at rear, extending to roof by stair and to yard by stair with egress from lowest termination to street through passage at side of building; window and doors on course of exterior stairs are fireproof, self-closing; and

WHEREAS, the applicant states that the secondary means of egress is provided with fireproof doors at 1st and 2nd floor leading to this exterior stair; that from the yard there are concrete steps up to grade and a 4 ft. wide side court leading to the street; that the building is fireproof and interior stairs lead directly to the roof; that the rear exterior stairs has a full 3 ft. 8 in. width; and

WHEREAS, the applicant contends that to be required to install an additional interior stair would be a hardship and in view of the fact that the proposed occupancy will be small,

it is requested that the existing exterior stair be accepted as substantial compliance with Sec. 270 of the Labor Law.

Resolved, that the Board of Standards and Appeals does hereby make a variation of the requirements of the Labor Law, as cited in the decision of the borough superintendent, acting on amendment to Alt. Applic. 587/53, Objection 3, and that the appeal be and it hereby is granted on condition that the proposed fire escape shall be relocated and that all the requirements of the resolution adopted this day under Cal. 276-43-BZ, Vol. II shall be complied with.

743-45-BZ—Vol. III

APPLICANT—Solomon Jochnowitz, for Garvan Realities, Inc., owner (James Seeman Studios, lessee).

SUBJECT—Application, September 14, 1953, reopened September 29, 1953 as Vol. III—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence, business and unrestricted use district, the change in occupancy from storage garage and repair shop, auto showroom and sales, to factory use.

PREMISES AFFECTED—134-12 Atlantic avenue, south side, 100 ft. east of 134th street and 134-23 95th avenue, north side, 100 ft. west of Van Wyck expressway (Block 9450, Lots 34 and 56), Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: Solomon Jochnowitz.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on September 29, 1953 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on November 24, 1953 after due notice by publication in the Bulletin; laid over to December 15, 1953, at request of the objector's attorney; applicant to send out notices to owners in affected area; hearing closed on December 15, 1953; laid over to January 12, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 95th avenue are in residence, business and unrestricted use, D and E area, class 1 1/4 height districts; 134th street is in business and residence use, D and E area, class 1 1/4 height districts; Atlantic avenue is in business and unrestricted use, D and E area and class 1 1/4 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 26, 1953 acting on Alt. Applic. 988-53, reads:

"1. Proposed change in use is contrary to B. S. A. Cal. 743-45-BZ and should be referred to the Board for further action.

2. Proposed use as factory which is partly in a residence use district is contrary to Art. II Sec. 3 Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 200 ft. in depth, irregular, on which is located a building 50 ft. frontage by 200 ft. in depth, irregular, one story and mezzanine, 20 ft. in height, of class 3 construction, for which certificate of occupancy 84291-52 has been issued for garage, repair shop, auto showroom and sales, office and toilets; that it is proposed to permit the use of the building to continue for the preparation and printing of high grade wall paper; and

WHEREAS, the applicant contends that originally and prior to 1947 approximately 167 ft., from Atlantic avenue to the center line of the block, was located in an unrestricted zone; that the remainder of the property, approximately 165 ft. deep, fronting on 95th avenue, was located in a residence

MINUTES

zone; that on January 3, 1947 the zone was changed so that 100 ft. abutting Atlantic avenue was changed to a business zone; that the remainder of the area, formerly restricted, to wit 65 ft., continued unchanged as did the residential area, so that the property is now located in a business, unrestricted and residence zone; and

WHEREAS, the applicant further contends that in February 1953 the landlord leased the entire building to the present lessee to be used and occupied for light manufacturing and for such other purposes as may be legal, and particularly for the preparation and printing of high grade wall paper; that possession of the premises was taken by the present lessee on the date mentioned and the business has been carried on in these premises since then; that this was done upon the advice of architects who had informed the lessee the business, being less offensive than that for which the certificate of occupancy was issued, required no change in the certificate of occupancy; that a violation was served upon the owner and lessee on April 24, 1953; that in order to remove this violation, plans were filed and an application made for a certificate of occupancy permitting the use of the building for light manufacturing; that the use of the building would come within the definition of light manufacturing which is permissible in the business and unrestricted zones; that the creation of patterns and designs, the preparation of silk screens and hand blocks and the printing and blocking of paper cannot be considered as anything other than light manufacturing; that this would only be a violation of the zoning use of that portion of the building located in the residence zone, namely, the southerly strip of the building located entirely in the interior of the block; that no use of heavy machinery is involved; that in view of the fact that the proposed use is so much more desirable than the use previously permitted by the Board from the standpoint of the zoned uses as well as from that of the surrounding property, a variance is requested for the use of the building for light manufacturing; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted to permit the occupancy as now proposed as against the previously granted occupancy.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution as adopted by the Board on March 26, 1946, as thereafter amended by resolutions adopted through May 27, 1952, by adding thereto:

"that in the event the owner desires to change the use of the building throughout, as proposed and as indicated on plans filed with this request for amendment marked 'Received September 14, 1953' (2 sheets) and 'October 8, 1953' (2 sheets), such change of use may be permitted, *on condition* that the resolutions above cited shall be complied with in all other respects where not inconsistent with this amendment and that the gasoline selling system shall be removed or discontinued and sealed to the satisfaction of the fire commissioner; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution."

114-50-BZ—Vol. II

APPLICANT—Charles H. Spindler, for Sun Oil Company and the Penn Mutual Life Insurance Company, owners, (Sun Oil Co., lessee).

SUBJECT—Application August 25, 1953 (decision of the borough superintendent, under sections 7e and 7h of the zoning resolution, to permit in a residence use district the extension in use and area of existing gasoline service station, lubricatorium, washing, accessory sales and office, to include parking and storage of motor vehicles (previously granted by the Board for lot No. 6).

PREMISES AFFECTED—1916-1938 Linden boulevard, south side, from Pennsylvania avenue to Sheffield avenue; 786-796 Pennsylvania avenue and 787-797 Sheffield avenue (Block 4346, Lots 1, 2 and 6), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 6, 1953 subject to regular procedure, to consider increase in use and area; and

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Linden boulevard and Sheffield avenue are in a residence use, D area, class 1½ height district; Pennsylvania avenue is in residence and business use, D area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated July 29, 1953 acting on Alt. Applic. 1905-53, reads:

"1. Proposed extension in area of existing gasoline service station, lubrication, auto washing, office & accessory sales & to including parking of cars awaiting service, all within a residential use district, is contrary to Art. 2, Sect. 3 of the zone resolutions & provisions of variance granted by Bd. of St. & Appeals under 114-50-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot 190 ft. frontage by 95 ft. in depth, on which is located an existing gasoline service station on the southwest corner of Linden boulevard and Pennsylvania avenue, with a frontage of 130 ft. on Linden boulevard; that this station was erected under a variance granted by the Board under Cal. No. 114-50-BZ and certificate of occupancy No. 133057 has been issued therefor; that it is proposed to extend the area of the gas station by adding to the site the two adjacent vacant lots to the west (lots 1 and 2); that these adjacent lots have a combined frontage of 60 ft. on Linden boulevard and will provide a block front gas station similar to the two stations directly opposite the site to the north and east; that this additional frontage will provide for greater ease of traffic flow and tend to reduce congestion at this heavily traveled intersection; that no change in the gas station building is proposed and no new building is to be constructed; that the extended area will be used principally for driveway purposes and the only improvements will be a portion of one gasoline pump island and a gasoline brand sign; that a fence similar to the present fence approved by the Board will be constructed along the rear lot line of the additional lots and will be returned for more than one-half of the frontage along Sheffield avenue; that planting and shrubbery will be provided and protected by concrete curbs, and the balance of the added area will be paved; and

WHEREAS, the applicant contends that the lots which are the subject of this application were recently purchased at a tax sale; that they have not produced any revenue for the city in a great many years and there is little likelihood that they will ever be developed for a conforming use; that it is felt that their addition to the gas station will provide a better traffic condition, will provide additional revenue to the city and will not adversely affect the surrounding area; that the use zoning of this plot was changed from unrestricted to residence on May 10, 1928; that in view of the above it is requested that this application be granted; and

WHEREAS, the Board is familiar with this area having inspected not only this gas station when it was permitted by the Board in 1950 but also the one on the northeast corner, which was permitted under a Board variance.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 6, 1950, by adding thereto:

"* * * that in the event the new owner, the Penn Mutual Life Insurance Company, owner of the present premises and the Sun Oil Company, owner of the premises proposed to be included, desire to enlarge the gasoline service station, that such enlargement may be permitted for the term as permitted in the resolution above cited, and as shown on plans filed with this application marked 'Received August 25, 1953,' 3 sheets, and to permit the use of such premises as thereon proposed, with fencing and planting and surfacing as thereon shown and similar to what is required for the original arrangement; that additional gasoline selling pumps may be installed where located, and an additional curb cut not exceeding 30 ft. in width to Linden boulevard and not nearer than 5 ft. to the street building of Sheffield avenue as extended and one curb cut as previously permitted may be relocated as proposed on such plan, and also to permit under Section 7A, a curb cut to Sheffield avenue, of similar width and under similar conditions, *on condition* that the requirements of the resolution adopted by the Board on June 6, 1950, where not inconsistent with this amendment shall be complied with; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

189-52-BZ—Vol. II

APPLICANT—James E. McKillop, for Archie Lakin, owner.

SUBJECT—Application, November 5, 1952, reopened November 5, 1952 as Vol. II—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use, C area district, the erection and maintenance of a building (store), using more than the area permitted.

PREMISES AFFECTED—602 Manhattan avenue, east side, 200 ft. south of Nassau avenue (Block 2689, Lot 46), Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. McKillop.

For Opposition: Walter Avery.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened and restored to the docket on November 5, 1952 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on October 27, 1953 after due notice by publication in the Bulletin; laid over to December 15, 1953, for inspection and decision—hearing closed; then to January 12, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Manhattan avenue and Nassau avenue are in a business use, C area and class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 30, 1953 acting on N. B. Applic. 4-52, reads:

"1. Proposed bldg. exceeds area for a "C" district & violates Art. 4 Sect. 13b of the zone resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a building to cover the entire lot, one story, 15 ft. 6 in. in height, of class 3 construction, to be used as a store; and

WHEREAS, the applicant contends that the land was purchased from the City of New York in February 1952 by its present owner for the sole purpose of erecting a one story building for his own use as a warehouse and store for the storage and sale of household appliances; that the building is intended to relieve a badly congested condition as a store of the area permitted is too small for the volume of business done and not large enough for a proper display of merchandise; that there is little or no space for storage of reserve stock; that this space is sorely needed and there is no space in the vicinity which can be leased; that the property in question is being put to a business use after at least 45 to 50 years of non-productiveness; that this will enhance the value of adjacent properties and will remove an eyesore; that the erection of the proposed structure would eliminate this potential fire hazard since it is to be of masonry and its ceiling is to be protected; that there will be no cellar and no projections beyond the building line; that a finished sidewalk will be laid; that the erection of this low building, whether 60 ft. or 100 ft. in depth, could not create a dangerous condition; that some of the adjacent buildings are 3 and 4 stories in height and the proposed structure would be about equal in height to the 1st story of these buildings; that block 2680, lot 1 has a building that extends to the rear lot line and is 25 ft. in height; that lot 5 has a 3 story brick building which covers the entire lot; that lot 12 has a two story peak roof church which runs to within 15 ft. of the center line of the block; that lot 14 (old school) runs back to within 1 ft. 1 in. of the center line of block, has no rear yard and the wall is 35 ft. high and abuts the property in question; that lot 24 has a two story building and no rear yard; that lot 39 covers the entire lot, has no rear yard and the walls are easily 25 ft. high; that lot 54 has no rear yard and occupies the full lot and has a three story frame building; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, which recommended that the application be granted as to the extension of area, provided the building as proposed does not exceed one story in height; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21 as to extension of area, to permit the building to be of an area beyond what is permitted for the district, substantially as proposed and as indicated on plans filed with this application, marked "Received March 13, 1952" (2 sheets), "May 15, 1952" (1 sheet) and "October 2, 1953" (1 sheet), *on condition* that the building shall not be increased in height or area beyond what is now proposed and in all other respects shall comply with all laws, rules and regulations applicable thereto; that there shall be no windows opening on the rear or side of the building to adjacent premises; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

290-53-BZ

APPLICANT—Carroll Blake, for Tulbro Realty Corp., owner (Brooklyn Parkside Motors, Inc., lessee).

SUBJECT—Application April 22, 1953 (decision of the borough superintendent), under sections 7f and 7A of the zoning resolution, to permit in a business use district the change in occupancy from sale and display and parking of more than five motor vehicles to gasoline service station, car washing, storage and sale of accessories, with show windows and business entrance nearer to residence use district than is permitted.

MINUTES

PREMISES AFFECTED—1401 86th street, northeast corner of 14th avenue (Block 6340, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Carroll Blake and Sidney Raphael.

For Opposition: Stanley W. Berman and Edw. Hoffman, Park Dept.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Absent: Commissioner Kleinert: 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 15, 1953, after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 86th street are in a business use, D area, class 1 height district; 14th avenue is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 3, 1953 acting on N.B. Applic. 187-53, reads:

"1. Proposed use for automobile gasoline service station, car washing, two Lubratoriums, Sales of Auto Accessories and office on a lot within a business use district violates Art. 2 Sec. 4a-46 Zoning Resolution.

2. Proposed show windows and entrances along 14th Ave. and more than 25' north of 86th St. violates Sec. 7-A Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, presently used for parking of motor vehicles and used car sales lot, for which certificate of occupancy No. 131351-52 has been filed; that it is proposed to erect a building 48 ft. 1½ in. by 46 ft., one story and mezzanine, to be used as an auto laundry, lubratorium, sale and storage of accessories and office; that it is further proposed to install 550 gallon gasoline tanks and four dispensing pumps, with two curb cuts on 86th street and one on 14th avenue; and

WHEREAS, the applicant contends that at the southwest corner of 14th avenue and 86th street there has been set aside a plot of about two acres of the Dyker Beach park as a playground for children; that prints have been submitted with this application showing general surroundings; that there are chain link fences along both street lines and from where the street lines intersect, a fenced walk about 12 ft. wide extends diagonally for about 45 ft. from the street intersection to the playground; that the playground is surrounded by a second line of chain link fences parallel with the street line fences and about 26 ft. from them; that there are traffic lights near the northeast and southwest corner curb lines which are clearly visible to autoists and pedestrians and which should provide adequate protection to both at the street crossings; that 86th street is 100 ft. wide and 14th avenue is 80 ft. wide, making a total distance of 180 ft. as one would walk from the southwest to the northeast corners of these intersecting streets; that the 14th avenue curb cut has been located on plans to begin 20 ft. north of the 86th street corner, which would locate the 14th avenue entrance to the site more than 200 ft. from the southwest (playground) corner of 86th street and 14th avenue and about 245 ft. from the fenced in playground; that permission is requested to place the 14th avenue entrance nearer to 86th street than as shown, which might be permissible if the Board would consider the entrance to the playground to be at the enclosing fence and not at the intersection of the street lines; that both 14th avenue and 86th street are links of important traffic routes; that 14th avenue at its southern end connects almost directly with Belt parkway;

that starting about 350 ft. from the Bay 8th street entrance and extending north, it crosses seven or more important traffic routes and finally, as one continuous street, becomes Church avenue at the southern extremity of that street; that it is but a short distance to the Fort Hamilton parkway via McDonald avenue, which is a parkway at this point; that Church avenue itself is an important traffic artery which connects with Kings highway and Linden boulevard; that the first auto gasoline and service station on 14th avenue as one travels north from its southern end is on the northeast corner of 62nd street which is convenient for cars moving north; that on the west side of 14th avenue there is a station at 60th street where 14th avenue and New Utrecht avenue intersect; that both of these stations are about a mile from the site; that 86th street is 100 ft. wide and starting from the Narrows on the east side of upper New York bay it is a busy thoroughfare extending east and forms with Stillwell avenue and McDonald avenue important traffic routes to Coney Island and the south shore; that through 4th avenue, Fort Hamilton parkway, 14th avenue and Avenue U and other intersections, 86th street provides for through heavy truck routes from near the south shore of Long Island to all parts of Brooklyn and the north shore; that business on 86th street is now growing very rapidly and several new buildings are under construction; that between New York bay and 14th avenue there are but two gas stations, one on the north side at 7th avenue and another at Battery avenue on the south side; that from Bay 8th street east to 18th avenue there are several gas stations, mostly at corners of dead end streets; that it is felt that because of the importance of 14th avenue as a traffic thoroughfare and the comparative scarcity of gas stations, that one located on the corner of 14th avenue and 86th street would be a great convenience to automobile users as well as beneficial to the owners of the property; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision f and A of the Zoning Resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 187/53, Objections 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

368-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Ideal Clamp Manufacturing Co. Inc., owner.

SUBJECT—Application May 15, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a residence and business use, C area district, the change in occupancy of buildings located in residence use district, from chicken market, wet wash laundry and garage and office, to manufacturing of light metal products, including stamping, cutting, plating, assembly, packing and shipping, loading berth, employees' lunch room and offices, and to demolish an existing building and permit the erection of a one story extension, using more than the area permitted.

PREMISES AFFECTED—413-437 Liberty avenue, 187-209 Vermont street, northeast corner and 154-172 Wyona street (Block 3689, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Absent: Commissioner Kleinert 1

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 15, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Vermont street and Wyona street are in residence and business use, C area, class 1 height districts; Liberty avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 5, 1953 acting on Alt. Applic. 1517-53, reads:

"1. Building as extended exceeds area in a 'C' district and violates Art. 4 Sect. 13 b of the Zoning Resolution.

2. Proposed use extending into a residential district violating Art. 2 Sect. 3 of the Zoning Resolution.

3. Change of Occupancy of existing buildings located in a residence use district from a chicken market, wet wash laundry and garage and office to Manufacturing of light metal products including stamping, cutting, plating, assembly, packing and shipping, storage, offices, employee's Lunch Room and loading berth is contrary to Art. II Section III of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 206, 200 and 175 ft. frontage by 200 and 206 ft. in depth, irregular, on which is located five buildings; that building A has a frontage of 206 ft. on Liberty avenue, 95 ft. on Vermont street and 95 ft. on Wyona street, of class 3 construction, erected under N. B. 8456-23 and certificate of occupancy No. 21459 was issued for public garage; that the building was altered under Alt. 5823-40 and certificate of Occupancy No. 101594 was issued for manufacturing metal clamps; that building B has a frontage of 25 ft. on Vermont street, of class 3 construction, erected under N. B. 7106-22 and certificate of occupancy No. 83701 was issued for chicken market; that building C has a frontage of 60 ft. on Vermont street, of class 3 construction, erected under N. B. 2877-29 and certificate of occupancy No. 56978 was issued for wet wash laundry; that building D has a frontage of 25 ft. on Vermont street, of class 3 construction, erected under Alt. 14480-27 as a 3-car garage, for which no certificate of occupancy was issued; that building E on a plot having a frontage of 80 ft. on Wyona street has a frontage of 25 ft. and a depth of 40 ft., erected under N. B. 13740, for which certificate of occupancy No. 23305 was issued for office and shop for a stone yard, N. B. 11007-26 and certificate of occupancy No. 46397 was issued for garage and offices; that it is proposed to maintain the present legal use of building A for the manufacture of metal clamps, and change the use of buildings B, C and D; that it is also proposed to remove the building on plot E and erect a new one story extension of class 3 construction, having a frontage of 80 ft. on Wyona street and a depth of 100 ft.; that the use of the entire site is then proposed for the manufacture of light metal products including stamping, cutting, plating, assembly, packing, shipping, storage, offices, employees' lunch room and loading berth; and

WHEREAS, the applicant contends that the extended uses as proposed will be of benefit to the affected area as they will replace the present objectionable uses of chicken market, wet wash laundry and an open stone yard; that the present manufacturing use is legal in the business zone and it is proposed only to extend these uses throughout the site; that in the affected area, lot 26 immediately adjoining and in a residence zone, is developed with a one story loft building which is a non-conforming use; that most of the property within the affected area is either a business or unrestricted use district; that in the residence use part of the affected area there are also non-conforming uses as follows: block 3688, lot 26 contains a garage, block 3689, lot 26 contains a loft building and block 3690, lot 5 contains a garage; that it would be impractical to develop the balance of the site with conforming uses; that buildings A, B and C are now

erected to the lot lines and occupied 100% of the area of their lots when originally erected; that the building on lot No. 28, immediately adjoining to the north, is built up solid to the rear lot line; that the leaving of an open area on plot E would not benefit the block as said area would be in a pocket; that the net open area to be built upon is 10,130 sq. ft. and allowable coverage is 7578 sq. ft., so that the building as proposed exceeds the area to be devoted to loading and unloading by 8480 sq. ft., which exceeds the allowable by only 920 sq. ft.; that the proposed extended uses will be in keeping with the affected area; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the zoning resolution, as to use, and that the applicant has substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c as to use and Section 21 as to extension of area, to permit the extension of the existing buildings into the more restricted district, substantially as proposed and as indicated on plans filed with this application, marked "Received May 15, 1953" (6 sheets), *on condition* that the building shall not be increased in height or area beyond what is now proposed and in all other respects shall comply with all laws, rules and regulations applicable thereto; that there may be a curb cut for the unloading area on Vermont street as shown, not over 25 feet in width; that on the adjoining lot lines where walls of adjoining buildings do not occur there shall be erected a woven wire fence of the chain link type not less than 5 feet 6 inches in height; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

446-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Fulton Reid Realty and Holding Corporation, owner.

SUBJECT—Application June 5, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a local retail use, C area district, the demolition of the three 2-story frame buildings on the corner of Fulton street and Reid avenue and to permit the erection of a new 2-story extension to be used in conjunction with existing meat processing, with offices, toilets and locker rooms on the 2nd floor, using more than the area permitted, and to permit the change in use from garage for five cars and bar and grill, to meat processing.

PREMISES AFFECTED—70-74 Marion street, 349-359 Reid avenue, southeast corner and 1763-1775 Fulton street (Block 1695, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 15, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Marion street are in a local

MINUTES

retail use, C area, class 1 height district; Fulton street is in residence, local retail and business use, C area and class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 15, 1953 acting on Alt. Applic. 1084-53, reads:

"1. The proposed extension for use as meat packing and storage on 1st floor, offices and dressing rooms on 2nd floor and storage in cellar to a building used for meat processing and storage in a local retail district is contrary to the Zoning Res. Art. II, Sect. 4-c.

2. The proposed change in use of portions of the building from garage for 5 cars and bar and grill to meat processing in a local retail district is contrary to the Zoning Res. Art. II Sect. 4-c.

3. The proposed extension exceeds in area that permitted in a 'C' area district by Art. IV, Sect. 13 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 ft., 129 ft. 7 in. and 76 ft. 10½ in. frontage by 146 ft. 5½ in. and 75 ft. in depth, irregular, on which is located a one story building of class 3 construction facing on Marion street used as a garage for five cars, erected under N. B. 9587-22 with certificate of occupancy No. 17131 having been issued therefor; that under Alt. 362-49 the building was altered to a bar and grill and certificate of occupancy No. 134857 was issued for this use; that a one story building on the corner of Marion street and Reid avenue, of class 3 construction, was erected under N. B. 3916-22 and certificate of occupancy No. 16947 was issued for a meat cooler; that the three 2-story frame buildings on the corner of Fulton street and Reid avenue were altered under Alt. 3596-22 and certificate of occupancy 3504A was issued for a store; that it is proposed to maintain all of the buildings on the site of class 3 construction, and demolish the present three 2-story frame buildings now on the corner of Fulton street and Reid avenue; that it is proposed to use the remaining buildings for meat storage, meat cooling and meat processing; that it is also proposed to erect a new 2-story extension on the corner of Reid avenue and Fulton street, the 1st floor to be used in conjunction with meat processing and the 2nd floor to be used for offices, toilets and locker rooms; and

WHEREAS, the applicant contends that the present storage, cooling and processing of meat is a legal use in the building on the corner of Marion street and Reid avenue and it is only proposed to extend this use throughout the entire cellar and 1st floor; that this premises has been in the present ownership since November 1931 and the use district was changed from business to local retail on July 9, 1951; that it would be a hardship on the owner if he would be prevented from expanding his business inasmuch as the present use is a legal one and the zone was changed during his present ownership; that block 1692, lot 1 is developed with a gas station and factory, which is a non-conforming use, and which is directly opposite the premises in question; that after the demolition of the three 2-story frame buildings on the corner of Reid avenue and Fulton street, that part of the open site will then have an area of 2,600 sq. ft.; that the present shipping and receiving area is equal to 960 sq. ft., making a total of 3,610 sq. ft.; that the allowable coverage is equal to 70% of 3,610 sq. ft. or 2,510 sq. ft.; that the proposed building extension is 2,650 sq. ft. so that the proposed building area exceeds the allowable area by only 123 sq. ft.; that if this 123 sq. ft. were left as open area on the interior of the lot surrounded by buildings of the same ownership, it would not be of benefit to the rest of the block; that the removal of the frame buildings and replacement with a new brick extension, modern in design, will not only remove a fire hazard but will do much towards improving the entire appearance of the community; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, which took notice of the existence of the present use and the state of the existing buildings on Fulton street, proposed to be removed, and

recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the zoning resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c as to use and Section 21 as to extension of area, to permit the extension of the present buildings as proposed and as indicated on plans filed with this application, marked "Received June 5, 1953" (8 sheets) and "November 20, 1953" (1 sheet), *on condition* that the building shall not be increased in height or area beyond what is now proposed and in all other respects shall comply with the requirements of the Building Code and all other laws, rules and regulations relative to the construction and occupancy; that this variance is *granted on condition* only for the existing business, arranged substantially as proposed and for no other uses; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

589-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Imperial Accurates, Inc., owner.

SUBJECT—Application August 2, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in the business use district portion of a plot located in a residence and business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and office, and to permit the parking and storage of motor vehicles, for a term of fifteen years.

PREMISES AFFECTED—2444-2462 65th street and 1502-1504 West 1st street, southwest corner (Block 6605, Lots 6 and 13), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 15, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and West 1st street are in residence and business use, C area, class 1 height districts; 65th street is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated July 6, 1953 acting on N.B. Applic. 795-53, reads:

"1. Proposed gasoline service station, lubritorium, minor auto repairs, car washing, office & sales, parking & storage of motor vehicles on premises located partly in a residential & partly in a business district, is contrary to Art. 2, Sect. 3 & Art. 2, Sect. 4a-29 & 46 of the zone resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 178 ft. 9 $\frac{7}{8}$ in. frontage by 43 ft. 6 in. in depth, irregular, presently vacant; that it is proposed to erect a gasoline service station consisting of ten 550 gallon gasoline tanks and six approved type pumps; that the contemplated accessory building will have a frontage of 54 ft., a depth of 28 ft. 8 in. of class 3 construction and will contain the conjunctive uses of office and sales, storage, lubritorium, car washing, minor auto repairs with hand tools only and parking and storage of motor vehicles; and

WHEREAS, the applicant contends that although the premises are slightly in a residence zone, the entire gas station will be confined to the business district and a landscaped area will be maintained at the rear of the site to afford the adjoining premises additional light and ventilation and to act as a buffer; that there will be no entrances or exits on West 1st street, thereby maintaining the residential aspect of that street; that the modern design of the building will improve the appearance of 65th street; that 65th street is a main auto lane leading across Brooklyn and also the large home development in the area makes the proposal in keeping at this point; that there are sufficient stores in the area for public needs but the affected area lacks the services that the proposed gas station could render as there are no other gas stations within the affected area; that the land is high in assessed value and it is mandatory that the owner develop this property as proposed so that he may continue to pay taxes and also receive an equitable return on his investment; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions f and i of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 795/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

509-53-A

APPLICANT—Technicon Chemical Co., Inc., owner.

SUBJECT—Appeal filed July 1, 1953, from a decision of the Fire Commissioner relating to the Packaging of Combustible Mixture known as "Paraway" in glass containers in New York City of a capacity greater than permitted by the Administrative Code.

APPEARANCES—

For Applicant: Andres Ferrari, Jr.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated June 1, 1953 (Folder #122-1516) reads:

"This will reply to your letter of May 25th concerning ours of May 11th, with respect to a Certificate of Approval for Paraway. The revised labels conform with our requirements.

However, as the Administrative Code prohibits the packaging of combustible mixtures in excess of 32 ounces in glass containers, we are without power to grant any consideration concerning the use of such containers in excess of the permitted quantity.

The products you enumerate are considered as either being chemicals or petroleum derivatives, therefore they are not being classified as mixtures, so that the provisions of that section of the Code is not applicable.

However, under Article 8 of Chapter C19, volatile inflammable oils are limited to 4-ounces in glass containers."

and

WHEREAS, the applicant contends that the use of metal containers is completely unsatisfactory for the product in question due to its corrosive action on tin plate; that the product eventually corrodes completely through the material thus allowing the contents to escape; that glass has proven to be a completely satisfactory container from a corrosive point of view; that the glass container is packaged in a 275 lb. test corrugated cardboard double wall carton with inserts on all sides, top and bottom, also constructed of 275 lb. test double-wall corrugated cardboard, thus completely insulating the glass container from shocks or blow that may be received; that the product is sold only directly to the laboratories of hospitals or research institutions carrying on special laboratory work; that the use of the product is such that it is required to be packaged in 4-liter containers; that the product has been developed to replace the highly inflammable products previously used for the same purpose; that the product has a flashpoint of 248° F.; that the product is used in an apparatus called "Autotechnicon" employed in the histology laboratories of all hospitals and research laboratories; that this apparatus has been approved by the Underwriters' Laboratories for use with the product in question; and

WHEREAS, the applicant has filed with this appeal drawings marked "December 23, 1953" (1 sheet) showing that the proposed glass container will consist of a 128 ounce capacity amber-colored Boston round glass bottle equipped with a bakelite screw cap, provided with a pulp and vinylite liner to which an additional liner of Kraft Silite coated material is added to insure perfect sealing and in addition a cel-O-seal is placed over the cap and neck of the bottle; and

WHEREAS, the applicant states that the material proposed to be placed in glass containers is composed of the following: 50% Solvesso; 25% Zylene and 25% carbon tetrachloride.

Resolved, that the decision of the Fire Commissioner, dated June 1, 1953, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the use of containers as proposed, *on condition* that the glass container shall be of the Boston round type, as proposed; that when opened, the contents of the container shall be completely used and the container shall not be reused; that such containers shall be labeled to the satisfaction of the fire commissioner, and in shipping, such containers shall be protected by double-walled cardboard cartons, as proposed.

MINUTES

REPORT OF COMMITTEE ON TEST

Re: Cal. 292-48-SM

December 9, 1953

SUBJECT—Amendment to resolution as to the extended use of sand with lightweight Aggregate "Waylite", beyond the Proportions Approved in the Original Resolution.

Frederick Starr Contracting Co., for The Waylite Company requested by letter dated March 12, 1953, that the resolution adopted March 29, 1949 under Cal. No. 292-48-SM, be amended so as to allow the use of sand with the material Waylite and cement to make, either plain, average and/or controlled concrete. The application was reopened by a vote of the Board April 21, 1953.

Purpose

The material "Waylite" is to be used as a coarse aggregate, sand and cement to make concrete.

Description

The material Waylite, a lightweight aggregate, was approved by the Board March 29, 1949 under Cal. No. 292-48-SM for use as an aggregate in either plain, average and/or controlled concrete under the pertinent sections of the Administrative Building Code. The approval of the use of Waylite set up the mix, including fine and coarse Waylite, a limited amount of sand and cement.

The proposed amendment is for the use of coarse Waylite, sand and cement, of other mixes; particularly as to use of increased amounts of sand, beyond the previously approved limit.

Inspection and Test

Test specimens of different design mixes using concrete sand, coarse Waylite and cement with and without an air entraining agent were load tested at the Robert W. Hunt Laboratory, in the presence of Comm. E. W. Kleinert and Asst. Engr. J. A. Darts, Committee on Test and W. D. Cloos, representing the applicant.

The mixes were so designed that they were intended to show that the use of coarse Waylite and sand would give comparable strengths as when used with fine and coarse Waylite and 1/2 part of sand per sack of cement as approved.

The design mixes were such that the strengths ranged from 1213 to 4840 p.s.i. (without air entraining) and from 1070 to 4557 p.s.i. (with air entraining). The complete report is on file with and is part of the record.

Recommendation

On the basis of the tests, the Committee on Test recommends that the resolution adopted March 29, 1949 under Cal. No. 292-48-SM be amended so as to permit the use of coarse Waylite, sand and cement, with or without an air entraining agent (2 ozs. per sack of cement) in either plain, average and/or controlled concrete, under the pertinent sections of the Administrative Building Code, and the permissive uses granted under the resolution adopted March 29, 1949 under Cal. No. 292-48-SM, with the following exceptions: When coarse Waylite and sand is used in lieu of the mix approved for controlled concrete under C26-364, wherein fine and coarse Waylite and a fixed maximum percentage of sand, the cement content shall be 7.0 sacks per cubic yard when used without an air entraining agent, when the concrete is 3000 p.s.i. or greater, and, as a comparison of the curves showing the strengths with and without an air entraining agent shows that strength decreases with the addition of the air entraining agent, the Committee recommends that when an air entraining agent is used; that the cement content shall be a minimum of 7.5 sacks of cement per cu. yd. of concrete; when the concrete is 3000 p.s.i. or greater and, further the limitations in the original resolution as to weight at the end of 28 days curing, shall not apply to these new mixes, but in lieu thereof, the exact weight at the end of 28 days shall be accurately reported and plainly stated on all plans and calculations submitted to the Department of Housing & Buildings and further that the requirement of the resolution adopted March 29, 1949 under Cal. No. 292-48-SM in respect to compensating for the decrease in shear stress shall be complied with.

The Committee further recommends that the use of Coarse Waylite and sand in average concrete as set forth under C26-365, Administrative Building Code, may be permitted, and the requirement of the resolution adopted March 29, 1949 under Cal. No. 292-48-SM in respect to compensating for the decrease in shear stress shall be as herein specified as set forth for controlled concrete. It is further recommended that when an air entraining agent is used, not more than 2 ozs. of an approved agent shall be used per sack of cement.

The Committee further recommends that in all other respects the requirements of the resolution adopted March 29, 1949 under Cal. No. 292-48-SM shall be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of March 29, 1949 in accordance with the above report.

841-50-SM

APPLICANT—Owens-Corning Fiberglas Corporation, owner-manufacturer.

SUBJECT—Fiberglas Acoustical Tile, Membrane Faced, approval of.

APPEARANCES—

For Applicant: Richard Ringwalt and John N. Regan.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3
Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 841-50-SM

December 14, 1953

Subject: Fiberglas Acoustical Tile-Membrane Faced, approval of.

Owens-Corning Fiberglas Corporation, Toledo, Ohio, filed November 20, 1950, an application with the Board of Standards and Appeals for approval of the material, Fiberglas Acoustical Tile-Membrane Faced, known as Fiberglas Sono-faced Acoustical Tile under the provisions of C26-88.0 and C26-191.0 Administrative Building Code.

Purpose

The material is an incombustible acoustical tile.

Description

The acoustical tile is composed essentially of glass fibers which are held together by an organic binder of phenol formaldehyde resin. This tile is the same tile as approved by the Board July 28, 1942 under Cal. No. 620-40-SM, except that the surface of the tile is covered with a sheet of vinylidene chloride .0015 in thickness.

The process of manufacture of the Fiberglas Acoustical Tile-Membrane Faced is the same as the tile approved, except that this facing is put on after the forming of the individual tile.

The plant of the applicant at Newark, Ohio, was inspected December 13, 1950 by Asst. Engr. J. A. Darts, and sample tiles were identified for test.

The test was conducted in accordance with the requirements of SS-A-118a by Prof. J. R. Shank of Ohio State University in the presence of Asst. Engr. J. A. Darts, Committee on Test and H. Perrine, representing the applicant.

MINUTES

Results of test: The membrane softened, curled back and fell off in the first few minutes without burning. The fallen pieces were not hot to the touch nor did not ignite loose paper and waste which was placed directly under the panel in order to see if the falling pieces would create a hazard.

At no time during the test was there any evidence of any combustion on any part of the panel and when the heat was turned off the glow or redness began to immediately disappear and completely disappeared in 75 seconds.

The applicant has also submitted by a report by Foster D. Snell, Inc., at the request of the Board, which shows that the chemical decomposition by the action of heat and the resultant products of such decomposition of the membrane faced tile present no serious hazards under conditions which might be met with in use.

The report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test is of the opinion that; as the Fiberglas Acoustical Tile-Membrane Faced is the same tile as approved by the Board July 28, 1942 under Cal. No. 620-40-SM, except for the .0015" thick covering of vinylidene chloride, and as tests show that this addition of the covering has no adverse effects; that Cal. No. 620-40-SM could have been reopened for consideration for amendment to include the material known as Fiberglas Acoustical Tile-Membrane covering in view of the slight variation as to covering and therefore, the Committee on Test recommends the approval of the material known as Fiberglas Acoustical Tile-Membrane Faced, on condition that the requirements of the resolution adopted July 28, 1942 under Cal. No. 620-40-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

353-52-SA

APPLICANT—Ayr-Mor Machinery Co., Inc., owner (Bronx Pressing Machine Co., Inc., Agent).

SUBJECT—Application April 4, 1952—Ayr-Mor Compact Automatic Dry Cleaning Machine, approval of.

APPEARANCES—

For Applicant: Robert W. Artus.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3
Negative 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 353-52-SA December 10, 1953

Subject: Ayr-Mor Compact Automatic Dry Cleaning Machine, approval of.

C. M. Spindler for Butler Mfg. Co., Missouri, filed April 4, 1952, an application with the Board of Standards and Appeals for approval of the appliance known as the Ayr-Mor Compact Automatic Dry Cleaning Machine under the provisions of C26-178.0 Administrative Building Code.

Purpose

The appliance is a dry cleaning unit having a capacity of 27 lbs. of dry load using perchlorethylene as the solvent.

Description

The appliances are complete in two units. The main unit consists of the machine proper, sump pump, fan, washer, motor, extraction motor, supply tank and timing device. The second unit is the Filter Still which is complete within itself.

The entire cleaning operation is carried out in the one drum; cleaning, drying and deodorizing. This drum is a perforated stainless steel on Monel metal 33 inches in diameter x 22 inches in length.

Inspection and Test

A unit was inspected and tested by Asst. Engr. J. A. Darts, Committee on Test and C. M. Spindler representing the applicant. The unit functioned as designed. In view of the resolution adopted November 24, 1953 under Cal. No. 838-53-GR, the loading capacity of the unit was computed on the basis of 2.8 lbs. (dry load) per cu. ft. of basket volume. Although the manufacturer states that the basket is 33" x 22" the actual measurements of the basket of the unit inspected was found to be 34" x 18" giving a capacity of 27 lbs. of dry load.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test recommends the approval, under C26-178.0 Administrative Building Code, for voluntary installation in New York City of the Ayr-Mor Compact Automatic Dry Cleaning Machine, having a capacity of 27 lbs. dry load, for use with a non flammable solvent (perchlorethylene). The Committee further recommends that in the event the solvent is changed, that all installation and motors comply with the requirements of Chapter 19 Article 13; and further that each unit bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 353-52-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

359-52-SA

Negative 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST.

Re: Cal. 359-52-SA December 14, 1953

Subject: Shields Pechlor Synthetic Dry Cleaning Unit Models R51 and R51-A, approval of.

MINUTES

Charles M. Spindler for the Shields Engineering and Mfg. Co., Cleveland, filed May 13, 1952, an application with the Board of Standards and Appeals for approval of the appliance known as the Shields Pechlor Synthetic Dry Cleaning Unit Model R51 and R51-A under the provisions of C26-178.0 Administrative Building Code.

Purpose

The appliance is a dry cleaning unit having capacity of 35 lbs. of dry load, using perchlorethylene as the solvent.

Description

The various parts of the machine are assembled as a single unit on a formed steel base. The washing, extracting, drying and deodorizing operations are performed in one cylinder. A filtering operation is also performed by means of a bag type filter and pump. A distilling operation may be performed by means of a steam heated still. A ventilating fan is mounted on the machine and is connected in such a way that it operates continuously when the loading door is out. This same fan draws air through the cylinder and exhausts it to the outside atmosphere through an air duct.

The machine is so arranged and interlocked that the access door may not be opened without starting the fan and opening the exhaust damper and in addition, if the door is opened more than 4", the cylinder can no longer be power driven.

The cylinder is of perforated stainless steel or Monel metal and is 34 inches in diameter by 24 inches in width and is divided into two equal pockets.

The storage tank, built of $\frac{1}{8}$ inch plate forms the base of the machine.

The filter is constructed of $\frac{1}{8}$ inch steel and is approximately 35" x 15 $\frac{1}{2}$ " x 15 $\frac{1}{2}$ ". A gasketed cleanout door is provided at the bottom of the filter.

Inspection and Test

The unit was inspected and tested by Asst. Engr. J. A. Darts, Committee on Test and C. M. Spindler, representing the applicant. The unit functioned as designed and all interlocks functioned as required.

In view of the resolution adopted November 24, 1953 under Cal. No. 838-53-GR the loading capacity of the unit was computed on the basis of 2.8 lbs. (dry load) per cu. ft. of basket volume. The actual basket size was found to be 34 inches diameter by 24 inches long; giving a capacity of 35 lbs. of dry load. The appliance has been approved by the Underwriters Laboratory App. No. 48C2560.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test recommends the approval under C26-178.0 Administrative Building Code, for voluntary installation in New York City of the Shields Pechlor Synthetic Dry Cleaning Unit, Models R51 and R51A, having a capacity of 35 lbs. dry load, for use with a non flammable solvent (perchlorethylene). The Committee further recommends that in the event the solvent is changed, that all installations and motors comply with the requirements of Chapter 19 Article 13; and further that each unit bear a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. 359-52-SA.

REPORT OF COMMITTEE ON TEST

Re: Cal. 431-52-SM

December 16, 1953

Subject: Amendment to resolution as to change of model numbers.

Plastic and Appliance Co., Philadelphia, Pa. requested by letter dated November 30, 1953 that the resolution adopted November 4, 1953 under Cal. No. 431-52-SM be amended so as to change the model designation of the approved fill and vent terminal from Models 41 $\frac{1}{2}$ A and 42A to Models 41 $\frac{1}{2}$ and 42. The application was reopened by a vote of the Board December 15, 1953.

Purpose

A combination fill and vent terminal for fuel oil.

Description

There has been no change in the construction or details of the box as approved November 4, 1953 under Cal. No. 431-52-SM; the only change being in model designation numbers.

Recommendation

The Committee on Test recommends that the resolution adopted November 4, 1953 under Cal. No. 431-52-SM be amended so as to change the model designation from 41 $\frac{1}{2}$ A and 42A to 41 $\frac{1}{2}$ and 42, on condition that the requirements of the resolution adopted November 4, 1953 under Cal. REPORT OF COMMITTEE ON TEST

Re: Cal. 671-52-SM

October 13, 1953.

Subject: Amendment to Resolution to Include Additional Size Brick.

Standard Builders Supply Co., New Jersey for Cherokee Brick and Tile Co. requested, by letter dated June 16, 1953, that the resolution adopted May 19, 1953 be amended to include additional sizes of structural clay units. The application was reopened by a vote of the Board July 7, 1953.

Purpose

The units are structural clay units used as a brick or as a solid structural clay unit.

Description

The units are manufactured by the same process, of the same material and at the same plant as the units approved by the Board May 19, 1953 under Cal. No. 671-52-SM differing only as to size.

Inspection and Test

Sample units were tested in accordance with the requirements of C26-307.a.b with the following results:

- 1) $2\frac{1}{8}" \times 7\frac{1}{2}" \times 11\frac{5}{8}"$
Compressive Strength—5926 p.s.i.
Absorption—10.5%
C/B Ratio—.66%
Percentage of voids—25%
Modulus of rupture—551 p.s.i.
- 2) $2\frac{1}{4}" \times 3\frac{3}{4}" \times 8"$
Compressive Strength—14769 p.s.i.
Absorption—9.1%
C/B Ratio—.60%
Percentage of voids—6%
Modulus of Rupture—909 p.s.i.

Recommendation

On the basis of the tests and the data filed, the Committee on Test recommends that the resolution adopted May 19, 1953 under Cal. No. 671-52-SM be amended to include the additional sized solid structural clay units herein described so that the following units are recommended for approval (including previously approved solid structural clay units): $3\frac{1}{2}" \times 5\frac{1}{2}" \times 11\frac{1}{2}"$; $3\frac{1}{2}" \times 7\frac{1}{2}" \times 11\frac{1}{2}"$; $2\frac{1}{8}" \times 7\frac{1}{2}" \times 11\frac{5}{8}"$ and $2\frac{1}{4}" \times 3\frac{3}{4}" \times 8"$ solid structural clay units, on condition that the requirements of the resolution adopted May 19, 1953 under Cal No. 671-52-SM be complied with.

REPORT OF COMMITTEE ON TEST

Re: Cal. 196-53-SA

December 11, 1953

Subject: Gasboy Consumer Electric Pump (Gasoline Dispensing Pump), Model A-1550, approval of.

William M. Wilson's Sons, Inc., filed March 16, 1953, an application with the Board of Standards and Appeals for approval of the Gasboy Consumer Electric Pump (Gasoline Dispensing Pump), Model A-1550 under the provisions of C19-53 Administrative Code.

Purpose

An electric motor operated discharge device for dispensing gasoline.

Description

The device consists of a motor driven pump, strainer, metering device, hose, self closing hose nozzle, valve, and control apparatus. The pumping unit is of the rotary blade type and is driven at approximately $\frac{1}{3}$ motor speed by means of V-belt and pulleys. The meter is of the insulating piston or so-called wobble disc type and all working parts of the meter are of nonferrous materials. A dial visible through a window in the front of the cabinet is calibrated up to 20 gallons and is provided with a single pointer which may be set back to zero. There is also a totalizer provided which records up to 100,000 gallons. The base is of $2" \times 2" \times \frac{1}{8}"$ steel angles fabricated with ends welded. Provided with four $\frac{1}{2}$ inch openings for anchor bolts regularly located on a 16 inch circle. The housing and panels of a steel cabinet are mounted on this base.

The nozzle holster is of cast aluminum closed ends mounted on end panel with two screws. The cabinet is ventilated by three louvres; two in left panel of cabinet and one in right panel. A by-pass valve is assembled in pumping unit; the maximum opening pressure is not to exceed 35 p.s.i. There is a pressure relief valve.

The device has been approved by the Underwriters Laboratories, Inc., File #MH4314.

Inspection and Test

A model of this pump was inspected and tested at 380 Second Avenue, New York City, and found to operate as designed. Present at the test were L. V. Huber, Chief Engineer, Committee on Test and Charles J. Denny, representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Gasboy Consumer Electric Pump (Gasoline Dispensing Pump) Model A-1550 for use in New York City, when installed and operated in accordance with this report and the provisions of C19-53 Administrative Code, provided each pump bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 196-53-SA."

REPORT OF COMMITTEE ON TEST

Re: Cal. 407-53-SA

December 7, 1953

Subject: Lydon Brother Industrial Oven Model 3221 (Indirect Gas Fired Truck Loading Oven), approval of.

Lydon Brothers, Inc., New Jersey, filed May 19, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as the Lydon Brothers Industrial Oven Model 3221 (Indirect Gas Fired Truck Loading Oven) under the provisions of the Paint Spraying Rules of the Board.

Purpose

The appliance is an indirect gas fired paint baking oven for baking a paint finish on sprayed parts or articles.

Description

The shell of the oven is of the double wall panel type construction, having inner and outer walls of #22 gauge steel sheet enclosing 4" of rockwool insulation. The panels are internally reinforced, having angle iron panel flanges at the outer edges which bolt together, with a millboard gasket between panel joints, forming a tight oven.

The doors are of the swing type, also of panel construction; the inside face being #22 gauge and the outer face #12 gauge totally enclosing 4" of rockwool insulation. The door is mounted on a heavy duty hinges and has Buxton type latches.

The oven is heated by means of a Lydon Brothers Indirect Gas Fired Heating Unit mounted inside the oven shell and separated from the oven chamber by means of a steel duct partition.

The air heating unit consists of a gas tight all welded radiating unit having the bottom portion fabricated of a heavy wall steel tube combustion chamber and the upper portion made of #10 gauge sheet steel. The gas burner is mounted externally on the front of the oven and fires into the combustion tube.

The oven is equipped with the following control and safety equipment. Motor starters with overload protection for recirculating fan; exhaust fan and combustion chamber exhaust fan; Circuit Switch Timer to time out baking cycle and to completely shut down oven automatically. Combustion safeguard complete with purge timer, flame head, flame rod and extension cable. Electronic Ignition System. Solenoid gas valves for pilot burner; Solenoid gas valve for main burner. Warm air limit switch to shut down oven in the event of excessive temperature due to control or recirculating breakage. Safety Shut-Off Valve, to shut off gas supply to the oven in the event of gas failure, power failure or improper operation of any safety equipment.

Inspection and Test

An oven was inspected and tested at 1414—67th Street, Brooklyn, New York. Present at the test were Asst. Engr. J. A. Darts, Committee on Test and J. P. McBride, representing the applicant. The oven functions as designed and all safety controls operated as required under simulated breakdown conditions.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test recommends the approval of the Lydon Brothers Industrial Oven Model 3221 (Indirect Gas Fired Truck Loading Oven), when constructed in accordance with this report and installed in accordance with the Paint Spraying Rules of the Board, and further that each oven bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 407-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: 456-53-SA

December 14, 1953

SUBJECT: Manitowoc Perchlor Dry Cleaning Unit, Model 900, approval of.

The Manitowoc Engineering Corp., filed June 4, 1953, an application with the Board of Standards and Appeals for approval of Manitowoc Perchlor Dry Cleaning Unit, Model 900, under the provisions of C26-178.0.b Administrative Building Code. The application was placed on the calendar of September 22, 1953, but was taken off the calendar for the purpose of determining the load. In view of the action of the Board November 24, 1953 under Cal. No. 838-53-GR, the dry load capacity of a dry cleaning unit shall be figured on the basis of 2.8 lbs. per cu. ft.

Purpose

A dry cleaning unit using non inflammable perchlorethylene as a solvent; having a capacity of 20 lb. dry load.

Description

The appliance is an assembly of component parts forming a single dry cleaning unit. The main parts are as follows: A ventilating system which insures a supply of fresh air and removes any fumes around the machine; prevents escape of fumes from tumbler when door is opened; provides an outlet for airflow used to aerate the clothes in the tumbler. The ventilating fan operates whenever the Master Switch Control Knob is turned on.

The washer motor is mounted on the right end of the storage tank. A centrifugal clutch is furnished on the motor shaft to insure a smooth and relatively vibration-free extraction.

The washer control takes care of both the clutch and the washer motor. The control has three operating positions,

MINUTES

a Neutral or "N" position, a Wash of "W" position, and an Extract or "E" position. In the "N" position both clutches are disengaged and the motor is turned off. In the "W" and "E" positions, the motor is turned on and the proper clutch is engaged for driving the cylinder at wash or extract speed as the case may be. The Washer Control receives the latch of the washer door. To insure safe operation, the control is designed so that it cannot be moved out of the "N" position until the washer door is closed and securely latched. Likewise the door cannot be unlatched until the control is returned to the "N" position. The control can be moved from the "E" position to the "N" position only by passing it through the "W" position. In the "W" position, the clutch is engaged for slow speed, drive, acting as a brake to slow down the cylinder from extract speed.

A "soaper" is mounted on the left side of the washer housing to provide for introducing detergent into the solvent.

The flow of solvent into and out of the washer is controlled by means of a Flow-Control Valve built into the large pipe connecting the washer housing to the storage tank. This Flow-Control Valve is operated by a single knob conveniently located on the front of the machine. This knob may be placed in any of three positions, namely, "Fill", "Hold", and "Dump". In the "Fill" position, all flow of clear solvent from the filter is directed into the washer. In the "Hold" position, any solvent already in the washer is retained in the washer but additional clean solvent from the filter is returned to the storage tank. In the "Dump" position, clean solvent flow is directed into the storage tank and solvent in the washer is also rapidly dropped into the storage tank. The flow Control knob must be twisted to raise or lower it to the position desired.

A mechanical timer mounted on the left side of the channel in front of the washer housing may be used to time wash and extract periods. At the start of the period, the knob is set as desired. At the expiration of the pre-set period, a bell rings. This timer has a maximum range of fifteen minutes.

A mechanical timer mounted on the right side of the channel in front of the washer housing may be used to time the dump prior to extraction. At the start of the dump, the timer is rotated to a stop or peg. At the expiration of the proper time for the dump (about one and one-half minutes) a bell will ring.

The left rear leg of the washer extends far enough into the washer to act as an overflow for the solvent in the washer. Access for occasional cleaning of the overflow is provided by a convenient overflow clean-out cap located on top of the Washer-Extractor.

The button trap is built into the top of the storage tank to the left of the washer housing. A perforated metal strainer is provided to catch any buttons, etc. Flow from the Flow-Control Valve enters the button trap from the right side. All solvent before entering storage tank must pass through this trap.

The storage tank is fabricated of steel plate and acts as the base for the washer-extractor, the washer motor, the pump, and the filter. The tank must therefore be securely bolted or lagged to a firm foundation. The tank has capacity for 81 gallons of perchlorethylene, to the bottom of the tank. The agitated powders are carried along with the flow of solvent into the pump and discharged to the filter where they are deposited on the filter plates.

A vertical shaft, direct, connected, submerged centrifugal pump is mounted on a flanged fitting on top of the storage tank.

The filter tank is of steel. The lightweight cover is securely attached by a snap ring arrangement that supports it continuously all the way around. The entire tank is hot-dip galvanized for protection against corrosion.

The filter is fitted with 8 stainless steel free-flow plates having cloth bags. These plates rest on a manifold at the bottom.

Clear-view cleanable sight glasses are fitted in the clean solvent and used solvent lines.

Steam or air pressure can be used as an agent in drying out the sludge in the filter. Both the steam and air pressure are controlled with a regulating valve set at 20 lbs.—the working pressure of the filter.

The evaporator is mounted to the rear of the filter. The wrap around shell is 12 ga. (.1045") sheet steel and the evaporator has 11 ga. (.1196") steel standard flanged and dished heads. The lower head is welded to the wrap around and the top head fits down a tubular rubber gasket and is held in place with three hold-down screws and claws. The entire body and cover are hot-dipped galvanized. The solvent is admitted through a special inlet and overflow arrangement.

The condenser is a four foot piece of 3" type "O" hard copper tubing (.049" wall) located on top of the washer housing and connected to the evaporator and to the water separator by special rubber connectors. This tubing contains seven copper tubes ($\frac{3}{4}$ " OD-.032" wall) that are silver soldered to end plates and baffles that space these tubes in such a way that cold water admitted through a $\frac{3}{4}$ " coupling can circulate completely and then drain off again through a $\frac{3}{4}$ " coupling. The rubber connectors are held in place by special 3" hose clamps.

The separator is directly connected to the condenser and receives all condensations either to be admitted to the storage tank or to the water drain. The separator has an 11 ga. (.1196") sheet steel shell and bottom plate that are hot-dip galvanized. A 16 ga. (.0598") sheet steel cover is used that is held in place with a spring wire bail.

The Tumbler is constructed of metals resistant to the corrosive properties of perchlorethylene.

The rear of the tumbler is attached to the Exhaust Stack providing a passage of air through the tumbler door and out the exhaust stack when the tumbler door is open and the tumbler Flow-Control Damper is in Aerate position. This prevents the escape of fumes through the door during the transfer of clothes to the tumbler. It also provides an exhaust for the fresh air which is drawn through the tumbler and clothes when the clothes are being aerated.

The electrical system is connected in such a way that the Tumbler Disconnect Switch will have to be in the "UP" position before power can reach both motors. With the Tumbler Disconnect Switch in the "UP" position, the Blower Motor ($\frac{1}{2}$ H.P.) will run continuously and the reel will start and stop as the door is opened and closed.

The right side of the tumbler housing contains an access door so the blower assembly and reclaim pans may be serviced and checked conveniently. The access, lint, and tumbler doors are fitted with special rubber gaskets which resist perchlorethylene. The lint trap is conveniently located and designed so it may be easily removed for cleaning. A lint bag is used as the filtering agent in the lint trap.

The tumbler procedure is controlled by two damper handles on the left front of the tumbler. The damper handle on the left controls the "heat" damper and can be set at any point along the heat indicator plate for the heat required for any given load.

The damper handle on the right controls the air-flow damper that regulates the air flow either through the condenser coil or to the ventilating system. When reclaiming, this damper must be all the way to the left, and to the right when aerating. A special extension on this damper handle does not allow the loading door to be opened unless the damper is in the "Aerate" position.

Two motors are used on the tumbler. The $\frac{1}{2}$ H.P. Motor carries the blower wheel and as this motor has permanently lubricated bearings, no additional greasing or oiling is necessary. The actual drive of the tumbler is made through a $\frac{1}{4}$ H.P. Ratiomotor directly connected to the tumbler reel shaft.

A special water separator is used on the tumbler and is threaded on a coupling welded into the right leg of the tumbler. The separator is connected with the reclaim pan in the right leg with hycar rubber tubing. The Perc outlet of the

MINUTES

separator is to be piped to the unit or to a separate storage tank.

The size of the washer is 28" dia. x 20" long.

Inspection and Test

The appliance was inspected and tested at 6924 Fourth Avenue, Brooklyn, and found to operate as designed. Present at the inspection and test were Chief Engineer Leslie V. Huber of the Committee on Test and Stanley Goldstein, representing the applicant. The appliance has been approved by the Underwriters Laboratories, Inc., Guide #80.RO File E. 23043.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Manitowoc Perchlor Dry Cleaning Unit Model 900, having a capacity of 20 lbs. dry load, for use in New York City for voluntary installation under the provisions of C26-178.0 Administrative Building Code, on condition that the equipment is as herein described, and the Solvent used is classed as non-flammable (Perchloroethylene). The Committee further recommends that in the event the solvent is changed, the electric motors shall be changed to comply with the requirements of C19-80.0.d. and all installations in which the solvent used is not of the non-inflammable type (Perchloroethylene) shall comply with the requirements of Art. 13, Chapter 19, Administrative Code.

The Committee further recommends that such appliance bear a label permanently attached reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 456-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,

REPORT OF COMMITTEE ON TEST

Re: Cal. 459-53-SM December 14, 1953

Subject: Simpson Fissured Mineral Tile, approval of.

Simpson Logging Co., Seattle, Washington, filed June 8, 1953, an application with the Board of Standards and Appeals for approval of the material known as Simpson Fissured Mineral Tile under the provisions of C26-178.0 Administrative Building Code.

Purpose

The material is to be used as an incombustible acoustical.

Description

The tile is composed of rock wool and a binder. The binder is a mixture of pearl starch, calcium sulphate and boric acid and comprises about 30%, the balance of 70% is the rockwool.

The binder is mixed to a slurry, heated and then mixed with the rockwool; this mix is then spread on a conveyor where the face is fissured. The fissured tile is then dried in kilns, cured and cut and finished.

Inspection and Test

Samples of the tile were tested at Manhattan College in accordance with the requirements of Federal Spec. SS-A-118a Section F-3C-1 in the presence of Asst. Engr. J. A. Darts, Committee on Test. The tile successfully met the requirements of the specification.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Simpson Fissured Mineral Tile as an incombustible Acoustical tile, as having met the requirements of C26-88, Administrative Building Code, for voluntary installation in New York City, when installed as part of a mechanically suspended acoustical ceiling under C26-451.0, or the tiles may be mechanically affixed to an existing ceiling, on condition that each container or package in which these tiles are marketed shall be tagged or labeled: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 459-53-SM."

REPORT OF COMMITTEE ON TEST

Re: Cal. 462-53-SA December 14, 1953

Subject: Remington Stud Driver, Model 450 (fastening and anchoring tool for structural material), approval of.

Remington Arms Co., Inc., Comm., filed, June 10, 1953 an application with the Board of Standards and Appeals for approval of the appliance known as Remington Stud Driver Model 450 under the provisions of C26-1265.0; C26-1340.0; C26-1360; C26-1367; C26-1383, and C26-1392.0, Administrative Building Code, and C19-38.0 Administrative Code.

Purpose

The appliance is used for fastening of structural materials.

MINUTES

Description

The Model 450 Remington Stud Driver is a cartridge operated tool for driving hardened steel studs to fasten such materials as wood and steel to concrete and steel or for driving studs directly into concrete and steel for fastening various fixtures thereto.

The Stud Driver is a single shot breechloading tool, 15 inches long and weighing approximately 6 pounds. All of the working parts of the Stud Driver are heat treated alloy steel while the action tube cover and housing are die cast aluminum alloy.

The cartridges are .32 caliber rim fire and are manufactured in six different powder charges to give a suitable range of selection for different job requirements. A plastic heel cap is crimped into the mouth of the cartridge and the various powder charges are identified by the color of the heel cap. In addition, this heel cap performs the following important functions:

1. Seals the bore and prevents the leakage of powder gases past the stud.
2. Permits the construction of a waterproof cartridge.
3. Protects the externally threaded studs from damage due to contact with the bore or the erosion of hot powder gases.

Diameter	Average Shear Strength	Average Tensile Strength
.150" shank	3,370 lbs.	4,500 lbs.
.125" shank	2,575 lbs.	3,150 lbs.
.214" shank	7,265 lbs.	10,000 lbs.

In addition, these studs are sufficiently ductile to permit them to be bent more than 30 deg. without breaking.

Any stud is instantly hand assembled with any cartridge before loading, thus forming an integral stud and cartridge unit.

The Stud Driver locks in both the closed and opened positions and is unlocked and opened by depressing the slide and rotating the upper housing, in a clockwise direction. At the completion of the opening cycle, the tool automatically locks in the open position. The opening cycle retracts the firing pin, whereupon it is retained in a cocked position by a sear, adapted to release the firing pin by cam engagement with a trigger. The Stud Driver is equipped with a visible indicator to show that the firing mechanism is cocked. The preassembled stud and cartridge is then inserted into the chamber and the tool is unlocked and closed by depressing the slide and rotating the upper housing in a counter-clockwise direction.

To fire the Stud Driver, the following sequence must be employed:

The tool is pressed firmly against the surface of the work, thus telescoping the guard assembly, until the muzzle of the barrel comes into close contact with the work surface. This telescoping movement is adequate to bring the action bar in engagement with the sear lock plunger, and to move the plunger out of engagement with the sear. Should the pressure of the tool against the work surface be released prior to firing, the sear lock will return to a safe position, camming the sear back to full engagement with the firing pin.

A safety lever, must be depressed and held depressed before the trigger mechanism can be released. The trigger locking action of this safety is independent of the position of the trigger and will lock the trigger if the safety is released after the trigger has been pulled almost to the firing position or to any intermediate point.

While the Stud Driver is pressed against the surface of the work and the safety is depressed, the trigger is then pulled to fire the tool. In addition if the tool is inclined more than a safe minimum angle to the work surface, the sear lock will not be disengaged, and the tool cannot be fired.

The safety shield is designed so that it may be readily removed from the tool for replacement with other types of safety shields for special applications. However, the Stud Driver is inoperative if the shield is removed, and the tool cannot be fired unless it is equipped with a standard shield or one of the special designs.

After firing, the tool is again unlocked as previously noted and the fired cartridge case may then be ejected by snapping the ejector handle upward.

Inspection and Test

The appliance was inspected and tested at the Empire State Building in the presence of Asst. Engr. J. A. Darts, Committee on Test. Studs were driven into concrete blocks and steel plate. Tests conducted on concrete and steel showed an average pull out of 2400 and 3200 lbs.

The appliance has been approved by the Underwriters Laboratory under 52C1088 and the New York State Board of Standards and Appeals.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Remington Stud Driver Model 450 for use in New York City for driving studs into concrete or steel for hanging of brackets and pipes when operated in accordance with this report and where permitted under the requirements of C26-1265.0; C26-1340; C26-1360.0; C26-1367 and C26-1383 Administrative Building Code and C19-38 Administrative Code, provided the appliance bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 462-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 472-53-SA

December 9, 1953

Subject: Columbia Dry Cleaning Unit, Model 100, approval of.

The Columbia Appliance Corp., owner-manufacturer, filed June 11, 1953, an application with the Board of Standards and Appeals for approval of the Columbia Dry Cleaning Unit, Model 100 under the provisions of C26-178.0.b Administrative Building Code. The application was placed on the calendar of September 22, 1953 but was taken off the calendar for further consideration for the purpose of determining the load. In view of the action of the Board November 24, 1953, under Cal. No. 838-53-GR, the dry load capacity of a dry cleaning unit shall be figured on the basis of 2.8 lbs. per cu. ft.

MINUTES

Purpose

A dry cleaning unit using non-flammable perchlorethylene as a solvent; having a capacity of 19 lbs. of dry loading.

Description

The cleaning system is made up of three basic units—a dry cleaning washer, solvent recovery tumbler and a still. The solvent used is rated by Underwriters Laboratories at zero flammability.

The dry cleaning washer consists of a cylinder, a solvent storage tank, motors, controls and a filter. The cylinder is made of 14 gauge (.078 in.) perforated stainless steel and has the dimensions of 30" in diameter by 16" in depth. Each pocket has a capacity of approximately 12½ lbs. The cylinder is housed in a zinc-coated gauge (.187 in.) steel wash tank at the center of the same. Each pocket of the cylinder has a door entrance of 8½" in height and 16" in length. The cylinder may be reached through a steel door located in the upper central part of the wash tank having the following dimensions: 18¼" long, 10½" high and is ¾" thick. The door is locked into place and sealed tightly through gaskets with pressure being applied by the turn of a metal wheel upon a metal crosspiece. This door cannot be opened while the cylinder is in motion and by means of a solenoid valve, the door can be opened only 15 seconds after the cylinder has stopped. The cylinder is driven by two motors mounted at the right side of the wash tank. A vertically mounted gear head ½ H.P. motor drives the cylinder during the washing cycle through a free wheeling clutch. A horizontally mounted 1½ H.P. motor drives the cylinder through the extraction cycle at which time the clutch is free-wheeling. A blower which sucks solvent vapors out of the wash tank is located in the upper right side of the wash tank behind the control box. The solvent vapors are drawn into a vapor-proof duct pipe made of galvanized steel and drawn out of the premises. The blower operates only when the door to the cylinder is opened and is activated by means of a micro-switch. The blower is driven by a ⅓ H.P. motor.

The solvent storage tank is made of 18" steel zinc-coated and has dimensions of 82" long by 30" wide and 12" in height and has a capacity of 110 gallons Perchlorethylene. The cylinder and its housing is mounted vertically upon the solvent storage tank. A cloth-type pressure filter is located at the left side of the wash tank above the solvent storage tank. The filter has a capacity of 1500 gallons per hour. The pressure filter is housed in a cylindrical shell made of galvanized 12 gauge steel (.109 in.) having a diameter of 30" and a height of 22½". An electrical control system is located on the upper right side of the wash tank. The control system is housed in a 12 gauge steel box having dimensions of 8¾" in depth, 11½" in height, and 17¼" in width. The control system consists of fuse blocks, fuses, a terminal block, a transformer, a selenium rectifier and the following relays: a pilot relay, a blower, pump, dump valve, extractor and wash relays, resistors, mechanical timers, switches, and a bell, all arranged so as to control automatically all operations of the processing cycle on a timing basis. The length of the washing and extraction cycle may be controlled by setting two dials indicated as the "Wash" and "Extract" timers. At the end of the complete cycle a bell sounds notifying the operator.

On the top of the right side of the solvent storage tank is a cylindrical steel housing into which a screen-type button trap is placed.

The Solvent Recovery Tumbler—the solvent recovery tumbler consists of a separate unit operated independently of the dry cleaning machine. It consists of an open-end cylinder made of perforated galvanized 16 gauge steel having the dimensions of 36" in diameter by 24" in depth, housed in a shell made of 12 gauge (.081 in.) aluminum. The shell has a circular door made of cast aluminum having a diameter of 25". The door is locked into place by a hinge and latch system. The cylinder is driven by a ⅓ H.P. motor located behind the outer shell. The cylinder and its housing is mounted upon a steel framework which is surrounded by a covering consisting of 20 gauge (.036 in.) steel. A ⅓ H.P.

motor drives a cast aluminum blower fan and is located in an aluminum housing which is part of a duct arrangement. An aluminum housing located below the shell surrounding the cylinder and made part of said shell contains a steam coil, a condensing coil, a lint collector, a clean out compartment and an air inlet damper and an air outlet damper. The steam coil is made of copper tubing surrounded with aluminum fins and measures 4" x 5" x 15-9/16" and has pipe openings at end of coil and referred to as "Steam Inlet" and "Steam Outlet". The condensing coil is of similar construction and measures 8" x 5" x 20" with pipe openings and referred to as "Water Inlet" and "Water Outlet". The steam coil is located on the left of the duct housing and condensing coil somewhat lower and to the right of the steam coil. A lint collector is located to the right of housing and consists of a metal frame to which is soldered a monel mesh screen measuring 11½" by 20" and attached to an aluminum casting. Below condensing coil is a water separator made of galvanized pipe and measures 4" in diameter by 9" long. Clean out compartment is located at the rear of housing directly below the cylinder. An air inlet damper and an air outlet damper is activated by means of linkage and mechanism controlled by a damper control lever located directly in front of duct housing. Above lint collector entrance is mounted the electrical controls consisting of an "On" and "Off" switch which controls the starting and stopping of the cylinder and another "On" and "Off" switch which controls the starting and stopping of the blower fan. Attached to the cast aluminum door leading to the cylinder opening is a mounting plate which activates a micro-switch, connected to the cylinder switch, thereby automatically stopping the cylinder when the door is opened.

Perchlorethylene Still—The still is a separate unit and operated independently of the dry cleaning machine and solvent recovery tumbler. Consists of a lower tank, an upper tank, an upper tank cover, a pump, a pan having an inclined bottom heated by steam, a condensing coil, a steam trap, a steam pressure regulating valve, glass gauges and piping. Lower tank made of 11 gauge (.120 in.) steel zinc-coated measuring 23¼" wide, 14½" high and 37" deep. This tank has capacity to store approximately 50 gallons of contaminated solvent for distillation. Upper tank made of 11 gauge steel zinc-coated measuring 30¾" deep, 23¼" wide and 35" high. This tank holds approximately 45 gallons distilled solvent besides housing condensing coils and pan assembly. Pan assembly made of 11 gauge steel galvanized. Upper tank cover is sheet of 11 gauge steel zinc-coated. An immersion pump is located in front center of lower tank and driven by a 1/15 H.P. motor. Condensing coils made in series of 11 copper coils, ¾" copper, .050 wall and 2¼" spine diameter and 27½" long.

Inspection and Test

This apparatus was inspected and tested at 103-09 Horace Harding Blvd., Queens, and found to operate as designed. Present at the inspection and test were Chief Engineer Leslie V. Huber of the Committee on Test and Stanley Goldstein, representing the applicant.

Recommendation

On the basis of the inspection and test, and the data submitted by the applicant, the Committee on Test recommends the approval of the Columbia Dry Cleaning Unit, Model 100, having a capacity of 19 lbs. dry load, for use in New York City for voluntary installations, under the provisions of C26-178.0 Administrative Building Code, on condition that the equipment is as herein described, and the solvent used is classed a non-flammable (Perchlorethylene). The Committee further recommends that in the event the solvent is changed, the electric motors shall be changed to comply with the requirements of C19-80.0.d Administrative Code, and all installations in which the solvent used is not of the non-flammable type (Perchlorethylene) shall comply with the requirements of Art. 13, Chapter 19 Administrative Code.

The Committee further recommends that each appliance bears a label permanently affixed reading: "Approved by

MINUTES

the Board of Standards and Appeals for use in New York City under Cal. No. 472-53-SA."

(Sgd.) HARRIS H. MURDOCK,

Affirmative: Chairman Murdock, Commissioner Keating
and Deputy Chief Connors 3
Negative 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 511-53-SM

December 1, 1953

Subject: Busatti Plaster, approval of.

Joseph Platzker, for Busatti Products Corp., filed July 1, 1953, an application with the Board of Standards and Appeals for approval of the material known as Busatti Plaster under the provisions of C26-636.0.c Administrative Building Code.

Purpose

The material is to be used in conjunction with wood studs, and rocklath to form an interior partition.

Description

The material, Busatti Plaster, is a packaged plaster which contains the conventional approved plastering ingredients and other solid materials, but does not include sand.

The Board has decided that the formulation is of a proprietary nature and has therefore placed the formula in a sealed envelope which has been placed in the Board's safe so that the constituent parts of the formula will not be disclosed, but can be checked at any time if necessary.

The construction of a wood stud partition using Busatti Plaster is as follows:

Wood Studs (2" x 4") spaced 16" on centers are nailed to the sill and plate by means of four 8d nails per stud (2 top—2 bottom). Horizontal fire stops are attached to each stud at mid height with two 16d nails per stud per stop (total 4). Approved perforated rock lath (3/8" thick) is then applied to both faces of the wood studding and is attached to the studs with rocklath nails spaced 4" on centers. Then the Busatti Plaster, mixed with water only, to the proper consistency for good workmanship, is then applied to the rock lath in three applications with about an hour drying time between each application. The average thickness of plaster on each face of the rocklath totaling 5/8".

Inspection and Test

Two panels, constructed as herein described were fire and hose stream tested at Ohio State University on September 23 and 24, 1953 in accordance with the requirements of C26-591.0 and C26-592.0 Administrative Building Code in

the presence of Asst. Engr. J. A. Darts, Committee on Test and V. Busatti and A. Petrello representing the applicant.

During the course of the test, the studs were under load of 2000 per stud.

Results of Test.

The allowable temperature on the unexposed face was 68 deg. + 250 deg. = 318 deg. average; and 318 deg. + 75 deg. = 393 deg. F for one individual thermocouple.

During the course of the test, the fire exposed face of the partition spalled off so that at the end of the hour approximately 50% of the second coat had spalled off. The maximum deflection towards the fire was 0.44" and then the panel tended to pull from the fire and the maximum deflection away from the fire was 1.87". The end point of the test was reached at 1 hour and 2 minutes as the partition failed at that point to carry the applied load. The temperature on the unexposed face at that time was 213 deg. F. which was well below the allowable temperature of 318 deg. F.

A similar panel, but of a size 9'-0" x 18'-0" was inspected and tested at the Busatti Plaster Corp. Warehouse, New York, on October 20, 1953 in the presence of Asst. Engr. J. A. Darts, Committee on Test and V. Busatti; A. Petrello and J. Platzker representing the applicant and R. Best of R. W. Hunt Laboratory.

The panel was tested by subjecting it to the impact of a 60 lb. wght. (sand bag) swung through successive arcs of 30 deg., 45 deg., 60 deg. and 90 deg. The maximum deflection, which occurred when the weight was swung through the 90 deg. arc was 0.017". This impact left an indentation of approximately 11 inch diameter, 1 inch deep at the point of impact, but there was no cracking of any kind on the other face of the panel. The plaster was broken away from the hole for examination and it was found that the plaster coat next to the rocklath was damp, the rock lath itself very damp while the two outside coats of plaster were dry.

The complete reports of Ohio State University and R. W. Hunt's Laboratory are on file with and are part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Busatti Plaster of a formulation as retained by the Board as a component part of a 1 hour fireproof partition (combustible) as set forth under the provisions of C26-636.0.c Administrative Building Code, for the permissive use in Class III buildings as set forth under C26-241.0 Administrative Code, on condition that the partitions be constructed as herein described, the plaster on each face of the rocklath be not less than 5/8" and that the plaster be applied in three applications with not less than one hour drying time between each application.

The Committee further recommends that each bag of Busatti Plaster shall be stamped, labeled or marked: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 511-53-SM" and that plans submitted to the Department of Housing and Buildings showing the proposed use of such partition shall be similarly marked.

(Sgd.) HARRIS H. MURDOCK,
Chairman.
EDWIN W. KLEINERT,
Commissioner.
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

669-53-SA

APPLICANT—York-Shipley, Inc., owner (Fiore Brothers, Inc., Agent).

SUBJECT—Application September 9, 1953—York-Heat Levittowner Gas-Fired Hot Water Heating Boiler, Model GT3-250, approval of.

REPORT OF COMMITTEE ON TEST

Re: Cal. 669-53-SA

December 14, 1953

SUBJECT—York-Heat Levittowner Gas Fired Hot Water Heating Boiler Model GT3-250, approval of.

York-Shipley, Inc., York, Pa., filed September 9, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as the York-Heat Levittowner Gas Fired Hot Water Heating Boiler Model GT3-250 under the provisions of Article 12 Chapter 26 Administrative Building Code.

Purpose

The appliance is a gas fired hot water heating boiler for residential use; and not to be used in garages or places of explosive atmospheres.

Description

The appliance is a packaged heating unit using gas as the heating medium. The boiler has 15.7 sq. ft. of heating surface and is built according to the ASME Code of $\frac{3}{4}$ " and $\frac{5}{8}$ " plate. The boiler is jacketed with a rectangular enclosure of No. 22 gauge steel and the space between the boiler and the jacket is insulated with 1" fibre glass insulation.

The burner is of the upshot type and is identified as Model No. G 11-3.

The controls are as follows: Thermocouple pilot, Magnetic Main Valve, Aquastat and High Limit Control.

Inspection and Test

The appliance was inspected and tested by Asst. Engr. J. A. Darts, Committee on Test at 4268 Richmond Ave., Staten Island, New York. The appliance operated as designed and the controls functioned as required.

The appliance has been approved by the American Gas Association under 4-1190.00.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the York-Heat Levittowner Gas Fired Hot Water Heating Boiler, Model GT3-250 for use in New York City; but not to be used in garages or places of explosive atmospheres, when installed in accordance with the requirements of Article 12 Chapter 26 Administrative Building Code; and further, that each appliance bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 669-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman.

LESLIE V. HUBER,
Chief Engineer.

Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

776-53-SM

APPLICANT—John L. Curtin, for Glowmeter Corp., owner.

SUBJECT—Application October 20, 1953—Magniglow Astrolite, Model 150 (projector screen material), approval of.

APPEARANCES—

For Applicant: S. Charles Blutstein.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 776-53-SM

December 17, 1953

Subject: Magniglow Astrolite Model 150 (Projector Screen Material), approval of.

John L. Curtin for Glometer Corp., Tonawanda, N. Y., filed October 20, 1953, an application with the Board of Standards and Appeals for approval of the material known as Magniglow Astrolite Model 150 (projector screen material) under the provisions of C26-721.0.c Administrative Building Code.

Purpose

The material is to be used for motion picture screens.

Description

The screen is made of cotton backing, which is flameproofed with a mix composed of approximately 75% chlorinated rubber and 25% chlorinated Biphenol and a very small percentage of a solvent (perchloroethylene), to which is laminated a very thin sheet of acetate which has been flameproofed prior to lamination. The cotton and the thin acetate film are bonded together by means of a vinyl adhesive and the two sheets are rolled, under pressure, to form the screen. The completed screen is then dried by means of air, warmed to about 160° F; after drying, the screen is perforated in a predetermined pattern. The screen borders are framed with a fire resistant tape and are grommeted with metal eyelets.

Inspection and Test

The material was flame tested in accordance with the Flameproofing Rules of the Board at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts, Committee on Test, and J. L. Curtin, representing the applicant and W. H. Masterson of the Better Fabrics Testing Bureau.

There was no flashing or flaming and the average time of glow (within the charred area) was 10 $\frac{2}{3}$ seconds. The border tape showed on flashing, flaming or glow. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test, and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Magniglow Astrolite Model 150 (Projector Screen Material) for use in New York City under the provisions of C26-721.0.c Administrative Building Code, on condition that the following requirements are complied with.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory approved by him, in accordance with the Flameproofing Rules of the Board, and further that each carton or package in which the material is shipped or marketed shall be marked or labeled: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 776-53-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman.

565-53-A

APPLICANT—Lama, Proskauer and Prober, for Fedders-Quigan Corp., owner.

SUBJECT—Application July 21, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—58-01 Grand avenue and 58-28 to 58-36 58th place, northwest corner (Block 2678, Lot 1), Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 3, 1953, acting on Misc. App. 555/53, reads:

"1. Proposed sprinkler alteration is contrary to provisions of Cal. No. 353-45-A of the B. of S. & A.

2. Provide two 8" sources of supply for sprinkler. Sec. 15, 21, as required by sec. 4.2.1 B.C."

and

WHEREAS, the applicant states that the building is 2 stories, 30 feet in height, 220.82 feet by 197 ft. 2 in. irregular in area at street floor, 60 ft. by 197 ft. 2 in. irregular at 2nd floor, Class 3 construction, erected in 1922 on a lot 220.82 feet by 204.28 ft. irregular in area, in an unrestricted use, C area, Class 1½ height district, used and occupied since 1922 as follows: Cellar—boilerroom; 1st floor—factory, 200 persons; 2nd floor—office, factory, paints spraying and dipping room, 80 persons; proposed to be used and occupied as follows—cellar, same; 1st floor—factory, 200 persons; 2nd floor—offices, factory, paint spraying and dipping room, 80 persons. The building is provided with an approved stand-pipe system, a two-course sprinkler system equipped with central station valve alarm service. There are four interior stairs of steel construction, 4 ft. and 5 ft. 6 in. in width, fireproof enclosed, equipped with fireproof self-closing doors; three stairs lead directly to street and ladder and scuttle to roof is provided. In addition there is one exterior stairs on the Rust street front of the building, with fireproof doors and windows on course thereof; and

WHEREAS, the applicant states premises are improved with a one and two story factory building occupying the entire area with exception of a court facing 58th Road; that on June 5, 1945, on appeal from a decision of the Borough Superintendent requiring two 8 in. sources of supply for the sprinkler system and changes in pipe layout, the Board under Cal. No. 353-45-A permitted the use of two 6 in. sources of supply for the sprinkler system; and

WHEREAS, the applicant states that an additional 2nd floor area has now been installed over certain portions of the first floor of Building #4 and in such portions a concrete floor slab has replaced the former built up wood roof, reducing the former blind space in conformity with C-26-1352 and all sprinkler heads in former blind space have been removed; and

WHEREAS, the applicant states that the Borough Superintendent has again requested the installation of two 8 in. sources of supply for the sprinkler system on the basis that the extension of sprinkler system to the second floor area constitutes a new job and therefore the original ruling of the Board is no longer in force; and

WHEREAS, the applicant contends that the second story fire area No. 1 is separated from the first floor by a concrete slab although wood floor beams would have been a

legal condition; that the sprinkler protection provided for the new second floor addition fire area in principal uses the sprinkler protection that was formerly provided for in that portion of the blind space between the ceiling and the roof of the 1st floor and in essence is a moving up of the sprinkler protection formerly provided for the blind space into a complete and separate fire area; that the present two 6 in. sources of supply will now actually supply a lesser number of heads in the 1st floor of building #4 (east and west portions) as a result of the removal of the heads from the blind space and their relocation to new 2nd story separate fire areas; and

WHEREAS, the applicant states that the existing 58 ft. by 78 ft. 2nd story office area of Building #1, located at the northeast corner of Rust street and Grand avenue has been extended over the balance of the 1st floor; that this new extended area is 58 ft. by 119 ft.; that this new addition has been protected with a sprinkler system taken from the existing system in Building #1; that the 2nd floor area of Building #1 designated as fire area #2, 2nd floor, is a separate and complete fire area; and will be protected with 134 sprinkler heads; that the original 2nd story office area is protected with 80 heads; that the total number of heads installed in the 2nd story separate fire area of Building #1 is 214; that this complies with Section C26-1355 of the Administrative Code; that a brick and block wall separates the original 2nd story office area from the new addition; and

WHEREAS, the applicant contends that the sprinkler design complies with all requirements of the Building Code as to pipe size and spacing in the areas involved; that additional fire protection facilities have been provided by the installation of a standpipe system throughout the entire premises, equipped with a roof manifold connection; that the sprinkler system is now equipped with two local water motor alarm gongs and in addition a central station alarm connection will be provided to the offices of the Central Stations Signals, Inc.; that the buildings are equipped with four sprinkler siamese connections, one on each street front, providing additional auxiliary sources of supply; that the increase of the bulk feeder main to 8 in. diameter at the junction of the two 6 in. supply mains supplying the individual 6 in. system in each area assures positive adequate volume and pressure for the expended system; that the sprinkler system as proposed provides for adequate and complete protection throughout the entire premises; that the number of heads installed in fire area #1 of the 1st floor is 183 and fire area #2 of the 2nd floor is 214 for which two 6 in. sources of supply are adequate; that the original number of heads in the east and west area of Building #4 on the first floor has been reduced in the west area from 193 at the ceiling to 177 at the ceiling and from 196 in the blind space to 80 in the blind space and in the east area from 186 at the ceiling to 186 at the ceiling and from 186 in the blind space to 158 in the blind space; that the reduction in the number of heads in the east and west area of the 1st floor provides a greater margin of safety in so far as the water supply is concerned than that which was originally approved by the Board; and

WHEREAS, the applicant further contends that statistics of the fire insurance companies indicates that in 94% of the fires in sprinklered buildings two or less heads have operated and under the worst conditions 25% of the heads operated; that it would thus appear that the two 6 in. connections now supplying the premises would be more than adequate for whatever contingency might arise especially in view of the extremely good pressure of approximately 65 lbs. static and 59 lbs. residual pressure which insure the adequacy of the supply for the system.

Resolved, that the decision of the Borough Superintendent, acting on Misc. Applic. 555/53, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution as adopted under Cal. No. 353-45-A, shall be complied with in so far as such resolution has to do with the two sources of supply, each 6 in. in diameter and to permit the continuation of such supplies for the enlarged system, as indicated on plans filed with this appeal marked "Received October

MINUTES

23, 1953" (2 sheets); that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

787-53-A

APPLICANT—Livia Forte, owner.

SUBJECT—Application November 5, 1953—filed pursuant to sec. 36, General City Law re premises do not face on legal street.

PREMISES AFFECTED—38-40 Review avenue, south side, 1136.31 ft. west of Laurel Hill boulevard (Block 312, Lot 1362), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Alexander M. Inselman and Dominick Forte.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent acting on Alt. Applic. 1333/53, dated October 27, 1953, reads:

"10. Building does not face a legal street and is contrary to Art. 3, Sec. 36 of the General City Law."

and

WHEREAS, the applicant states that the premises consist of a plot 234.92 ft. irregular, by 132.47 irregular in area, located in an unrestricted use, A area, class 1 height district, upon which the buildings in question, 1 story, 25 and 32 ft. in height, 175.1 ft. by 40.10 ft. and 78.10 ft. in area, and 17.6 ft. by 34 ft. in area, of fireproof construction, were erected prior to 1900 and are now vacant and are proposed to be used and occupied as follows: Building #1, factory, 120 persons; Building #2, office, 4 persons; and

WHEREAS, the applicant contends that Section 36 of the General City Law does not apply; and

WHEREAS, the applicant requests a variance of the provisions of Section 36 in the event the Board holds that same does apply, such variance to be granted on the grounds of practical difficulty as unnecessary hardship; and

WHEREAS, the applicant states that the buildings herein involved were originally part of the plant of the Standard Oil Company known as the "Pratt Refinery" which plant was abandoned by the Standard Oil Company and the property sold in various parcels; that the applicant purchased the property involved herein in March, 1953; that at the time of the purchase the seller had prepared a map and plan and laid out easements 30 ft. in width running from Review avenue along the entire depth of the property; that these easements were for the benefit of all of the property owners to afford ingress and egress to their respective parcels; that on Review avenue there is a gate opening into these rights-of-way; and

WHEREAS, the applicant states that Building #33, as shown on survey filed with this appeal, was originally used as a boiler room by the Standard Oil Company; that this building was erected 50 or 75 years ago; that all boilers and other equipment have been removed therefrom; that Building #32 as shown on the accompanying survey is a small one story brick building, which it is proposed to use for an office; that Building No. 33 will be used for factory purposes with a small portion used for office purposes; and

WHEREAS, the applicant states that it is proposed to alter the buildings, to install new cesspool and to erect new partitions and loading platforms, install new doors and windows, etc; and

WHEREAS, the applicant contends that Section 36 of the General City Law does not apply to the instant case; that such Section was adopted in 1926 and amended in 1938; that Section 36 prohibits the erection of a new building but does

not apply to existing buildings; that since the buildings herein involved were erected prior to the enactment of Section 36 of the General City law they were not affected by the provisions thereof; and

WHEREAS, the applicant submits that even if Section 36 were held to apply the enforcement of such section would entail practical difficulties and unnecessary hardship and that the circumstances of the case do not require the structure to be related to existing or proposed streets or highways and under these conditions Section 36 specifically provides that the Board shall have the power to make an exception and permit the issuance of a certificate of occupancy for these buildings; and

WHEREAS, the applicant further contends that she has expended in the sum of \$21,000 in good faith for the purchase of the property in the belief that Section 36 of the General City Law did not apply; and

WHEREAS, the applicant states that there is an easement 30 ft. in width affording sufficient access for vehicles of all sorts to enter the premises and leave same; that the premises are in an isolated unrestricted section; that no health menace exists and there is no danger to the safety and general welfare of the community; that the use of existing facilities would be proper and adequate; and

WHEREAS, the applicant states that the seller offered to dedicate the existing easement for street purposes and the Borough President advised that since the width of the easement would be less than 50 ft. that the city would be reluctant to approve same as a city street; and recommended that the easements be maintained as private streets; and

WHEREAS, the applicant has filed with this application a communication dated October 9, 1953, addressed to Mr. R. C. Brandt by the Borough President, which reads as follows:

"With reference to the dedication of the existing roads within your property I wish to advise you as follows:

Before any street can be dedicated for street purposes it is necessary that the street be shown on a Final City Map. This we do not have for this section.

The City Planning Commission is reluctant to approve maps showing streets less than 50 ft. in width between building lines.

From an examination of your sketch which does not contain sufficient information it appears almost impossible to obtain a street system which would be satisfactory. I, therefore, believe it may be to your advantage to maintain these roadways as private streets. The alternate plan would be to have your Engineers prepare a street layout satisfactory to you, meeting the requirements of the City which you could submit for consideration."

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1333/53, Objection 10, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 36 of the General City Law, to permit the use of the building as proposed, not facing a legal street, *on condition* that easements to Review avenue shall be maintained for access to and from such building as proposed and as indicated on plans filed with this appeal marked "Received November 5, 1953", (5 sheets); that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that the existing easements of the width shown shall be maintained as private streets and shall be properly surfaced for access and exit from such building to Review avenue and that a certificate of occupancy shall be obtained.

819-53-A

APPLICANT—O. Edwin Kurth, for Lane Ltd., owner (173-175 East 87th Street Corp., lessee).

SUBJECT—Application November 12, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—173-175 East 87th street, north side, 125 ft. west of 3rd avenue (Block 1516, Lot 30), Borough of Manhattan.

MINUTES

APPEARANCES—

For Applicant: O. Edwin Kurth.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1953, as to Alt. Applic. #470/53, reads:

"2. Furnish proof of recorded easement of adjoining premises for secondary means of egress through fireproof passageway or open area leading directly to street. Minimum width should be 3 ft. Present steel stair 24 in. inadequate.

3. Cellar exits contrary to Sec. 271 Labor Law.

4. Dividing partitions, 2nd to 6th floor, incl. arranged for more than one tenant on floor. Provide 2 legal means of egress for each tenant. Front fire escape not legal means of egress in that it is contrary to Sec. 271 Labor Law."

and

WHEREAS, the applicant states that the building is 6 stories, 74 ft. in height; 50 ft. by 92 ft. 6 in. in area, of class 3 construction, erected 1909, located on a lot 50 ft. by 100 ft. 8½ in. in area, in a business use, B area, class 1½ height district, and used and occupied since 1909 as follows: cellar, light manufacturing, 5 persons; 1st floor, showroom, 20 persons; 2nd to 6th floors, light manufacturing, 17 persons per floor; proposed to be used and occupied without change. The building is equipped with a one source sprinkler system throughout, approved interior fire alarm system and regular monthly fire drills are maintained; that there is one 3 ft. 8 in. wide interior wood stairs, enclosed in fire retarded partitions equipped with kalamein fireproof self-closing doors, leading from roof bulkhead direct to street, and one exterior stair and one fire escape, the exterior stair is located at the rear of the building, and has egress from its lower termination to adjoining building and adjoining yard; that window and door openings on the course of the exterior stair are fireproof self-closing; that the fire escape is located at the front of the building, and leads to street by ladder; that window and door openings on the course of the front fire escape are not fireproof self-closing; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. 640/09 for store on the 1st floor and lofts on 2nd to 6th floors, inclusive; that the lofts on the 2nd to 6th floors were divided by stud partitions for four tenants on each of these floors; that the building has a good stairway, 3 ft. 8 in. wide, from street to roof through a bulkhead; that stair has wood railings, and is enclosed on all floors with partitions of wood studs, metal lath and ¾ in. portland cement mortar both sides; that public hall doors are kalamein fireproof self-closing; that the fire-retarding of the stair hall enclosure and the installation of the kalamein doors was done in 1915 under Alt. Applic. 880/15, which shows the building to be used as follows: basement, storage; 1st floor, store; 2nd to 6th floors, lofts (electrical goods factory), and plans under this alteration application have been stamped approved by the Labor Department as to Section 79-b-2 of the Labor Law, April 19, 1915; and

WHEREAS, the applicant states that there is an exterior iron stairs, 3 ft. wide at the rear of the building, erected under N.B. Applic. 640/09; that this stairs extends from 1st to 6th floor with a 2 ft. wide iron stair from 6th floor to roof of building; that stair has railings 4 ft. 6 in. high and is metal screened; that at the foot of this exterior stair, there is an iron gate 3 ft. wide, opening to the rear yard of 174 East 88th street, and in addition there is a balcony at 1st floor level with an iron stair 2 ft. wide leading to the roof of the one story extension at the rear of 177 East 87th street, a five story factory building, provided with a fire

escape on the rear thereof; that numbers 173 and 175 East 87th street, and 177 East 87th street, use this rear egress in common; and

WHEREAS, the applicant contends that the tenants on the rear of the 2nd to 6th floors of the building in question have two pairs of kalamein doors, 4 ft. 6 in. wide, glazed with wire glass leading to the exterior stairway, provided with exit signs and lights; that these doors served as one exit for these tenants, the other exit being to the public hall by kalamein doors 3 ft. 8 in. wide, self-closing, with exit signs and lights; that at the front of the building there is an iron fire escape from 2nd to 6th floors, installed under N.B. Applic. 640/09; that this fire escape has a 60 deg. stairway with open 22 in. wide, and 3 ft. high iron railing, with a drop ladder from 2nd floor balcony to street; that access to this fire escape is through windows; that it is proposed to install a counter-balanced stair 2 ft. wide from the 2nd floor balcony to street, and to provide fireproof self-closing doors 2 ft. wide as access to fire escape on 2nd to 6th floors, inclusive; that doors have exit signs and lights; that these doors will serve as one exit for front tenants on the front portion from 2nd to 6th floors inclusive; that the other exit for these tenants is to be by kalamein self-closing 3 ft. 8 in. wide doors, openings to public hall and provided with exit signs and lights; that for the cellar it is proposed to provide two means of egress as follows: one exit being a new steel stair at front east portion, 3 ft. wide, leading to public hall and 1st floor, enclosed with fireproof partitions, equipped with one hour fireproof self-closing door, 3 ft. wide at top and bottom, with exit signs and lights; the second means of egress will be to yard at rear of building with a new steel stair, 3 ft. wide, from yard to balcony on first floor of exterior stairway, exit door to be provided with exit sign and lights; and

WHEREAS, the applicant contends that the building is provided with a one source approved sprinkler system throughout, fed from a 10,000 gallon gravity tank on the roof, installed in 1928; that the building is provided with an approved interior fire alarm system and regular monthly fire drills are conducted; that the occupancy is small; that the building is occupied mainly by the decorative trades, such as manufacturing lamp shades, draperies, upholstering, wood furniture, etc.; and

WHEREAS, on March 29, 1917, under Cal. No. 347-17-S, the Board modified the requirements of Section 79-b-3 of the Labor Law, and granted a petition of the owner to be relieved of swinging outwardly the doors leading to the exterior screen stairway; and

WHEREAS, on April 25, 1922, under Cal. No. 321-22-S, the Board modified Order #28546-LD, issued by the Fire Commissioner, as to the maintenance of 13 windows on the six story loft, east and west side, protected with fixed iron bars, on condition that the 1st window from the front and rear on the westerly wall and the 2nd window from the rear on the easterly wall be provided with movable bars; and

WHEREAS, Violation #486/53 was issued by the Borough Superintendent, January 27, 1953, as to maintenance of second means of egress for tenants on the front of the building due to the fact that the substandard fire escape on the front of the building is not considered a legal means of egress and further to maintain a second means of egress to the street for the front tenant due to the fact that the fire escape is not considered a legal means of egress on a building over five stories in height or failure to provide two legal means of egress for the two tenants in the cellar; and for failure to maintain front and rear fire escapes in that the rear fire escape is structurally defective at 1st floor level and all fire escapes are in need of scraping and painting; and that structural steel supports for water tank on roof are in need of scraping and painting; that all exit doors are to be made self-closing and have exit signs and lights over same; that door buck of stair door on 6th floor rear is damaged and in need of repair; that window frames and sash require scraping and painting and iron mullions between front windows are corroded and in need of repair, scraping and painting; that boiler room is not enclosed in fireproof partitions, equipped with fireproof self-closing doors; that all obstruc-

MINUTES

tions on rear fire escape, including cabinet containing lacquer, be removed; that the hallway in the first floor is obstructed by an iron grille gate; that fireproof windows on the rear of the building should be fitted with wire glass instead of plain glass; that exit doors between factory and showroom on 3rd floor rear should swing outwardly instead of inward; that exit signs and lights provided on factory side; and

WHEREAS, the enforcement of this violation was the subject of an adjournment by the Court of Special Sessions until November 24, 1953, pending an acceptance of this appeal and a determination thereon; and

WHEREAS, the premises were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in the decision of the Borough Superintendent, acting on Alt. Applic. 470/53, Objections 2, 3 and 4, and that the appeal be and it hereby is *granted*, to permit the exits as proposed and as indicated on plans filed with this appeal, marked "Received November 12, 1953" (6 sheets), showing existing conditions and (6 sheets) showing proposed conditions, and plans marked "Received December 31, 1953" (2 sheets), as amended by revised plans marked "Received January 11, 1954" (1 sheet), *on condition* that the exits shall be maintained in accordance with what is proposed and shown; that a copy of the consent as filed from the adjoining owner to the east to permit passage through his premises from the rear fire escape of this building shall be filed with the Borough Superintendent; that the number of occupants per floor above the street floor shall be limited to that allowed for the primary means of exit; that above the second floor if there is to be a divided tenancy, arrangement shall be made so as to provide two means of exit for each tenant, and for this purpose the present front fire escape may be accepted, provided same complies with the requirements of the Labor Law with a counterbalanced ladder to the street which may be of the vertical type; that windows on the course of the rear exterior stairway shall be glazed with wired glass; that the roof tank supports shall be scraped of rust and painted; that the fire stair at rear and fire escape at front shall be put in good repair, scraped of rust and painted; that all window frames and sashes shall be put in good repair; that the sprinkler system with connection to the Fire Department through an approved central station, the fire alarm system and fire drills shall be maintained in accordance with the requirements and to the satisfaction of the Fire Commissioner; that all exit doors shall swing in the direction of exit; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the
engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and
one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

For Applicant: Robert T. Groh and Edward J. Riesbeck.

For Opposition: Sidney J. Sherman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A.M. for inspection and decision; hearing closed.

384-31-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Friends Service Station, Inc., owner.

SUBJECT—Application reopened December 22, 1953 re amendment of resolution—(decision of the borough superintendent) previously granted on condition, under sections 7c, 7i and 7h of the zoning resolution, permitting in a residence use district, the extension in use and area of existing gasoline service station and the conversion of present accessory building to a store for sale of accessories and permitting erection of extension to existing building to be used for relocated lubritorium and car wash, and for the addition of motor vehicle repairs and office; and permitting the parking and storage of motor vehicles waiting to be serviced.

PREMISES AFFECTED—2596-2604 Linden boulevard and 780-788 Crescent street, southwest corner and 689-697 Pine street (Block 4485, Lots 1, 3, 4, 5 and 6), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 27, 1933, under Vol. I, on certain conditions; and

WHEREAS, the resolution was amended July 10, 1936; and

WHEREAS, the resolution was amended as Vol. II on January 27, 1953; and

WHEREAS, working drawings submitted by the applicant were approved by the Board as being in substantial compliance with the requirements of the resolution, and conditions were imposed on March 3, 1953; and

WHEREAS, at the request by the applicant, this application was reopened as Vol. II on December 22, 1953 and set for hearing January 12, 1954, to consider proposed revised working drawings; and

WHEREAS, a public hearing was held on this application on January 12, 1954, after due notice by publication in the Bulletin; and laid over to January 19, 1954, for consideration and decision by the Board—hearing closed.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 10, 1936, as thereafter amended by resolutions adopted through January 27, 1953, under which resolution working drawings were approved as required to be filed, by adding thereto:

“that the resolution above referred to adopted January 27, 1953, is hereby amended to approve revised working plans marked ‘Received December 3, 1953’ (3 sheets) in lieu of working drawings previously approved, to permit the rearrangement of the station as proposed on such amended working drawings, mainly by reduction in size of the accessory building as shown and the extension of the fence along the rear line of the same design as previously approved under resolution adopted on March 3, 1953, on condition that the requirements of the resolution adopted on March 3, 1953, shall be complied with in all respects where not inconsistent with this amended resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution from the date of this amended resolution.” (Alt. 2444/52)

205-44-BZ—Vol. III

APPLICANT—Peter W. Bruder, for Queens Abbey, owner.

SUBJECT—Application July 30, 1953, reopened September 22, 1953 as Vol. III—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in the local retail use portion of a plot located in a residence and local retail use district, the extension to existing undertaking establishment and one family dwelling.

PREMISES AFFECTED—198-20 Hollis avenue, south side, from 198th to 199th streets (Block 10938, Lot 22), Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Peter W. Bruder, Patrick Mullern and Leonard Zola.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on September 22, 1953 subject to regular procedure, to consider extension to the building and use; and

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; laid over to January 12, 1954, for inspection and decision; hearing closed; applicant to file revised plans; then to January 19, 1954, for further consideration and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and local retail use, D area, class 1 height districts; 198th street is in residence and local retail use, D and G-1 area, class 1 height districts; 199th street is in residence and local retail use, D and G-1 area, class 1 height districts; Hollis avenue is in a local retail use, D area, class 1 height district; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated June 30, 1953 acting on Alt. Applic. 1359-53, reads:

"1. The extension of a funeral parlor & 1 family dwelling, located partly in a Res. Dist. & partly in a Local Retail Dist., into the local retail area is contrary to Art. 2, Sec. 4C of Zone Res."

and
WHEREAS, the applicant states the premises consist of a plot, 235.06 ft. frontage by 239.07 and 155.05 ft. in depth, irregular, on which is located a 2½ story frame structure used as an undertaking establishment and residence, for which certificate of occupancy No. 32873-45 has been filed for cellar, boiler room, lounge, casket and embalming room and laundry, 1st floor undertaking establishment, 2nd floor dwelling, attic, household storage; that it is proposed to erect a one-story addition to existing structure, 35 ft. by 53 ft. 8 in., of class 3 construction in the local retail portion of the lot, to be used in conjunction with existing undertaking establishment; and

WHEREAS, the applicant contends that these premises were purchased by the present owner in 1944, at which time this block was zoned as business to a point 100 ft. back from the Hollis avenue building line; that a small portion of the house extended into the residence area and permission was granted by the Board to use the premises as an undertaking establishment; that the property was originally purchased by the present owner on the basis of it being used for an undertaking establishment; that due to the increased valuation placed on the property, the present facilities are not proportionate to the property value and it is therefore incumbent upon the owner to increase his floor area to properly carry on the business; that at the present time this establishment serves only one-fifth of its potential business due to its limited facilities; that this is based on the New York City health department statistics of the area served and even with this amount, the facilities are inadequate for local neighborhood business; that due to the need of additional space the owner desires to erect an addition, using part of the northerly portion of the property for this development; that the construction of the addition will be of steel, concrete and concrete block walls; that concrete foundation walls, then exposed above grade, will be faced with Medusa stone-set cement to match textured surface of stucco; that exterior walls will have a light tan colored stucco finish and steel framed windows will be used throughout with double 3 ft. by 7 ft. exit doors; that the coping and exterior window sills will be of pre-cast stone and will blend with the stucco finish and all narrow framing around windows will be painted white; that in view of the present limited facilities, the change of area from business to local retail after purchase by the present owner and the extension of the building all within the limits of the present retail use, it is requested that this application be granted; and

WHEREAS, the premises and area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution under Vol. I, on June 6, 1944, as amended by approval of plans approved November 14, 1944, by adding thereto:

"* * * that in the event the owner desires to construct an extension to the building for the use as permitted and as proposed and as shown on plans filed with this application marked 'Received December 3, 1953' 11 sheets, as amended by plans marked 'Received January 7, 1954' 3 sheets, such proposed two story extension may be permitted for such use, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the exits from the 1st story and 2nd story of such building shall be maintained as indicated on such revised plans above referred to; that in all other respects the resolution above cited as adopted in 1944 shall be complied with where not inconsistent with the terms of this resolution and all of the planning shall be maintained as therein required; that all permits shall be

obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

206-44-A—Vol. II

APPLICANT—Peter W. Bruder, for Queens Abbey, owner.

SUBJECT—Application reopened September 22, 1953 as Vol. II—re appeal from a decision of the borough superintendent.

PREMISES AFFECTED—198-20 Hollis avenue, south side, from 198th to 199th streets (Block 10938, Lot 22), Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Peter W. Bruder, Patrick J. Mulhern and Leonard Zola.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 30, 1953, on Alt. Applic. 1359/53, reads:

"2. The proposed increase in area of the existing frame bldg. is contrary to Sec. 4.2.1 of B.C."

and

WHEREAS, the applicant states the building is 2½ stories, 31 ft. in height, 45 ft. by 40 ft. in area, Class 4 construction, erected in 1860 on a lot 235.06 ft. by 239.07 ft. in depth, in residence and local retail use, D and F area, Class 1 height districts, used and occupied since 1944: cellar—lounge, storage and boilerroom, 10 persons; 1st floor—funeral parlor, 30 persons; 2nd floor—dwelling, 1 family; proposed to be increased in area by the erection of an extension 35 ft. by 53 ft. 8 in. in area, 2 stories 25 ft. in height, of Class 3 construction and to use the entire building as altered as follows: cellar—lounge, storage and boilerroom, 10 persons; basement—funeral parlor, 40 persons; 1st floor—funeral parlor, 40 persons; 2nd floor—dwelling, 1 family; and

WHEREAS, Certificate of Occupancy #Q32873 was issued June 13, 1945, upon completion of Alt. Applic. 119/44 and permits the following use and occupancy: cellar—boilerroom, lounge, casket and embalming room and laundry, 3 persons; 1st floor—undertaking establishment, 70 persons; 2nd floor—dwelling, 1 family; attic—household storage, all in accordance with a variance granted by the Board under Cal. 205-44-BZ and 206-44-A, Vol. I; and

WHEREAS, the applicant contends that the existing building consists of an old frame building in the center of the plot set back from the building lines of all three street fronts and now occupied as a funeral parlor on the 1st floor and owner's residence on the 2nd floor; that due to the need for additional space the owner proposes to erect an addition as shown on plans filed with application for a zoning variance under Cal. 205-44-BZ, Vol. III; that the construction of the addition will be of steel, concrete, concrete block walls, concrete foundation walls; that concrete foundation walls where exposed above grade will be faced with cement stucco; that exterior walls will have a light tan-colored stucco finish; steel frame windows will be used throughout with double 3 ft. by 8 ft. exit doors; that the coping and exterior sills will be of pre-cast stone to blend with stucco finish; that all narrow framing around windows will be painted white; and

WHEREAS, the premises and area were inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1359-53, Obj. 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the building as proposed shall comply with the requirements of the resolution adopted under Cal. 205-44-

MINUTES

BZ, Vol. III, and shall not be further increased in height or area.

448-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Socony Vacuum Oil Co., owner.

SUBJECT—Application June 8, 1953 (decision of the borough superintendent), under sections 7c, 7h, 7i and 7A of the zoning resolution, to permit in the business use district portion of a lot located in a residence and business use district, the extension in use and area of existing gasoline service station to include lubritorium, car wash, motor vehicle repairs, storage and sale of accessories, and to permit the parking and storage of motor vehicles in residence use portion of lot, with curb cuts nearer to residence use district than is permitted.

PREMISES AFFECTED—127-08 Rockaway boulevard and 117-01 to 117-09 127th street, southeast corner (Block 11749, Lot 44), Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 19, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 127th street are in residence and business use, D and E area, class 1 and ½ height districts; Rockaway boulevard is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 20, 1953 acting on N.B. Applic. 1771-53, reads:

"1. Rebuilding and extension of a gasoline service station to include lubritorium, minor auto repairs (Hand tools only) car washing, store, utility room and parking and storage of motor vehicles located in a Business & Residential use districts is contrary to Art. II, Sec. 3 and Sec. 4(a) of the Zoning resolution.

2. Proposed curb cuts within 75' of a residence zone are contrary to Sec. 7A of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 80.52 ft. frontage by 111.93 ft. in depth, irregular, on which is located on the westerly 40 ft. of the property on the corner of Rockaway boulevard and 127th street, a gasoline station and open lubritorium pits; that the gas station was originally installed under Alt. No. 291-25 for a gas station and one tank, on a plot having a frontage of 20 ft. on Rockaway boulevard and 100 ft. on 127th street; that permit No. 208-28 was issued for the installation of six gasoline storage tanks; that permit S.A. 193-29 was issued for a service station and a 20 ft. by 16 ft. metal building, the size of the plot being given as 40 ft. on Rockaway boulevard and 100 ft. on 127th street; that there is no certificate of occupancy; that it is proposed to extend the present gas station to a frontage of 80.52 ft. on Rockaway boulevard and 111.93 ft. on 127th street; that the present buildings and open lifts will be removed and a new one-story masonry accessory building of class 3 construction will be erected; that this building will have a frontage of 44 ft. and a depth of 27 ft. 8 in. and contain the store, utility room, lubritorium, car washing and minor auto repairs with hand tools only; that the gas station and accessory building will

be confined to the business zone and the rear of the site in the residence zone will be used for parking and storage of motor vehicles; that the gas station proper will consist of the present three 550-gasoline tanks and three new 550-gallon gas tanks and four gas pumps; that a 4 ft. high wire woven fence will be erected on all interior lot lines except where the building occurs; and

WHEREAS, the applicant contends that inasmuch as the new building is to be modern in design, it will improve the appearance of the entire community and the removal of the present buildings and open lubrication pits will also improve the entire area; that the present gas pumps are on the building line and all pumps are proposed to be set a minimum of 10 ft. back to the building line; that inasmuch as the gas station has been in continuous legal use since its inception in 1925 on part of the site, it is a required service to the community, and the rebuilding and extension will allow it to render a more efficient and modern service; that Rockaway boulevard is a main auto artery leading across Queens; that within the affected area there are many non-conforming uses; that block 11750, lots 62 and 51 contain a gasoline station and wood shop; block 11749, lot 52 contains a factory for the manufacture of doors; block 11683, lot 33 and block 11692, lot 7 contain auto repair yards; block 11693, lot 3 contains a lumber yard; that the curb cuts on 127th street are required for more efficient operation of the rebuilt gas station as there are no curbs on 127th street at this time; that directly across the street, block 11748, lot 62 is improved with a store building now having a store front less than 75 ft. from the residence zone; that the proposed curb cuts will not affect the residential aspect of 127th street and the accessory building will be 32 ft. distant from the 127th street building line, so that it also will not have any effect on 127th street; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the Committee noted that the station is lawfully there in part but not for the full area desired, and recommends that the application should be granted to permit the alteration and extension of the station, substantially as proposed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, h, i & A, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivisions c, i and A to permit the existing lawful gasoline station occupying legally part of the plot, to be extended to the balance of the plot, substantially as proposed and as indicated on plans filed with this application marked "Received June 8, 1953", 5 sheets, *on condition* that all existing uses on the premises shall be removed as proposed and the premises shall be rearranged and reconstructed substantially as indicated on such plans above cited; that the use of the premises for a gasoline service station shall be mainly within the business use district, as proposed, and the balance of the premises in the residence district shall be used only for parking and storage of motor vehicles awaiting service, and herein permitted under Section 7, Subdivision l, for a term of five (5) years; that the accessory building shall be of the general design and type as proposed and the exterior shall be constructed of face brick or other suitable masonry material; that there shall be erected on the interior lot line to the east and on the rear lot line a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, including the concrete base; that pumps shall be erected not nearer than 15 ft. to the street building line; that the number of gasoline tanks, in addition to the existing three (3) 550 gallon tanks, shall not exceed six (6); that curb cuts shall be restricted to two (2) curb cuts to Rockaway boulevard each not over 30 ft. in width and one to 127th street, of the width as shown, permitted to extend as shown beyond the 25 ft. limitation under Section 7, Subdivision A; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the balance of the premises where

MINUTES

not occupied by accessory building and pumps shall be paved with concrete or asphalt throughout; that at the intersection within the building line there shall be erected a block of concrete not less than 12 in. in height and extending for a distance of not less than 5 ft. along either building line from the intersection; that the sidewalks and curbing adjacent to the premises shall be repaired or constructed to the satisfaction of the Borough President; that gasoline pumps shall be of a low approved type; that signs shall be limited to a permanent sign erected on the facade of the accessory building and the illuminated globes of the pumps excluding all roof signs and temporary signs but permitting the erection of a post standard between the intersection for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over four feet; that minor repairs with hand tools for adjustments only may be permitted under section 7, subdivision i, maintained only within the accessory building; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

631-53-BZ

APPLICANT—Saul Goldsmith, for 52 Building Corp., owner.

SUBJECT—Application August 27, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in the business use, C area district portion of the plot located in a residence and business use district, the erection and maintenance of a business building (factory), using more than the area permitted.

PREMISES AFFECTED—72-05 51st avenue, 51-01 to 51-15 72nd street, southeast corner, 72-10 to 72-20 51st road and 51-02 to 51-10 72nd place (Block 2461, Lot 16), Winfield, Borough of Queens.

APPEARANCES—

For Applicant: Saul Goldsmith.

For Opposition: Ann Figlock and B. Conway.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; laid over to January 19, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 72nd street and 72nd place are in residence and business use, C area, class 1½ height districts; 51st avenue is in business and unrestricted use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 14, 1953 acting on N.B. Applic. 2083-53, reads:

"1. Proposed bldg. within the business use district exceeds the permissible area occupancy as permitted under Art. IV, Sec. 13 of the Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 125 ft. in depth, irregular, presently vacant; that it is proposed to erect a one-story building 17 ft. in height, 199 ft. front, irregular, and 99 ft. deep, 19,010 sq. ft. in area; that the building will be of steel, fireproof and of class 1 construction; that in addition, an area of 5,100 sq. ft. at the south of the building will be used as a buffer zone which will be graded, seeded and enclosed with an 8 ft. high cyclone fence; and

WHEREAS, the applicant contends that the building will be used for factory purposes and that liberal off street loading is provided; that the area of the plot is 24,387 sq. ft.

located partially in a business and residential use and in a C area, 1½ height district, of which 20,037 sq. ft. are located in the business district and 4,330 sq. ft. in the residential district; that the proposed building will lie entirely within the business use district and it is proposed to occupy a total of 19,010 sq. ft. with the following breakdown of area use:

Area of lot	24,387 sq. ft.
Area of proposed building	19,010 sq. ft.
Allowable area	
75% of 15,000 sq. ft. (3 corners)	11,250 sq. ft.
60% of 5,037 sq. ft. (interior lot)	3,022 sq. ft.
Loading berth	14,272 sq. ft.
	726 sq. ft.
Total allowable	14,998 sq. ft.
Excess	4,012 sq. ft.

that the 25 ft. 7 in. by 200 ft. area to the south will be a grass plot which will be kept permanently as a buffer zone; that the proposed structure will have no access door from the building to this buffer zone; that in view of existing conditions and the beneficial effect of the proposed development, substantial justice would be done and a great hardship relieved if this application is granted; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board deemed, in view of the zoning permitting business use with limited factory occupancy within the business use area and unrestricted use zoning opposite the proposal to leave all the portion of the plot of 5,000 square feet area in the residence use district unbuilt upon and unused and kept grassed with trees and properly fenced and with no openings for motor vehicles on the side streets, that the one story fireproof building with the above cited safeguards and protection will be an asset and no detriment to the residence district in the rear and that this solution is just and reasonable and consistent with the intent and purpose of the Zoning Resolution; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under section 21, of the zoning resolution, as to area, *on condition* that the proposed building shall be solely in that portion of the plot zoned for business use, as proposed and as indicated on plans filed with this application marked "Received August 27, 1953" 5 sheets, and with no openings other than a pedestrian exit as shown to 72nd street and 72nd place, and with vehicular openings only on 51st avenue, located where and of the width as shown; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire fighting equipment shall be installed as the Fire Commissioner shall direct; that there shall be no signs erected or maintained except on the front wall of the building facing 51st avenue, excluding all roof signs and all temporary signs and all signs at the rear and side of the building; that the rear portion of the plot within the residence use district shall be suitably landscaped as proposed; and enclosing fences shall be of a woven wire chain link type and shall be constructed on the interior and street lines with no opening therein, except a gate for access as shown for taking care of the premises; that there shall be along the rear lot line, inside the fence, oriental plane trees planted approximately 25 ft. on centers; that such trees shall be at least four inch caliber and not less than 10 ft. in height; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Negative: Chairman Murdock, Commissioner Keating and Deputy Chief Guinee	3
Absent: Commissioner Kleinert	1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; laid over to January 19, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class 1½ height district; East 95th street is in residence and business use, D area, class 1½ height district; Ditmas avenue is in an unrestricted use, D area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated August 18, 1953 acting on N.B. Applic. 845-53, reads:

"1. Proposed building and premises, in a 'Business' use zone, to be used for junk shop for packing, baling and sorting of scrap metal and rubber (no paper or rags) and open storage yard for storage of scrap metal and rubber and off street parking, and loading and unloading space is contrary to Article II, Para. 4(a), subsection 20 of the Zoning Resolution.

2. Off street loading and unloading within 50' of corner is in violation of Article IV, Para. 19-A of the Zoning Resolution."

and

WHEREAS, the decision of the borough superintendent, dated August 18, 1953 acting on N.B. Applic. 989-53, reads:

"1. Proposed building and premises, in a 'business' use zone to be used for storage of scrap metal and steel and loading space, in conjunction with junk shop for packing, baling and sorting of scrap metal and rubber (no paper or rags) and open storage yard for storage of scrap metal and rubber is in violation of Article II, Para. 4(a) subsection 20 of the zoning resolution.

2. Loading space within 50' of corner is in violation of Article IV, Para. 19-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 260 ft. frontage by 100 ft. in depth, presently vacant except for a billboard, which is to be removed; that it is proposed to erect two modern masonry buildings, each one story in height; that building No. 1 will be located at the westerly portion of the site, 50 ft. by 100 ft. in size, and will be utilized for the storage of scrap metal and steel; that this building will be immediately adjacent to its own open storage yard of scrap metal; that building No. 1 will be used in full conjunction with building No. 2 which it is proposed to erect at the easterly portion of the site with a frontage of 50 ft. on Ditmas avenue and a depth of 100 ft. and a rear dimension of 80 ft. providing a ramped down loading space with a tail-board height loading platform;

that building No. 2 will be utilized for the packing, baling and sorting of scrap metal and rubber (no paper or rags) with an adjacent open yard for storage of scrap metal and rubber only; that off-street parking and loading are also provided to the east of building No. 2; that all open yards are to be cinder paved providing good drainage with a proper binder to prevent dust; that a 13 ft. high masonry fence wall is proposed for a distance of 60 ft. along the rear lot line as well as along the Ditmas avenue building line; that it is further proposed to install two 10 ft. curb cuts and one 12 ft. curb cut on Ditmas avenue, one 12 ft. curb cut on East 95th street, and one 10 ft. and one 12 ft. curb cut on East 96th street; that this proposed arrangement will provide a feasible and efficient method of operation for a business of this type; and

WHEREAS, the applicant contends that Ditmas avenue to the south is entirely in an unrestricted zone at this point and is improved with uses including junk shops in block 8120, lots 29 and 50 as well as open storage of scrap iron in block 8121, lots 27, 28, 29, 34 and 35; that in block 8114, lots 1, 6 and 64 a gasoline service station was granted by the Board and in block 8115, lot 6 the existing gas station was also granted by the Board; that the character of Ditmas avenue at this point is such that the proposed uses will in no way have an adverse effect; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board deemed that the use proposed and as now carried on at the premises on Rockaway avenue as inspected by the Committee, belong in an unrestricted district and that, if permitted, would be harmful to the abutting residence area; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision c, and that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the Building Zone Resolution and was therefore not entitled to relief on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 845-53, and N.B. Applic. 989-53, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

662-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Charles H. Hunsdorfer, owner, Socony-Vacuum Oil Co., lessee.

SUBJECT—Application August 26, 1953 (decision of the borough superintendent), under sections 7c, 7i and 7h of the zoning resolution, to permit in a retail use district the reconstruction and extension of existing gasoline service station, to include lubritorium, car wash, motor vehicle repairs, store, utility room and office, and to permit the parking and storage of motor vehicles.

PREMISES AFFECTED—1228-1242 Forest avenue and 441 Jewett avenue, southeast corner (Block 354, Lot 32), West Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Alfred A. Lama.
For Opposition: None.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors	3
Negative	0
Absent: Commissioner Kleinert	1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 19, 1954, for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Forest avenue are in a retail use, D area, class 1 height district; Jewett avenue is in

MINUTES

local retail and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 25, 1953 acting on N.B. Applic. 439-53, reads:

"1. The extension and rebuilding of an existing gasoline station located in a Retail Use district to a gasoline service station, lubritorium, car washing, motor vehicle repair (hand tools only), of motor vehicles is contrary to Article II, Sect. 4(a) sub-sections (29) and (46) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 151.77 ft. and 25 ft. frontage by 50 ft. in depth, irregular, on which is located a gasoline service station consisting of a one-story brick and frame building having a frontage of 41 ft. 3 in., a depth of 25 ft. 7 in. and containing a store, lubritorium, car washing and motor vehicle repairs, together with six 550-gallon gasoline tanks and four pumps; that as of July 25, 1916 the premises were in a business use, C area, class 1 1/4 height district and was changed to its present use on January 21, 1942, and to a class 1 height district and D area on August 2, 1943; that it is proposed to remove the present building and redevelop the entire site as a modern gasoline service station to consist of eight 550-gallon gasoline tanks and four pumps; that the proposed accessory building will contain the conjunctive uses of store, utility room, lubritorium, motor vehicle repairs with hand tools only and car washing; that the building will be modern in design with a frontage of 56 ft., a depth of 34 ft. 4 in., one story in height and of class 3 construction; and

WHEREAS, the applicant contends that fire department records show that in 1919 under Alt. 76-1919 a permit was issued for one 550-gallon gasoline tank on a plot having a frontage of 97.52 ft. on Forest avenue and a frontage of 25 ft. on Jewett street; that in 1930 under Alt. 1276-30 a permit was issued to install 3 additional 550-gallon tanks on the same plot; that department of housing and buildings records show that in 1930, under N.B. 769-30, a permit was issued for a 16 ft. by 24 ft. one-story frame accessory store to the gasoline station on a plot having a frontage of 25 ft. on Jewett avenue and a frontage of 97 ft. on Forest avenue; that no certificate of occupancy was issued; that in 1937 under Alt. 567-30 a permit was issued for a one-story 25 ft. by 26 ft. frame extension to cover over the grease pits; that certificate of occupancy No. S-79 was issued January 1, 1938 for office and lubritorium pits; that in 1945 under Misc. 271-45 a permit was issued to install two additional 550-gallon tanks; that the easterly part of the site is now occupied by a two-story frame dwelling having a frontage of 20 ft. 6 in. and a depth of 37 ft. 3 in.; and

WHEREAS, the applicant further contends that the highly modern design of the building will go far towards improving the appearance of the entire area; that Forest avenue is a main auto lane and as such the proposal is entirely in keeping at this point; that the present gas station has been in operation since 1919 so that its need in the community has been demonstrated and its rebuilding will render a more efficient service to the public; that the present dwelling now in between the present station on the west and a store on the east is out of keeping; that there are sufficient stores now in the area for public requirements so that the only feasible use for that part of the site containing the dwelling is the extended gas station as proposed; that there are no other gas stations in the affected area and the rebuilding and extension of the present gas station is vital for fast and efficient service to the public; that the rear of the site will be used for parking and storage of motor vehicles; that the rebuilt gas station will be in complete harmony with the affected area; and

WHEREAS, the Committee recommends that the application should be granted to permit the extension of the lawfully existing gas station by increased area within the retail district; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, h & i, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit reconstruction and extension of the lawfully existing gasoline station to the additional area within the retail use district, substantially as proposed and as indicated on plans filed with this application marked "Received August 26, 1953," 5 sheets, *on condition* that all buildings and uses on the existing gasoline station shall be removed as proposed, and the premises arranged substantially as indicated on such plans as cited; that the accessory building shall be of the design and arrangement as indicated and faced with face brick or other equivalent masonry material; that in all other respects the accessory building shall comply with the requirements of the Building Code and all other laws applicable; that there shall be erected on the interior lot lines to the east, south, west and where walls of adjoining masonry buildings do not occur a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in.; that pumps of an approved low type shall be erected not nearer than 15 ft. to the street building line; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that the number of gasoline buried storage tanks, in addition to those installed, shall not exceed a total of eight (8) such tanks; that curb cuts shall be located where shown, three to Forest avenue and one to Jewett avenue, of the width as shown, with no curb cut nearer than 5 ft. to a building line as prolonged; that there shall be erected within the intersection of the street lines a block of concrete not less than 12 in. in height, extending for a distance of not less than 5 ft. along Forest avenue and not less than 22 ft. along Jewett avenue; that the sidewalks and curbs shall be reconstructed or repaired to the satisfaction of the Borough President; that under section 7, subdivision i, there may be minor repairing with hand tools for adjustments only and maintained only within the accessory building; that under Section 7, Subdivision h, there may be for a term of five (5) years, the parking and storage of motor vehicles awaiting service; that all greasing and washing equipment shall be of the hydraulic lift type; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line near the intersection of one post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

663-53-A

APPLICANT—Lama, Proskauer and Prober, for Charles H. Hunsdorfer, owner (Socony-Vacuum Oil Co., lessee).

SUBJECT—Application August 26, 1953—filed pursuant to section 35, General City Law re premises located partly in bed of proposed widening of Jewett avenue and Forest avenue.

PREMISES AFFECTED—1228-1242 Forest avenue and 441 Jewett avenue, southeast corner (Block 354, Lot 32), West Brighton, Borough of Richmond.

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated August 25, 1953, on N.B. Applic. 439/53, reads:

"2. Proposed occupancy of portion of lot which is in the bed of a mapped street is contrary to Art. 3, Sect. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consist of a lot 151.77 ft. front by 25 ft., irregular in depth on which there has been erected a one-story building of Class 3 and Class 4 construction, 41 ft. 3 in. front by 25 ft. 7 in. irregular in depth, used and occupied since 1919 as a gasoline service station, lubritorium, car washing, motor vehicle repairs, store and dwelling, 4 persons; and upon which it is proposed to erect a one-story building, 13 ft. 8 in. in height, of Class 3 construction, 56 ft. front by 27 ft. 8 in. irregular in depth, and to use the premises as a gasoline service station, lubritorium, car washing, motor vehicle repair shop, store, utility room and parking and storage of motor vehicles; and

WHEREAS, the applicant states it is proposed to remove all of the existing buildings and redevelop the entire site as a modern gasoline service station with a total of eight 550-gallon buried gasoline storage tanks and four approved type gasoline dispensing pumps; that the proposed accessory building will contain the conjunctive uses to a gas station, consisting of store, utility room, lubritorium, repair shop with hand tools and car washing; and

WHEREAS, the applicant contends that part of the site on Forest avenue and on Jewett avenue is in the bed of a mapped street widening; that the city does not have title to this portion and no proceedings are pending to acquire title thereto; that no part of the proposed rebuilt building will be erected within the bed of such mapped street widenings and no damages for buildings or improvements will be asked of the city when the streets are widened; that all gasoline pumps will be located 10 ft. back of the Forest avenue building line after street widening takes place and the curb cuts will also be relocated; that it is therefore requested that the Board grant approval for the use of the portion now in the bed of such mapped streets, such use to be limited to driveway purposes only; and

WHEREAS, the Board has received a communication dated December 11, 1953, from the President of the Borough of Richmond advising that the final map showing Forest and Jewett avenues, as indicated on plans filed with application for a zoning variance under Cal. 662-53-BZ was adopted by the Board of Estimate on June 27, 1924, and that there are no proposals now pending relating thereto.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 439-53, Objection 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 35 of the General City Law, to permit the inclusion of that portion of the premises along Jewett avenue, as proposed to be widened, as part of the gasoline service area, under the conditions as imposed in the resolution adopted this day under Cal. #662-53-BZ, on condition, that if and when such widening of Jewett avenue takes place and the premises proposed to be taken for street widening is acquired by the City of New York, the application shall be referred back to this Board for further consideration and amendment as may be necessary of resolution adopted under Cal. 662-53-BZ.

672-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Peter and Anne Cavallo, owners.

SUBJECT—Application September 16, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a business use, D area district, the extension in area of existing chicken market and to permit the use of existing storage space and to erect and maintain a new store using more than the area permitted.

PREMISES AFFECTED—86-01 101st avenue and 97-51 to 97-59 86th street, northeast corner (Block 9059, Lot 67), Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Peter Cavallo.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Negative 0
Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application January 19, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 101st avenue and 86th street are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 20, 1953 acting on Alt. Applic. 1352-53, reads:

"1. Proposed extension in yard occupying 100% of the corner lot in a 'D' area district is contrary to Art. IV, Sect. 14c of the Zoning Resolution.

2. Present chicken market in a business use district is in excess to original approval in 1915 (N.B. 2959/15) and is contrary to Art. II Sect. 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.05 ft. frontage by 100.08 ft. in depth, on which is located a one and two-story building occupied on the 1st floor by a chicken market, store, storage and four-car garage, and on the 2nd floor by two families; that the chicken market, a one-story brick building of class 3 construction, with a frontage of 19 ft. and a depth of 40 ft. was erected under N.B. 2959-1915 and Board of Health approval dated January 25, 1916 which covered an area 17 ft. 6 in. by 40 ft. in depth, and was finally altered to its present 60 ft. 4 in. depth under Board of Health approval dated May 14, 1941; that no new permit was ever secured from the Department of Housing and Buildings to extend the chicken market to 60 ft. 4 in.; that the corner building, having a frontage of 31 ft. on the first and second floors, and a depth of 60 ft., of class 3 construction, and being used on the 1st floor as a store and on the 2nd floor as a one family dwelling, was erected under N.B. 7641-1919 and altered under Alt. No. 1117-1921 to add a frame extension on the 2nd floor having a frontage of 11 ft. and a depth of 25 ft.; that the rear 4-car garage, having a frontage of 25 ft. and a depth of 50.5 ft., of class 3 construction, was erected under S.A. 3416-1920 as an 18 ft. by 18 ft. two-car garage and altered under Alt. 3069-1921 to install one family on the 2nd floor; that this permit indicated the 1st floor garage at its present size of 25 ft. frontage and a depth of 50.5 ft.; that the present storage space, having a width of 30 ft. and a depth of 20 ft., was erected between the front and rear buildings and no permits are indicated in the Building Department for this storage space; that no certificate of occupancy has been issued for any of the above uses; that it is proposed to legalize the present 60 ft. 4 in. depth of the chicken market, legalize present 20 ft. by 30.05 ft. storage space and erect a new store in the present vacant space having a frontage of 15.08 ft. on 86th street and a depth of 20 ft.; and

WHEREAS, the applicant contends that as the present chicken market is a legal condition in the records of Board of Health and as it is remote from all lot lines, it cannot affect the block as it was originally established in a legal manner under N.B. 2959-1915; that the present storage space of 20 ft. by 30.05 ft. plus the present open area of 15.08 ft. by 20 ft. have a combined area of 902 sq. ft., and as the allowable coverage of this area is 631 sq. ft., the proposed only exceeds the allowable by 171 sq. ft.; that inasmuch as this

MINUTES

area exits in between wings of the same building, the filling in of this open space will not affect the block and all buildings on the same lot surrounding this open area do not require legal ventilation from said area, and therefore the present buildings will not be affected; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, of the zoning resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, as to extension of use; and Section 21, as to extension of area, to permit the completed extension of the building as proposed and as indicated on plans filed with this application marked "Received September 16, 1953", 5 sheets, and "December 14, 1953", 3 sheets, *on condition* that the building shall not be further increased in height or area, and granted only so long as the chicken market is not extended beyond its present proposed area as shown on such plans; that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six (6) months from the date of this resolution and that in all other respects the buildings and occupancies shall comply with all laws and rules applicable.

689-53-BZ

APPLICANT—Charles M. Spindler, for Sunshine Quaker Laundry Service, Inc., and L.D.B. Realty Corp., owners.

SUBJECT—Application September 29, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a manufacturing use district the change in occupancy of public garage, to steam laundry in conjunction with existing laundry, and the extension in height of portions of existing laundry building.

PREMISES AFFECTED—814-818 Lexington avenue, south side, 150 ft. west of Ralph avenue (Block 1628, Lots 21, 22, 23, 24 and 30), Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Hans.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 19, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a manufacturing use, C area, class 1 height district; Lexington avenue is in local retail, business and manufacturing use, C area, class 1 height districts; Ralph avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated September 21, 1953 acting on Alt. Applic. 4075-53, reads:

"1. Proposed change of use and also extension of structure in height for use as steam laundry on a lot located within a manufacturing district violates Art. II Sec. 4-F Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 428 ft. frontage by 100 ft. in depth, on which is

located, on the westerly portion, a steam laundry, offices and storage pursuant to existing certificates of occupancy; that all of these buildings were erected when the property was in an unrestricted district; that the easterly portion of the plot with a frontage of 200 ft. is now occupied as a storage garage for more than five motor vehicles pursuant to certificate of occupancy; that this garage is at present divided in half by a brick fire wall; that it is proposed to close up all openings in this fire wall and to use the westerly half of the garage as part of the existing steam laundry by cutting openings in the westerly wall of the garage; that it is further proposed to raise the roof height of this altered portion of the garage approximately 5 ft.; that it is also proposed to increase by about 9 ft. the height of the rear portion of the building on lot 23, including a small area; and

WHEREAS, the applicant contends that the entire premises was in an unrestricted district until a few months ago; that on March 17, 1953 the use zone was changed from unrestricted to manufacturing; that all of the property is under a single ownership although the garage is held under a different corporate name; that this garage building was purchased by the owner, who is also the operator of the laundry, on March 1, 1951; that the purpose of acquiring this building was to allow for expansion of the laundry as soon as the business demanded it; that the owner was unaware of the change to a manufacturing district until he decided to file plans for his proposed alteration; that the character of the affected area is largely in keeping with the unrestricted designation which applied until this year; that adjoining the property to the east is a loft building, while the frontage on Lexington avenue, opposite the site, is occupied by factories, garages and lumber yards; that since the building now covers 100% of the plot, it is felt that the slight increase in height of two portions of the building will not be detrimental to adjacent property; that there will be no increase in floor area, or addition to floors, but merely an increase in cubage to provide additional head room; that it is also felt that the change in use of the 100 ft. by 100 ft. portion from garage to laundry is not the type of change that will adversely affect adjacent property, especially since the new laundry portion will be part of an existing laundry operation; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the extension of the laundry into an adjoining building now occupied as a public garage, substantially as proposed and as indicated on plans filed with this application marked "Received September 29, 1953", 5 sheets, and to permit the extension and increase in height of the portion of the garage proposed to be used in connection with buildings, *on condition* that the balance of the public garage building to the east shall remain as public garage as proposed and separated from the balance of the existing public garage building by a fireproof wall as proposed and shown; that no windows shall be constructed in the rear wall of the garage building proposed to be added to the laundry and no additional windows in the rear of the present laundry building other than those now existing; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

REGULAR MEETING

TUESDAY AFTERNOON, JANUARY 19, 1954, 2 P. M.

Present: Chairman Murdock, Commissioner Keating and Deputy Chief Connors.

98-48-A—Vol. III

APPLICANT—Saul Goldsmith, for Paul Uhlich and Co., Inc., owner.

SUBJECT—Application reopened November 24, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—35 Herkimer place, north side, 225 ft. west of Nostrand avenue (Block 1865, Lots 71 and 72), Borough of Brooklyn.

APPEARANCES—

For Applicant—Saul Goldsmith.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 4, 1953, on Alt. Applic. 4076/53, reads:

"1. Exits from all floors to comply with Sec. 270 of Labor Law."

and

WHEREAS, the applicant states that the building is 1 and 2 stories and basement, 20 ft., 24 ft. and 35 ft. in height, 125 ft. irregular by 85 ft. 6 in. irregular in depth, of Class 3 construction, erected in 1907, on a lot 125 feet front by 85 ft. 6 in. in depth in an unrestricted use, C area, Class 1½ height district; used and occupied since 1907 as follows: Basement—manufacturing pigments and boiler room; 1st and 2nd floors—manufacturing of pigments; penthouse, laboratory; total number of occupants in building, 5; the proposed use and occupancy is as follows: Basement—boiler room and manufacturing of pigments, 20 persons; 1st floor and 2nd floors—manufacturing of pigments, 10 persons per floor; penthouse-laboratory, 2 persons. The building is equipped with a sprinkler system fed by a city main connection and by a tank; there are two interior stairs partially of wood construction, brick enclosed, equipped with kalamein, self-closing doors; one stair leads to roof bulkhead and the east stair will be provided with a ladder and scuttle to the roof; and

WHEREAS, Certificate of Occupancy #3502 issued December 22, 1922 to premises 33-41 Herkimer street, n. s., 250 ft. west of Nostrand avenue describes the building as a factory erected under Permit #3278/22; and Certificate of Occupancy #119743 issued February 6, 1948, upon completion of work under Alt. App. 1502/47 describes the building as #35-43 (35 displayed) Herkimer Place, n. s., 225 ft. west of Nostrand avenue, Block 1865, Lots 71 and 72, as a one-story building 20 ft. in height of nonfireproof construction and permits the use and occupancy for shipping, receiving and storage of color pigments; and

WHEREAS, Violation #3382/53 was issued by the Borough Superintendent October 5, 1953, to premises 33 Herkimer Place, n. s., 250 ft. west of Nostrand avenue—33-35 Herkimer place—and stated that a violation of Sec. C26-185.0 of the Administrative Code and Sec. 271 of the Labor Law existed in that the 2-story, basement and penthouse nonfireproof structure was occupied as a factory and office with 15 employees without a certificate of occupancy; and

WHEREAS, there was a conviction June 3, 1953, in Municipal Term, Magistrate's Court on a charge of violation of Sec. 643a and Sec. C26-207 of the Administrative Code for failing to make application for a certificate of occupancy stating the number of employees at manufacturing and to

provide proper exit from penthouse and to remove obstructions from required exits; and

WHEREAS, the applicant states that the first building on these premises was erected in 1907 under N. B. 240 as a Class 3, 2-story and basement factory building; that under Alt. App. 2732/13 a 2-story and basement addition was erected of Class 3 construction; that in 1920 a further addition and interior alteration was made under Alt. App. 2440/20; that in 1922 another 2-story and basement addition was erected in Class 3 construction under Alt. App. 2378/22, and Certificate of Occupancy #3502 was issued upon completion thereof; that while this certificate of occupancy does not specify the number of employees, reference to the plans and papers qualify the occupancy for 5 persons for the entire building; that in 1928 a small penthouse was erected for laboratory use under Alt. App. 6188/28, and this alteration was approved on the previous qualification of 5 employees for the entire building; that in 1947 plans were filed for a one-story shipping and storage building to the east of Class 3 construction, 25 ft. by 85 ft. 6 in. in area; that these plans were approved and the building erected under Alt. Appli. 1502/47 and Certificate of Occupancy #119743 was issued; that this building is isolated from the westerly two-story and basement building by fire doors having 3-hour rating; and

WHEREAS, the applicant contends that the building proper is used for the non-hazardous use of the manufacturing of pigments and is equipped with a two-source sprinkler system, consisting of a street connection and a roof tank; that exits from each floor are by two brick-enclosed stairs equipped with kalamein doors; that stairways are of wood planks except for the stairs to the roof, which is of steel; that the west elevator which has been abandoned has all openings permanently sealed; that the penthouse is used as a laboratory and is approximately 400 sq. ft. in area and its use limited to short periods of time; that both stairs go to the street and the west stairs runs to the roof; that the present sub-standard fire escape on the outer court will be removed; that the building is divided into two areas at the basement, 1st and 2nd floors by brick walls and fire doors; that the building is owned and operated by the same company, whose business record is excellent; that the owners were ill informed regarding the limited occupancy commitments made by previous applicants. It is therefore requested that the Board accept the present exit facilities with the number of occupants called for in this application; and

WHEREAS, on May 4, 1948, under Cal. No. 98-48-A, Vol. I the Board denied an appeal from a decision of the Borough Superintendent, dated February 4, 1948, on Alt. 194/48, Objection 1, requiring that exits from all floors comply with Sec. 270 of the Labor Law; and

WHEREAS, on July 26, 1950, under Cal. No. 98-48-A, Vol. II, the Board denied a similar appeal from a decision of the borough superintendent, dated May 8, 1950, acting on Alt. App. 194/48, Objection 1, requiring that all exits from all floors comply with Sec. 270 of the Labor Law; and

WHEREAS, the premises were again inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in the decision of the Borough Superintendent, acting on Alt. Applic. 4076-53, Objection 1, and that the appeal be and it hereby is *granted*, to permit the continuance of the means of exit as proposed and shown on plans filed with this appeal marked "Received November 6, 1953" (6 sheets), and "January 18, 1954" (3 sheets), *on condition* that the existing fire escape in the court shall be continued and maintained in safe condition as a substandard means of exit; that the elevator to the west shall be closed down as proposed and the doors sealed with approved masonry; that the fire door and the separating masonry wall between one section of the building and the other shall be made to comply with the requirements therefor as a horizontal exit; that the stairway to the west shall be reconstructed with a steel stair within the present brick enclosure and the doors shall be placed in good working condition and

MINUTES

made to swing in the direction of exit; that the elevator doors in the easterly portion shall be made to comply with the requirements of the Building Code therefor; that the means of exit through the open yard to the street with proper steps to street grade shall remain open at all times for ready passage; that the sprinkler system shall be maintained in accordance with the requirements therefor and to the satisfaction of the Fire Commissioner; that there shall be no combustible or inflammable materials used in connection with the existing occupancy of the building which is proposed to be continued; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the occupancy per floor shall be limited to the capacity of the stair in each section with due allowance for the horizontal exit when made to comply with the requirements herein.

489-52-A

APPLICANT—Simon B. Zelnik, for Combination Manhattan Corp., owner (Barricini, Inc., lessee).

SUBJECT—Application June 11, 1952—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—21-23 West 34th street, north side, 450 ft. west of 5th avenue (Block 836, Lot 18), Borough of Manhattan.

APPEARANCES—

For Applicant: Simon B. Zelnick.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 28, 1952, on ES App. 777/51, reads:

"Electric sign not permitted to extend beyond Building Line, B26-7.0 a.C."

and

WHEREAS, the applicant states the building is 5 stories, 65 feet in height, 50 ft. by 98 ft. 9 in. in area, of Class 3 construction, erected prior to 1902 on a lot 50 ft. front by 98 ft. 9 in. in depth in a restricted retail use, B Class 1½ height district; used and occupied since 1951: Cellar—store, boiler and storage, 40 persons; 1st floor—stores, 100 persons; 2nd floor—no occupancy; 3rd, 4th and 5th floors—vacant; and proposed to be used and occupied: cellar—store, boiler and storage, 40 persons; 1st floor—stores, 100 persons; 2nd to 5th floors inclusive, vacant. There are no interior stairs in the building; and

WHEREAS, Violation #6509/51 was issued November 19, 1951, for erecting and maintaining an illuminated sign projecting beyond the building line in a restricted area, such sign reading: "BARRICINI", and directing the removal of such sign; and

WHEREAS, Violation #3998/52 was issued June 9, 1952, for violation of Section B26-7.0 of the Administrative Code for erecting and maintaining an illuminated sign projecting beyond the building line in a restricted area over the east store parallel to the building line, reading "BARRICINI", such sign approximately 7 ft. by 13 ft. in area. This violation contains the note that it supersedes violation #2409/52; and

WHEREAS, the applicant states that permission is requested to maintain an electric non-flashing sign which projects approximately 4 in. beyond the building line; and

WHEREAS, the applicant contends that this appeal is based on construction factors of the existing and adjacent buildings which project beyond the building line and made the sign projection almost mandatory; and

WHEREAS, the applicant states that the building is at least 50 years old; that its facade is of cast iron columns, orna-

mental mouldings and brick, which unknown to the architect at the erection of the sign projected beyond the building line since the erection of the building; that for construction purposes the building line was assumed to be flush with the face of the adjacent structures, as well as the brickwork of the upper stories of the building in question; that plans were filed and approved and construction executed to install a new store front and building facade; that it was not until after construction was completed that projections beyond the building line were discovered when a violation was filed, disclosing that the structural glass facade and face of the sign projected 4 inches beyond the building line; that during the course of construction, care was taken to see that the face of the sign in question was flush with the new glass facade which in turn was even with the adjacent buildings; and

WHEREAS, the applicant has filed with this appeal copy of a communication (undated) addressed to the Corporation Counsel by the Chief Engineer of the Office of the Borough President of Manhattan, stating that as a result of an examination made May 29, 1952, it is considered that an encroachment of the front wall of the building in question beyond the building line is not detrimental to the interest of the city; and

WHEREAS, the applicant states that on the basis of this letter and recommendation by the Borough President's Office, the Borough Superintendent approved the amendment to Alt. App. 185/51 on July 24, 1952, and Violation #6998/51 was dismissed October 8, 1952; and

WHEREAS, the applicant contends that almost all of the buildings on the north side of 34th street, between 5th and 6th avenues encroach beyond the building line due to their original construction and the Departments having jurisdiction have examined and approved the projections; that when the Barricini sign was designed, it was done so that it was set back from the face of the building, thus presumably behind the building line, which was assumed to be the face of the existing structure; and

WHEREAS, the applicant contends that in view of the fact the facade has been accepted with a projection of 4½ inches beyond the building line, the hardship and expense involved by the removal of the sign and the complete reconstruction of the sign backing as well as the structure itself is the basis upon which this appeal is made; and

WHEREAS, plans filed with this appeal indicate a discontinuance and change in egress from the street to the primary stairs to #21 and 23 West 34th street, as previously shown on plans filed with this Board under Cal. No. 190-22-S; and

WHEREAS, the applicant states that under Alt. App. 185/51 the use of the upper floors and egress therefrom was discontinued; and

WHEREAS, plans filed with this appeal indicate that in addition to the sign in question which has an area of 145 sq. ft. there are three additional signs existing on the facade of the building in question; and

WHEREAS, Certificate of Occupancy #16119 issued February 13, 1930, upon completion of work under Alt. App. 595/29 permits the following use and occupancy: Cellar, store, boiler room and storage, 40 persons; 1st floor—stores, 100 persons; 2nd floor—showroom, 30 persons; 3rd to 5th floors, inclusive—storage, 0 occupants.

Resolved that the decision of the Borough Superintendent, acting on E.S. Applic. 777/51, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the proposed sign which exists advertising "Barricini", on condition that other than the fact that such sign extends beyond the building line for a distance of 4½ in. it shall comply with the requirements therefor in all other respects, and as shown on plans filed with this appeal marked "Received June 11, 1952" (2 sheets), "November 4, 1952" (1 sheet), and "December 18, 1953" (1 sheet); that this resolution applies only to the Barricini sign and to no others.

SUBJECT—Appeal reopened December 8, 1953, for amendment of resolution re Appeal from a decision of the borough superintendent, previously granted on condition.

PREMISES AFFECTED—90 Bay 22nd street, north side, 125 ft. 3 1/8 in. east of Benson avenue (Block 6372, Lot 88), Borough of Brooklyn.

APPEARANCES—

For Applicant: Irving P. Marks.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 5, 1953, on amendment as to Alt. Applic. 3801/52, reads:

"2. Fire escapes as shown on plan submitted Nov. 5, 1953, do not comply with Chapter 19, Sec. C19-67.0, same is a deviation from plan filed with resolution as adopted by Board of Standards and Appeals on April 7, 1953."

and

WHEREAS, the Board on April 7, 1953, acting pursuant to Section 310 of the Multiple Dwelling Law, modified Objection 1 issued by the Borough Superintendent on December 9, 1952, on Alt. Applic. 3801/52 so as to permit the existing rear yard of the width, as proposed in lieu of the required width, on condition that in all other respects the building and occupancy comply with all laws, rules and regulations applicable thereto; and

WHEREAS, the applicant states that the application filed pursuant to Section 310 of the Multiple Dwelling Law was for a variation of the rear yard requirements since the rear yard did not comply with Section 172 of the Multiple Dwelling Law; that in all respects the plans originally filed were acceptable to the Borough Superintendent under normal circumstances if the rear yard question was not involved and the application would have been approved with fire escapes complying with Section 53 of the Multiple Dwelling Law; and

WHEREAS, the applicant contends that Section C19-67.0 is not applied to this type of building by the Department of Housing and Buildings but such requirements are noted on the plans submitted to the Board marked "Received March 13, 1953"; that, however, the contractor in installing the fire escapes complied with Section 53 of the Multiple Dwelling Law and was not aware of the reference to Section C19-67.0 as noted on the plans; and

WHEREAS, the applicant contends that compliance with Section C19-67.0 would create a hazardous condition, as the balcony would be only about 7 feet above the rear yard level, that the actual construction would bring the brackets within 5 ft. 8 in. or less above the rear yard level, thereby placing an obstruction in the way of clear walking area and the possibility of easy access to the apartments by burglars; that the first floor has direct access to the street over an open concrete porch and is close enough to the ground to permit emergency exit through a window; that in view of the fact the original appeal was only in regard to the rear yard depth and that usually new or altered buildings of this type are required to comply only with Section 53 of the Multiple Dwelling Law as to fire escapes, it is requested that the Board consider granting relief from compliance with Section C19-67.0 of the Administrative Code.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 3801/52, Obj. 2, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

APPLICANT—H. Hurwit, for Berkeley Properties Co., owner.

MINUTES

SUBJECT—Appeal from a decision of the Borough Superintendent.

PREMISES AFFECTED—8 East 12th street, south side, 200 ft. east of Fifth avenue (Block 569, Lot 10), Borough of Manhattan.

APPEARANCES—

For Applicant: H. Hurwit.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 25, 1953, on amendment as to Alt. Applic. 528/53, reads:

"C5. Item 1 of V1239-52 indicates that a fire escape is being used on this factory building; therefore, provide a second legal means of egress since a fire escape is not acceptable under Sec. 271 of the L.L. on a building more than 5 stories high."

and

WHEREAS, the applicant states the building is 12 stories, 132 ft. in height, 25 ft. by 98 ft. 6 in. in area at street level, 25 ft. by 93 ft. in area at typical floor level, of fireproof construction, erected in 1908 on a lot 25 ft. front by 103 ft. 3 in. in depth, in a retail use, B area, Class 1½ height district; used and occupied as follows: Cellar—storage in connection with 1st floor store, and building utilities; 1st floor—store, 15 persons; 2nd to 12th floors inclusive—offices, salesrooms and manufacturing, 20 persons per floor. The building is provided with an approved standpipe system, an approved interior fire alarm system and regular monthly fire drills are maintained. There is one 3 ft. wide interior steel stairs with cement treads, enclosed in terra cotta partitions plastered, equipped with fireproof, self-closing doors and leading from roof bulkhead direct to street; there is one fire escape at rear extending to roof by stair with egress from lowest termination through adjoining building; window and door openings on course thereof are fireproof, self-closing; and

WHEREAS, Violation #1239/52 was issued March 28, 1952, containing four items, one of which was for failure to provide a second legal means of egress from all floors in that a fire escape was not accepted as a legal means of egress from buildings over 5 stories in height; the balance of the violation has been complied with according to the records of the Borough Superintendent; and

WHEREAS, the applicant states that the building is provided with an interior steel stair, fireproof enclosed and a labor law fire escape at the rear leading to yard with egress through adjoining yard and basement of the building to the street; that the proposed number of occupants will be 20 persons per floor and the capacity of the exits is 38 persons per floor; that the building has a standpipe system fed from a 6,000 gallon tank with 3,500 gallons reserved for standpipe use; that this standpipe was installed in 1935 and other than this installation the building is in the same condition as when it was accepted by the Board on May 13, 1930 under Cal. No. 146-30-S; and

WHEREAS, the applicant contends that since the building is fireproof and only 25 ft. in width, since the existing stairs, elevator and toilet compartments take up a considerable portion of each floor in this narrow structure, it is felt that an additional stairway would further reduce the floor area and make it useless for practical business and create a hardship on the owner tantamount to confiscation; that in view of the adequate egress for the small area and small number of occupants, it is requested the appeal be granted to permit the existing conditions with the present use and occupancy; and

WHEREAS, on May 13, 1930, under Cal. No. 146-30-S the Board modified Item 1 of Order #70472 LD issued by the

Fire Commissioner, requiring safe and unobstructed egress from the lower termination of the rear fire escape and varied the requirements of the Labor Law, on condition that a free and unobstructed opening be maintained from the termination of the fire escape to open yard of adjoining property to the west with egress from said yard through plain glass openings direct to the street, and that the owner filed consent of adjoining owner for egress through said building, and that the building be not increased in height or area and that the use of premises remain substantially unchanged and that the occupancy not exceed the legal capacity of the interior stair.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirement of the Labor Law, as cited in a decision of the Borough Superintendent, as to amendment to Alt. Applic. 528/53, Objection C5, and that the decision be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the fire escape at the rear as a second means of exit, *on condition* that the occupancy of each floor shall not exceed that permitted for the primary means of exit; that the existing door on the 12th floor connecting this building with the adjoining building shall be closed with approved masonry and the doors removed; that all doors to the stairway of the primary means of exit and the elevators shall be made fireproof and self-closing and in accordance with the requirements therefor; that the fire escape shall have an exit through the adjoining premises as previously permitted under Cal. No. 146-30-S; that the building shall not be increased in height or area, and in all other respects shall comply with all laws, rules and regulations applicable thereto; that there shall be no inflammable materials maintained in the building; that a consent from the adjoining owner for the exit across his premises shall be filed with the Borough Superintendent.

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on December 13, 1949, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on January 6, 1953; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 13, 1926, as thereafter *amended* by resolution adapted through January 6, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the new decision of the Borough Superintendent, as to Alt. No. 3670/48, under date of January 4, 1954, and in view of the statement by the applicant that plans have been approved but no work has been done, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. 3670/48)

417-27-BZ—Vol. II

APPLICANT—Herman Kron, for L. B. Oil Co., Inc., owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent), previously granted on condition, under section 7c of the zoning resolution, permitting in a business use district, the extension of existing building of gasoline service station to include auto laundry and lubritorium.

PREMISES AFFECTED—1805-1817 Fulton street and 1850 Patchen avenue, northeast corner (Block 1697, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: George G. Kron.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and time to complete extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

Negative: 0

Absent: Commissioner Kleinert 1

THE RESOLUTION:

WHEREAS, this application was granted by the Board as Vol. II, on December 12, 1950, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on December 11, 1951 and January 6, 1953; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 20, 1927, as thereafter *amended* by resolutions adopted through January 6, 1953, only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the new decision of the Borough Superintendent, as to Alt. No. 242/49, and in view of the statement by the applicant that plans have been approved but no work has been done, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. 242/49.)

Absent: Commissioner Kleinert 1

THE RESOLUTION:

WHEREAS, this application was granted by the Board on October 14, 1953, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution and submitted working drawings, as being in substantial compliance with the requirements of the Board's resolution.

Resolved, that the Board of Standards and Appeals does amend the resolution adopted on October 14, 1953 and does hereby *approve* working drawings marked "Received December 10, 1953" (3 sheets), as being in substantial accord with the requirements of the resolution adopted on October 14, 1953, except that the building shall be faced on all sides with face brick or other equivalent masonry; that all existing buildings and uses shall be removed from the premises; that the premises shall be reconstructed and rearranged as shown on such working drawings; that the accessory building shall be of the design, arrangement and location as shown and in all other respects shall comply with the requirements of the Building Code; that there shall be no cellar under the accessory building; that the balance of the premises shall be paved with asphalt or concrete and retaining walls shall be constructed where necessary, as shown; that pumps shall be not nearer than 15 feet to the street building line; that such portable fire-fighting appliances shall be installed as the Fire Commissioner shall direct; that under section 7i there may be minor repairing with hand tools only for adjustments and maintained solely within the accessory building; that on the exterior lot lines to the south and west, where walls of adjoining buildings do not occur, there shall be constructed and maintained a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 feet 6 in.; that existing curb cuts may be continued widened as indicated on such working drawings with no part of any entrance nearer than 5 feet from a lot line as prolonged; that there shall be erected within the lot lines at the intersection a block of concrete extending for a distance of not less than 5 feet along either lot line and not less than 12 in. in height; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line of one post standard near the intersection for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 feet; that such sign may have two leaves so as to be read from East Tremont avenue and also Bruckner boulevard, omitting the sign shown toward the west portion of the premises on Bruckner boulevard; that the number of gasoline storage tanks shall not exceed eight 550 gallon tanks; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; and that in all other respects the resolution adopted by the Board on October 14, 1953, to which this is an *amendment*, shall be complied with.

486-25-BZ—Vol. II

APPLICANT—Herman Kron, for Washgert Garage Corp., owner.

SUBJECT—Application for consideration—reopening as Vol. II—re application (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business use district, the proposed use of roof of building as a garage for more than 5 motor vehicles; previously granted on condition re erection and maintenance of garage for storage of more than 5 motor vehicles.

PREMISES AFFECTED—113-117 Chrystie street, west side, 100 ft. north of Grand street (Block 423, Lots 22, 23 and 24), Borough of Manhattan.

APPEARANCES—

For Applicant: George G. Kron.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened as Vol. II, subject to the regular procedure, to consider extension of use.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3
Negative 0
Absent: Commissioner Kleinert 1

281-39-BZ—Vol. III

APPLICANT—Arthur P. McNulty, for Mary Laulich and Marweil Realty Corp., owners (Samuel Banks, lessee).

SUBJECT—Application for consideration—reopening as Vol. III—re Application (decision of the borough superintendent) under sections 7f, 7h and 7i of the zoning resolution, to permit in a business use district, the gasoline service station, lubricatorium, auto repair shop, auto laundry (non automatic) and parking; previously denied.

PREMISES AFFECTED—1602-1613 Lexington avenue, southeast corner of East 102nd street (Block 1629, Lots 150, 51, 52 and 53), Borough of Manhattan.

APPEARANCES—

For Applicant: Arthur P. McNulty and Joseph B. Lynch.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened as Vol. III, subject to the regular procedure.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3
Negative: 0
Absent: Commissioner Kleinert 1

952-47-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Brocon Realty Corp., owner.

SUBJECT—Application for consideration—reopening and amendment of resolution—re Application (decision of the borough superintendent) previously granted on condition, under section 7h of the zoning resolution, permitting in a business use district, the parking and storage of more than 5 motor vehicles, and the display and sale of used cars on the unbuilt portion of the plot.

PREMISES AFFECTED—1952-1966 Broadway and 11-45 Conway street, southwest corner; 115-133 Truxton street and 180-182 Somers street (Block 1544, Lot 27 and part of Lot 25), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and set for hearing on February 24, 1954, at 10 A. M. to consider amendment as to additional curb cut. Affected owners on Truxton Street to be notified of proposed hearing by regular mail.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

Report of Committee on Test.

Re: Cal. No. 1464-39-GR

January 15, 1954

Subject: Opening Protective Assemblies Inspection Agency Addition of the Inspection Agency of Fred W. Gensch.

Mr. Fred W. Gensch of the McMahon Engineering Co. of Menasha, Wisconsin, filed an application by letter, dated December 17, 1953, giving his qualifications as an Opening Protective Agency under the Board's Rules, and proposes that such work and inspection will be personally performed by him, mainly of such fireproof wood doors as would be manufactured by the Hardwood Products Corporation of Neenah, Wisconsin, whose products have been approved by the Board.

The Committee on Test has reviewed the qualifications and experience of this applicant, and on the basis of statements made by him, by the Hardwood Products Corporation, by the Wisconsin Professional Engineer—Reginald Waldo, and by the President of the Menasha Bank, and in view of Mr. Gensch holding an Engineer's License in the State of Wisconsin—E2221, it is recommended that Fred W. Gensch be approved as an Inspection Agency under the Rules of the Board for the Inspection of Opening Protective Assemblies—Cal. No. 1464-39-GR, and that such approval of him as an Inspection Agency remain in force until rescinded by the Board and on the understanding that all inspections shall be made personally by the applicant and that the requirements of the Rules of the Board for Inspection of Opening Protective Assemblies shall be complied with by him.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted December 18, 1939, as amended through October 7, 1952, to *approve* an additional opening protective assembly inspection agency in accordance with the report of the committee.

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 5, 1953 subject to regular procedure, to consider new use; and

WHEREAS, a public hearing was held on this application on November 17, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to November 24, 1953 and then to December 15, 1953, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Hoe avenue and Vyse avenue are in residence and business use, B area, class 1½ height districts; Boston road is in a business use, B area and class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated October 8, 1953 acting on amendment to Alt. Applic. 269-53, reads:

"1. Manufacturing in a Residence Use Dist. is contrary to Sect. 3 of the Z. R.

4. Height of loading door less than 14' is contrary to Sect. 19A-h2 of the Z. R.

5. Location of loading door is within 50' of intersection Hoe Ave. and Boston Road which is contrary to Sect. 19A-h3 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 122.34 ft. frontage by 205.59 ft. in depth, irregular, on which is located a building covering the entire lot, two stories in height, of class 1 construction, used as a garage; that it is proposed to use the existing building for manufacturing of aerals and other permitted types of manufacturing; and

WHEREAS, the applicant contends that the subject building together with the adjoining one to the north, 1816 Boston road, were erected in 1928 and the Board granted the use of these lots for improvement with public garages; that Boston road has the Interboro subway overhead and the property is opposite the two large garages of the Third avenue transit company; that there is a gas station to the north of the adjoining garage; that in 1946 the Board granted a variance to permit the adjoining northerly garage, No. 1816 Boston road, to be changed from garage to factory on the 2nd floor; that the owner of this building finds that the garage does not meet carrying costs and proposes to alter the entire two stories into a factory and warehouse with type of manufacturing as permitted in a business district (light metal work); that the area of manufacturing would be limited to 25% of each floor; that there will be no loading or delivery or entrances on Vyse avenue in the residential zone, only two emergency exit doors; that it is proposed to alter the building to make it conform with requirements of the labor law by installing necessary stair and exits as required; and

WHEREAS, the applicant contends as to objection 4 issued by the borough superintendent, regarding the height of the loading door, that the ceiling height is only 13 ft. clear and it is proposed to enlarge the door from 11 ft. by 11 ft. to 12 ft. by 12 ft., which is the largest height that can be obtained in the area; and

WHEREAS, the applicant contends as to objection 5 issued by the borough superintendent regarding the location of the loading door, that as Hoe avenue and Boston road intersect at an angle of about 155 degrees, they are practically one street and the door would in no way obstruct traffic on either street; and

WHEREAS, this building is part of a building granted as a garage in 1928 with a frontage on Boston road of 299.51 ft.; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 24, 1928, as amended by resolutions adopted through May 2, 1950, *under Vol. II*, by adding thereto:

"* * * that if the owners of the southerly section of the building desire to *change to* factory use as proposed with an occupancy of not over 25% of the *total* floor area of *each* floor, as indicated on plans filed with this application marked 'Received April 20, 1953' (7 sheets), as to the southerly portion of the premises, such changes may be made as proposed, *on condition* that the building shall not be increased in height or area; that the exits of the building shall be maintained as shown on such plans; and to permit the extension in height of the entrance door, as indicated on such plans, *but not less than eleven ft. in height, in lieu of the requirements of Section 19A (h-2 and h3), on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that in all other respects the building shall comply with the resolutions above cited where not inconsistent with this amendment; that such fire fighting equipment shall be maintained as the Fire Commissioner shall direct; that this variance granted under Section 7e shall be for a term of ten (10) years from the date of this amended resolution; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a new certificate of occupancy shall be obtained."

* Correction: As indicated in the amended resolution, as printed in *italics*.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 15, 1953, as they appeared in Bulletin No. 51, Vol. 38, are hereby corrected to read as follows:

960-27-BZ—Vol. IV

APPLICANT—Ingram S. Carner, for Alfred Ambrogi and Jacqueline Garola, owners.

SUBJECT—Application, April 29, 1953, reopened June 2, 1953 as Vol. IV—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence and business use district, the change in occupancy from storage garage for more than five motor vehicles in basement, and manufacturing on first floor—to printing plant and storage in basement and manufacturing on first floor.

PREMISES AFFECTED—1816 Boston road, east side, 109.88 ft. south of East 176th street and 1819 Vyse avenue (Block 2991, Lot 52), Borough of The Bronx.

APPEARANCES—

For Applicant: Ingram S. Carner and Edward Sharf.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended, term of variance extended and time extended to complete the work.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on June 2, 1953 subject to regular procedure, to consider change of use; and

WHEREAS, a public hearing was held on this application on November 17, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to November 24, 1953, and then to December 15, 1953, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Vyse avenue are in residence and business use, B area, class 1½ height districts; Boston road and East 176th street are in a business use, B area and class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 6, 1953 acting on Alt. Applic. 877-51, reads:

"1. Proposed change in occupancy of the one story and basement building, located partly in a business use district and partly in a Residence Use District, from a Storage Garage for more than 5 motor vehicles in basement and manufacturing on first floor to a printing plant and storage in basement and manufacturing on the first floor, is contrary to Sec. 3, Zoning Resolution.

or

3. Obtain approval from Board of Standards and Appeals as to permissible area to be used for manufacturing.

Note: Calendar No. 960-27-BZ as amended June 26, 1946, Feb. 4th, 1947 and May 2nd, 1950."

and

WHEREAS, the applicant states that the premises consist of a plot, 206.22 ft. and 204.55 ft. frontage by 160.45 ft. in depth, irregular, on which is located a building covering entire plot, one story and basement, 26 ft. in height, of class 1 construction, presently used as a printing plant; that the prior use of the basement was a garage for more than five motor vehicles and storage as noted under certificate of occupancy No. 3215; that this application is made to legalize the above use in order to procure a new certificate of occupancy allowing thereby the entire basement floor to be used as a factory (printing plant and storage); and

WHEREAS, the applicant states that it is proposed to continue the existing use of the 1st floor, which use was permitted by resolution of the Board adopted February 4th, 1947

limiting the manufacturing area to not more than 50% of the floor area; and

WHEREAS, the applicant contends that in view of the fact that the legally permitted use in the basement, namely garage for more than five motor vehicles, is a con-conforming use in a business use district and that the proposed use of the basement floor for factory is a permitted use in a business district, and that this factory use is only prohibited in that part of the building which extends into the residential use district, and in view of the fact that the envelope of this existing fireproof building will not change whatsoever, it is requested that this application be granted; and

WHEREAS, this building is part of a building granted as a garage in 1928 with a frontage on Boston road of 299.51 ft.; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 24, 1928, as amended by resolutions adopted through May 2, 1950, under Vol. II by adding thereto:

"* * * that if the owners of the *northerly* section of the building desire to extend the factory use to the *entire portion of the building* as proposed with an occupancy of not over 25% of the floor area of *each* floor, as indicated on plans filed with this application marked 'Received April 29, 1953' 5 sheets, such changes may be made as proposed, on condition that the building shall not be increased in height or area; that the exits in both sections of the building shall be maintained as shown on such plans, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and the resolution above cited where not inconsistent with this amendment; that such fire fighting equipment shall be maintained as the Fire Commissioner shall direct; that this variance, granted under Section 7, Subdivision e, shall be for a term of ten (10) years from the date of this amended resolution; that all permits shall be obtained and all work completed within the requirements of Sec. 22A and a certificate of occupancy shall be obtained."

* Correction—As indicated in the amended resolution as printed in italics.

ing Dry Cleaning Establishments Pursuant to the Zon-
ing Resolution of the City of New York.

PETITIONS FOR CERTIORARI ORDERS SERVED ON THE BOARD OF STANDARDS AND APPEALS

On January 5, 1954, Copy of Petition and Order of Certiorari was
served on the Board by Wilfred S. Stachenfeld, attorney for petitioner,
Laura Rosenberg, objecting owner, seeking a review of the Board's
determination on December 8, 1953, refusing to revoke the approval of
Alt. Application 2233-1953, by the Borough Superintendent, affecting
Premises 1762 East 14th Street, west side, 275 ft. north of Avenue R,
and 1749-1765 East 13th Street, east side, 260 ft. north of Avenue R,
Borough of Brooklyn, Cal. No. 652-53-A.

* * * * *

On January 8, 1954, Copy of Petition and Order of Certiorari was
served on the Board by Irwin Pakula, attorney for Eva Cohen and
Clareve Corporation, objecting owners, seeking a review of the Board's
determination on December 15, 1953, granting a variance, under Section
7h of the Zoning Resolution, for a period of five years, permitting the
premises, located in a residence use district, to be occupied for parking
and storage of motor vehicles; Cal. No. 352-53-BZ; Premises 402-434
Euclid Avenue, 1015-1023 Glenmore Avenue, northwest corner, Borough
of Brooklyn.

* * * * *

On January 11, 1954, Copy of Petition and Order of Certiorari was
served on the Board by Sydney S. Levine, attorney for Frances
Tannen, Morris Tannen and Nathan Tannenbaum, owners, seeking a
review of the Board's determination on December 8, 1953, denying
their application under Section 21 of the Zoning Resolution, to permit
in a residence use (G-1) area district the maintenance of existing
dwelling without the required rear yard, the required front yard set-
back and the required side yard, and also to permit stoop to encroach
on side yard, using more than the area permitted; Cal. No. 14-50-BZ,
Vol. II, Premises 80-63 208th Street, Flushing, Borough of Queens.

* * * * *

On January 18, 1954, Copy of Petition and Order of Certiorari was
served on the Board by Walsh and Levine, attorneys for the Starvel
Realty Inc., owner, seeking a review of the Board's determination on
December 15, 1953, denying their application under Sections 7f and 7A
of the Zoning Resolution to permit in a business use district the
erection and maintenance of a gasoline service station, lubritorium,
storage and sale of accessories and office, with proposed curb cuts more
than the permitted distance from the intersection; Cal. No. 56-53-BZ;
Premises 2482-2484 Gerritsen Avenue, 181-191 Allen Avenue, north-
west corner, and 3202-3208 Avenue W, Borough of Brooklyn.

* * * * *

On January 26, 1954, Copy of Petition and Order of Certiorari was
served on the Board by Rubinton & Coleman, attorneys for The
Kissena Park Corporation, Dominick Mazza and Marie Colonna,
owners, seeking a review of the Board's denial of their application
under Sections 7e and 7h of the Zoning Resolution, to permit in a
residence use district the erection and maintenance of a gasoline service
station, lubritorium, car wash, motor vehicle repairs, storage and sale
of accessories, and to permit the parking and storage of motor vehicles;
Cal. No. 692-53-BZ; Premises 163-10 Pidgeon Meadow Road, Flushing,
Borough of Queens.

APPEARANCES—

For Applicant: Joseph Trapani and William Jakubowski.

For Opposition: Karl Applbaum.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 2, 1954, at 10 A. M. for inspection and decision; hearing closed.

436-53-BZ

APPLICANT—O'Dwyer, Bernstein and Preusse, for Lena G. Gates and May L. Thrall, owners.

SUBJECT—Application June 2, 1953—(decision of the borough superintendent) under sections 7e, and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station (lubritorium), auto wash (non-automatic), motor vehicle repairs, storage and sale of accessories and office, and to permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—141-50 Union turnpike, south side, 44.96 ft. west of Main street (Block 6634, Lot 34), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Solomon H. Klein.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for decision after further inspection; hearing previously closed.

625-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Sedra Rosenberg, owner.

SUBJECT—Application August 18, 1953 (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, and to permit the parking and storage of motor vehicles, for a term of fifteen years.

PREMISES AFFECTED—1051-1059 McDonald avenue and 101-111 Foster avenue, northeast corner (Block 5426, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Huna Brin.

For Opposition: Max Epstein, Abram Shlefstein, S. L. Fopeano, Matilda Weidig, Henry L. Hansen, Harold A. Duryea and Sam Rubin.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 2, 1954, at 10 A. M. for inspection and decision; hearing closed.

697-53-BZ

APPLICANT—John F. Fitzsimons, for Courtney Fleet and John Dalisa, owners.

SUBJECT—Application October 1, 1953—(decision of the borough superintendent) under sections 7f and 7h of the zoning resolution, to permit in a residence and business use district, the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—35-29 31st street, east side, 275.2 ft. south of 35th avenue and 35-22 to 35-32 32nd street (Block 604, Lots 12, 34, 35, 36, 37 and part of Lots 13 and 14), Astoria, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons, John Dalisa and Courtney Fleet.

For Opposition: Helen C. Hertik, Mary D'Alessandro, Mrs. Santo Licostie, K. M. Hayes, I. Briese, Martha Tubb, Margaret Gleason Maguire, Emanuel Bezinoven, Olga Contratti and Alex Godner.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 2, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

735-53-BZ

APPLICANT—George J. Sole, for St. Frances de Chantal R. C. Church, owner.

SUBJECT—Application October 14, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use, C area district, the erection and maintenance of a parochial school using more than the area permitted at curb level.

PREMISES AFFECTED—1273-1283 57th street and 5610-5624 13th avenue, northwest corner (Block 5690, Lot 42), Borough of Brooklyn.

APPEARANCES—

For Applicant: George J. Sole.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

MINUTES

ACTION OF BOARD—Taken off calendar. Notices not mailed by applicant to property owners in the affected area. New date of hearing to be set.

736-53-BZ

APPLICANT—Ralph E. Leff, for The Church of St. Elizabeth, owner.

SUBJECT—Application October 14, 1953—(decision of the borough superintendent) under sections 7e, 7f, 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs, and office and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot, for a term of fifteen years.

APPEARANCES—

For Applicant: J. V. McKee and Ralph E. Leff.

For Opposition: Gerard Lachman, Philip N. Marcus, Edward Linhardt and Hilda E. Dwarkin.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 2, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

467-37-BZ—Vol. II

APPLICANT—Fred C. Dahlem for Perry Heidelberger, owner, George Garon, lessec.

SUBJECT—Application October 7, 1953 (decision of the borough superintendent), under section 7i of the zoning resolution, to permit in a business use district the maintenance on first story, of motor vehicle repair shop (previously granted by the Board, for a garage use in basement, later for a motor vehicle repair shop on the 1st floor), and to permit a motor vehicle repair shop in cellar, in addition to garage for more than five motor vehicles.

PREMISES AFFECTED—5070 (5060-5076) Broadway, 501-507 West 215th street, northeast corner, and 500 West 216th street and 4036-4050 10th avenue (Block 2232, Lot 18), Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem and Perry Heidelberger.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended and resolution of February 8, 1938 reaffirmed.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3

Negative: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 27, 1953 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 26, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Broadway are in a business use, B area, class 1¼ height district; 10th avenue, West 215th street and West 216th streets are in business and unrestricted use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 2, 1953 acting on Alt. Applic. 1640-53, reads:

"1. A motor vehicle repair shop, located in a business use district, is contrary to Art II, Sect. 4(29), Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 207 ft. 1½ in., 43 ft. 3¾ in., 199 ft. 10 in. and 97 ft. 9⅛ in., irregular, on which is located a building 160 ft. 4 in. by 97 ft. 9⅛ in., one story, 12 ft. 6 in. in height, of class 3 construction, presently used as a garage in cellar and as an auto show room and motor vehicle repair shop on 1st floor; that it is proposed to continue the use of motor vehicle repair shop on 1st floor, for which a certificate of occupancy was never obtained, and to include motor vehicle repair shop in cellar; and

WHEREAS, the applicant contends that the present owner took possession on February 14, 1951 and based his occupancy on Cal. No. 467-37-BZ—Vol. I; that he was aware of the conditions of the resolution, knowing that the Broadway door could not be used as an entrance but was used solely for ventilation; that he was not aware of the portion of the resolution which stated that all permits, meaning the certificate of occupancy as part of all permits, must be obtained within one year of the resolution; that inasmuch as this was a 1937 resolution, the former owner failed to follow through and did not obtain the necessary certificate of occupancy; that these premises have been used continuously since 1937 for auto show room and repair shop by various automobile companies, among them the Nash company; that as a result of the violation the owner has lost the Nash company as a tenant and no other automobile company will sign any lease until a new resolution and certificate of occupancy can be produced; that as this site is strictly an automobile section, the owner is suffering a great loss in livelihood due to the entire first floor being vacant, except the bar and grill; that relative to the cellar occupancy, certificate of occupancy No. 17809 has been issued permitting a garage for more than 5 motor vehicles; that the garage has been in continuous operation since 1931 under this certificate of occupancy; that in 1945 the lessee rented the garage for more than 5 motor vehicles; that the Department of Housing and Buildings issued a letter in which they stated that there was no objection to conducting a motor vehicle repair shop and garage in the cellar, and based on this letter fire department permits were issued; that this cellar repair shop has an entrance only on the 10th avenue side where the old IRT Broadway subway is elevated, opposite the department of sanitation where garage, shops and incinerator are housed; that this repair shop cannot annoy any one in this location; that even though the letter permitting the cellar repair shop was issued in error by the Department of Housing and Buildings, the operator of this shop acted in good faith and paid his yearly fees for all necessary permits from the fire department; that under order No. 95218LC the fire department notified Triangle Motors that a non-storage garage was being conducted on the 1st floor portion, but this classification is wrong as this floor, under Cal. 467-37-BZ—Vol. I, permitted an auto showroom and sales and a repair shop at the 10th avenue front and the 216th street portion; that the entrance to the shop is on the 10th avenue front only, as called for in the resolution; that the Board is requested to reaffirm the resolution under Cal. No. 467-37-BZ, including a repair shop in the cellar, in order that a certificate of occupancy may be obtained and the business continued.

Resolved, that the Board of Standards and Appeals does hereby reaffirm the resolution adopted on February 8, 1938, under Vol. I, reading (Except for section of the zoning resolution):

"granted under section 7i, to permit a portion of the first floor to be used for minor repairs to motor vehicles, on condition that such repairs shall be made entirely with hand tools and that the entrance to this space shall be solely from Tenth avenue otherwise the space shall be arranged as shown on plans filed with this appeal; that this space so permitted for minor repairs shall be separated from the balance of the premises used as an automobile showroom, by terra cotta walls with not over two openings therein protected by fireproof self-closing doors to the sales space; that this variance shall continue only so long as the premises are under lease to and occupied

MINUTES

by the Watson-McKenna Motor Co., Inc., for Ford cars or a similar agency restricted to cars owned by such agency or offered for sale, sold or traded in; that in all other respects other than as herein permitted, the requirements of the resolution adopted by the board under Cal. No. 441-26-BZ on September 21, 1926, as amended November 9, 1927, as to approval of plans, shall be complied with;"

and in addition, to permit under Section 7i, space as proposed in the cellar of the building to be used for additional repair work, including body work as proposed and as shown on plans filed with this application under Vol. II, marked "Received October 7, 1953" (3 sheets) and "January 20, 1954" (2 sheets), on condition that in all other respects the above resolution where not inconsistent with this amendment shall be complied with; that any paint spraying carried on in the cellar shall comply with the rules of the Board therefor; that such fire fighting appliances shall be maintained as the Fire Commissioner shall require; that proper ventilation shall be maintained in such space, in accordance with Section C26-267.0 of the Building Code as to such ventilation; that upon leasing the premises to an agency similar to that formerly occupying the premises, this board shall be notified as to the name and type of the agency and at such time revised plans shall be filed showing the space, equipment and means of ventilation proposed; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within six (6) months from the date of this resolution.

63-42-BZ—Vol. II

APPLICANT—Leonard F. Rothkrug, for Newtal Corporation, owner (George D. Lambert, lessee).

SUBJECT—Application June 17, 1953 (decision of the borough superintendent), under section 7c of the zoning resolution, to permit in a business use district the addition of the parking and storage of motor vehicles and the sale and display of used cars to existing gasoline service station and two car garage.

PREMISES AFFECTED—402-412 40th street and 4001-4011 4th avenue, southeast corner (Block 714, Lot 6), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 7, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on January 19, 1954 after due notice by publication in the Bulletin; laid over to January 26, 1954, for further consideration after applicant has submitted information to the Board as to how the garage was permitted on the premises; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 4th avenue are in a business use, C area, class 1¼ height district; 40th street is in residence and business use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 18, 1953 acting on Alt. Applic. 795-53, reads:

"1. Proposed extension of use of premises in a business use zone presently used for gasoline service station and 2-car garage to be used for gasoline service station, 2 car garage, storage and parking lot for more than 5

motor vehicles, and display and sale of used cars is contrary to Article II, Sect. 4(a), subsection 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. 2 in. in depth, on which is located a gasoline service station and a garage for two cars; that the two gasoline tanks were installed under Fire Department permit 2257/24 approved October 31, 1924 and the two existing curb cuts on Fourth avenue and the two existing curb cuts on 40th street were made under Docket No. A-59345, approved April 8, 1925; that certificate of occupancy No. 34595, dated August 11, 1925 provides for an office for gasoline station; that it is proposed to permit the addition of parking and storage of motor vehicles and the sale and display of used cars; and

WHEREAS, the applicant contends that this application is made on behalf of the lessee under a long term lease with more than 10 years of an unexpired term and an option to renew for an additional 10 year period; that it is proposed to use a portion of the lot for storage and parking for more than 5 motor vehicles and the display and sale of used cars; that it was the lessee's intention to permanently reduce the size of the lot to be used for the non-conforming use (gas station) but a covenant in the lease requires that the lessee, at the termination of the lease, restore the premises without any limitation or change in the area allowed for the non-conforming use; that the owner did not authorize this application in any form other than for the new use to be in conjunction with the non-conforming use; that the proposed additional use is a conforming use in a business use district and this application is made to reduce the area of the lot used for the non-conforming use for a stated term of years; that more than ½ of the area now allowed to be used for the gas station, or an area approximately 59 ft. by 100 ft., will be used for the parking and storage of more than 5 motor vehicles and the display and sale of used cars; that the area is now levelled substantially to grade level and there is a wood bumper 3 ft. from the adjoining lot line; that there is presently existing a wooden fence along the rear lot line and a cyclone fence along the building line, separating that portion of the lot used as a gas station; that there will be no entrance to the parking lot from Fourth avenue so that no vehicular entrance or exit is on the same street between intersecting streets or within 200 ft. of an exit or entrance to a school, school playground, public park or public playground; and

WHEREAS, the existing gasoline station on the plot was not subject to an application to this Board when established in 1924 for the present lot 6; and

WHEREAS, under Vol. I, an application to reconstruct the gasoline station was withdrawn; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, in the opinion of the Board, sales of cars unless indoors, is not a permitted use in a business use district, as claimed by the applicant; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and is hereby is granted under Section 7c, to permit the rear portion of the premises to be occupied substantially as proposed for the storage of more than five motor vehicles and for the sale of cars as indicated on plans filed with this application, marked "Received June 17, 1953" (2 sheets) and "November 18, 1953" (1 sheet) on condition that this portion of the premises shall be used for no other use under this variance and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that along the rear lot lines and the street line of 40th street there shall be erected, as proposed, a woven wire fence of the chain link type, not less than 5 ft.

MINUTES

6 in. in height, except where walls of existing buildings occur on adjoining lots; that proper bumpers shall be maintained as proposed to protect buildings and fences; that there shall be no openings in the fences on 40th street except one for entrance and egress with curb cut opposite not exceeding 15 ft. in width; that signs and lights shall comply with the requirements of the zoning resolution and all laws relative thereto; that such portable fire-fighting appliances shall be installed and maintained as the fire commissioner shall direct; that this resolution does not include approval of the subdivision of the lot into two lots, but the variance is limited to permitting the proposed additional uses on the premises as herein set forth; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

208-53-BZ

APPLICANT—Ingram S. Carner, for William Rishkes, owner.

SUBJECT—Application March 24, 1953—(decision of the borough superintendent) under sections 7f, 7h, and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash (non-automatic), storage and sale of accessories, motor vehicle repairs, and office, and to permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—5801-5829 Flatlands avenue, and 965-977 East 58th street, northeast corner and 892-896 East 59th street (Block 7762, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant : Ingram S. Carner.

For Opposition : None.

For Administration : Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 8, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to December 22, 1953, for inspection and decision; then to January 5, 1954, for further consideration by the Board and decision; hearing closed; then to January 12, 1954, for applicant to discuss with owner as to withdrawal; then to January 26, 1954, for decision by full Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the and Flatlands avenue are in a business use, D area, class 1 height district; East 58th street is in restricted retail and business use, D area, class 1 height districts; East 59th street is in residence and business use, D area and class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated March 18, 1953 acting on N.B. Applic. 159-53, reads:

"1. Proposed gasoline service station, lubritorium, car washing, office, sales and storage of auto accessories, minor repairs, and parking of cars waiting to be serviced, located in a business use district is contrary to Art. II, Sec. 4a, subd. 29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 246 ft. 25/8 in. frontage by 110 ft. 10 in. and 47 ft. 4 1/8 in. in depth, irregular, presently vacant; that it is proposed to erect a masonry accessory building of colonial design to be used in conjunction with the proposed gas station, this building to have a frontage of 75 ft. and a depth of 32 ft.; that this accessory building will house the office, storage and sales of auto accessories, lubritorium, minor repairs and car washing; that it is further proposed to install four pump islands consisting of two approved type gasoline dispensing pumps each, as well as ten approved type 550-gallon gasoline

storage tanks and one approved type 550-gallon refuse oil tank; that four curb cuts of 30 ft. each are proposed on Flatlands avenue, one 20 ft. curb cut on East 58th street and one 20 ft. curb cut on East 59th street; that along the irregular rear lot line it is proposed to erect a 4 ft. high brick and picket fence wall which will be continued along the East 58th street building line to a point in line with the face of the accessory building, thereby providing a proper buffer between the site in question and adjacent properties; that the entire site will be concrete or tarvia paved except where a 3 ft. wide landscaping strip, protected by a 6 in. by 6 in. concrete curbing, has been provided along the base of the fence wall; that the northwesterly portion of the site will provide parking of cars waiting to be serviced; and

WHEREAS, the applicant contends that Flatlands avenue is a heavily trafficked thoroughfare; that in the immediate vicinity there is located a large city garbage disposal plant; that in block 7783, lot 43 there is a gas station which was granted by the Board under Cal. 895-49-BZ; that in block 7763, lot 80 there is an existing gas station and block 7979, lot 148 also contains a gas station; that the improvement of this plot with a gasoline service station will in no way adversely affect adjoining property owners; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and as indicated on plans filed with this application, marked "Received March 24, 1953," (3 sheets), on condition that before filing plans with the borough superintendent, complete working drawings shall be submitted to the Board for further consideration showing in detail the fences and the entire layout with pumps not nearer than 15 feet to the street building line; that such plans shall be filed within two months from the date of this resolution and after filing and approval of same, all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

THE RESOLUTION—

WHEREAS, Order #969 relating to Common Show Arcade License #258754, Order #974 relating to Common Show License #133727, and Order #971 relating to Amusement License #229660, all issued by the Fire Commissioner April 1, 1953, read as follows:

“The Department cannot recommend approval of your application for Common Show License for above premises unless the following items are complied with forthwith:

No. 133727—C. S. Amusement License

1. Violation.

Small arms cartridges stored and used in excess of quantity permitted.

Section C19-38.0.d.1 Administrative Code of the City of New York, reads as follows:

“No permit for the storage and sale of ammunition in excess of 200 rounds of small arms cartridges shall be issued for any premises which are occupied as * * * place of public assembly.”

You are hereby ordered to reduce the quantity of small arms cartridges for storage and use to 200 rounds.”

and

WHEREAS, the applicant states that building is six stories, 67 ft. 9 in. in height; 75 ft. by 98 ft. 9 in. in area, of class 3 construction, erected 1872, located on a lot 75 ft. by 98 ft. 9 in. in area, in a retail 1 use, B area, Class 2 height district, and used and occupied since 1945—cellar, museum, restaurant, storage and boiler room, 190 persons; 1st floor, restaurant, 127 persons; and museum, 210 persons; 2nd floor, offices, 30 persons; 3rd, 4th, 5th and 6th floors, use discontinued; no change in use or occupancy is now proposed in the building; that the building is provided with 3 interior stairs, of fireproof construction, 4 ft. and 5 ft. in width, enclosed in plaster partitions, equipped with self-closing doors; that stair halls lead direct to street and are provided with a ladder scuttle to roof; that in addition there is one fire escape on the front of the building; and

WHEREAS, the applicant states that the shooting gallery has been in use in the building since January, 1945, and the Fire Department has issued permits for same continuously until 1953, under Amusement License #229660, Common Show Arcade, License #258754, and Common Show Amusement License, #133727, which licenses permitted the storage of 25,000 rounds of 22 caliber ammunition; and

WHEREAS, the applicant states that there is maintained on the premises in the cellar three 2½ gal. chemical extinguishers and one water can nest of 6 pails and on the 1st floor there are three 2½ gal. chemical extinguishers and one water can nest of 6 pails and on the 2nd floor there is one 2½ gal. chemical extinguisher; and

WHEREAS, the applicant states that the shooting gallery is operated with nine 22-caliber rifles which are chained to the counter and 200 tubes of 8 shots each on the counter for immediate use; that the balance of 20,000 rounds are stored in a steel cabinet 4 ft. by 2 ft. by 3 ft. on the floor in back of the counter; that the rifles and unused ammunition are also stored in this steel cabinet which is locked after business hours; and

WHEREAS, the applicant contends that the gallery is protected on all sides, floor and ceiling, with steel plates as indicated on plans filed with this appeal and is under constant supervision of an attendant at all times during operating hours; that the lessee has invested considerable sums of money in this business having purchased the shooting gallery from F. W. Mangles Company of 2875 W. 8th street, Brooklyn, and therefore it is requested that this appeal be granted; and

WHEREAS, Certificate of Occupancy #31000 was issued June 8, 1945, upon completion of work under Alt. Applic. 1266/44 and describes the building as a non-fireproof public building and permits the following use and occupancy: cellar, museum, restaurant, kitchen, storage, boiler room, 190 persons; 1st floor, restaurant, 127 persons, and museum, 210 persons; 2nd floor, offices, 30 persons; and requires the 3rd floor, 5th and 6th floors to remain vacant.

Resolved, that the decision of the Fire Commissioner as to Order No. 969, 974 and 971, be and it hereby is modified and that the appeal be and it hereby is granted to permit the storage of not over 20,000 rounds of ammunition, as proposed, for use in connection with the shooting gallery located and maintained as indicated on plans filed with this appeal marked “Received April 30, 1953” (6 sheets), and “December 7, 1953” (3 sheets), on condition that such rounds of ammunition as are not actually required for immediate use in connection with the shooting gallery shall be stored in a steel cabinet within the immediate premises, of a type as approved by the Fire Commissioner, and that the premises shall be maintained to the satisfaction of the Fire Commissioner.

ACTION OF BOARD—Appeal withdrawn to comply.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, Order #968 relating to C. S. Arcade License #134347, and order #970, relating to Common Show Arcade #25874, both orders issued by the Fire Commissioner April 1, 1953, read as follows:

"An inspection of your premises shows that the following item requires attention and correction forthwith.

Rule 3 of the Refrigerating Rules and Instructions adopted by the Fire Commissioner pursuant to law, reads as follows:

That refrigerating systems employing F-11; F-12; F-21; F-22; F-113 or F-114 used for air conditioning are restricted to the indirect method except that the direct method may be employed in self-contained room cooling units employing not more than twenty pounds of F-11; F-12; F-22 or F-114; and that in other cases, the direct method may be used in parts of a building so specified in Section C19-98.0(b) for refrigerants other than non-irritant and non-flammable.

Upon inspection of your premises it was found that a direct refrigerating system containing more than 20 pounds of F12 Refrigerant is being maintained and operated for air conditioning purposes. This is a violation of the above Rule 3 of the Refrigerating Rules and Instructions adopted by the Fire Commissioner. The system shall be discontinued or reduce the refrigerant capacity. (TWO (2) ARMO AIR CONDITION UNITS F12—48# each; 1st Floor)."

and

WHEREAS, the applicant requested withdrawal of this appeal, to comply.

Resolved, that this appeal be and it hereby is *withdrawn*.

MINUTES

ACTION OF BOARD—Appeal denied, refusing to revoke Permit #1981 issued by the Borough Superintendent.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 16, 1953 reads:

"In reply to your letter of October 6th demanding that I revoke the permit issued for the erection of a Multiple Dwelling at the above location, please be advised that inasmuch as the permit to build was issued prior to October 10, 1953, the effective date of change of zone of this plot, I am without authority to revoke the permit to build.

As I explained to you personally and also as was explained to you by Commissioner Bernard J. Gillroy, Section 22-B of the Zoning Resolution controls the effect of a zoning change after construction has been started.

If you feel that this interpretation is contrary to the provisions of Law, you may appeal my decision to the Board of Standards and Appeals within thirty (30) days."

and

WHEREAS, the applicant states the premises are located in a residence use, E-1 area district; and

WHEREAS, the applicant contends that on September 9, 1953, the City Planning Commission adopted and forwarded to the Board of Estimate an amendment to the area district map, changing from an E area to an E-1 area district the section within which the premises in question are located, and that as of October 10, 1953, this section was zoned as an E-1 area district; that on September 29, 1953, the Putter and Fine Building Corp. filed an application to permit the erection of a 6-story apartment building on subject site; that on October 5, 1953, the said building corporation started to excavate without a permit; that the permit was issued on October 5, 1953 at noon; that a concrete wall approximately 8 ft. high and 100 ft. long along the westerly side of premises was erected on October 6th, 7th and 8th without a plan or specification; that no other work has been done since the completion of the wall; that a survey shows the area to be comprised of lots 64, 66, 68, 69 and 70 in Block 4365; that as of November 7, 1953, the records of the Register of the County of The Bronx show the last owners of record to be as follows: Lot 64—Tedwal Holding Corp. and Lillie Zeisler; Lot 66—Miriam Goldfarb and William Zeisler; Lots 68 and 69—Jacob V. Zeisler and Max Sakow; Lot 70—W. E. D. Holding Corp. that it is evident that the applicants for the building permit were not owners of the land upon which the building was to be erected; that the applicants did not have vested rights at the time the permit was granted; that the applicants for the building permit tried to acquire rights under Section 22B of the Zoning Resolution through trickery and connivance; that N.B. application and Plan 1101/53 was filed for the erection of a one-car garage at 3520 De Lavall avenue, Block 5275, Lot 39 on September 29, 1953 and plans were approved and permit issued October 16, 1953; that N.B. App. & Plan 1103/53 was filed for a 6-story elevator apartment building September 29, 1953 and plans approved and permit issued October 5, 1953; that N.B. App. & Plan 1104/53 was for the erection of 1-family and basement dwelling filed September 30, 1953, approved and permit issued October 16, 1953; that the Borough Superintendent had full knowledge of the rezoning processes being effectuated for the area and with this knowledge advised and expedited the unmerited approval and issuance of the building permit, and it is therefore requested that the Board grant this appeal and revoke the approval of N.B. Application 1103/53 1953 and the permit to build issued thereon; and

WHEREAS, the following finding of the Board was read:

The Borough Superintendent refused on October 16, 1953, to revoke a permit issued October 5, 1953, against New Building Application 1103-53 for the erection of a six-story multiple dwelling.

The appeal to this Board to review his refusal is brought by Astor Village Taxpayers, Inc., in behalf of an owner, Charlotte Lasko, who owns the residence building on the adjoining lot #62 in the same block in which the proposed multiple dwelling is located, namely, Block 4365. The applicant claims that the Borough Superintendent "had full knowledge of the rezoning processes being effectuated for the area and with this knowledge, advised and expedited the unmerited approval and issuance of a permit No. N.B. 1103-53".

The premises involved are known as Lot 64 in Block 4365, irregular in shape, having a frontage on Pelham Parkway North of 200 feet, and on the west side of Hering Avenue—100 feet. On September 29, 1953, the Tax Commission assigned the number 64 to the plot, which formerly had consisted of five lots, numbered 64, 66, 68, 69 and 70. In the deeds to the present owner—Putter, Fine Building Corp., executed September 21, 1953, the plot is described as comprising "lot numbers 387, 388, 393 and 394 on a certain map entitled 'Map of 920 lots belonging to Louis Gold and Company, situated on Pelham Parkway North, Williamsbridge Road, Mace Avenue, Young Avenue and adjacent streets and avenues, County of The Bronx, New York City'". The deed records that this Map was filed in the office of the Register of Bronx County on November 20, 1923, as Map Number 747. A survey in possession, dated September 28, 1953, prepared by Douglas Knox and Stephen L. Garvin, Inc., City Surveyors, indicates that the plot under the Gold lot numbers or former Tax Department numbers coincide substantially with the dimensions of present Lot 64. There appears, however, to be no dispute as to the plot itself. Photostat copy of the deed filed with the Board on January 12, 1954, does not indicate that the deed has been recorded.

A change of zoning of an area on the north side of Pelham Parkway was under consideration by the Planning Commission from May—1953, when it was suggested by the owners in the area, to September—1953. Under C.P. 10105, public hearings were held on July 15th, August 12th and September 9, 1953, when the zoning change was adopted and filed with the Board of Estimate. On September 17, 1953, the change of zoning appeared on the Board of Estimate Calendar as #111, and it was placed on file. Under Section 200 of the Charter, the new zoning became effective October 10, 1953. In a letter to the Borough Superintendent, dated October 21, 1953, the Secretary of the City Planning Commission stated that the area change became effective October 13, 1953. The force of this area zoning change was to place the plot under consideration into an E-1 area, permitting single and two-family residence buildings only, whereas, the prior zoning as E also permitted multiple dwellings. The plot was and is in a residence use district. Adjacent area to the west of Laconia Avenue is zoned E.

On September 29, 1953, the architects for the owner, S. J. Kessler & Son, filed with the Borough Superintendent of the Bronx Department of Housing and Buildings, an application for the erection on the plot under consideration of a Class III six-story Class A Multiple Dwelling with accessory garage. With this application were filed "7 temporary sheets" of plans, one survey and Tax Department record, showing assigned lot No. 64. N.B. Application 1103-53 was assigned to this application.

The record indicated that plans were examined, area of building computed, zoning requirements checked for a residence use, E area and Class 1 height. Upon completion of this examination by the Plan Examiners of the Department of Housing and Buildings, cloth plans were filed on October 5th, 1953, and test boring data,

MINUTES

Workmen's Compensation requirements furnished and Permit to "perform the entire work" described on the plans was issued—No. 1981. This Permit appears to be the only permit, except Plumbing and Curb Cut, asked for or issued for any part of the work, such as excavation, on this Lot 64, as the Permit includes the "entire work". The record does not indicate what, if any, corrections were required by the Examiner as to the temporary plans on September 29th before requesting the usual cloth prints for approval. It does not appear that undue speed of examination occurred. All of the examination could have been done in a day's time, if the Examiner was not called to other duties.

The Department's records indicate that on October 22, 1953, Inspector Fitzpatrick, per J. J. H., reported "that the work described in the above entitled Application (1103-53) was begun on October 7, 1953". An affidavit, required by the Board, of the Supervising Inspector, dated January 18, 1954, stated that he visited the site for the purpose of examining the soil and found the excavation had been completed and the forms were in place for the footings and foundation wall of the west wall, and that when he visited the premises again on October 9, 1953, he found that the west wall was poured approximately 90 ft. long and 8 ft. high.

There appears to be no disagreement on the part of the applicant who says the wall was erected on October 6th, 7th and 8th after excavation was started on October 5th. He is incorrect in stating that the work was done without plan or specification, as the records clearly indicate approval of plans and issuance of a Permit for the entire work on October 5th.

The Board has to decide whether the work was lawfully started and vested rights acquired prior to the effective date of the E-1 area zoning on October 10th. The fact that no further work had been done is unimportant in view of the provisions of Section 22B of the Zoning Resolution that protect the owner and give him time to complete the building during five years, provided substantial work above the foundation is done during the first of the five years. The purpose of Section 22B is to prevent danger of cancellation of a permit issued prior to the change of zone where a lawful start has been made but where the building is not completed within the Code requirements.

Before considering the terms of Section 22B, the Board has to determine the question whether the building in question was "lawfully started", which has to be determined from the facts. The facts appear to be that in addition to financial commitments to the architect, sub-contractors, material men and others, actual work on the site as an integral part of the building, consisting of the westerly foundation wall to approximate grade, as well as the greater part of the required excavation, was completed in accordance with the approved working drawings and the permit issued prior to the effective date of the E-1 area zoning.

Following the court decisions in similar cases, among others—*Ortenberg v. Bales*, 250 N. Y. 598; *Rice v. Van Franken*, 255 N. Y. 541; *Hassel v. Murdock*, 285 N. Y. Supplement 54; *City of Little Falls v. Fisk*, 24 N. Y. Supplement (2) 460; *Ohlau v. Kleinert*, 201 N. Y. Supplement 83; *Tralow Realty Corp. v. Murdock*, 24 N. Y. Supplement (2) 561, *People v. Miller*, 304 N. Y. 105—the Board finds that Permit 1981 was lawfully issued by the authorized officer and that the owner has relied thereon and completed substantial work required as part of the building in accordance with the approved plans—N.B. 1103-53, and that the owner has acquired a vested right which the City has no right to revoke. The Board also finds that the Borough Superintendent has no choice or discretion as to issuance of a permit, but is duty bound to issue a permit at any time prior to the effective date of a change of zone if plans meet all requirements—*Reade* 58 N. Y. S. (2) 390; that thereafter his duty is to allow the work to continue if the facts square with the following, as recently stated by

the Court of Appeals in *People v. Miller*, cited above,—“only when work of a substantial character has been commenced prior to such amendment and enforcement would, therefore, cause serious loss to the owner, will the regulation be declared inoperative as affecting vested rights.”

It is suggested that the City Planning Commission consider a further amendment, if it can be constitutionally done, establishing a "twilight zone" during which permits should not be issued while zoning changes in an area are being considered. The Board believes that providing in the Zoning Resolution for completion of a building at a time which may not be consistent with the Building Code is a matter for the Council and not the Planning Commission.

Resolved, that the decision of the borough superintendent dated October 16, 1953, refusing to revoke Permit #1981, issued on N.B. 1103/53, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

Adjourned: 10:25 A. M.

JOSEPH J. DOYLE, *Chief Clerk*.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 15, 1953, as they appeared in Bulletin No. 51, Vol. 38, are hereby corrected to read as follows:

378-47-BZ

APPLICANT—Lama, Proskauer and Prober, for Rose Sempliner, owner.

Subject—Application for consideration—reopening and extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7h of the zoning resolution, permitting in a residence use district, for a term of years, the parking and storage of motor vehicles.

PREMISES AFFECTED—2863-2873 West 31st street, east side, 100 ft. north of Mermaid avenue (Block 7009, Lots 54, 56 and 58), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 2, 1947, on certain conditions; and

WHEREAS, the term of variance was extended on January 10, 1950 and January 22, 1952; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 2, 1947, only so far as it has reference to the term of the variance, so that as *amended* this portion of the resolution shall read:

"granted under section 7, subdivision h for a term of two (2) years, from the date of this *amended* resolution, to permit * * *; that other than as herein *amended*, the resolution adopted as above cited shall be complied with in all respects; and that a new certificate of occupancy shall be obtained" (Alt. 969/47).

* Correction—Address of premises affected changed from 2867 West 31st street to 2863-2873 West 31st street.

PUBLIC HEARING

PROPOSED RULES COVERING DRY CLEANING ESTABLISHMENTS PURSUANT TO THE ZONING RESOLUTION OF THE CITY OF NEW YORK (CAL. 958-47-SR VOL. II)

NOTICE IS HEREBY GIVEN that a public hearing was held by the Board of Standards and Appeals on *Friday, March 12, 1954* at 10 A. M., in Room 1013, Municipal Building, Manhattan, on the Proposed Rules Covering Dry Cleaning Establishments, Pursuant to the Zoning Resolution of The City of New York.

Authority

Section 666, Subd. 2 of the Charter of the City of New York and Article V, Section 21 and Article II, Section 4(a), Subd. 53 of the Zoning Resolution of the City of New York.

Application of Rules.

These rules shall be deemed to apply only to those excepted dry cleaning establishments existing or hereafter established, pursuant to Article II, Sections 4(a), Subd. 53, 4-A, 4-B and 4-C of the Zoning Resolution.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York.

Zoning Resolution.

ARTICLE I—DEFINITIONS

§1. Definitions. * * *

(cc) For the purpose of this resolution, "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

ARTICLE II—USE DISTRICTS

§4. Business Districts. (a) In a business district no building or premises shall be used, and no building shall be erected which is arranged, intended or designed to be used, for any of the following specified trades, industries or uses:

(11) Dyeing establishments.

(53) Dry cleaning establishments, except for establishments which conform to the restrictions set forth below:

(a) Not more than two dry cleaning units shall be installed, and such units shall have an aggregate dry load capacity of not more than 60 pounds, as rated by the Board.

(b) The gross floor area of the dry cleaning establishment, including space used for dry cleaning, pressing and incidental operations, and space used for storage, service of customers and convenience of employees, shall not exceed 2,000 square feet. However, additional space may be used on a lower floor which is either a basement or a cellar, provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles.

(c) No solvent having a flash point less than 138.2 degrees Fahrenheit shall be used, except for incidental removal of spots.

To protect the public health, safety and welfare in accordance with the general purpose and intent of this resolution, to safeguard the character of the predominant types of uses located in the districts affected, and to protect the occupants of nearby residences and other premises from traffic congestion, fire, explosion, vibration, noise, heat, smoke, odors, toxic vapors and other forms of air pollution, the Board, after public notice and hearing, may adopt, and from time to time amend, rules and regulations for the operation and maintenance of dry cleaning establishments permitted under subsections (a), (b) and (c) above. Such rules and regu-

lations may cover inter alia location of entrances to and exits from such establishments, installation of equipment and hours of operation of such establishments. Such rules and regulations may also prescribe the conditions under which such establishments may exist in buildings in which residences are located.

Any dry cleaning establishment which was in existence prior to January 1, 1953 in any use district to which the provisions of this section apply, may be continued, but no such establishment shall be enlarged or extended, nor shall the capacity of its dry cleaning units be enlarged, except in conformity with all the provisions of this section. Such existing establishments shall be subject to the aforesaid rules and regulations of the Board.

Section 4-A. Retail Districts. In a retail district the same regulations and restrictions shall apply as are provided for business districts except that no manufacturing or treatment of products shall be carried on other than such as are incidental to the conduct of a retail business conducted on the premises, or such other manufacturing as is now permitted in a business district, provided that in such other manufacturing not more than five per cent (5%) of the total floor space of the building is so used. However, any use or uses specifically authorized under the provisions of §3 (10) shall be permitted in a retail district. In addition, dry cleaning establishments conforming to the provisions of §4(a) (53) shall be permitted in a retail district, provided such establishments are for retail purposes where services are performed directly for consumers or for transient hotels, or as an accessory use in transient hotels and department stores.

Section 4-B. Restricted Retail Districts. In a restricted retail district, the same regulations and restrictions shall apply as are provided for retail districts except, that in a restricted retail district no building or premises shall be used and no building shall be erected which is arranged, intended or designed to be used for any of the following purposes:

(m) Dry cleaning establishments, other than an establishment conforming to the provisions of §4-A, which is located in a passenger terminal, or as an accessory use in a transient hotel or a department store.

Section 4-C. Local Retail Districts. In a local retail district, the same regulations and restrictions shall apply below the level of that first story ceiling as are provided for restricted retail districts, except that no manufacturing of any kind shall be permitted; and no building shall be erected or structurally altered which is arranged, intended or designed to be used above the level of the first story ceiling for any use not permitted in a residence district. However, the provisions of this section shall not apply to projects authorized pursuant to §3 (10) of this resolution. In addition, the provisions of §4-B(m) shall not apply, and dry cleaning establishments conforming to the provisions of §4-A shall be permitted in local retail districts.

Rule 1. Definitions.

For the purpose of these rules, the following definitions shall apply:

1.1. The term "dry cleaning establishment" shall mean any room, place or space in which dry cleaning, as defined in the Zoning Resolution is performed.

1.1.1. For other purposes a dry cleaning establishment shall be as defined in Ch. 19 Adm. Code.

1.2. The term "retail", "retail purposes" and "retail business" shall mean only such dry cleaning establishment performing services on articles conveyed directly by

PUBLIC HEARING

a retail customer to such dry cleaning establishment, or collected directly from the retail customer by such dry cleaning establishment, and directly processing such articles for said customer.

1.3. The term "hereafter" or "hereafter established" shall mean established after January 1, 1953.

1.4. The term "existing" shall mean established before January 1, 1953.

1.5. All other terms used shall be as defined in the Zoning Resolution, Administrative Building Code, Multiple Dwelling Law or Labor Law when not inconsistent with the specific terms defined herein.

1.6. The term "spotting or sponging" shall mean the local application of inflammable liquid solvents and other cleaning preparations to remove spots of dirt, grease, paint or stains from wearing apparel, fabrics, textiles or articles of any other sort.

Rule 2. Permits.

2.1. It shall be unlawful to maintain or operate any dry cleaning establishment as herein defined without a permit from the Fire Commissioner.

Rule 3. General Provisions.

3.1. No dry cleaning unit, system, device, machinery or equipment shall be installed or used unless each such appliance is approved by the Board.

3.1.1. The dry load capacity of any dry cleaning unit for the purpose of these rules shall be rated by the Board on the basis of 2.8 lbs. per cubic foot of the volume of the washing compartment for each washing cycle.

3.2. No solvent shall be used in any dry cleaning establishment as defined herein, unless same has been tested and rated by the Fire Commissioner as being permissible under these rules.

3.3. Before any premises may hereafter be used for a dry cleaning establishment, plans or diagrams and applications shall be filed with the Department of Housing and Buildings by the owner, lessee or agent of such premises on forms furnished by the Department, and an approval obtained thereon.

3.4. Before the Fire Commissioner shall issue or renew a permit pursuant to the Fire Prevention Code and these rules for a dry cleaning establishment existing or hereafter established, it shall require certification from the Department of Housing and Buildings of compliance with these rules.

3.5. Before the Department of Housing and Buildings shall approve any existing dry cleaning establishment, there shall be filed on forms furnished by the Department a statement under oath by the proprietor or agent of such existing establishment as to the extent, capacity and equipment of said dry cleaning establishment as the same existed on January 1, 1953.

3.6. No non-conforming existing establishment shall be enlarged or extended in any conforming manner or respect, unless it is made to comply in each respect to the requirements for dry cleaning establishments hereafter established.

Rule 4. Restrictions on Locations.

4.1. No dry cleaning establishment hereafter established shall be permitted on any floor above the first floor of any building, except when within a fireproof department store, fireproof transient hotel or fireproof passenger terminal.

4.2. No dry cleaning establishment hereafter established shall be permitted within any building:

4.2.1. which is of wood frame construction;

4.2.2. which is classified as a "Public Building" or non-fireproof "Residence Building", pursuant to Section C26-235.0 Administrative Building Code;

4.2.3. any part of which establishment is within twenty feet (20 feet) of any Public Building or any non-fireproof Residence Building;

4.2.4. the restriction against Non-Fireproof Residence Buildings shall not be applicable when the proprietor of the dry cleaning establishment is the occupant of the residential part of the building.

Rule 5. Egress.

5.1. The means of egress in all dry cleaning establishments shall be in conformity with the applicable provisions of the building laws and regulations governing such establishments. In addition thereto, all establishments shall conform to the following:

5.1.1. Three foot (3'-0") clear wide aisles shall be provided, affording proper access to all required means of egress. Such required aisles shall not be obstructed in any manner whatsoever.

5.1.2. Required means of egress shall be indicated by signs reading "EXIT" with letters eight inches in height. Where exits are not visible from any area, illuminated directional signs shall be provided indicating direction of travel to such exits. Each exit sign shall be illuminated by a red light of not less than twenty-five watts or equivalent photometric rating. Directional signs shall be the same dimensions as specified in this section for exit signs. It shall be unlawful to obscure in any manner any required means of egress, passageway, exit sign, exit light or directional exit sign.

5.1.3. All required exit doorways shall be arranged to swing outwardly in the direction of the egress.

5.2. No dry cleaning unit hereafter installed shall be located more than fifty feet (50') from any exit doorway.

Rule 6. Fire Prevention.

6.1. All dry cleaning establishments shall comply with the following:

6.1.1. Be equipped with adequate sand buckets or approved fire extinguishers as the Fire Commissioner may direct.

6.1.2. No device or apparatus employing flame or fire, or which is likely to produce an exposed spark, shall be used in any establishment, except electric apparatus placed at least five feet (5') above floor or approved type of "explosion proof" electric motors.

6.1.3. Electric lighting shall be fitted with keyless sockets, and all switch and receptacles shall be placed at least four feet (4') above floor.

6.1.4. All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding 55 gallon capacity with a tight-fitting cover, and when filled shall be removed from the premises and disposed of in a lawful manner.

6.2. All solvent shall be received in approved metal containers, not exceeding 55 gallons each, and in such total quantities as may be required for initial charging

PAID

Permit No. 4875

Periodical Division
University of Illinois Library
Urbana, Ill.

PUBLIC HEARING

of dry cleaning units, plus a reserve supply, equal to initial charge. Reserve supply shall be stored outside of area devoted to dry cleaning in well ventilated spaces approved by the Fire Commissioner.

- 6.3. All spotting and sponging shall be done within well ventilated spaces. All solvent used for such purposes shall be contained in an approved metal container, not exceeding two quart capacity.
- 6.4. It shall be unlawful to store any inflammable liquids or solvents in any dry cleaning establishment in excess of five gallons.
- 6.5. No smoking shall be permitted in any dry cleaning establishment. Approved signs shall be conspicuously posted to that effect as directed by the Fire Commissioner.
- 6.6. Any heating plant within a dry cleaning establishment shall be a steam or hot water system. No heating plant shall be permitted in the same area or space where dry cleaning units are located, unless such plant shall be placed in a separate ventilated room enclosed by one-hour fire resistive partitions and doors. No heating plant shall be located directly under any dry cleaning unit.
- 6.7. Non-fireproof partitions and ceilings enclosing any dry cleaning establishment hereafter established shall be fire retarded with one-hour fire resistive materials and doors, or in lieu thereof be equipped with an approved automatic wet pipe sprinkler system having its source of supply from the house water system.
- 6.8. All openings from any dry cleaning establishment leading to a fire escape shall be equipped with a fireproof self-closing door or fireproof window assembly.
- 6.9. Where, in the opinion of the Fire Commissioner, an existing dry cleaning establishment requires additional fire protection facilities for the safety of the occupants or adjoining property, he may order such fire extinguishing appliances as deemed necessary pursuant to Ch. 19 Adm. Code Sec. C19-161.0.

Rule 7. Ventilation.

- 7.1. Every dry cleaning establishment shall be equipped with adequate mechanical ventilation to provide a complete change of air at least once every three minutes of the air volume of such establishment during the

operation of any dry cleaning equipment. Such method of ventilation shall exhaust to the outer air, and be provided with fresh air inlets. Exhaust ventilation shall discharge at least seven feet above any roof or grade and at least five feet away from any other premises, window, door or vent openings.

- 7.2. Any direct equipment exhausts or vents shall terminate to the outer air, at least seven feet (7') above any roof or grade, and at least ten feet (10') away from any other premises, window, door or vent openings.

Rule 8. Operating Precautions.

- 8.1. A printed notice specifying instructions for safe operating methods shall be posted in a conspicuous place in all establishments.
- 8.2. The proprietor of an establishment shall furnish to any person cleaning or servicing a dry cleaning unit containing any chlorinated hydrocarbon solvent an approved type gas mask for his personal use during such process. It shall be the duty of the proprietor to enforce this rule.
- 8.3. All dry cleaning establishments shall operate its mechanical equipment only within the hours of 8:00 A.M. and 6:00 P.M. during regular working days. No such work shall be performed on Sundays and legal holidays.

Rule 9. Equipment Installations.

- 9.1. All equipment shall be installed in a manner to minimize noise, vibration, smoke, odors and other forms of nuisances to the occupants or any adjacent premises.
- 9.2. Should the operation of any equipment or conduct of a dry cleaning establishment be declared a "nuisance" by the administrative official having jurisdiction it shall be forthwith abated or removed upon notice to the proprietor and upon failure to do so within a reasonable time and the Permit for the establishment may be revoked by the Fire Commissioner.

Rule 10. Penalties.

- 10.1. Any violation of these rules shall be subject to the penalties prescribed in the Zoning Resolution therefor, in addition to other penalties prescribed by law.

BOARD OF STANDARDS AND APPEALS

HARRIS H. MURDOCK, Chairman

EDWIN W. KLEINER

SEAN P. KEATING

DEPUTY CHIEF EDWARD CONNORS

JOSEPH J. DOYLE, *Chief Clerk*

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the
engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and
one in the afternoon—Saturdays excepted.

CONTENTS

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

This issue of the Bulletin contains in the order given—

Docket.

HARRIS H. MURDOCK, *Chairman*.

APRIL 27, 1954, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday morning, April 27, 1954*, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matter:

20-43-BZ

APPLICANT—George H. Colin, for Crew Levick Corporation, owner.

SUBJECT—Application (decision of the borough superintendent) under sections 7a and 7c of the zoning resolution, to permit in a business use district, the alteration and extension of an existing gasoline service station; the erection and maintenance of a new accessory building also, the construction of a proposed curb cut on the same street and between the same intersection streets upon which there is located a school.

PREMISES AFFECTED—6101-6111 Bay parkway and 2202-2212 61st street, southeast corner (Block 6550, Lot 6), Borough of Brooklyn.

Laid over from June 9, 1953, to September 15, 1953, at request of attorney for objectors, applicant concurring pending negotiation as to sale of property to church; no further requests for adjournment; then to January 26, 1954, at request of objector and possible purchaser of premises and with the approval of the applicant's representative; then to April 27, 1954, at request of objector, applicant concurring, pending negotiations as to sale of premises and acquisition of a gasoline station site to replace present site.

HARRIS H. MURDOCK, *Chairman*.

MINUTES

BOARD OF STANDARDS AND APPEALS

REGULAR MEETING

TUESDAY MORNING, FEBRUARY 2, 1954, 10 A. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating.

The minutes of the regular meetings of the Board on Tuesday morning and afternoon, January 19, 1954, were approved as printed in the Bulletin of January 26, 1954, Vol. 39, No. 4.

550-19-BZ—Vol. II

APPLICANT—H. M. Cole for Cole and Liebmann, for Seafarers Building Corp., owner.

SUBJECT—Application reopened November 4, 1953—(decision of the borough superintendent) under sections 7f and 19A(j) of the zoning resolution, to permit in a business use district, the change in occupancy from garage for more than five motor vehicles to storage and office building, and to permit the maintenance of existing gasoline tank and pump, with a loading door nearer to intersection than is permitted.

PREMISES AFFECTED—615-619 4th avenue, northeast corner of 18th street (Block 631, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: H. M. Cole.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Taken off the calendar for a new date for hearing. Notices not mailed to property owners in the affected area.

499-48-BZ—Vol. II

APPLICANT—Andrew Di Camillo, for Utility Laundry Service, Inc., owner.

SUBJECT—Application reopened July 14, 1953 as Vol. II—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles for owner's, patrons', and employees' cars (no fee to be charged). PREMISES AFFECTED—2822-2830 West 21st street, west side, 160 ft. south of Neptune avenue (Block 7017, Lot 20 and part of Lot 14), Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew Di Camillo.

For Opposition: M. H. Yachnin and Jack Wallach.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

718-49-BZ—Vol. II

APPLICANT—David Cybul, for Vincent Mastroianni, owner (Paul Carachiolo, lessee), and owner under contract.

SUBJECT—Application reopened June 30, 1953 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a business district, the erection and maintenance of an automatic auto laundry (principal business) and office.

PREMISES AFFECTED—2547-2549 86th street, north side, 97.3 ft. west of Stillwell avenue and 2016 Stillwell avenue (Block 6860, part of Lot 32), Borough of Brooklyn.

MINUTES

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. at request of applicant to file revised plans.

788-49-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Herman Flyer, owner.

SUBJECT—Application October 10, 1952, reopened October 28, 1952 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business use district the extension to existing automatic automobile laundry.

PREMISES AFFECTED—88-16 (88-12 to 88-20 displayed) Northern boulevard and 33-02 to 33-10 89th street, southwest corner (Block 1436, Lot 6), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for full vote of the Board; hearing closed.

608-50-BZ

APPLICANT—J. A. Petrelli, Socony-Vacuum Oil Co., Inc., for Jerome Silver, owner.

SUBJECT—Application reopened January 5, 1954 for consideration as to amended plans, Application (decision of the borough superintendent) previously granted on condition, under sections 7c and 7i of the zoning resolution, permitting in the business use portion of a plot located in a residence and business use district, the reconstruction of an existing gasoline service station by the construction and maintenance of a new building for lubritorium, high speed auto laundry, motor vehicle repair shop, waiting room, office and accessory sales; and permitting the parking of more than five cars waiting to be serviced.

PREMISES AFFECTED—3002-3016 Ocean avenue and 1918-1930 Jerome avenue, southwest corner (Block 7464, Lots 16 and 78), Borough of Brooklyn.

APPEARANCES—

For Applicant: William C. Blaser.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 9, 1954, at 10 A. M. for further consideration.

878-52-BZ

APPLICANT—George W. Swiller, for Herman W. Judelson, owner.

SUBJECT—Application December 16, 1952—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a business building (stores).

PREMISES AFFECTED—1563-1565 Longfellow avenue, west side, 75 ft. south of East 173rd street (Block 3001, Lots 28, 29 and 30), Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem, George W. Swiller and H. W. Judelson.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

153-53-BZ

APPLICANT—Siegel and Green, for The 216 East 70th Street Corp., owner (Yorkville Medical Group, lessee).

SUBJECT—Application February 25, 1953—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence use district, the change in occupancy from two family dwelling to group medical center.

PREMISES AFFECTED—216 East 70th street, south side, 268 ft. east of 3rd avenue (Block 1424, Lot 38), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel and Hyman E. Bass, M.D.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for inspection and decision; hearing closed.

154-53-A

APPLICANT—Siegel and Green, for The 216 East 70th Street Corp., owner (Yorkville Medical Group, lessee).

SUBJECT—Application February 25, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—216 East 70th street, south side, 268 ft. east of 3rd avenue (Block 1424, Lot 38), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel and Hyman E. Bass, M.D.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. in conjunction with Cal. 153-53-BZ.

295-53-BZ

APPLICANT—James J. Lyons, Jr., Emil Gutermann, owner.

SUBJECT—Application April 16, 1953—(decision of the borough superintendent) under sections 7f and 21 of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash (non automatic), and office.

PREMISES AFFECTED—2630-2634 Bailey avenue, east side, 150 ft. south of West 193rd street (Block 3239, Lots 14, 16 and 17), Borough of The Bronx.

APPEARANCES—

For Applicant: James J. Lyons, Jr., and Emil Gutermann.

For Opposition: John J. Harrington, Mary Harrington, Lucille H. Harrington, Michael Ditostuano, John Shiden, Joseph Pagliaro and L. M. Wolbach.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 2, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

346-53-BZ

APPLICANT—Hannibal F. Zumba, for Sol Goldman and Irving Goldman, owners.

SUBJECT—Application May 6, 1953—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence and business use district, the change in occupancy from motion picture theatre to store on first floor and manufacturing on second floor.

PREMISES AFFECTED—211-213 Columbia street, east side, 37 ft. south of Sackett street and 138 Sackett street (Block 336, Lots 7 and 12), Borough of Brooklyn.

APPEARANCES—

For Applicant: Hannibal F. Zumba, Leonard F. Rothkrug and Sol Goldman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

MINUTES

ACTION OF BOARD—Laid over to March 2, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

445-53-BZ

APPLICANT—Elias K. Herzog, for A. F. and G. Realty Corp., owner.

SUBJECT—Application June 4, 1953—(decision of the borough superintendent) under sections 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a motor vehicle repair shop, and to permit the parking and storage of more than five motor vehicles as an accessory use.

PREMISES AFFECTED—1158 Close avenue, east side, 174.69 ft. south of Westchester avenue (Block 3736, Lot 30), Borough of The Bronx.

APPEARANCES—

For Applicant: Elias Herzog, P. D. Concagh and Paul Pearl.

For Opposition: Melville E. Abrams.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for applicant to submit revised plans; hearing previously closed; premises have been inspected.

629-53-BZ

APPLICANT—Siegel and Green, for Seamanav Realty Corp., owner.

SUBJECT—Application August 26, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district the change in occupancy in cellar of class A multiple dwelling from day nursery to a retail store.

PREMISES AFFECTED—270 Seaman avenue, southwest corner of West 218th street (Block 2250, Lot 72), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for further study by applicant.

633-53-BZ

APPLICANT—George H. Colin, for Crew Levick Corp., owner.

SUBJECT—Application August 28, 1953—(decision of the borough superintendent) under sections 7c, 7i and 21 of the zoning resolution, to permit in the business use district portion of a lot located in a residence and business use district, the reconstruction of existing gasoline service station to include lubritorium, car-wash, motor vehicle repairs, accessory sales and office; with signs, show windows and curb cuts nearer to the residence use district than is permitted.

PREMISES AFFECTED—1924-1934 Flatbush avenue, northwest corner of Kings highway (Block 7815, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Benjamin Mosher, Robert Stanton and Nicholas Carbonaro.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

635-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Palmeri's Service Station, owner.

SUBJECT—Application September 3, 1953—(decision of the borough superintendent) under sections 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a structure to be used as a motor vehicle repair shop, and to permit the parking of motor vehicles waiting to be serviced.

PREMISES AFFECTED—3564 Boston Post road and 3425-3431 Teimann avenue, southwest corner (Block 4728, Lot 79), Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama and Salvatore Palmeri.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 2, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

677-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Marker Brothers Fresh Meadow Garage, Inc., owner.

SUBJECT—Application September 21, 1953—(decision of the borough superintendent) under sections 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a structure to be used for motor vehicle repairs, body and fender work, painting, spraying and welding, and to permit the parking of cars waiting to be serviced.

PREMISES AFFECTED—61-26 to 61-30 Fresh Meadow lane, west side, 240.05 ft. south of Horace Harding boulevard (Block 6901, Lot 48), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Carl Marker.

For Opposition: Harry T. Conostas, Arthur Bambauer, Edward Goldstein, Norman H. Bunin and Sarah Mansky.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 2, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

1051-21-BZ—Vol. III

APPLICANT—Anthony T. Nappi, for Mary Nappi, owner.

SUBJECT—Application September 19, 1953 (decision of the borough superintendent), under sections 7f and 7i of the zoning resolution, to permit in a residence and business use district, the change in occupancy and the reconstruction and alteration of garage for more than five motor vehicles and motor vehicle repair shop (previously granted by the Board), to gasoline service station, motor vehicle repair shop, lubritorium, auto laundry and office (previously denied by the Board), and to permit the parking of motor vehicles on unbuilt upon portion of plot (previously granted by the Board).

PREMISES AFFECTED—1820-1832 Cropsey avenue and 231-243 Bay 19th street, southeast corner (Block 6464, Lots 16 and 24), Borough of Brooklyn.

APPEARANCES—

For Applicant: Anthony Nappi.

For Opposition: Abram Shlefstein and Milton Mitwell.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating 3

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on October 14, 1953 subject to regular procedure, to consider amended proposal with new plans and new decision; and

MINUTES

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; laid over to February 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bay 19th street is in residence and business use, A area, class 1½ height districts; Cropsey avenue is in a business use, A area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated August 14, 1953 acting on Alt. Applic. 3219-53, reads:

"1. The proposed change in use of the premises from garage for more than five cars and motor vehicle repair shop to gasoline selling station, motor vehicle repair shop, lubritorium, auto laundry and parking of motor cars waiting for service and the reconstruction and structural alteration as proposed, partly within a residence and partly within a business use district is contrary to the Zoning Resolution Art. II, Sec. 3 and Sect. 4(a), subdiv. 29 and 46.

Note: These premises were the subject of action by the Board of Standards & Appeals under Cal. 1051-21-BZ and under Cal. 1051-21-BZ—Vol. II (Alt. 1548/51). The variance on the latter was not availed of by applicant."

and

WHEREAS, the applicant states that the premises consist of a plot, 111 ft. and 121 ft. frontage by 150 ft. in depth, irregular, on which is located a building 60 ft. front by 120 ft. 6 in. in depth, one story in height, of class 3 construction, presently used as a garage for more than five motor vehicles and motor vehicle repair shop, for which certificate of occupancy No. 17409-22 has been issued; that it is proposed to use the site as a gasoline service station, to continue the use of the motor vehicle repair shop and to continue the parking of motor vehicles; and

WHEREAS, the applicant contends that under this application, garage for more than 5 cars is omitted; that two present entrances on Bay 19th street will be bricked up and curb cuts in front of these doors will be eliminated and curbing restored; that Cropsey avenue and Bay 19th street facades will be constructed in colonial design in keeping with architecture of neighboring dwellings; that the plot has been reduced in depth, the rear portion having been sold; that on July 29, 1940 Bay 19th street was changed from business to residential use; that the premises are presently developed with a one-story, 15 ft. high masonry building of class 3 construction, having a frontage of 60 ft. on Cropsey avenue and a depth of 120 ft. 6 in.; that the building is now being used for public garage for more than 5 cars and motor vehicle repair shop; that the vacant portion of the plot on the Cropsey avenue side is presently used for parking of used and new cars for sale; that fire department permit 22661 is currently in effect to use the building; and

WHEREAS, the applicant further contends that the present garage building on the plot was constructed in 1922 with face brick facades in compliance with the resolution of the Board; that it is now proposed to rehabilitate the structure and improve the premises in general; that it is proposed to remove the front wall of the building at the Cropsey avenue side and rebuild this wall 40 ft. back of the building line, discontinue all ingress and egress of motor vehicles to building on Bay 19th street; construct woven wire fence on the interior lot lines to the south and east and along Bay 19th street from rear wall of building to rear lot line; landscape along the fences and along the building line of Bay 19th street; remove present 550-gallon gasoline tank and pump and install six 550-gallon gasoline storage tanks and six parkway type dispensing pumps; that block 6437, lots 1 and 4, the entire block front directly opposite the premises under appeal are improved with non-conforming uses (garage and gasoline selling station); block 6436, lot 1, the entire block front diagonally opposite the subject premises is improved with non-conforming use (garage and gasoline selling station); that the property adjoining on the east, lots 27 to 36 inclusive, have their

rear yards to the subject property and are separated from the premises by a narrow strip of land (lot 26) which extends from Cropsey avenue to the center of the block a depth of 363 ft.; that the building to the south (lot 1) is separated from the subject premises by an open space measuring 37 ft. 6 in.; that the structure as proposed will be in harmony with adjoining buildings and will occupy less area and bulk than a conforming use; that the occupied area will be 29% of the plot; that permission is requested to use photographs filed with Vol. II as no changes have taken place in the neighborhood; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the committee has given careful consideration to the previous resolution, which permitted parking only, and to the proposed extension for the proposed uses, but noted that the premises at the rear and side were however being used for parking, for which there presumably is no permit; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions f and i, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 3219-53, be and it hereby is affirmed and that the application be and it hereby is denied.

1000-40-BZ—Vol. V

APPLICANT—Frank J. Ross, for Mero Holding Corporation, owner.

SUBJECT—Application May 27, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the alteration and extension of existing stores (previously denied by the Board and referred back to Board by Supreme Court and later granted for a term of years).

PREMISES AFFECTED—2337 Grand Concourse and 164 Field place, southwest corner (Block 3164, Lot 19), Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh and Frank J. Ross.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. V on June 9, 1953 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on January 5, 1953 after due notice by publication in the Bulletin; laid over to February 2, 1954, for inspection and decision, hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Field place are in a residence use, B area, class 1¼ height district; Grand Concourse is in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 15, 1953 acting on Alt. Applic. 314-53, reads:

"A-1. Proposed alteration to existing 10 rooms in basement now used for business in existing five-story and basement non-fireproof Class "A" multiple dwelling and located in a residence district, is contrary to the Resolution of the Board of Standards and Appeals—Resolution adopted January 18, 1949 and printed in Bulletin No. 4, Vol. 34, page 67."

and

WHEREAS, the applicant states the premises consist of a plot, 100 ft. frontage by 90 ft. in depth, on which is located

MINUTES

a building 100 ft. by 81 ft., irregular, 5 stories, 61 ft. in height, of class 3 construction, used as a multiple dwelling (stores in basement and janitor's apartment); that it is proposed to remove all existing partitions of rooms in basement which front on Grand concourse and construct new store fronts for six new stores, with terra cotta partitions separating the interior; and

WHEREAS, the applicant contends that practically all of the property on both sides of Grand concourse, from East 183rd street to Fordham road, is improved with stores at street level; that assessed valuation of real estate on Grand concourse has been increased in recent years to such an extent as to make it economically unsound to use ground floors for residential occupancy at this site; that Grand concourse is probably one of the most heavily trafficked arteries in the borough of The Bronx; that the Board has previously granted zoning variances permitting retail stores in the neighborhood of the subject site; that the proposed alteration does not propose increasing the space already devoted to retail use to any other floor, but rather to rearrange this basement space so as to make it more attractive to patrons and to separate more definitely the commercial from the residential portion of the building; that new outside stairs will be constructed on Field place for tenants to enter into lobby on 1st floor, and new lavatories will be provided in each store; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted under date of January 17, 1947, under Vol. III, so that as amended this portion of the resolution shall read:

"* * * that in the event the owner desires to enlarge the portion previously permitted for business use under the resolution cited above, such extension of use may be permitted under Section 7, Subdivision e, for a term of fifteen (15) years, substantially as proposed and as indicated on plans filed with this application marked 'Received May 27, 1953,' 1 sheet, and 'November 12, 1953,' 9 sheets, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto for use when permitted in a local retail district; that such extension of business use shall not be further extended; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

254-45-BZ—Vol. III

APPLICANT—Ingram S. Carner, for Titus Motors, Inc., owner.

SUBJECT—Application May 19, 1953 (decision of the borough superintendent), under sections 7c, 7f and 7h of the zoning resolution, to permit in the local retail use district portion of a plot located in a residence and local retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, sale and storage of accessories and office, and to permit the parking of cars waiting to be serviced, and to permit the extension of existing building with fireproof roof supported on lally columns, to display used cars (previously granted by the Board as a show room, motor vehicle repairs, using more than the area permitted, with an entrance more than 25 ft. from intersection and the installation of one 550 gallon gas tank and one dispensing pump within building); and to permit the parking and storage of new and used motor vehicles in the residence use district portion of plot at rear of existing buildings.

PREMISES AFFECTED—186-23 to 186-49 Merrick boulevard and 186-01 to 186-13 Ridgedale avenue, northwest corner; 186-02 to 186-16 Pineville lane and 125-12 to 125-32 DeFoe street (Block 12718, Lot 1), Springfield, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: Mrs. Howard Herbst, Mrs. V. J. Internicola and V. J. Internicola.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Klein-ert and Keating 3

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on June 2, 1953 subject to regular procedure, to consider alteration and extension of use as a show room, motor vehicle repairs, using more than the area permitted, with an entrance more than 25 ft. from intersection and the installation of one 550 gallon gasoline tank and dispensing pump within the building; and

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; laid over to February 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Ridgedale avenue and Pineville lane are in residence and local retail use, D and E-1 area and class ½ height districts; Merrick boulevard is in local retail and retail use, O area, class ½ height districts; DeFoe street is in a residence use, D area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated May 12, 1953 acting on Alt. Applic. 919-53, reads:

"1. The proposed extension to present auto showroom, motor vehicle repair shop, storage of bulky parts and five new and used cars as granted by the Board of S. & A. under Cal. #254-45-BZ, Vol. #1 and Vol. #2 to include parking and storage of more than five new and used cars and display shed used in conjunction with auto showroom and a new gasoline service station, lubritorium, car washing, storage and sales of auto accessories and parking of cars waiting to be serviced, on a plot partially in a local retail zone and partially in a residence zone is contrary to Article 2, section 3 and 4C of the zone resolution and must be resubmitted to the Board of S. & A. for approval."

and

WHEREAS, the applicant states the premises consist of a plot, 333.11 ft. frontage by 140.14 ft. in depth, irregular, on which is located a one story, class 3 constructed building, 100 ft. 1½ in. by 99 ft. 11 in. and a one story extension 53 ft. 7 in. by 31 ft. 4 in., for which certificate of occupancy No. 48642-48 for auto showroom and motor vehicle repair shop, storage of bulky parts and five new and used cars, has been filed, and was granted by the Board; that it is proposed to utilize the area at the rear of the present agency for the parking and storage of more than five new and used cars in conjunction with the authorized Dodge-Plymouth agency; that this portion of land fronts both on DeFoe street and on Ridgedale avenue, but it is proposed to maintain access to this portion of the property only from Ridgedale avenue; that it is further proposed to erect an extension to the existing building approximately 20 ft. by 43 ft. in size, with a fireproof roof supported on lally columns to display used cars; that it is further proposed to erect a masonry accessory building extension of colonial design to house a lubritorium, car wash, storage and sales of auto accessories, and office, which will be used in conjunction with gasoline dispensing pumps; that it is further proposed to erect the accessory building, a minimum distance of 10 ft. back from the residential portion of the property and all the property to the rear of the proposed improvements will be landscaped; that it is further proposed to erect a brick fence wall to a total of 6 ft. in height abutting the 13 ft. high rear wall of the accessory building to act as a buffer for the residential

MINUTES

portion; that along the westerly lot line of the property it is also intended to erect a masonry fence wall and retaining wall of similar design and height so as to properly screen off the parking area at the rear of the agency building; that it is proposed to maintain the present 6 ft. high woven wire fence along DeFoe street and the woven wire fence and gates facing Ridgedale avenue; that there will be no traffic or movement along DeFoe street and any movement along Ridgedale avenue will be only to the gates of the parking area; and

WHEREAS, the applicant contends that due to increased business and present merchandising methods this authorized agency finds it imperative to provide additional space for parking and storage of new and used cars at the rear of their premises; that in response to the continual demand for more efficient and complete service, it is proposed to include a gasoline service station, lubritorium and car washing in the proposed accessory building, which will be operated completely by the owners; that this use will meet a definite need at this point, as Merrick boulevard is a heavily trafficked thoroughfare; that these proposed improvements will in no way adversely affect this area and proper safeguards will be taken to screen off the residential portion; and

WHEREAS, the applicant states that the property at the present time is zoned as a class $\frac{1}{2}$ height district; that the portion of the property within 100 ft. of Merrick boulevard is in a local retail use, D area district and the remainder is in a residence use, D-1 area district; that as of July 25, 1916 the portion of the property within 100 ft. of Merrick road was zoned as a business district and the remainder was in a residence district; that the present local retail designation became effective January 21, 1947; that as of July 25, 1916 the property was in a one times height district and the present height designation became effective June 30, 1952; that on July 25, 1916 the entire property was in a D area district; that on June 3, 1947 the portion more than 100 ft. from Merrick boulevard was changed to its present E-1 designation; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states the owner has held title to property since May 3, 1945 (old lot 1), May 8, 1952 (old lot 9) and March 19, 1953 (old lot 13) and further states the land is assessed for \$35,200 and the buildings for \$30,000, making a total of \$65,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions c, f and h, of the Zoning Resolution, to extend area and uses as proposed.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 919-53, Obj. 1, be and it hereby is affirmed and that the application be and it hereby is denied.

566-51-BZ

APPLICANT—Lama, Proskauer and Prober, for Amalie Seyfried, owner.

SUBJECT—Application reopened January 5, 1954 for consideration as to amendment of resolution, to reduce plot and other changes, Application (decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office; and to permit the parking and storage of more than five motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—2929-2955 Shell road and 592-602 Triton avenue, southeast corner (Block 7269, Lot 29), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lania.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, on March 11, 1952 this application was granted by the Board on certain conditions, under sections 7f, 7i and 7h of the zoning resolution, to permit in a business use district, for a term of fifteen years, the subject premises to be occupied as a gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office, and to permit the parking and storage of more than five motor vehicles on unbuilt upon portion of plot; and

WHEREAS, on April 7, 1953 the Board reopened the application and extended time to complete; and

WHEREAS, the applicant requested reopening of this application and amendment of the resolution; and

WHEREAS, this application was reopened on January 5, 1954 and set for hearing on February 2, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated December 14, 1953 acting on N.B. Applic. 741-51, reads:

"3. Layout of bldg. does not agree with resolution of Bd. of St. & Appeals.

6. Resolution of Bd. of St. & Appeals calls for the demolishing of existing residences at rear."

and

WHEREAS, the applicant requests the following amendments to the resolution: to rearrange the accessory building on the plot and erect a 5 ft. 6 in. high brick wall to separate the existing dwelling from the gasoline station area; to allow the two 1-family dwellings to remain; to omit windows in the east wall and install skylight; parking and storage of motor vehicles to be maintained on the gasoline station area only and rearrange layout of building and omit the boiler room; change size of plot on Shell road from 156 ft. 8 in. to 162 ft. 11½ in., and to change the size of the most southerly lot line from 72 ft. to 76 ft. 10¼ in.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted by the Board on March 11, 1952, by adding thereto:

"that in the event the owner desires to reduce a portion of the plot, lot 29, for the gasoline service station and supplementary uses therewith, as shown on plans marked 'Received December 21, 1953' (3 sheets), such reduction in area may be permitted, and the requirements of the resolution above cited need not be complied with as to the portion of the premises to the east of the now proposed gasoline service station area, on condition that the requirements of the resolution adopted as above cited shall be complied with where not inconsistent with these revised plans; that the arrangement now shown on revised plans marked 'Received December 21, 1953' may be substituted with the use thereon shown; that the heretofore required masonry brick wall shall be located where now shown on such revised plans, and in view of this, the wire fence heretofore required on the lot lines not now to be incorporated in the gasoline service station area need not be constructed and the residence buildings existing on such portion of the premises may continue; that the resolution as adopted April 7, 1953, extending the time to complete may be amended so as to require that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." (NB 741/51)

APPLICANT—Simeon Heller, for Estate of Raphael Tassi, Executor of Estate, James Tassi, owner (Express Service Inc., lessee).

SUBJECT—Application October 16, 1952 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use, the change in occupancy from garage to garage, general storage, shipping and baling.

PREMISES AFFECTED—45-47 Downing street, west side, 92 ft. 7½ in. south of Bedford street (Block 528, Lot 80), Borough of Manhattan.

APPEARANCES—

For Applicant: Simeon Heller.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; laid over to February 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bedford street are in a residence use, C area, class 1¼ height district; Downing street is in residence and business use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 16, 1952 acting on Alt. Applic. 924-52, reads:

"1. Proposed change of use from garage to garage, general storage, shipping, baling is contrary to Art. II, Sec. 3 of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 29 ft. 7½ in. frontage by 90 ft. in depth, irregular, on which is located a building covering the entire lot, 3 stories, 45 ft. in height, of class 1 construction, for use as a public garage; that it is proposed to change the occupancy to cellar, general storage; 1st floor, garage for occupant's trucks, general storage, baling and shipping; 2nd floor, general storage, shipping and baling; 3rd floor, general storage, shipping and baling; and

WHEREAS, the applicant contends that this new use would be one permitted in a business district for which use this property was zoned until 1945; that it would be less harmful to the neighborhood, requiring less traffic to the building than the present public garage; that the only employees in the building would be those handling the stored materials and the two or three persons used to re-pack and re-crate some of the stored materials; that as this new use would exchange a highly restricted use for a less restricted use, it is requested that the Board grant this application; and

WHEREAS, the premises and the surrounding area were inspected by a Committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, for a term of ten (10) years, to permit the occupancy of the building substantially as proposed and as indicated on plans filed with this application marked "Received October 16, 1952," 2 sheets, and "October 30, 1953," 6 sheets, *on condition* that the building shall not be increased in height or area, and in all other respects shall comply with the requirements of the Zoning Resolution for a similar building when erected

in a business district; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable to the building and occupancy, other than as may be modified under Cal. 330-53-A; that such fire fighting equipment shall be maintained in the building as the Fire Commissioner shall require; that the handling of stored material shall be restricted to repacking and recrating as proposed and not to rags, paper or other similar combustible materials; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution and that a new certificate of occupancy shall be obtained.

330-53-A

APPLICANT—Simeon Heller, for Estate of Raphael Tassi, owner (Express Service Inc., lessee).

SUBJECT—Application April 22, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—45-47 Downing street, west side, 92 ft. 7½ in. south of Bedford street (Block 528, Lot 80), Borough of Manhattan.

APPEARANCES—

For Applicant: Simeon Heller.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for applicant to file letter of permission from adjoining owner to permit passage over his premises for rear exit.

APPLICANT—Henry Nordheim, for Groteville Holding Corp., owner.

SUBJECT—Application February 25, 1953—(decision of the borough superintendent) under sections 7e, 7h, and 21 of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—718 Grote street, south side, 6.40 ft. west of Prospect avenue (Block 3100, Lot 68), Borough of The Bronx.

APPEARANCES—

For Applicant: H. Nordheim.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 15, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision without further argument; then to February 2, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Grote street and Prospect avenue are in a residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated February 4, 1953 Acting on Alt. Applic. 53-53, reads:

"1. In a residence district the parking and storage of motor vehicles is contrary to Art. II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 105.11 ft. frontage by 167.39 ft. in depth, on which is located a dwelling and a four car garage; that it is proposed to use the vacant portion of lot for the parking and storage of cars; and

MINUTES

WHEREAS, the applicant contends that less than 50% of the plot will be occupied for parking and storage of motor vehicles and the balance is landscaped with trees, a lawn and hedges; that the owners reside in the three story frame dwelling on the plot, and they propose to park and store only private passenger cars, having no desire to commercialize the plot; that the site is about 3 ft. below the grade of Garden street and about the same below Grote street, except that it has a slope from Grote street; that it is proposed to maintain only the single entrance from Grote street, now now existing, with the existing curb cut, thus there will be no disturbance to neighbors on Garden street; that there are several large apartment houses on both Garden and Grote streets with tenants who own cars and at present clutter up the streets of the neighborhood for the want of parking facilities; that this is an unusually large plot of land with an assessed valuation of \$29,000, a burden not easy to carry; that at present there is no market for land no matter how well situated, as may be noted by the fact that adjoining lots Nos. 66, 72 and 74 are owned by the real estate bureau of the Board of Estimate; that these lots were taken over for lack of tax payments; that the site is assessed at \$29,000, of which \$4,000 is for buildings and \$25,000 for land and the tax for land is \$725; and

WHEREAS, the applicant states the owner has held title to site since June 22, 1923; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision h, for a term of five (5) years, to permit the premises, as proposed and as indicated on plans filed with this application marked "Received February 25, 1953," 2 sheets, and "November 13, 1953," 1 sheet, *on condition* that all buildings and uses proposed to be removed shall be removed and the premises shall be leveled substantially to the grade of Grote street, and where proposed for parking shall be surfaced with clean gravel or steam cinders and treated with a binder; that such parking shall be limited to the southerly portion of the lot as proposed and as shown on such plans; that on the interior and street building lines, where substantial fences do not already occur, there shall be erected new fences which may be of board, to a total height of not less than 5 ft. 6 in. where walls of adjoining building on the lot do not occur; that a similar fence shall be maintained along the street building line of Grote street, except for an entrance not over 11 ft. in width, with a curb cut opposite not over fifteen (15) ft. in width; that during the term of this variance the portion of the premises proposed to be used for parking shall be used for no other purpose and the requirements of all laws relating thereto shall be complied with other than as herein modified; that the entrance shall be solely from Grote street as shown; that no signs shall be erected on the premises as to the parking use, except there may be a sign erected at the entrance attached to the fence but not extending over the building line and not illuminated and not exceeding 15 sq. ft. in area, advertising the parking use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such portable fire fighting appliances shall be maintained in the adjacent garage building on the lot as the Fire Commissioner shall require; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution; that a certificate of occupancy shall be obtained.

473-53-BZ

APPLICANT—Herman B. Epstein, for Joseph Chirlin, owner.

SUBJECT—Application June 16, 1953—(decision of the borough superintendent) under section 7h of the zoning

resolution, to permit in a residence use district, the parking and storage of motor vehicles belonging to owner.

PREMISES AFFECTED—375 East 10th street, north side, 283 ft. west of Avenue C (Block 393, Lot 48), Borough of Manhattan.

APPEARANCES—

For Applicant: Herman B. Epstein.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 15, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision; then to February 2, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 10th street is in residence, local retail, business and unrestricted use, B area, class 1½ height districts; Avenue C is in local retail and unrestricted use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 18, 1953 acting on Alt. Applic. 676-53, reads:

"1. Parking space for 5 (or less) motor vehicles is not permitted in a residence use district as per Article 2, Section 3, paragraph 9 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. frontage by 94 ft. 9½ in. in depth, presently vacant; that it is proposed to use the vacant lot for the parking and storage of the owner's motor vehicles used in the fuel oil business, whose place of business is in the same block at 349 East 10th street; and

WHEREAS, the applicant further states that the entire lot is presently located in a residential use, 1½ height and B area district; that the north side of East 10th street, although now shown on district maps as a residence use district had been shown on said maps up to November 29, 1945 as a business district, but by C. P. No. 3820 dated November 29, 1945 was changed to a residence use district; that the district maps further show that the immediate area affected is situated in the following six different use districts; north side of East 10th street to within 100 ft. of Avenue C, residence; south side of East 10th street to within 100 ft. of Avenue C, business; north side of East 10th street from Avenue C extending west 100 ft., local retail; north side of East 10th street from Avenue C extending east, manufacturing; south side of East 10th street from Avenue C extending west 100 ft., unrestricted; south side of East 10th street east of Avenue C, retail; and

WHEREAS, the applicant contends that the site is located in a densely developed old law tenement and business area with no public or private garages or parking facilities within the affected area, and only garage facilities for a very few cars in the entire neighborhood; that the owner of these premises who has had an existing business since 1943 at 349 East 10th street, block 393, lot 61, owned by same owner and on same side of street within block, has proposed the use of the premises as an accessory use to his existing business for the parking of five or less motor vehicles; that the vacant lot will be used solely for the parking of owner's five or less motor vehicles and there will be no repairs of any kind conducted on the premises nor storage of any gasoline except in the gas tanks of the cars; that there will be no openings in the walls along side or rear lot lines and there will be no signs erected; that the premises will be completely cleared of refuse, leveled and graded with cinders and stone; that the complete area will be fenced in and motor vehicles will

MINUTES

be moved from site prior to 7:00 A.M. and returned after 6:00 P.M. daily, thereby being a safeguard to daily pedestrian traffic and in no way contributing to any daily traffic congestion; that it will further provide for the keeping of vehicles off the public streets; that one curb cut 10 ft. in width is requested; that variance is requested for a stated term of years with adequate protection and safeguard to a future change in character of the area; that the site is now in a residence use district previously a business use district and surrounded by six different use districts, thus surrounded by non-conforming use properties; that of the 47 lots immediately affected, six are residential use only; that the undesirability and character of the immediate neighborhood, size of lot and low rental area make it unsuitable for residential use and thus a tax burden on the owner; that it will remove a site susceptible to refuse and debris collections and will be replaced by a completely cleared and graded lot and will be an improvement to the area; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the Committee recommends that the application should be granted on condition for a temporary term; and

WHEREAS, it was found that the lot was already in use as proposed for storage of fuel oil trucks; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision h, for a term of five (5) years, to permit the occupancy of the premises, substantially as proposed, limited to trucks of the owner, and for no other use, as indicated on plans filed with this application marked "Received June 16, 1953", 2 sheets, *on condition* that suitable substantial fencing shall be maintained on all lot lines and the street line, with no openings therein except for an entrance at East 10th street not exceeding 10 ft. in width, which shall be fitted with gates and kept padlocked, except when owner's trucks are entering or leaving, and with a curb cut opposite not exceeding 15 ft. in width; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use; that there shall be no sign erected on the premises except a small sign not over 5 sq. ft. in area attached to the fence on the street line, stating the use of the premises and other information as may be required by the Commissioner of Licenses; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution and a certificate of occupancy shall be obtained.

488-53-BZ

APPLICANT—Max Horn, for Ethel M. Stubergh, owner.
SUBJECT—Application June 25, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles.

PREMISES AFFECTED—120-51 Smith street, east side, 319.6 ft. north of Baisley boulevard (Block 12381, Lot 29), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Max Horn and Harold Stubergh.

For Opposition: None.

For Administrator: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-	
ert and Keating	3
Negative	0
Absent: Deputy Chief Connors	1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Smith street are in a residence use, F area, class 1 height district; Baisley boulevard is in residence and business use, F area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 3, 1953 acting on Alt. Applic. 1067-53, reads:

"1. The parking and storage of motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 61.64 ft. frontage by 161.35 ft. in depth, irregular, presently vacant and used illegally for parking; that it is proposed to use the vacant lot for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the premises under appeal is an irregular plot with a frontage of 61.64 ft. on Smith street, an average depth of 165 ft. and 140 ft. on the rear line; that the plot was changed on July 29, 1940 from residence D to residence F; that the owner purchased and took title to this lot on August 30, 1952 with the intention of linking it up with the parking lot, lots 6 and 8, approved by the Board under Cal. 972-48-BZ which was extended for several terms, the last one February 10, 1953, and certificate of occupancy No. Q-88061, expiring March 24, 1955 was issued by the Department of Housing and Buildings; that the additional lot will serve two purposes, namely, to provide additional, greatly needed parking space during the racing season and to provide two ways of getting out after the races, so that the cars can be diverted north on Smith street and help relieve the traffic jam on Baisley boulevard; that the land in this area is virtually farm land, without sidewalks in most cases, and is not likely to be developed for housing for many years, certainly not during the term of the variance; that only the new area should be considered for this application; that the fence between this parcel and lots 6 and 8 approved under Cal. 972-48-BZ will be maintained; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of two years, to permit the premises as indicated on plans marked "Received June 25, 1953" (2 sheets) to be occupied for the parking and storage of motor vehicles *on condition* that only motor vehicles of the pleasure car type shall be parked and such use shall be primarily for the storage of cars of persons attending the nearby race track; that the use of the plot as herein permitted may be in conjunction with the use permitted by the Board for lots 6 and 8 adjoining under Cal. 972-48-BZ, which is for a term expiring February 10, 1955; that the premises shall be maintained in a reasonably level condition and adequate fences maintained on the side and rear lot lines; that entrance to the premises may be from Baisley Boulevard with a curb cut not exceeding 12 feet in width; that there may be an entrance in the fence between this lot and lots 6 and 8 adjoining so that they may be operated together under the same ownership; that during the term of this variance the premises shall be occupied for no other uses; that a sign advertising the parking use may be exhibited near the entrance, provided the sign is not illuminated, does not exceed 15 sq. ft. in area and does not extend beyond the building line; that such sign shall advertise only the parking and storage use, the rates charged and such other information as may be required by the Com-

MINUTES

missioner of Licenses; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that adequate aisles shall be maintained at all times for easy entrance and egress; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six (6) months from the date of this resolution.

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; laid over to February 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bedford avenue are in a business use, B area, class 1¼ height district; Gates avenue is in residence and business use, B area, class¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 4, 1953 acting on N.B. Applic. 480-53, reads:

"1. Proposed premises in a 'Business' use zone to be used for gasoline service station, lubritorium, minor auto repairs, car washing, office & sales, storage, parking and storage of motor vehicles, is contrary to Article II P. 4(a), subsections 29 & 46 of the Zoning Resolution.

2. In a transition from a business to a residence use zone, show window and entrance within 75'-0" of the Residence zone is in violation of Art. II P. 7-A of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 ft. frontage by 85 ft. in depth, partly occupied by five 3-story frame and brick dwellings—balance vacant; that it is proposed to erect a modern gas station consisting of ten 550-gallon gas tanks, six pumps and a one-story, class 3 accessory building having a frontage of 62 ft. and a depth of 30 ft.; that the accessory building will contain the conjunctive uses of lubritorium, minor auto repairs, car washing, office and sales, and storage; that a portion of the site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that Bedford avenue is one of the main auto lanes leading across Brooklyn; that there are no other gas stations in the affected area and therefore the proposed gas station is a desirable service

at this point; that there are more than sufficient stores in the area for public requirements; that the entire affected area, and especially the property along Bedford avenue, is in a run down and antiquated condition and the replacement of the present old buildings on the site with a modern development as proposed will do much towards improving the appearance of the community and also point the way for any future modernization that will eventually take place; that the land is high in assessed value and the present buildings on the site have no worth in their present condition; that it would be financially unfeasible to rehabilitate them in view of the surrounding conditions, which are the same; that it is mandatory that the present buildings be removed and the site redeveloped in the manner proposed as under the present set-up it would only be a question of time before the owner would have to abandon the property; that the proposed exit and entrance on Gates avenue is required for the efficient operation of the gas station and will still be 65 ft. from the end of the curb cut to the beginning of the residence zone; that the show window as proposed sets 53 ft. back of the Gates avenue building line and therefore cannot possibly affect Gates avenue; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and careful consideration has been given to the area and to the fact that the proposed new use will eliminate some non-fireproof buildings which are a fire menace; and the committee recommends that the application should be granted on condition for a term of years; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, subdivision f, for a term of fifteen (15) years, to permit the premises to be occupied substantially as proposed and as indicated on plans filed with this application marked "Received August 26, 1953," 4 sheets, *on condition* that all buildings on the premises shall be removed, and the premises shall be developed substantially as indicated on such plans; that before filing completed plans with the Department of Housing and Buildings complete plans shall be filed with this Board for further consideration and for the imposition of conditions; that such plans shall be filed within two (2) months, and after approval, all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution thereafter.

634-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Angelo, Rimola, Katherine Sergia and James Meringola, owners (Socony-Vacuum Oil Co., lessee).

SUBJECT—Application September 2, 1953 (decision of the borough superintendent), under sections 7c, 7i and 7A of the zoning resolution, to permit in a business use district, the demolition of existing gasoline service station and used car lot, and the reconstruction of station to include lubritorium, auto laundry, motor vehicle repairs, store, utility room and office, and to permit the parking and storage of motor vehicles, with a curb cut nearer residence use district than is permitted.

PREMISES AFFECTED—118-11 101st avenue and 97-32 Lefferts boulevard, northwest corner (Block 9456, Lot 22), Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 5, 1954 after due notice by publication in the Bulletin; laid over to February 2, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 101st avenue are in a business use, D area, class 1 height district; Lefferts boulevard is in residence and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 12, 1953 acting on N.B. Applic. 2506-53, reads:

"1. The demolition and reconstruction of a used car lot for more than 5 cars and gas station to a gasoline service station, minor auto repairs (hand tools only), car wash, lubritorium, utility room, store, parking and storage of motor vehicles in a business zone, is contrary to Article II, Sect. 4, Subsections (a)29, (a)46 of Zoning Resolution.

2. The proposed curb cut as indicated is contrary to Article II Sect. 7A of Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 103.11 ft. frontage by 93.34 ft. in depth, on which is located a gasoline service station and used car sales and display; that the original gas station originated from a fire department permit, plan No. 641-1923 issued June 4, 1923 for two 550 gallon gasoline tanks on a plot 103 ft. on 101st avenue by 83 ft. on Lefferts boulevard, and amended February 19, 1926 to install two additional 550 gallon tanks; that on December 19, 1927 fire department permit No. B-230370 was issued for an oil selling station and storage of gasoline with six 550 gallon tanks; that the department of housing and buildings records show plan N.B. 8696-25 approved July 17, 1925 for the relocation of the office building from the front of the lot to the rear of the lot, the lot size being given as 103 ft. on 101st avenue and 93 ft. on Lefferts Boulevard; that subsequent to all these permits, Alt. No. 1197-1950 was approved June 23, 1950 to add the use of sales and display of used cars in conjunction with the existing gas station and certificate of occupancy No. Q-65315 was issued July 26, 1950; that it is proposed to reconstruct the existing gas station by erecting a new, modern accessory building, one story in height of class 3 construction, having a frontage of 44 ft. and a depth of 27 ft. 8 in., containing the conjunctive uses of store, utility room, lubritorium, car washing and minor auto repairs; that there will be a total of ten 550 gallon gasoline tanks; that the existing frame building and open pits will be removed; and

WHEREAS, the applicant contends that the present gas station is a legal use and it is only requested that the station be rebuilt so that a more efficient service may be rendered; that this station has been in continuous use since 1923; that 101st avenue and Lefferts boulevard are main auto lanes leading across Queens; that the removal of the present frame structures and open grease pits will improve the appearance of the community; that the curb cuts as shown on Lefferts boulevard are required for efficient operation of the station and have been reduced in size from the present 90.25 ft. curb cut; that this curb cut as well as the present curb cuts on 101st avenue were installed under City contract in 1923 and 1924 and no permits were required; that in view of these facts and as all conditions proposed will improve existing legal conditions, it is requested that this application be granted; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, and the committee noted the existing conditions as to the present gasoline station, which it is proposed to rebuild, and the committee recommends that the application should be granted on condition to permit such reconstruction; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision c, to permit the reconstruction of the lawfully existing gasoline service station, substantially as proposed and as indicated on plans filed with this application marked "Received September 2, 1953," 5 sheets, *on condition* that before proceeding with the work, that complete working drawings shall be filed with the Board for further consideration and for conditions; that such plans shall be filed before any further plans are filed with the Borough Superintendent; that such plans shall be filed within two (2) months; and after approval all work shall be completed within the requirements of Section 22A of the Zoning Resolution.

536-53-A

APPLICANT—Flower Fifth Avenue Hospital, for New York Medical College Flower and Fifth Avenue Hospitals, owners.

SUBJECT—Application July 1, 1953—Appeal from an order and a decision of the fire commissioner.

PREMISES AFFECTED—1240-1249 5th avenue, east side, from East 105th to East 106th streets, 3-21 East 105th street and 2-20 East 106th street (Block 1611, Lots 1 and 66); (Basement, 1st and 7th floors), Borough of Manhattan.

APPEARANCES—

For Applicant: E. Ross Winckler.

For Administration: J. Manfredi, Fire Dep't.

ACTION OF BOARD—Laid over to February 24, 1954, at 10 A. M. for applicant to file additional plans showing ventilation for 7th floor, etc.

Adjourned: 1:00 P. M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, FEBRUARY 2, 1954, 2 P. M.

Present: Chairman Murdock, Commissioners Kleinert and Keating.

324-51-A

APPLICANT—Legrand Chemical Corp., lessee, for Bush Terminal Co., owner.

SUBJECT—Application for consideration—reopening and extension of term of variance—re Appeal from an order of the fire commissioner, previously granted on condition.

PREMISES AFFECTED—101-111 (103 displayed) 50th street, northeast corner of 1st avenue (Block 780, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Victor P. Nacht.

ACTION OF BOARD—Appeal reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating 3

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, Order #62131-LF issued by the Fire Commissioner August 16, 1951, reads:

"1. Install an adequate closed circuit electric interior fire alarm system or in lieu thereof comply with the following. 279-LL.

Provide an approved electric closed circuit low air alarm for dry valves of sprinkler system in accordance with the rules of the Board of Standards and Appeals, Chap. 26, Art. 16, 1366.0 Adm. Code & Chap. 19, 161.0 Adm. Code.

Provide a shell for the watermotor gong. Rules of Board of Standards & Appeals. Chap. 26, Art. 16, 1366.0 Adm. Code & Chap. 19, 161.0 Adm. Code."

and
WHEREAS, the decision of the Fire Commissioner, dated October 5, 1951, reads:

"In reply to your letter of September 26, 1951, you are advised that it is the opinion of this department that the Resolutions under Cal. No. 47-33-S of the Board of Standards and Appeals, granted on conditions, one of which was the installation of a sprinkler system, does not waive the requirements for a low air alarm on the dry valve.

This type of an alarm system is required by both the sprinkler Rules of the Board and the sprinkler Rules of Chapter 26 of the Administrative Code of the City of New York.

Therefore, unless the order in question is complied with there will be no alternative, although regrettable, but to forward this case for enforcement."

and
WHEREAS, the applicant states the building is 3 stories, 38 ft. in height, 111 ft. by 59 ft. in area, erected in 1924, Class 3 construction, in an unrestricted use, B area, Class 1½ height district; used and occupied since 1933: 1st floor—

manufacturing quilting, 8 persons; 2nd floor—manufacturing woodwork, 8 persons; 3rd floor—manufacturing sport goods, 12 persons. No change in use or occupancy is now proposed. The building is equipped with a one-source sprinkler system throughout; there are two interior stairs, 4 ft. wide, of fire-proof construction at front (steel to 3rd floor & wood to roof) and of wood construction at the rear; stair enclosures are 6 in. terra cotta, cement plaster both sides and 12 in. brick and are equipped with kalamein, self-closing doors. Stairhalls lead direct to street and one stairs is provided with a bulkhead to roof; and

WHEREAS, Certificate of Occupancy #126 issued June 19, 1934, upon N.B. Applic. 1966/24 permits the following use and occupancy: 1st, 2nd and 3rd floors—factory, 35 persons each floor; and

WHEREAS, the applicant states that this appeal from the order of the Fire Commissioner is based on the fact the sprinkler system was installed and approved by the Board of Standards & Appeals under Cal. No. 47-33-S, at which time the complete matter of occupancy of the building and the satisfaction of all requirements was gone into and the owner was not required to install anything other than what the order called for; and

WHEREAS, the applicant contends that had there been a necessity for closed circuit waterflow low air sprinkler alarm, it would have been obliged to install it, but as the matter involved was the requirement of a certificate of occupancy and the use of the building as a factory building which covers all the necessary requirements, it is therefore maintained that the owner is not now required to install such an alarm system as the certificate of occupancy was approved and granted on the basis of action by the Board under Cal. No. 47-33-S and that this approval completely covered any and all requirements; and

WHEREAS, the applicant states that the Board is petitioned to relieve the owner from compliance with the order appealed on the basis the owner has fully complied with all requirements for occupancy of the premises as hereinabove described; and

WHEREAS, under Cal. No. 47-33-S the Board on November 21, 1933, granted a variation of the Labor Law, as cited in a decision of the Borough Superintendent, dated January 19, 1933, on N.B. App. 1966/24, so as to permit the use of the building as a factory with exits consisting of an interior steel stairway (wood from 3rd story to roof) enclosed in fire-resisting partitions with fireproof doors at openings and an interior wooden stairway at the south extending from 1st to 3rd story, enclosed in fire-resisting partitions at 1st and 2nd stories and open on the 3rd floor, equipped with fireproof doors at openings and an iron bridge on the 2nd and 3rd floors to warehouse at the south with no egress to the street from this warehouse; the occupancy then proposed was: 1st story—manufacturing sheet metal, 4 persons; 2nd story—manufacturing baby carriages, 8 persons; 3rd story—manufacturing mattresses, 5 persons, on condition among others that the building be equipped with an approved one-source sprinkler system and that the requirements of the Labor Law be complied with in all other respects; and

WHEREAS, the applicant appeared later in the hearing after the Board had voted for a dismissal of this appeal, as no one was present to represent the applicant; and

WHEREAS, the Board deemed that the order should be complied with in view of the increase in occupancy beyond that stated in Cal. 47-33-S.

Resolved, that the Order #62131-LF issued by the Fire Commissioner August 16, 1951, Objection 1, and the decision of the Fire Commissioner dated October 5, 1951, be and they hereby are *affirmed* and that the appeal be and it hereby is *denied*.

588-53-A

APPLICANT—Lama, Proskauer and Prober, for Lawrence and Richard Zirinsky, owners.

SUBJECT—Application August 3, 1953—Appeal from an order of the fire commissioner.

MINUTES

PREMISES AFFECTED—5-17 East 102nd street, north side, 100 ft. east of 5th avenue (Block 1608, Lot 5), Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Lieut. J. P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated July 13, 1953, repeating Order #95668C, reads:

"In reply to your letter of recent date, we herewith quote our Order #95668C:

"YOU ARE HEREBY ORDERED AND REQUIRED FORTH-
WITH TO:

1. Discontinue maintenance of a garage without a permit from this Department. C19-64.0, Administrative Code.

REASON: Premises no longer comply with Administrative Code. Section C19-65.0.3.0 prohibits the Commissioner from issuing a permit for a storage garage for any building where dry goods or other highly inflammable materials are manufactured or kept for sale.

Note: Pioneer Shoulder Pad Co. on 7th Floor."

and

WHEREAS, the applicant states the building is 8 stories in height, 200 ft. by 100 ft. 11 in. in area, erected 1929, located on a lot 200 ft. by 100 ft. 11 in. in area, in an unrestricted use, B area, class 1½ height district, and used and occupied since 1953; cellar, storage; 1st floor, motor vehicle repair shop, garage for more than 5 motor vehicles, lubrication, car washing, storage and sales of auto accessories, sales and display of new and used cars and office—3 persons; 2nd floor, chauffeur's room and garage for more than 5 motor vehicles—2 persons; 3rd to 5th floors, storage garage for more than 5 motor vehicles—4 persons each floor; 6th floor, factory—90 persons; 7th floor, factory—150 persons (shoulder pads); 8th floor, factory—155 persons; that the building is equipped with a standpipe system, an interior fire alarm system and regular monthly fire drills are maintained; that there are two interior 3 ft. 8 in. wide steel stairs, fireproof enclosed, equipped with fireproof, self-closing doors; and

WHEREAS, Certificate of Occupancy #40204 issued September 3, 1952 upon completion of work under Alt. Applic. 449/52 permits the following use and occupancy: cellar, storage; 1st floor, motor vehicle repair shop, garage for more than 5 motor vehicles, lubrication, car washing, storage and sales of auto accessories, sales and display of new and used cars and office—3 persons; 2nd floor, chauffeur's room and garage for more than five motor vehicles—2 persons; 3rd to 5th floors, inclusive, garage for more than five motor vehicles—2 persons each floor; 6th, 7th and 8th floors, factory, 90 persons on the 6th, 150 persons on the 7th and 155 persons on the 8th story; and

WHEREAS, the applicant states the building is 8 stories, fireproof, used as a garage and factory, originally erected under N. B. Applic. 649/27 and Certificate of Occupancy #15033 was issued March 5, 1939 for a garage for more than five motor vehicles; that the building was altered under Alt. Applic. 794/43 and Certificate of Occupancy #30925 was issued May 9, 1945 for warehouse and factory; that the building was again altered under Alt. 449/52 and Certificate of Occupancy #40204 was issued September 3, 1953 for storage garage for more than five motor vehicles, motor vehicle repair shop, lubrication, car washing, storage and sale of auto accessories, sales and display of new and used cars and office on the 1st, 2nd, 3rd, 4th and 5th floors and as a factory on the 6th, 7th and 8th floors; and

WHEREAS, the applicant states that it is now proposed to keep the storage garage use on the 1st to 5th floors and the factory use on the 6th, 7th and 8th floors; that the occupancy

on the 7th floor consists of the manufacturing of shoulder pads and the storage of cloth goods in bolts and bales not exceeding 10 tons; that this 7th floor use forms the basis of this appeal; and

WHEREAS, the applicant contends that the building is fireproof, all floors being of concrete slabs and is equipped with a complete standpipe system and fire alarm system; that a fireproof enclosed room with fireproof self-closing doors will be provided on the 7th floor for the storage of all combustible materials not actually being worked on; that this room will be provided with a sprinkler system connected to the domestic water supply; that all openings in the stair enclosure from 1st floor to roof are protected with fireproof self-closing doors and the freight elevator will have its existing peeley doors bolted shut on the 1st to 5th garage floors to prevent any possible hazard to the 7th floor; that the present ramp from the 6th floor to the garage occupancy on the 5th floor will have the present 3-hour test rolling door at the top of the ramp bolted closed; that the present ramp to the 7th floor will also have the existing 3 hour test rolling door bolted shut; that with the present concrete slab floor and ceiling enclosing the 7th floor and all other openings except fireproof self-closing door to stair halls sealed closed, the 7th floor will be completely isolated; that in addition it is proposed to install such portable fire extinguishing apparatus as the Fire Commissioner may request.

Resolved, that the decision of the Fire Commissioner dated July 13, 1953, acting on Order #95668-C, Objection 1. be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the factory use on the 6th, 7th and 8th floors and the continuation of the garage occupancy below such use as proposed and as indicated on plans filed with this appeal marked "Received August 3, 1953," (9 sheets), *on condition* that the connections between the 6th, 7th and 8th floors, and the balance of the building shall be shut off as proposed and to the satisfaction of the Fire Commissioner; that the standpipe system and fire alarm system shall be maintained in accordance with provisions therefor, and that where a room for the storage of combustible materials not actually being worked on is provided on the 7th floor such room shall have sprinkler leads connected to the domestic water supply, provided such supply is sufficient for the number of heads involved; that this variance shall continue only so long as the premises are maintained substantially as proposed and to the satisfaction of the Fire Commissioner; that such portable fire extinguishing appliances shall be maintained on the 6th, 7th and 8th floors as the Fire Commissioner shall direct; that in the event the occupancy as a garage is changed, this appeal shall be referred back to the Board for further review.

739-53-A

APPLICANT—Henry C. Brockman, for Gulf Oil Corp., owner.

SUBJECT—Application October 9, 1953—Re decision of the Fire Commissioner—Re: Transportation, storage and sale of combustible mixture, known as Gulf P-A-C, in 4 oz. metal containers (containers not in conformity with Adm. Code requirements) in New York City.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Administration: Lieut. J. P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating 3

Negative 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated September 9, 1953, reads:

"Your application for a Certificate of Approval for Gulf P-A-C must be denied for the reason that the containers are hermetically sealed.

MINUTES

C19-59 of the Administrative Code of the City of New York for inflammable mixtures and C19-62 for combustible mixtures require that each container shall be fitted with a tight fitting, replaceable top, cap or other device so made that the can or container shall be airtight when closed."

and

WHEREAS, the applicant states that Gulf P-A-C is a corrosion inhibitor consisting primarily of denatured alcohol used for fuel oil storage tanks and is designed to counteract the corrosive action promoted by moisture on the inside bottom areas of fuel oil storage tanks; and

WHEREAS, the applicant contends that inasmuch as the flashpoint is more than 100 deg. F. it is classified as a combustible mixture; that tests indicate that it has a flash point of 115 deg. F. open cup; and

WHEREAS, the applicant states that the product will be marketed only in 4 oz. metal containers hermetically sealed; that the contents of each can will be entirely emptied and will not be refilled; that the approved label can have a wording reading that the containers are to be entirely emptied upon use; and

WHEREAS, the applicant states that 24, 4 oz. cans will be packed to a carton; that the cartons will be regular slotted cartons of the corrugated type, 200 lb. test material and will have stitched or taped seams; that no partitions are used within the carton; that the cartons will be manufactured by the International Paper Company; that the cans are manufactured by the Crown Can Company and are their No. 202 x 214 type constructed of .50 electrolytic tin plate throughout and soldered; and

WHEREAS, the applicant states that the material is manufactured and placed in the cans outside of New York State and shipped into New York state in the cans proposed, packed in cartons, to be provided with non-replaceable caps.

Resolved, that the decision of the Fire Commissioner, dated September 9, 1953, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the individual cans with non-replaceable covers and packed for shipment as proposed, *on condition* that whenever a can is opened that the cans shall be discarded and not refilled; that the labeling on the can shall be satisfactory to the Fire Commissioner.

798-53-A—Vol. II

APPLICANT—Preload Construction Corp., for Jamaica Water Supply Co., owner.

SUBJECT—Application for consideration—reopening as Vol. II—re Appeal from a decision of the borough superintendent, previously withdrawn.

PREMISES AFFECTED—107-17 178th street, east side, 152.48 ft. south of 107th avenue (Block 10336, Lot 12), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: E. S. Wallace, C. T. Zegers, Jr., H. M. Jaquiss and M. Fornerod.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

Absent: Deputy Chief Connors 1

86-52-A

APPLICANT—Lama, Proskauer and Prober, for E.M.D. Realty Corp., owner.

SUBJECT—Appeal from a decision of the borough superintendent—re Revocation of N.B. 282-51.

PREMISES AFFECTED—1370-1378 Ralph avenue, west side, 361 ft. 6½ in. south of Canarsie lane (Block 7932, Lot 70), Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal withdrawn without prejudice.

THE VOTE:

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating 3
Negative 0
Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, a letter from the Borough Superintendent dated January 21, 1952, reads:

"Please take notice that acting under the authority of Section C26-180.0 of the Administrative Code, I hereby revoke Application N.B. 282/51 and all permits and approvals issued in connection therewith on the grounds that the approval of the above application was obtained through misrepresentation of material fact, in that plans filed with said application indicated the building to have frontage on a street when, as a matter of fact, such street does not appear on the City Map or Plan.

The structure proposed to be erected under the above application is not legal in that it violates Article L, Section 1, (v) of the Zoning Resolution and Section 36 of the General City Law, as it does not have any frontage on a street on the official City Map or Plan."

and

WHEREAS, the applicant requested withdrawal of this appeal.

Resolved, that this appeal be and it hereby is *withdrawn*, without prejudice.

262-36-A—Vol. II

APPLICANT—Joseph A. Marck, for The Beechhurst Nursing Home, owner.

SUBJECT—Application reopened July 8, 1952 as Vol. II—re Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—154-34 Riverside drive, south side, 465.69 ft. northeast of 7th avenue (Block 4543, Lot 7), Beechhurst, Borough of Queens.

Negative 0

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 10, 1953 after due notice by publication in the Bulletin; laid over to December 1, 1953, for inspection and decision without further argument—hearing closed; then to December 15, 1953, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, West 238th street and Putnam avenue are in a business use, B area, class 1¼ height district; West 237th street is in business and unrestricted use, B area and class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated September 23, 1953 acting on N.B. Applic. 1072-53, reads:

“1. Proposed non storage garage for more than 5 motor vehicles to be erected in a business use district is contrary to Art. II sec. 4(a)15 Zoning Res.”

and
WHEREAS, the applicant states that the premises consist of a plot, 196.25 ft. and 246.87 ft. frontage by 176.95 ft. and 84.98 ft. in depth, irregular, presently vacant; and

WHEREAS, the applicant contends as to the objection issued by the borough superintendent, that a variance of the zoning resolution is requested to permit erection of a private non-storage garage for more than five motor vehicles used as delivery trucks for bakery plant directly across the street from subject premises at south side of West 237th street; that the premises shall be occupied by a non-fireproof class 3, one-story garage 60 ft. deep and 120 ft. 8 in. wide fronting on West 237th street; that the parking of trucks (¾ tons) owned and operated by the same company and delivering biscuits in the metropolitan area, was never satisfactory; that the public garages used in the past always created a problem of distance, inefficiency, financial burden and odor contamination; that the demolition of public garages in the area as a consequence of land condemnation in connection with construction of the Major Deegan boulevard compelled the owner to assume this added financial commitment at a critical period of his factory expansion, before the winter season, in order to shelter his trucks now parked outside; that the loaded trucks left outdoors during the night and ready for morning deliveries, exposed to heat, cold and dampness affected the quality of a highly perishable product and alarmingly increased their maintenance and depreciation costs; and

WHEREAS, the applicant further contends that the contemplated cellar garage of the two-story fireproof bakery extension to West 236th street, approved under Alt. 868-52 and now nearly completed had to be used instead for storage due to increased orders, which if not met would develop into a serious loss of vital accounts; that it is for the same reason that another contemplated garage approved under N.B. 1359-51 to be erected on lot 35 was abandoned in order to permit the factory south extension now in progress and also provide room for the future easterly extension; that there is no purchasable unrestricted land in the area and the acquisition of the site for which a variance is being sought was a slow and costly process; that it was due to the inadequacy and uncertainty of the available land necessary for the proposed garage and outdoor parking of employees' passenger cars that a variance was not sought sooner; and

WHEREAS, the applicant states that this bakery has expanded very rapidly; that under N.B. 217-48 the one-story northeast structure was erected and under Alt. 641-49 the northwest fireproof two-story addition was erected; that later the one-story garage approved under N.B. 1359-51 was abandoned but during the same year a one-story storage structure was added under Alt. 137-51; that finally under Alt. 868-52 the rear one story and cellar fireproof extension was approved and under the same revised alteration a 2nd floor added, now in course of completion; that it is therefore a logical probability to assume another factory expansion in the near future in the available easterly portion of lots 18, 34 and 35, block 3270, facing Putnam avenue west,

the only unrestricted area left and if the new garage were to be built here any factory extension would be blocked; that the proposed garage, with wire fence and gate at building and lot lines will enhance the appearance of the neighborhood and establish a defined area for parking; that it will also permit the immediate removal of existing illegal garage sheds on the factory site which have pending violations; that no repairs will take place in the premises and the garage function will be of a limited nature; that all delivery trucks will leave at 8:30 A. M. and will return by 5.00 P. M. and there will be no activity at all on Saturdays, Sundays and holidays; and

WHEREAS, the applicant further states that West 237th street between Broadway and Putnam avenue west terminates at the railroad embankment; that no bridge is contemplated over the New York and Putnam railroad and the new Major Deegan boulevard to Bailey avenue; that Putnam avenue west is only 5 blocks long starting at West 234th street and ending at Van Cortlandt park; that there is a strong possibility all property owners facing Putnam avenue west will finally prevail on the sole objector and re-submit to the city their plan to discontinue Putnam avenue west between the proposed bridges at West 238th and West 234th streets, by incorporating the road into their properties; that as per present conditions West 237th street is a dead end street and Putnam avenue west does not exist, and consequently any motor vehicle traffic will not be hazardous to people in the neighborhood; that the proposed structure will occupy approximately 22% of the area of the plot and therefore from this standpoint, more desirable than a conforming multi-story structure occupying the maximum allowable percentage, nor will it block any view, light or ventilation to the tenants of the two apartment houses on lots 46 and 49; that the character of the neighborhood will not be adversely affected since the immediate vicinity is typically industrial and commercial; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision f, for a term of fifteen (15) years to permit the premises to be occupied as a garage and parking area in connection with the adjoining occupancy, as proposed, *on condition* that such premises shall be levelled substantially to the grade of the surrounding streets and where not being occupied by the proposed one story garage building *for more than five cars* the premises shall be paved with concrete or asphaltic pavement; that the garage building shall be of the arrangement and location and design as indicated on plans filed with this application marked “Received September 25, 1953,” 3 sheets and shall comply in all other respects with all laws and rules applicable; that there shall be erected on the building lines continuously, a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 ft. 6 in., with no openings therein except where shown, one to 237th street and one to 238th street, each not over 20 ft. in width with curb cut opposite of similar width; that such openings shall be fitted with gates of similar construction to the fence, which shall be kept closed after business hours; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that this variance may be continued only so long as conditions as proposed and herein permitted are maintained and the parking area and garage are occupied in connection with the bakery adjacent; that all permits shall be obtained and work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction: The words “for five delivery trucks” deleted and the words “for more than five cars” substituted therefor, as indicated in italics.

PUBLIC HEARING

PROPOSED RULES COVERING DRY CLEANING ESTABLISHMENTS PURSUANT TO THE ZONING RESOLUTION OF THE CITY OF NEW YORK (CAL. 958-47-SR VOL. II)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday, March 12, 1954* at 10 A. M., in Room 1013, Municipal Building, Manhattan, on the Proposed Rules Covering Dry Cleaning Establishments, Pursuant to the Zoning Resolution of The City of New York.

Authority

Section 666, Subd. 2 of the Charter of the City of New York and Article V, Section 21 and Article II, Section 4(a), Subd. 53 of the Zoning Resolution of the City of New York.

Application of Rules.

These rules shall be deemed to apply only to those excepted dry cleaning establishments existing or hereafter established, pursuant to Article II, Sections 4(a), Subd. 53, 4-A, 4-B and 4-C of the Zoning Resolution.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York.

Zoning Resolution.

ARTICLE I—DEFINITIONS

§1. Definitions. * * *

(cc) For the purpose of this resolution, "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

ARTICLE II—USE DISTRICTS

§4. Business Districts. (a) In a business district no building or premises shall be used, and no building shall be erected which is arranged, intended or designed to be used, for any of the following specified trades, industries or uses:

(11) Dyeing establishments.

(53) Dry cleaning establishments, except for establishments which conform to the restrictions set forth below:

(a) Not more than two dry cleaning units shall be installed, and such units shall have an aggregate dry load capacity of not more than 60 pounds, as rated by the Board.

(b) The gross floor area of the dry cleaning establishment, including space used for dry cleaning, pressing and incidental operations, and space used for storage, service of customers and convenience of employees, shall not exceed 2,000 square feet. However, additional space may be used on a lower floor which is either a basement or a cellar, provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles.

(c) No solvent having a flash point less than 138.2 degrees Fahrenheit shall be used, except for incidental removal of spots.

To protect the public health, safety and welfare in accordance with the general purpose and intent of this resolution, to safeguard the character of the predominant types of uses located in the districts affected, and to protect the occupants of nearby residences and other premises from traffic congestion, fire, explosion, vibration, noise, heat, smoke, odors, toxic vapors and other forms of air pollution, the Board, after public notice and hearing, may adopt, and from time to time amend, rules and regulations for the operation and maintenance of dry cleaning establishments permitted under subsections (a), (b) and (c) above. Such rules and regu-

lations may cover inter alia location of entrances to and exits from such establishments, installation of equipment and hours of operation of such establishments. Such rules and regulations may also prescribe the conditions under which such establishments may exist in buildings in which residences are located.

Any dry cleaning establishment which was in existence prior to January 1, 1953 in any use district to which the provisions of this section apply, may be continued, but no such establishment shall be enlarged or extended, nor shall the capacity of its dry cleaning units be enlarged, except in conformity with all the provisions of this section. Such existing establishments shall be subject to the aforesaid rules and regulations of the Board.

Section 4-A. Retail Districts. In a retail district the same regulations and restrictions shall apply as are provided for business districts except that no manufacturing or treatment of products shall be carried on other than such as are incidental to the conduct of a retail business conducted on the premises, or such other manufacturing as is now permitted in a business district, provided that in such other manufacturing not more than five per cent (5%) of the total floor space of the building is so used. However, any use or uses specifically authorized under the provisions of §3 (10) shall be permitted in a retail district. In addition, dry cleaning establishments conforming to the provisions of §4(a) (53) shall be permitted in a retail district, provided such establishments are for retail purposes where services are performed directly for consumers or for transient hotels, or as an accessory use in transient hotels and department stores.

Section 4-B. Restricted Retail Districts. In a restricted retail district, the same regulations and restrictions shall apply as are provided for retail districts except, that in a restricted retail district no building or premises shall be used and no building shall be erected which is arranged, intended or designed to be used for any of the following purposes:

(m) Dry cleaning establishments, other than an establishment conforming to the provisions of §4-A, which is located in a passenger terminal, or as an accessory use in a transient hotel or a department store.

Section 4-C. Local Retail Districts. In a local retail district, the same regulations and restrictions shall apply below the level of that first story ceiling as are provided for restricted retail districts, except that no manufacturing of any kind shall be permitted; and no building shall be erected or structurally altered which is arranged, intended or designed to be used above the level of the first story ceiling for any use not permitted in a residence district. However, the provisions of this section shall not apply to projects authorized pursuant to §3 (10) of this resolution. In addition, the provisions of §4-B(m) shall not apply, and dry cleaning establishments conforming to the provisions of §4-A shall be permitted in local retail districts.

Rule 1. Definitions.

For the purpose of these rules, the following definitions shall apply:

1.1. The term "dry cleaning establishment" shall mean any room, place or space in which dry cleaning is performed, as defined in the Zoning Resolution.

1.1.1. For other purposes a dry cleaning establishment shall be as defined in Ch. 19 Adm. Code.

1.2. The term "retail", "retail purposes" and "retail business" shall mean only such dry cleaning establishment performing services on articles conveyed directly by

PUBLIC HEARING

a retail customer to such dry cleaning establishment, or collected directly from the retail customer by such dry cleaning establishment, and directly processing such articles for said customer.

1.3. The term "hereafter" or "hereafter established" shall mean established after January 1, 1953.

1.4. The term "existing" shall mean established before January 1, 1953.

1.5. All other terms used shall be as defined in the Zoning Resolution, Administrative Building Code, Multiple Dwelling Law or Labor Law when not inconsistent with the specific terms defined herein.

1.6. The term "spotting or sponging" shall mean the local application of inflammable liquid solvents and other cleaning preparations to remove spots of dirt, grease, paint or stains from wearing apparel, fabrics, textiles or articles of any other sort.

Rule 2. Permits.

2.1. It shall be unlawful to maintain or operate any dry cleaning establishment as herein defined without a permit from the Fire Commissioner.

Rule 3. General Provisions.

3.1. No dry cleaning unit, system, device, machinery or equipment shall be installed or used unless each such appliance is approved by the Board.

3.1.1. The dry load capacity of any dry cleaning unit for the purpose of these rules shall be rated by the Board on the basis of 2.8 lbs. per cubic foot of the volume of the washing compartment for each washing cycle.

3.2. No solvent shall be used in any dry cleaning establishment as defined herein, unless same has been tested and rated by the Fire Commissioner as being permissible under these rules.

3.3. Before any premises may hereafter be used for a dry cleaning establishment, plans or diagrams and applications shall be filed with the Department of Housing and Buildings by the owner, lessee or agent of such premises on forms furnished by the Department, and an approval obtained thereon.

3.4. Before the Fire Commissioner shall issue or renew a permit pursuant to the Fire Prevention Code and these rules for a dry cleaning establishment existing or hereafter established, he shall require certification from the Department of Housing and Buildings of compliance with these rules.

3.5. Before the Department of Housing and Buildings shall approve any existing dry cleaning establishment, there shall be filed on forms furnished by the Department a statement under oath by the proprietor or agent of such existing establishment as to the extent, capacity and equipment of said dry cleaning establishment as the same existed on January 1, 1953.

3.6. No non-conforming existing establishment shall be enlarged or extended in any conforming manner or respect, unless it is made to comply in each respect to the requirements for dry cleaning establishments hereafter established.

Rule 4. Restrictions on Locations.

4.1. No dry cleaning establishment hereafter established shall be permitted on any floor above the first floor of any building, except when within a fireproof department store, fireproof transient hotel or fireproof passenger terminal.

4.2. No dry cleaning establishment hereafter established shall be permitted within any building:

4.2.1. which is of wood frame construction;

4.2.2. which is classified as a "Public Building" or non-fireproof "Residence Building", pursuant to Section C26-235.0 Administrative Building Code;

4.2.3. any part of which establishment is within twenty feet (20 feet) of any Public Building or any non-fireproof Residence Building;

4.2.4. the restriction against Non-Fireproof Residence Buildings shall not be applicable when the proprietor of the dry cleaning establishment is the occupant of the residential part of the building.

Rule 5. Egress.

5.1. The means of egress in all dry cleaning establishments shall be in conformity with the applicable provisions of the building laws and regulations governing such establishments. In addition thereto, all establishments shall conform to the following:

5.1.1. Three foot (3'-0") clear wide aisles shall be provided, affording proper access to all required means of egress. Such required aisles shall not be obstructed in any manner whatsoever.

5.1.2. Required means of egress shall be indicated by signs reading "EXIT" with letters eight inches in height. Where exits are not visible from any area, illuminated directional signs shall be provided indicating direction of travel to such exits. Each exit sign shall be illuminated by a red light of not less than twenty-five watts or equivalent photometric rating. Directional signs shall be the same dimensions as specified in this section for exit signs. It shall be unlawful to obscure in any manner any required means of egress, passageway, exit sign, exit light or directional exit sign.

5.1.3. All required exit doorways shall be arranged to swing outwardly in the direction of the egress.

5.2. No dry cleaning unit hereafter installed shall be located more than fifty feet (50') from any exit doorway.

Rule 6. Fire Prevention.

6.1. All dry cleaning establishments shall comply with the following:

6.1.1. Be equipped with adequate sand buckets or approved fire extinguishers as the Fire Commissioner may direct.

6.1.2. No device or apparatus employing flame or fire, or which is likely to produce an exposed spark, shall be used in any establishment, except electric apparatus placed at least five feet (5') above floor or approved type of "explosion proof" electric motors.

6.1.3. Electric lighting shall be fitted with keyless sockets, and all switches and receptacles shall be placed at least four feet (4') above floor.

6.1.4. All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding 55 gallon capacity, with a tight-fitting cover, and when filled shall be removed from the premises and disposed of in a lawful manner.

6.2. All solvent shall be received in approved metal containers, not exceeding 55 gallons each, and in such total quantities as may be required for initial charging

PAID

Permit No. 4875

Periodical Division
University of Illinois Library
Urbana, Ill.

PUBLIC HEARING

of dry cleaning units, plus a reserve supply equal to initial charge. Reserve supply shall be stored outside of area devoted to dry cleaning in well ventilated spaces approved by the Fire Commissioner.

- 6.3. All spotting and sponging shall be done within well ventilated spaces. All solvent used for such purposes shall be contained in an approved metal container, not exceeding two quart capacity.
- 6.4. It shall be unlawful to store any inflammable liquids or solvents in any dry cleaning establishment in excess of five gallons.
- 6.5. No smoking shall be permitted in any dry cleaning establishment. Approved signs shall be conspicuously posted to that effect as directed by the Fire Commissioner.
- 6.6. Any heating plant within a dry cleaning establishment shall be a steam or hot water system. No heating plant shall be permitted in the same area or space where dry cleaning units are located, unless such plant shall be placed in a separate ventilated room enclosed by one-hour fire resistive partitions and doors. No heating plant shall be located directly under any dry cleaning unit.
- 6.7. Non-fireproof partitions and ceilings enclosing any dry cleaning establishment hereafter established shall be fire retarded with one-hour fire resistive materials and doors, or in lieu thereof be equipped with an approved automatic wet pipe sprinkler system having its source of supply from the house water system.
- 6.8. All openings from any dry cleaning establishment leading to a fire escape shall be equipped with a fireproof self-closing door or fireproof window assembly.
- 6.9. Where, in the opinion of the Fire Commissioner, an existing dry cleaning establishment requires additional fire protection facilities for the safety of the occupants or adjoining property, he may order such fire extinguishing appliances as deemed necessary pursuant to Ch. 19 Adm. Code Sec. C19-161.0.

Rule 7. Ventilation.

- 7.1. Every dry cleaning establishment shall be equipped with adequate mechanical ventilation to provide a complete change of air at least once every three minutes of the air volume of such establishment during the

operation of any dry cleaning equipment. Such method of ventilation shall exhaust to the outer air, and be provided with fresh air inlets. Exhaust ventilation shall discharge at least seven feet above any roof or grade and at least five feet away from any other premises, window, door or vent openings.

- 7.2. Any direct equipment exhausts or vents shall terminate to the outer air, at least seven feet (7') above any roof or grade, and at least ten feet (10') away from any other premises, window, door or vent openings.

Rule 8. Operating Precautions.

- 8.1. A printed notice specifying instructions for safe operating methods shall be posted in a conspicuous place in all establishments.
- 8.2. The proprietor of an establishment shall furnish to any person cleaning or servicing a dry cleaning unit containing any chlorinated hydrocarbon solvent an approved type gas mask for his personal use during such process. It shall be the duty of the proprietor to enforce this rule.
- 8.3. All dry cleaning establishments shall operate its mechanical equipment only within the hours of 8:00 A.M. and 6:00 P.M. during regular working days. No such work shall be performed on Sundays and legal holidays.

Rule 9. Equipment Installations.

- 9.1. All equipment shall be installed in a manner to minimize noise, vibration, smoke, odors and other forms of nuisances to the occupants or any adjacent premises.
- 9.2. Should the operation of any equipment or conduct of a dry cleaning establishment be declared a "nuisance" by the administrative official having jurisdiction it shall be forthwith abated or removed upon notice to the proprietor and upon failure to do so within a reasonable time, the Permit for the establishment may be revoked by the Fire Commissioner.

Rule 10. Penalties.

- 10.1. Any violation of these rules shall be subject to the penalties prescribed in the Zoning Resolution therefor, in addition to other penalties prescribed by law.

PETITION FOR CERTIORARI ORDER SERVED ON THE BOARD OF STANDARDS AND APPEALS

On February 5, 1954, Copy of Petition and Order of Certiorari was served on the Board by Raphael & Conlon, attorneys for petitioner, Tulbro Realty Corp., owner, in re the Board's denial of their application on January 12, 1954, under Section 7, subdivisions f, and 7A of the Zoning Resolution, to permit in a business use district the change in occupancy from sale and display and parking of more than five motor vehicles to a gasoline service station, car washing, storage and sale of accessories, with show windows and business entrance nearer to residence use district than is permitted; Cal. No. 290-53-BZ; premises 1401—86th Street, northeast corner of 14th Avenue, Borough of Brooklyn.

DISCONTINUANCE OF COURT PROCEEDINGS

Matter of Sanor Realty Corp. vs. Board:—On July 1, 1953, Copy of Petition and Order of Certiorari was served on the Board by Leslie P. Oberleder, attorney for Sanor Realty Corp., an objecting property owner, seeking a review of the Board's actions on June 2, 1953, in granting variances under Section 19j of the Zoning Resolution, permitting in a restricted retail use district the erection and maintenance of a business building at the following premises—No. 579 Fifth Avenue and 1-3 East 47th Street, Manhattan, Cal. No. 120-53-BZ; and at No. 589 Fifth Avenue and 4 East 48th Street, Manhattan, Cal. No. 121-53-BZ.

On February 2, 1954, in the Supreme Court, County of New York, a stipulation was entered into and agreed by both parties in the proceedings to discontinue and terminate without costs to either party the above entitled proceedings.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellant and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, Chairman

754-53-BZ

APPLICANT—Paul Friedman, for Mary Gianos and Marie Colonna, owners.

SUBJECT—Application October 21, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, auto wash, storage and sale of accessories and

MINUTES

office; and to permit the parking of cars waiting to be serviced for a term of 15 years.

PREMISES AFFECTED—76-37 to 76-43 164th street and 164-01 to 164-09 77th avenue, northeast corner (Block 6969, Lot 1), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: Arthur J. Hayslip, Isaac Weinberg, Milton Eisler, Armen Bonapartian, K. Olshevsky, Mary L. Geerlings, Marguerite Romano, Samuel La Scala, Concetta La Scala, Mrs. Walter Bunger, Mrs. Ognibene and others.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 23, 1954, at 10 A. M. for inspection and decision without further argument; hearing closed.

816-53-BZ

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.

SUBJECT—Application November 16, 1953—(decision of the borough superintendent) under sections 7i, 7f, 7h, and 21 of the zoning resolution, to permit in the local retail use, D area district portion of a plot located in a residence and local retail use, D and E 1 area district, the erection and maintenance of a structure to be used as an automobile showroom for authorized automobile dealer, office and storage of auto parts and accessories, including storage garage with gasoline tank and pump for dealer's use (no gasoline to be sold), motor vehicle repair shop and paint spray booth, using more than the area permitted; and to permit signs extending above top of roof beams and also on the side walls of pylon in the local retail use portion of plot and to permit the parking of patrons and employees motor vehicles on unbuilt upon portion of plot (no fee to be charged).

PREMISES AFFECTED — 218-25 Hempstead avenue, north side, 185.25 ft. east of 218th street (Block 10766, Lot 53 (53, 55 and 57)), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: Edmund G. Bill, Robert N. Rose, John P. Beirne, Joseph A. Pagan, Louise J. Reynolds and Winifred Dugan.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 16, 1954, at 10 A. M. for inspection and decision without further argument; applicant to submit information re excess coverage. The applicant has stated he desires to amend his application by omitting Section 7, Subdivisions f and i, and relying on Subdivisions e and h, and Section 21, as to extension of area of the building only; and also withdraws from the application his request relating to the pylon sign above the roof, so as to omit such sign, which was passed on by the Borough Superintendent under Electric Sign No. 791-53 and 793-53.

817-53-A

APPLICANT—Paul Friedman, for Horace G. Fry, Frederick Doughty Wood and Maxwell R. Ginsberg, owners.

SUBJECT—Application November 16, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—218-25 Hempstead avenue, north side, 185-25 ft. east of 218th street (Block 10766, Lot 53, (53, 55 and 57)), Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Laid over to March 16, 1954, at 10 A. M. for inspection and decision in connection with Cal. 816-53-BZ.

144-19-BZ—Vol. III

APPLICANT—Stanley H. Klein, for David E. Meltzer and Alvin Greenstein, owners (Modern Art Picture and Woodcraft, Inc., lessee).

SUBJECT—Application April 15, 1953 (decision of the borough superintendent), under sections 7e and 21 of the zoning resolution, to permit in a residence use district the change of occupancy from factory for venetian blinds (previously granted by the Board) to factory for manufacture of picture frames and novelties, for a term of ten years.

PREMISES AFFECTED—23-69 to 23-71 38th street (9th avenue), east side, 162 ft. north of Triboro Bridge plaza (Astoria boulevard, north) (Block 803, Lot 13), Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Stanley H. Klein.

For Opposition: None.

For Administration: Samuel L. Becker Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 5, 1953 subject to regular procedure, to consider change in occupancy; and

WHEREAS, a public hearing was held on this application on January 19, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Astoria Boulevard north and 38th street are in residence and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 3, 1953 acting on Alt. Applic. 1849-53, reads:

"1. Proposed extension of application approved by board of standards and appeals beyond date set by Board of standards and appeals must be submitted for approval of said Board. Cal. 144-19-BZ."

and superseded by Alt. Applic. 1849-53 dated December 9, 1953, which reads:

"1. Proposed extension of application approved by Board of standards and appeals beyond date set by Board of standards and appeals must be submitted for approval of said Board; also change in occupancy from manufacturing of venetian blinds to manufacturing of picture frames, novelties & kindred items. Premises is located in a residence use district, and use is contrary to Article II, Sec. 3 of zoning resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which is located a building 50 ft. front by 90 ft. in depth, one story, 15 ft. in height, of class 3 construction, used as factory for the manufacture of venetian blinds; that it is proposed to change the use to manufacture of picture frames and allied woodcraft, consisting of curio wall cabinets, magazine and utility racks, novelties and kindred items of decorative and useful home and office furnishings; and

WHEREAS, the applicant contends that the surrounding area consists principally of residential buildings with several stores across the street from the premises and stores on the east side of 38th street and on the corner of 38th street and Astoria boulevard north; that north of the property are the

MINUTES

elevated tracks of the New York connecting railroad; that the premises are in a residence 1 C area except for a 100 ft. strip of business along Astoria boulevard north; that these premises were previously approved by the Board in 1919 as a garage for more than five motor vehicles; that this occupancy was subsequently amended by the Board on May 9, 1944 to a factory for the manufacture of venetian blinds, which use was extended in 1946 and 1951; that a modification is now requested so that the factory can be used for the manufacture of picture frames and allied woodcraft and extension of this use until 1963; that the manufacture of picture frames and woodcraft is a similar type of manufacturing as was done for the venetian blinds and similar tools and facilities will be used; that as the present certificate of occupancy specifies factory, there will be no change in the wording of the certificate of occupancy; that as the Board's resolution may limit the use to the manufacture of venetian blinds, a modification is requested to include picture frames and allied woodcraft; that as the present certificate of occupancy expires in 1956 and new owners and new tenants are involved, an extension of the certificate of occupancy until 1963 is also requested; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommends that in view of the fact the building was originally granted as a garage and later on permitted on at least one or two occasions to be used as a factory, which use has always been objectionable in the area, that an application for further use as a factory should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e of the zoning resolution and that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 1849/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

608-50-BZ

APPLICANT—J. A. Petrelli, Socony-Vacuum Oil Co., Inc., for Jerome Silver, owner.

SUBJECT—Application reopened January 5, 1954 for consideration as to amended plans, Application (decision of the borough superintendent) previously granted on condition, under sections 7c and 7i of the zoning resolution, permitting in the business use portion of a plot located in a residence and business use district, the reconstruction of an existing gasoline service station by the construction and maintenance of a new building for lubritorium, high speed auto laundry, motor vehicle repair shop, waiting room, office and accessory sales; and permitting the parking of more than five cars waiting to be serviced.

PREMISES AFFECTED—3002-3016 Ocean avenue and 1918-1930 Jerome avenue, southwest corner (Block 7464, Lots 16 and 78), Borough of Brooklyn.

APPEARANCES—

For Applicant: William C. Blaser.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, on February 27, 1951 this application was granted by the Board on certain conditions, under sections 7c and 7i of the zoning resolution, to permit in the business use portion of a plot located in residence and business use districts, the reconstruction of an existing gasoline service station, by the construction and maintenance of a new build-

ing for lubritorium, high speed auto laundry, motor vehicle repair shop, waiting room, office and accessory sales; and to permit the parking of more than five cars waiting to be serviced; and

WHEREAS, on March 11, 1952 and February 25, 1953 time was extended to complete work; and

WHEREAS, the applicant requested reopening of this application and amendment of the resolution; and

WHEREAS, this application was reopened on January 5, 1954 and set for hearing on February 2, 1954 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, and revised plans; and

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for further consideration by the Board; and

WHEREAS, the decision of the borough superintendent, dated December 10, 1953 acting on amendment to N. B. 1242-50, reads:

"1. Proposed amendment is not according to Bd. of Standard and Appeals approval and you are referred back to the Bd. of Standard and Appeals."

and

WHEREAS, it is proposed to make minor changes in the layout of the building such as rearrangement of toilet rooms, omission of boiler room and installation of an approved type oil fired suspended heater, omission of skylights in lubritory ceiling and omission of windows in rear wall of lubritory and a minor change in show window; that the four existing gasoline tanks may remain in their present location and four additional new tanks may be installed; that the gasoline pumps may be approved type low metal pumps in place of the low parkway type pumps; that inasmuch as the proposed amendment does not ask for a change in the uses and does not alter the yard layout or general appearance as originally approved, it is requested that permission be granted to make these changes.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 27, 1951, as thereafter amended by resolutions adopted through February 25, 1953, by adding thereto:

"that in the event the owner desires to make minor changes consisting of rearrangement of the accessory building, installation of an approved oil-fired suspended heater, the omission of skylights in the lubritory ceiling and omission of windows in rear wall of lubritory, minor change in show window and to install four additional 550 gallon gasoline tanks, making a total of eight such tanks and to have gasoline pumps of approved low type in place of the parkway type, such changes may be permitted, as indicated on revised plan filed with this request for amendment marked 'Received December 16, 1953' (2 sheets) on condition that in all other respects the resolutions above cited shall be complied with and all the work thereunder shall be completed where not inconsistent with this amended resolution; that this was passed on by the borough superintendent under amendment to N.B. Applic. 1242-50, Objection 1, dated December 10, 1953; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution from the date of this *amended* resolution."

164-53-BZ

APPLICANT—Noah N. Sherman, for Higdon Realty Corp., owner.

SUBJECT—Application March 5, 1953 (decision of the borough superintendent), under section 7e of the zoning resolution, to permit in a residence use district the change in occupancy from store and one-family dwelling, to machine shop, storage and offices.

PREMISES AFFECTED—369 Audubon avenue, east side, 74.11 ft. north of West 183rd street (Block 2155, Lot 72), Borough of Manhattan.

MINUTES

APPEARANCES—

For Applicant: Noah N. Sherman and David Higdon.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Audubon avenue is in a residence use, B area, class 1¼ height district; West 183rd street is in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated February 13, 1953 acting on Alt. Applic. 986-52, reads:

"2. Proposed machine shop, storage and office uses in a residence district are contrary to Art. 2 Sec. 3 of Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot 20 ft. 7½ in. frontage by 70 ft. ½ in. in depth, irregular, on which is located a building 20 ft. 7½ in. front by 70 ft. in depth, 2 stories, 25 ft. in height, of class 3 construction, formerly a store on 1st floor, with dwelling on 2nd floor; that it is proposed to permit the continuation of machine shop, storage of parts and offices by the Higdon Elevator Company; and

WHEREAS, the applicant contends that the existing first floor of this building has been continuously occupied as business premises since its erection under N.B. 118-1912, prior to any zoning resolution; that the 2nd floor was used as a one-family dwelling prior to its present use as office space; that the use district of Audubon avenue between West 183rd and West 184th streets has not been changed from its original residence use since the adoption of the zoning resolution; that in the last 20 years there has not been any construction of a residential character on this street; that this building is occupied by the Higdon Elevator company whose business consists of the installation of new elevators, conversion of existing elevators and their service and maintenance; that this company has been in this area for approximately 10 years and have been in business since 1919; that a portion of the 1st floor space will be used for repairs, adjustment, cleaning of electrical motors, electrical working parts and other mechanical moving parts of the elevator, and the making of small parts necessary to the installation and repair of elevators; that the shop work is not carried on continuously or during the entire working day, but only as the need for such work arises; that the balance of the 1st floor will be used for storage of elevator equipment and the 2nd floor will be occupied as general and executive offices; that the sale of this building to the present owner was represented as a business use building in a business use district, making it possible to be used for their needs; that the appearance of the neighborhood indicated the same to them and they therefore purchased the building; that after having been in possession for approximately four years, they were served with a violation for illegal conversion; that the denial of this appeal will cause the present owner and their business undue hardship as it would require the uprooting of their business to a location out of this area where they have been located for more than 10 years, and also monetary losses in the dislocation of their business and losses in the resale of the building; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate

case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application and it hereby is granted under Section 7e for a term of five (5) years, to permit the store on the first floor of the building to be occupied as proposed and as indicated on plans filed with this application, marked "Received March 5, 1953" (9 sheets) on condition that the premises shall be for no other use than as herein permitted; that the building shall be maintained for the occupancy proposed for the two stories; that the building shall not be further increased in height or area; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution and that a certificate of occupancy shall be obtained.

353-53-BZ

APPLICANT—Reginald S. Hardy, for U. K. Realty Corp., owner.

SUBJECT—Application May 8, 1953 (decision of the borough superintendent), under section 7f of the zoning resolution, to permit in the business use district portion of a lot located in a residence and business use district, the erection and maintenance of a gasoline service station, auto laundry (non-automatic), lubritorium, storage and sale of accessories, and office.

PREMISES AFFECTED—2397-2411 Flatbush avenue and 4301-4305 Avenue T, northeast corner (Block 8529, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioners Kleinert and Keating and Deputy Chief Connors 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and business use, D area, class 1 height districts; Flatbush avenue and Avenue T are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated April 10, 1953 acting on N.B. Applic. 281-53, reads:

"1. Proposed gasoline service station, auto laundry, lubritorium, sales room, boiler room & toilet room to be located on premises partly within a business use district & partly within a residential use district, is contrary to Art. 2, Sect. 4a-46 & Art. 2 Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 148 ft. 7¼ in., 52 ft. 10⅞ in. and 182 ft. 5½ in. frontage by 159 ft. 8 in. in depth, irregular, presently vacant, except for billboards; that it is proposed to erect a building 57 ft. front by 30 ft. in depth, one story, 13 ft. in height, of class 3 construction, to be used as an auto laundry, lubritorium, storage and sales and office; that it is further proposed to install eight 550-gallon gasoline tanks, four dispensing pumps, with three curb cuts fronting on Flatbush avenue and one fronting on Avenue T.; and

MINUTES

WHEREAS, the applicant contends that the premises are in a D area district and have been so zoned since 1916; that at the present time they are in a class 1 height district, but prior to July 29, 1939 they were included within a 1½ times height district; that while a portion of this property is located within a residence district, it is proposed to place the gas station entirely within the business district; that it is also proposed to erect a wooden picket fence at a point 100 ft. east of Flatbush avenue, thereby segregating the gas station from the residence district; that the portion of the property located within the residence district will be graded and planted with grass and will remain vacant; that this portion of Flatbush avenue is one which has seen little or no development in the past, and most of the property fronting upon these streets is vacant; that the corners formed by the intersection of Flatbush avenue and Avenue T, other than the subject premises, are, however, improved; that the southeast corner is improved with a gas station, the southwest corner with a service station and the northwest corner with an auto laundry; that the gas station at the southeasterly corner of Flatbush avenue and Avenue T was reconstructed pursuant to a variance granted by the Board April 3, 1946 under Cal. No. 106-46-BZ; that the Board's resolution dated May 7, 1946 points out that this property was improved with a gas station erected in 1927 under N.B. 11042-27, when the property was in an undetermined zone; that the Board further stated that it deemed that this was a proper case in which to exercise discretion to grant under section 7, subdivision c of the zoning resolution, and therefore permitted the existing gas station to be reconstructed; that the gas station on the southwest corner of Flatbush avenue and Avenue T was erected pursuant to a variance granted by the Board on December 5, 1933 under Cal. No. 216-33-BZ; that the northwesterly corner of Flatbush avenue and Avenue T was also the subject of an application to the Board for permission to erect a gas station, under Cal. No. 374-33-BZ, and was made pursuant to section 21 of the zoning resolution and was denied, because upon inspection the Committee found that no actual hardship had been proven; that thereafter the owner of the property erected an auto laundry thereon at a time when such use was permitted in a business district; that this use has now become non-conforming; that it thus appears that of the four corners formed by the intersection of Flatbush avenue and Avenue T, three are improved with non-conforming uses, two of which exist by virtue of variances granted by the Board; that it is recognized that the Board has expressed some reluctance to increase the number of gas stations along the southerly portion of Flatbush avenue, and while there may be some justification for that view as a general proposition, it cannot properly be applied to the site in question; that this intersection is now wholly given over to non-conforming uses, except for the property in question; that under such circumstances, it is requested that the Board grant relief by permitting the fourth corner to be occupied in a manner in keeping with the development of the other three; that the type of building proposed and its location upon the plot, leaving the portion in the residence district vacant, will serve to protect the conforming properties located to the north and east of the premises under appeal; that the development which it is proposed to make upon the premises will be an expensive one and it is believed that the cost thereof could not be amortized over a shorter period than a term of 15 years, and it is accordingly requested that the application be granted for that period of time; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the occupancy of the premises as a gasoline service station limited to such use within

the business use district, substantially as proposed and as indicated on plans filed with this application, marked "Received May 8, 1953" (5 sheets) *on condition* that complete working drawings shall be submitted to the Board for further consideration and imposition of conditions within two months from the date of this resolution and after approval of plans, all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

354-53-BZ

APPLICANT—Ervin Palmer, for Gardel Enterprises, Inc., owner.

SUBJECT—Application May 8, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles, for a term of two years.

PREMISES AFFECTED—462 West 22nd street, south side, 175 ft. east of 10th avenue (Block 719, Lot 77), Borough of Manhattan.

APPEARANCES—

For Applicant: Ervin Palmer.

For Opposition: Herman Shwide.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 19, 1954, for inspection and decision without further argument, solely as to Lot No. 77, with no reference to parking on any additional lots; then to February 9, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; West 22nd street is in residence and business use, B area, class 1½ height districts; 10th avenue is in business and unrestricted use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated April 20, 1953 acting on Alt. Applic. 485-53, reads:

"1. Parking and storage for more than 5 motor vehicles in a residence use district is not permitted. Article II, Para. g of the Zoning Resolution.

and new decision dated October 7, 1953, which reads:

"1. A parking lot for more than 5 motor vehicles in a residence use District is not permitted. Article 2, para. g of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 37 ft. 6 in. frontage by 98 ft. 9 in. in depth, presently vacant; that it is proposed to use the vacant plot for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the property under consideration, on June 17, 1952 at the hearing before the Board, located at 472 West 22nd street, was purchased not for its immediate value but with a long term program in mind; that the owners consider that this general location will become, in the near future, suitable for a large scale development for residential purposes; that for this purpose it will be necessary to acquire and assemble adequate plottage and also the properties have to be held and carried without much financial return until conditions improve as hoped; that with this program in mind No. 472 was purchased in 1952 and No. 462 now, and negotiations are under way to purchase the 50 ft. parcels between the two plots; that in order to help defray taxes and other costs, a variation was requested for a term of years so that these properties could

MINUTES

be put to use as a parking lot while awaiting improvement of conditions; that parking has been chosen because New York's continually enlarging needs for parking facilities can best be served, because by arranging these properties as parking lots only small investment is needed to obtain some income and because the properties will be in readiness at all times for rapid transformation into residential uses when the neighborhood becomes ripe for it; that with this same reasoning application for variance was made for the first of these group of plots (No. 472), which was granted and it is now requested that the variance be extended to the neighboring plot (No. 462), which is the subject of this appeal; that should the properties between the two lots be acquired, it is intended to ask for permission to connect behind their rear yards, which are larger than needed for legal yard spaces; that as to the property now under consideration being appropriate for the Board to exercise its discretion to grant such variation, attention is called to the present general deteriorated condition of the immediate vicinity, the predominance of warehouses, truck garages, freight tracks, 10th avenue vehicular traffic and the nearness of this property to 10th avenue and to the business zones; that it is requested that the Board grant the variation for a term of two years and that it extend to the corresponding term the variation previously granted under Cal. 127-52-BZ for the property at No. 472 West 22nd street; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 485-53, Objection 1, dated April 20, 1953 and new decision dated October 7, 1953, re Alt. App. 485/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

475-53-BZ

APPLICANT—Leonard F. Rothkrug, for Lisbeth Weiss, owner.

SUBJECT—Application June 17, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G-1 area district the maintenance of existing one family dwelling, without the required side yard, and nearer to the rear lot line than is permitted.

PREMISES AFFECTED—242-08 130th avenue, southeast corner of Laurelton parkway (Block 12917, Lot 287), Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Seymour Genzal.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 130th avenue and Laurelton parkway are in a residence use, G-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated May 25, 1953 acting on Alt. Applic. 204-52, reads:

"1. Premises is located in a G-1 district. Bldg. as shown on plot does not agree with Article IV Sec. 16-C-

c & d as to distance to side lot line (min. 5 ft.) and distance to rear lot line (min. 20 ft.)."

and

WHEREAS, the applicant states that the premises consist of a plot, 14.89 ft. frontage by 91.04 ft. in depth, irregular; that prior to the widening of Laurelton parkway the premises consisted of a plot 40 ft. front on 130th avenue and 91.04 ft. in depth along the then mapped Brookville boulevard, regular, on which was located a 1½-story, brick veneer frame dwelling 25 ft. by 42.5 ft., irregular, and a one-car garage; and

WHEREAS, the applicant further states that due to condemnation proceedings by the Park department to acquire property for the Laurelton parkway widening, the plot was reduced to its present size and it became necessary to choose between slicing off part of the building and allowing it to remain on its then existing foundation, or lifting the entire structure from its foundation and relocating the building; that the present owner purchased the premises contemplating the relocation of the building on another plot in the vicinity; that the owner has made every possible attempt to obtain another plot and has entered into negotiations with several of the other owners but has been unsuccessful and has been unable to secure a suitable lot within the practical limits to the subject premises, to allow the building to be moved; that the building is now only on temporary supports and is being subjected to unavoidable damage by the elements and unless remedial steps are taken shortly, the building will deteriorate beyond salvage; that it is proposed to locate the building on the plot at a lawful minimum distance of 5 ft. from the side lot line of the adjoining lot and 14 ft. 4 in. from the rear lot line; that the building will be set back 34 ft. 2 in. from 130th avenue and there will be more than sufficient light, air and ventilation for the future occupants of the building and no deprivation of the same from any adjoining land owner; that there is a one-car accessory garage presently existing on its original footings on the premises; that if this application is granted the garage must be removed, since there would not be sufficient room for the maneuvering and parking of an automobile; and

WHEREAS, the applicant contends that on July 25, 1916 the portion of the property within 100 ft. of Brookville boulevard, as then mapped, was zoned for business and the remainder for residence; that at that time the entire property was zoned as a one times height district and a D area district; that on October 26, 1934 the business portion was changed to a residence district and on the same date the portion of the property within 100 ft. of Laurelton parkway was changed to a ½ times height district and an F area district and the remainder to an E area district; that on June 30, 1952 the present area designation became effective and the portion of the property more than 100 ft. from Laurelton parkway was changed to a class ½ height district; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, after careful consideration, the Board deems that the building should not be left on the lot as indicated; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 204/52, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

489-53-BZ

APPLICANT—Morris Rothstein and Son, for Samuel Match, owner.

SUBJECT—Application June 26, 1953—(decision of the borough superintendent) under section 9A of the zoning resolution, to permit in a residence use, D area and a class 1 times height district, the erection and maintenance of a

MINUTES

class A multiple dwelling and garage for more than five cars, in excess of height permitted within two miles of an airport.

PREMISES AFFECTED—2717-2727 East 28th street, 2729-2741 East 28th street, east side, 127.81 and 101.91 ft. north of Shore parkway and 3655-3677 Shore parkway, north side, 95 ft. east of East 28th street (Block 7501, Lots 104 and 112), Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy, G. P. Lane and Arnold Rothstein.

For Opposition: George W. Brickfield, N. Cardlin, Helen Kudia, Henry Holtorf, S. Kletzelman, Joseph Savarese, Bernard Mictin, Kathleen Smith, Thomas J. Long, G. Zinn, J. Favilla, Ralph Buono, Ann Bosovich and Ralph L. Buono.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleiner and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; laid over to January 5, 1954, at request of objector's representative; no further requests for adjournment; then to January 12, 1954, applicant and objector to file briefs; hearing closed; then to January 19, 1954, for further consideration and decision; then to February 9, 1954, for inspection and decision and to permit two publications in the Bulletin, as legal notice, in view of the submission of amended Application blanks correcting the prior affidavit as to ownership of the premises; on February 9, 1954, recessed to February 10, 1954 for vote by the Board on the motion to grant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Shore parkway are in residence and business use, D area, class 1 height districts; East 28th street is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 22, 1953 acting on N.B. Applic. 594-53, reads:

"1. Proposed multiple dwelling exceeds height allowed for areas within two miles of Airport in violation of Article 3 Section 9A subdiv. (a) of the Zoning Resolution."

and the decision of the borough superintendent, dated June 22, 1953 acting on N.B. Applic. 595-53, reads:

"1. Proposed multiple dwelling exceeds height allowed for areas within two miles of Airport in violation of Article 3 Section 9A subdiv. (a) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 265.37 and 137.44 ft. frontage by 369.39 ft. in depth, irregular, presently vacant; that it is proposed to erect four units, each to be used as a class A multiple dwelling and garage for more than five motor vehicles, six stories, 63 ft. in height, of class 3 construction; and

WHEREAS, the applicant contends that the site is situated 1.89 miles from the nearest boundary line of the Floyd Bennett air field; that the proposed buildings are six-story apartment houses for 240 families, located on the east side of East 28th street and the north side of Shore parkway; that the area of the buildings at the typical floor level is 43,998 sq. ft., occupying 33% of the plot; that the buildings are set back 10 ft. from all streets upon which they face; that the proposed buildings constitute a low rental cooperative housing project under section 213 of the Federal Housing law, and the site has been approved by the Federal Housing Administration; that part of the project faces on Shore parkway, which is over 100 ft. wide; that there are several streets in the same height district much nearer the airport

than this site, varying in width from 80 ft. to 100 ft., upon which buildings may rise to a height of 70 ft. or more, and there are actually now several six-story buildings in existence much nearer the airport; that section 9A of the zoning resolution empowers the Board to grant variances and as the proposed variance appears to be in harmony with the general purpose and intent of this section, it is requested that this appeal be granted; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, report of which is as follows:

REPORT OF COMMITTEE

February 8, 1954

2729-41 East 28th St. and
3655-77 Shore Parkway
Borough of Brooklyn.

This application for a zoning variance under Section 9-A was filed by Morris Rothstein & Son as applicants for Samuel Match, owner, on June 26, 1953. The application blank filed, signed by Samuel Match and sworn to before a Notary Public, states in the "Affidavit of Ownership" that he is the owner in block 7501, of lots 104 and 112. Item 11 of the application blank asks "How long has the present owner held title to the property?". The answer given on the date of filing is 5-6-52, 6-16-52, 1-27-53 and 2-4-53. These latter answers were amended on October 16 and November 16, 1953 by H. B. F. who is not identified.

In checking the ownership, the Board noted the action of the Board of Estimate under Cal. No. 467 on October 8, 1953 of the sale of a portion of the bed of East 29th Street, adjacent to blocks 7501 and 7502, to Wesley A. Roche, and the Chairman was informed by Assistant Corporation Counsel Pritzker that negotiations to acquire the bed of East 29th Street commenced in January 1953 and were finally consummated following the above Board of Estimate action. It was represented that Wesley A. Roche was the sole owner of the property adjoining the street to be closed. This was confirmed by the Corporation Counsel in the examination of title. A copy of deed recorded December 23, 1953 has been filed with the Board showing that the property in question, referred to as in Block 7501C, was deeded on December 10, 1953 by Wesley A. Roche as follows:

To Wesley A. Roche	¾ interest
To Samuel Match	1/8 interest
To William Lande	1/8 interest

Dimensions of property in deed coincide with the dimensions given on area plan filed with this application to the Board on June 26, 1953.

Three corrected application forms were filed with the Board on January 15, 1954 stating the names of the owners of record and signed and sworn to before a notary. It is stated by their attorney that Samuel Match was the owner of an equitable interest—but not the owner of record at the time of the filing of the application.

The only question before the Board as to zoning is the height of two of the four multiple dwellings which, because of their nearness to 60 ft. streets cannot rise to the height proposed of 63 ft. for all four of the buildings. The building #4, fronting on the parkway, could rise to 87 ft. and #3 to about 70 ft. Buildings 1 and 2 are limited to 52 ft. 6 in. because the premises are within 2 miles of Floyd Bennett Field, designated as an "airport" in the Zoning Resolution under Section 9-A. The distance is given as 1.89 miles. The extra height requested is for buildings 1 and 2 of approximately 10 ft. for each, or one story. No building is to exceed the six story height or 63 ft. to top of roof beams without any setback stories above that height.

The corrected applications have been accepted in place of the application filed on June 26, 1953, which did not truthfully set forth the owner of record required of all the premises involved. Required publication has appeared in the bulletin.

MINUTES

The Board is not governed by Section C26-103 of the Administrative Building Code defining the term "Owner". The Board requires that the affidavit on the application shall be signed and sworn to before a Notary Public by the owner of record.

The premises and area have been inspected by a Committee of the Board. As pointed out the buildings are proposed to be of the same height namely six stories not to exceed 63 feet to the main roof beams. Two of the buildings could go higher under the provisions of the zoning resolution based on the width of the wider streets. It is committee's opinion that the equalization of height produces a more reasonable condition and is an appropriate case to permit the extension in height of not over one story for the two buildings adjacent to sixty foot streets where at the street line the height is limited to 52'-5". Multiple dwellings are permitted in this area and could rise higher with setbacks except for the section 9-A requirements.

The Committee recommends that the application be granted under the terms of Section 9-A, Subdivision C of the Zoning Resolution, to permit the greater height not to exceed 63 ft. as proposed, provided the plot as described shall be divided into zoning lots, to show required open spaces and access to a public street for each building, and provided the total plot shall not be reduced but shall be used in its entirety for the four 6-story Class A multiple dwellings and accessory garages and open space for planting, lawns and walk as proposed.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
EDWIN W. KLEINERT,
Commissioner,
SEAN P. KEATING,
Commissioner,
EDWARD CONNORS,
Deputy Fire Chief.

WHEREAS, it was apparent that those in opposition were opposed to the closing of 29th street by the Board of Estimate and to erection of apartment houses, but had little to say as to the specific matter before the Board.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the requirements of the zoning resolution Section 9A as to airport areas, and that the application be and it hereby is *granted* in accordance with the above cited report of the committee, *on condition* that in all other respects the buildings and occupancies shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

538-53-BZ

APPLICANT—Theodore L. Soontup, for Lorraine M. Petracca, owner.

SUBJECT—Application July 10, 1953 (decision of the borough superintendent), under sections 7e and 21 of the zoning resolution, to permit in a retail use district the erection and maintenance of a one story business building to be used for more than the permitted percentage of manufacturing (not incidental to retail business), storage, loading space and office.

PREMISES AFFECTED—45-18 80th street, west side, 98.51 ft. north of 47th avenue (Block 1532, Lot 13), Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Theodore L. Soontup.

For Opposition: Frank D. O'Connor, John Walsh, Francis J. Sortino, Mrs. Catherine Regan and Mrs. Mary Zirilli.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; applicant to inform the Board who the lessee is to be; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, B area, class 1½ height district; 80th street is in retail, business and unrestricted use, B area, class 1½ height districts; 47th avenue is in retail and unrestricted use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 29, 1953 acting on N.B. Applic. 2524-53, reads:

"1. Use of premises located in a retail use district as office space, storage space, loading space & manufacturing is contrary to Art. II Sec. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a building 56 ft. front by 100 ft. in depth, irregular, one story in height, of class 3 construction, to be used 100% for manufacturing; and

WHEREAS, the applicant requests that a variance be granted to permit manufacturing on 100% of this site in lieu of the existing restrictions limiting manufacturing to only 5% of the accessory use of the proposed structure; and

WHEREAS, the applicant contends that the plot is rectangular in shape measuring 60 ft. in frontage by 100 ft. in depth totaling 6,000 sq. ft.; that 40 ft. to the north are four one-story garages and a one-story frame gasoline station; that the easterly and southerly areas directly across the street are unrestricted consisting of two, three and one-story masonry manufacturing plants and one-story brick garages and parking lots; that it is proposed to erect a one-story masonry structure, 5,680 sq. ft. in area, with unit heaters, toilets and loading space, to be used for manufacturing purposes; that because the noises and sounds coming from the existing factory buildings precludes any favorable utilization of this site for any other type of structure except manufacturing use, it is requested that a permanent variance be granted, or a variance for a minimum period of 25 years, to permit manufacturing use of this site; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e of the zoning resolution and that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 2524/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 111th street are in residence and business use, C area, class 1 height districts; Jamaica avenue is in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated June 25, 1953 acting on N.P. Applic. 1242-53, reads:

"1. Proposed location of a commercial building on a lot which is partly in a business use district and partly in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R.

2. Proposed location of a curb cut more than 25'-0" from the corner in a transition area is contrary to Sec. 7A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, irregular, with an open ramp and loading platform; that it is proposed to erect a building 48.6 ft. by 100 ft., one story, 19 ft. in height, of class 3 construction, to be used as a shipping, receiving and storage of tinsmith supplies; and

WHEREAS, the applicant contends that the present area and height designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; that the plot consists of what is at present two tax lots, each 50 ft. by 50 ft. in size; that the southernmost of these lots (old lot 124) has been occupied by a one family dwelling; that Alt. Applic. 662-53 has been filed and approved to reduce this lot to 30 ft. by 61 ft., which lot has been assigned a new tentative lot number of 125; that the balance of old lot number 124 is being consolidated with old lot number 127 and this entire plot has been assigned the new tentative lot number of 124; that on the northerly side of these two lots (abutting property on Jamaica avenue under the same ownership), there is an open ramp and loading platform constructed without a permit; that it is proposed to enclose this ramp and loading platform with a one story masonry building to be used for shipping, receiving and storage in conjunction with owner's business on adjoining plot; that the building will be one story in height, without cellar and with a face brick facade; that all operations will be confined to the interior of the building; that openings in lot line walls will be filled with approved glass block to minimize any possible effect upon adjoining property; that the opening between the new building and the existing buildings on Jamaica avenue will be equipped with three hour fire doors; that the building will occupy less than 60% of the lot and it will therefore comply with area coverage requirements in a C area district; that although the building will be used almost entirely for loading and unloading space, and although a small part

of the building is in a business zone, no consideration is being requested for additional coverage under section 19A; that the building supplies store and warehouse fronts on Jamaica avenue in one of the busiest sections of Jamaica avenue; that at the present time it is necessary for the trucks to unload in the front of the store and this has created a traffic hazard; that the objective of this case is to relieve the traffic situation and to reduce the amount of liability that may be caused by such loading and unloading on Jamaica avenue by placing the same in the rear of the premises; that the building on the southwest side of Jamaica avenue and 111th street has been extended for business up to the depth of 134 ft., and therefore the inclusion of business on the southeast side of 111th street and Jamaica avenue up to a similar depth would in no way be extending a business area which would be entirely out of conformity with the remaining residential area to the south; that block 9301, lot 124 is at the present time under the ownership of August Henke who lives in the one family house situated on that particular site; that however, it is under contract of purchase to the Long Island Tinsmith Supply Corporation pending on the Board's granting a variance so as to permit the desired use; that in the event the Board grants such application, this house will remain as a buffer between the residential area and the proposed business area for the unloading and loading of tinsmith supplies; that the Long Island Tinsmith Supply Corporation will rent these premises to any individual desiring to live there; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board, which found that the premises are now being used without a permit presumably for the same use as proposed except that the loading space is in the open and that there is no building as is now proposed to be erected over such loading dock, and it is recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the use of the premises and the erection of the building, substantially as proposed and as indicated on plans filed with this application marked "Received June 26, 1953" (4 sheets), "November 18, 1953" (1 sheet) and "January 27, 1954" (1 sheet), *on condition* that the lots to the south with a two-story frame building thereon shall remain occupied for residential use as at present under the same ownership to act as a buffer and shall not be used in any way with lot 124, as proposed; that the loading building and use shall not be extended beyond what is herein permitted and shown on such plans and for use only in conjunction with the premises under the same ownership facing on Jamaica avenue, as shown on such plans; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that fences shall be maintained on the lot lines and street building line as proposed with no openings therein except to 111th street, as shown, where an opening may be permitted of a width not over 15 feet and fitted with gates of similar construction as the fences; that the premises shall be paved with concrete; that there shall be no windows opening to the rear and any openings proposed in the rear shall be filled with glass blocks as approved for exterior walls; that no signs shall be erected on the premises, except there may be a small sign not over 15 sq. ft. in area attached to the fence at the street line, stating that these premises are for the private use of the company; that opposite the opening in the fence there may be a curb cut of similar width; that such portable fire-fighting equipment shall be installed as the fire commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

619-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Vista Terrace Homes Corp., owner.

SUBJECT—Application August 4, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, E-1 area district, the erection and maintenance of a six story and cellar multiple dwelling.

PREMISES AFFECTED—147-20 Sanford avenue, south side, 100.40 ft. east of 147th street and 147-11 to 147-25 Ash avenue (Block 5377, Lot 15), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Joseph W. Ryan.

For Administrator: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 19, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Sanford avenue and Ash avenue are in a residence use, E-1 area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated July 9, 1953 acting on N.B. Applic. 2374-53, reads:

"1. Proposed 6 story & cellar, multiple dwelling, to be erected at the above location, is not permitted, in that it is located in an E-1 Zone. Sec. 15A.a. of Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot, 166.27 ft. frontage of 274.67 ft. in depth, presently vacant; that as of July 25, 1916 the premises were in a class C area district and was changed to its present area designation February 7, 1940; that it is proposed to erect a modern six story and cellar multiple dwelling with garage facilities in the cellar; that the building will have a frontage of 82 ft. and a depth of 202 ft. with a height of 60 ft. 11 in.; that all rules and regulations governing courts, yards, height and area will be complied with for an E-1 zone, so that the only exception and variance requested is to have the building contain 78 families; and

WHEREAS, the applicant contends that lots 1, 3, 6 and 10, immediately adjoining to the west, will not be affected as their rear yards adjoin the premises in question, and in addition a 44 ft. wide side yard will be provided along the entire westerly side of the lot; that a 40.27 ft. wide side yard will be provided along the easterly lot line; that these side yards are as wide as streets so that adjoining premises to the east and west are assured of better permanent light and ventilation than if a building were erected for one family and located only 5 ft. of the side lot lines; that the proposed building will set back 32.63 ft. from Ash avenue and 40 ft. from Sanford avenue, although in an E-1 zone a 15 ft. setback would be sufficient; that the land is so high in assessed value as to prohibit the erection of a one family dwelling; that within the affected area, in a C zone, block 5374, lot No. 38, there is a six story multiple dwelling and lots 46 to 58 inclusive are developed with attached brick homes, so that the proposal is in keeping at this point; that the proposed multiple dwelling will be in complete harmony with the affected area and the public health, safety and general welfare will be secured by the above proposed provisions; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and after careful review of all the buildings in the area and the general uses, the

committee recommends that the application should not be granted; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 2374/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 19, 1954, for inspection and decision without further argument; then to February 9, 1954, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; West 53rd street is in residence, retail and business use, B area, class 1½ height districts; 9th avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated August 12, 1953 acting on Alt. Applic. 1213-53, reads:

"1. Parking and storage for more than five (5) motor vehicles is not permitted under Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to use the vacant lot for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that although at present this site is located in a residential district, the entire character of this area, and in particular this neighborhood, has changed in that there are many non-conforming uses other than residences or multiple dwellings; that throughout the entire street there are minor businesses being conducted in residential buildings and directly across the street is a parking lot, 100 ft. wide, going through from West 53rd to West 54th streets; that on the same side of the street as the subject property, there is a parking lot for the storage and parking of motor vehicles, 50 by 100 ft.; that these parking lots, constantly filled, serve a specific need within this area which is congested with trucks and passenger cars throughout the entire day; that located within a 500 ft. radius of this site are hospitals, schools and churches, all requiring temporary parking facilities of which there is none to be found; that it is proposed that this site be utilized for the storage and parking of more than five motor vehicles with the necessary woven wire fences, timber bumpers for protection of adjacent buildings and curb cuts at the front entrance, together with a 10 by 10 ft. shanty to be used as a control office; and

MINUTES

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five (5) years, to permit the premises to be occupied for the parking and storage of motor vehicles, substantially as proposed and as indicated on plans filed with this application, marked "Received September 10, 1953" (2 sheets) and "November 18, 1953" (1 sheet), *on condition* that all uses on the premises shall be completely removed and the premises leveled substantially to the grade of West 53rd street and surfaced with clean gravel, steam cinders or other suitable material, treated with a binder and properly rolled; that on the lot lines where walls of adjoining buildings do not occur, there shall be erected a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height; that along the street building line there shall be a similar fence with an opening for exit and entrance not exceeding 15 feet with curb cut opposite of similar width; that proper bumpers shall be maintained against all fences and walls for protection and placed at a suitable distance therefrom; that proper aisles shall be maintained at all times for easy entrance and egress; that during the term of this variance the premises shall be occupied for no other use and no buildings shall be erected thereon, except there may be a building for the attendant, not over 100 sq. ft. in height and one story in height, which may be of frame, located near the entrance; that there shall be no signs maintained except one attached to the fence near the entrance, advertising only the parking and storage use, rates charged and such other information as the commissioner of licenses may require; that such sign shall not exceed 25 sq. ft. in area, shall not be illuminated and shall not extend beyond the building line; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required and a certificate of occupancy shall be obtained and all work completed within six (6) months from the date of this resolution.

673-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Simone V. Shaw, owner.

SUBJECT—Application September 16, 1953 (decision of the borough superintendent), under sections 7e and 7h of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service station, auto showroom, lubritorium, car wash, motor vehicle repairs, sales and office, and to permit the parking and storage of motor vehicles for a term of twenty years.

PREMISES AFFECTED—196-29 Hillside avenue, 87-88 to 87-90 197th street, northwest corner, and 192-42 Foothill avenue (Block 10509, Lot 265), Hollis, Borough of Queens.

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 12, 1954 after due notice by publication in the Bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Hillside avenue and Foothill avenue are in a residence use, E-1 and G-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated August 21, 1953 acting on N.B. Applic. 3211-53, reads:

"1. The proposed use of gasoline service station, auto showroom, lubritorium, minor auto repairs, car washing, office & sales, & parking & storage of motor vehicles in a res. use dist., is contrary to Art. 2, Sec. 3 of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 129.83 ft. frontage by 150 ft. in depth, irregular, presently vacant; that it is proposed to erect a modern auto showroom and gasoline service station consisting of ten 550-gallon storage tanks and six approved type gasoline pumps; that the proposed showroom and accessory building will be of class 3 construction with a frontage of 75 ft., an irregular depth of 50 ft., one story in height and contain conjunctive uses of lubritorium, car wash, minor auto repairs and office and sales; that a part of the site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that Hillside avenue is a main auto lane leading across Queens and as such the proposal of a joint auto showroom and gas station is a required service and in keeping at this point as there are no other like uses within the affected area; that the proposed development will be highly modern in design and will be in keeping with any future development in this area; that the premises opposite in blocks 10530 and 10472 are in a restricted retail zone and Hillside avenue, with its large auto traffic and attendant noise and fumes, make the site undesirable for residence use; that the irregular shape of the site and the manner in which it projects towards the business use also renders the site unsuitable for residence use; that the high assessed value of the land renders the site too costly for a residence and there are sufficient stores in the area for public needs; that a 55 ft. deep landscaped area will be maintained as a buffer to the residence zone; that the proposed auto showroom and gas station will be in complete harmony with the affected area; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 3211/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

bulletin; laid over to February 9, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Cropsey avenue and 18th avenue are in a business use, D area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated September 16, 1953 acting on N.B. Applic. 294-53, reads:

"1. Proposed gasoline service station, lubritorium, car washing, minor auto repairs, salesroom, parking & storage of motor vehicles on premises located within a business use district violates Art. II Sec. 4a-46 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 96 ft. 10¾ in. and 100 ft. frontage by 100 ft. in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline service station consisting of ten 550-gallon storage tanks and six gasoline pumps; that the proposed accessory building will have a frontage of 54 ft. and a depth of 28 ft. 8 in., one story in height, of class 3 construction and contain the conjunctive uses of car wash, lubritorium, minor auto repairs and sales room; that a part of the open site will be reserved for parking and storage of motor vehicles; that a 5 ft. 6 in. high woven wire fence will be erected on all lot lines and a 5 ft. wide planted area will be maintained on the westerly lot line to afford adjoining premises additional light and ventilation and act as a buffer to the use on said premises; and

WHEREAS, the applicant contends that the proposed parking and storage of motor vehicles on the site will help alleviate the parking problem in the affected area; that Cropsey avenue and 18th avenue are main auto lanes leading across Brooklyn; that there are many non-conforming uses within the affected area; that block 6435, lot 1, block 6437, lot 4 and block 6464, lot 16 contain motor vehicle repair shops; that although Cropsey avenue is zoned for business the many non-conforming uses have changed the character of this street and the proposal would therefore be in harmony with Cropsey avenue at it has developed; that there are no other gas stations within the affected area and the large transient traffic and home development in the area have made the proposed gas station a required service at this time; that there are sufficient stores in the vicinity for public needs and the high value of the land makes it necessary to develop with the only feasible use as proposed so that the owner may receive an equitable return on his investment and continue to pay city taxes; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7. Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen (15) years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application, marked "Received September 28, 1953" (3 sheets) *on condition* that complete working drawings shall be submitted within two months for further consideration by the Board and imposition of conditions and after approval of same that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 2:00 P. M., except as to Cal. No. 489-53-BZ which was recessed to February 10, 1954.

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

Re: 796-51-SM

January 8, 1954

Subject: Amendment of resolution to include additional models of Trageser Copper Core Automatic Gas Water Heaters.

The Board of Standards and Appeals February 5, 1952 approved the Trageser Copper Core Automatic Gas Water Heaters, Models CWH30, CWH45, CWH60 and CWH80 under the provision of C26-178.0.b. and Art. 12 of the Administrative Building Code. This resolution was amended July 3, 1952. Request was made for a reopening of the case and an amendment of the resolution to include approval of new Models CWH20 and revised designs of Models CWH30 and CWH45. The case was reopened October 27, 1953.

Description

The new model CWH20 has fiber glass insulation and has a capacity of 20 gallons and is of 12 gauge steel lined with copper. The flue way is 16 gauge. The thermostat is a Unitrol A-11 or Triton C40 and C50. The water inlet and outlet connections are ¾".

Revised Model 30 has a capacity of 30 gallons construction and thermostat is similar to Revised Model 20, Revised Model 45 has a capacity of 45 gallons. Its construction and thermostat is similar to Model 20. Model 60 and 80 have not been changed.

Inspection and Test

These revised models were inspected and tested at the plant of the Trageser Copper Work, 5000 Grand Avenue, Maspeth and found to operate as designed. Present at the test were Chief Engineer L. V. Huber of the Committee on Test, and M. L. Green, representing the applicant. These water heater models have been approved by the American Gas Association.

Recommendation

On the basis of the inspection and test, and the data submitted by the applicant, the Committee on Test recommends approval of the amendment of the resolution of the Board of February 5, 1952 to include approval of the Trageser Copper Core Automatic Gas Water Heaters, Models CWH20, Revised Model CWH30, Revised Model CWH45, on condition that in other respects the resolution of February 5, 1952 be complied with.

Committee on Test.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of February 5, 1952 in accordance with the above report.

511-52-SA

APPLICANT—William R. Sundmeyer, for Norman Products Co., owner.

SUBJECT—Application July 8, 1952—Norman Three-Sixty Gas-fired Unit Heater, Model RHD-100A, approval of.

APPEARANCES—

For Applicant: Ruth I. Shafer.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 511-52-SA January 5, 1954
Subject: Norman 360 Gas Fired Unit Heater, Model RHD-100A, approval of.

Norman Products Company, Ohio, filed July 8, 1952 an application with the Board of Standards and Appeals for approval of the appliance known as the Norman Three-Sixty (Gas Fired Unit Heater) Model RHD-100A, under the provisions of Article 12, Chapter 26, Administrative Building Code.

Purpose

The appliance is a gas fired unit heater for use in domestic and commercial installation, but not to be used in garages or places of explosive atmospheres.

Description

The appliance consists of the following component parts:

Single port, self piloting flame retention type burner. The pilot is a thermocouple type safety pilot. The heat exchanger is of cast chrome alloy.

The casing, top, bottom and interliner are formed of 18 and 20 gauge cold rolled steel. The interior surfaces are finished in high temperature aluminum paint and the exterior surfaces in baked on paint.

In operation, the circulating air fan delivers a proportion of the air to the sealed burner compartment for use as primary air to the single gas burner. The balance of the circulating air passes over the outside of the heat exchanger and is discharged horizontally from the periphery of the unit in a complete circle. The return air is drawn into the center bottom of the unit.

The unit is equipped with a limit control that will break the circuit to the gas valve if the air discharge temperature rises above a predetermined setting. In addition, a fan control is utilized that enables the propeller motor to continue to run after the thermostat is satisfied until the air discharge temperature is reduced to a predetermined setting.

Inspection and Test

A unit was inspected by Asst. Engr. J. A. Darts, Committee on Test on Springfield avenue, Irvington, New Jersey. The appliance operated as designed and the control functioned as required. The appliance has been approved by the American Gas Association under Certificate No. 4-1086.001. The Underwriters Laboratories has approved the appliance under File MH-5419 Guide No. 160 E. 7.7 for installation with clearances to combustible construction not less than 6 inches from the top; 18 inches from the sides and 6 inches from flue or vent connection.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the

approval of the appliance known as the Norman 360 Gas Fired Unit Heater, Model RHD-100A, for use in New York City for domestic and commercial installation, but not to be installed in places of explosive atmospheres when installed in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code; and further; that there shall be maintained a clearance of at least 18 inches at the top and sides between this device and any combustible materials such as wood floor beams, joist, sheathing, etc., and further that each unit bears a label reading as follows:—"Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 511-52-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

219-53-SA

APPLICANT—Joseph M. Lonergan, for Hammond-Montel, Inc., owner.

SUBJECT—Application March 13, 1953—Hammond-Montel, Inc. Chemical Feeder (device to add chemicals to water), approval of.

APPEARANCES—

For Applicant: Joseph M. Lonergan.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 219-53-SA
Subject: Hammond-Montel, Inc. Chemical Feeder, approval of.

Hammond-Montel, Inc. owner-manufacturer, filed March 13, 1953, an application with the Board of Standards and Appeals for approval of the Hammond-Montel, Inc. Chemical Feeder, under the provisions of C26-178.O.b Administrative Building Code, and Section 170 of the Sanitary Code.

Purpose

This is a device for feeding certain chemicals to potable water to control pipe corrosion.

Description

For this purpose various sizes of tanks pipes and valves are required to take care of load conditions. Essentially a tank or chamber is provided, underslung, supported on legs and made of extra heavy black sheet iron, and connected with piping forming a by-pass from the main water supply line to the chamber and then from the chamber on a return to the main water line. Shut-off valves are provided on both the inlet and outlet pipes to cut the tank out of the circuit if required. In addition a control valve is located on the feed tank inlet line a short distance above the tank itself. On the outlet line from the tank is an air vent cock. Additionally there is a filling plug at the top of the tank through which the chemical enters the tank and drain plug at the bottom for draining and cleaning. There is a plug at one and a hose bit at the other end for sampling purposes and air relief. The line from the main line is one inch in size with a pipe therefrom entering the tank 1/2 inch to 1 inch in size through which the raw water enters. The water entering the tank

MINUTES

picks up the chemicals (generally sodium silicate although other chemicals are specifically named by the Department of Health for this purpose) in moving through the tank; passes out of the tank at the top and opposite to the inlet side and into the main water line. It is on this line where the air vent and shut-off valve are provided. In order to shunt the water through the chemical chamber a flanged union is installed in the main feed line through the joints of the connection of the lines going to the tank (known as the inlet line), and that coming from the tank (the outlet line). In this flanged union is a restrictive orifice.

Inspection and Test

The appliance was listed at the Department of Water Supply, Gas and Electricity Testing Station, 356 Flushing Avenue, Brooklyn, New York, December 9th and 10th, 1953. Present at the test were E. Bauman, C. De Phillips, B. C. Nesin and T. Burns, representing the Department of Water Supply, Gas and Electricity, C. Barker, and M. Appelboom, of the Department of Health, Asst. Engr. J. A. Darts, Board of Standards and Appeals and Mr. Lonergan, and J. Montel, representing the applicant.

The appliance successfully met the requirements of Section 170 of the Sanitary Code. The complete report of the test is on file with and is part of the record.

Recommendation

On the basis of the inspection and test, and the data submitted by the applicant, the Committee on Test recommends the approval of the Hammond-Montel, Inc. Chemical Feeder for voluntary use in New York City under the provisions of C26-178.O.b and Section 170 of the Sanitary Code, on condition that the device be constructed, installed and operated in accordance with this report and the provisions of Section 170, Sanitary Code, and that each device bear a label permanently affixed by reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 219-53-SA," and further that the chemical used with this device shall be sodium silicate. As the surface depends on a number of variables such as size of pipes, size of buildings to be treated, service results (within the provisions of Section 170 of the Sanitary Code), the water pressure rate and volume of flow, the Committee further recommends that the surface be of such a size as to adequately take care of these conditions within the provisions of Section 170 of the Sanitary Code and further the figures used in the design of the orifice and the plans shall be submitted in accordance with the requirements of C26-164.0 Administrative Building Code.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 408-53-SA

December 28, 1953

Subject: F.H.C. Vending Machine Model 2200 (For Dispensing Ice Cream Stick Confection), approval of.

Good Humor Corporation for Fred Hebel Corp., Chicago, filed May 19, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as F.H.C. Vending Machine Model 2200 (for dispensing Ice Cream Stick Confection) under the provisions of C19-97.d Administrative Code.

Purpose

The appliance is used for dispensing ice cream stick confection.

Description

The appliance consists of an insulated cabinet in which five aluminum wheels or drums with spaces for stick confection, are mounted for rotation about a horizontal axes. Each drum rotates individually and is powered by a stainless steel coil spring; these springs unwind during vending and are rewound during loading. Rotation of the drums is controlled by escape arms which limit the travel to one space for each vend.

A temperature of zero degrees fahrenheit is maintained in the cabinet by means of a $\frac{1}{4}$ horsepower hermetically sealed refrigeration unit of a standard make which is charged with 14 ounces of Freon 22.

Inspection and Test

The appliance was inspected and tested at Penn. Station, New York. Present at the inspection were Asst. Engr. J. A. Darts, Committee on Test and J. T. Glasser representing the applicant. The appliance functioned as designed.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the F.H.C. Vending Machine Model 2200 (for dispensing ice cream stick confection), for voluntary installation in New York City, under the provisions of C19-96.0 Administrative Code, and the instructions of the Fire Commissioner to inspectors as amended May 29, 1946, provided the electrical installation complies with the requirement of the Department of Water Supply, Gas and Electricity, and that each unit bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 408-53-SA, and provided, further, that each unit be serviced at least once a year and a record card of inspection be attached to each unit showing such dates of inspection and the names of the inspectors.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 455-53-SA September 15, 1953
Subject: Manitowoc Perchlor Dry Cleaning Unit, Model
SSS, approval of.

The Manitowoc Engineering Corp., owner-manufacturer, filed June 4, 1953, an application with the Board of Standards and Appeals for approval of the Manitowoc Perchlor Dry Cleaning Unit, Model SSS, under C26-178.0b of the Administrative Building Code. In view of the General Resolution of the Board, November 24, 1953, under Cal. 838-53-GR, the dry load capacity of a dry cleaning unit shall be figured on the basis of 2.8 lbs. per cu. ft.

Purpose

A dry cleaning unit using non-inflammable perchlorethylene as a solvent, having a capacity of 20 lbs. of dry load.

Description

This appliance is an assembly of component parts forming a single dry cleaning unit. The main parts are as follows: Washer extractor, Condenser, Tumbler, and Ventilating system.

The SSS unit is designed to provide a two bath operation.

This is to allow the operator to use a strong soap solution in the cleaning solvent which must be removed by extra use of the solvent washing the garments once they have been subjected to the strong soap solution. To achieve this it is required that there be instead of a single tank, two tanks and similarly to carry out the purpose of the system there are two pumps as well as two filters. The filter is of steel construction having a light weight cover which is secured by a snap ring attachment that supports it continuously all the way around. The entire filter tank is hot-dip galvanized for protection against corrosion. The filter is fitted with 8 stainless steel free flow plates having cloth bags. These plates rest on a manifold at the bottom of the filter. The still is a round steel tank hot-dip galvanized and has a cover which is secured by three hold-down bolts. It has a copper coil tubing which is the heating element. The solvent is pumped into the still tank and the resultant vapors are condensed by cold water coils in the condenser. The condenser and a water separator are placed in one shell. All parts coming in contact with the solvent are of stainless steel, tin dipped copper or special synthetic rubber. The condenser coil is made up of seven pancoil coils of tin dipped copper. It is used to sub-cool the liquids that have been condensed by the condenser. The function of the water separator is to separate the water from the solvent. The water passes out through a tube in the rear of the shell and the solvent drains back into the storage tank. The tumbler is constructed of materials that are resistive to the corrosive action of perchlorethylene. The electrical system is so arranged that the master control switch will have to be in the "on" position before power will reach the tumbler motor. With the master switch in the "on" position, the tumbler is automatically stopped and started by the opening and closing of the tumbler door. The dry load capacity of entire unit assembly is 30 lbs.

Inspection and Test

The apparatus was inspected and tested at 265-19 Union Turnpike, Queens, and found to operate as designed. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test and Stanley Goldstein, representing the applicant.

Recommendation

On the basis of the inspection and test, and the data submitted by the applicant, the Committee on Test recommends

the approval of the Manitowoc Perchlor Dry Cleaning Unit, Model SSS having a capacity of 20 lbs. dry load, for use in New York City for voluntary installations under the provisions of C26-178.0 Administrative Building Code, on condition that the equipment is as herein described and the solvent used is classed as non-flammable (Perchlorethylene).

The Committee further recommends that in the event the solvent is changed, the electric motors shall be changed to comply with the requirements of C19-80.0.d and all installations in which the solvent used is not of the non-inflammable type (Perchlorethylene) shall comply with the requirements of Art. 13 Chap. 19 Administrative Code.

The Committee further recommends that each appliance bear a label permanently attached reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 455-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

471-53-SA

APPLICANT—Columbia Appliance Corp., owner.
SUBJECT—Application June 11, 1953—Columbia Model G,
Dry Cleaning Unit, approval of.

APPEARANCES—

For Applicant: Stanley Goldstein.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 471-53-SA December 9, 1953
Subject: Columbia Model G Dry Cleaning Unit, approval of.

Columbia Appliance Corp., owner-manufacturer, filed June 11, 1953, an application with the Board of Standards and Appeals for approval of the Columbia Model G Dry Cleaning Unit, under C26-178.0.b Administrative Building Code. The application was placed on the calendar of September 22, 1953, but was taken off the calendar for further consideration for the purpose of determining the load. In view of the General Resolution of the Board, November 24, 1953, under Cal. 838-53-GR, the dry load capacity of a dry cleaning unit shall be figured on the basis of 2.8 lbs. per cu. ft.

Purpose

A dry cleaning unit using non-inflammable perchlorethylene as a solvent; having a capacity of 8.5 lbs. dry load.

Description

The cleaning system is made up of four basic parts:

1. Cleaner-Extractor
2. Filtering Unit
3. Reclaimer (Still) Unit
4. Cabinet.

The entire cleaning system has a dry load capacity of ten pounds. The solvent used is perchlorethylene rated by the Board of Fire Underwriters at zero flammability.

The cleaner-extractor consists of a tumbler with a horizontal plane extracting system contained in one housing. The solvent capacity is 17 gallons, cleaning speed is 30 RPM and extracting speed is 550 RPM. The motor is a 1/3 horsepower Century ball-bearing grease packed double sealed type.

MINUTES

The filtering unit consists of sealed bags having a filtering capacity of 1,200 to 1,500 garments with a rate of flow of 600 gallons per hour. The solvent turn-over in the cleaning compartment is once each minute. The solvent capacity is 17 gallons when empty. The number of bags contained in the unit is 8, having a filtering surface of 47 square feet. The pump employed in the filtering unit is a Westco Turbine type equipped with a 30 pound relief valve. The motor is a $\frac{1}{3}$ horsepower Century ball bearing grease packed double sealed type.

The filtering unit also has a solvent cooler having 13 square feet of cooling surfaces and a ventilator with a capacity of 1,100 cubic feet per minute having its own $\frac{1}{4}$ horsepower Century motor.

The reclaimer unit has a rate of distillation of 20 gallons per hour with a storage tank capacity of 20 gallons each. The reclaimer unit has an Armstrong steam trap having a 20 pound capacity. The steam regulating valve of the reclaimer unit is a Cash Acme set for $6\frac{1}{2}$ pounds at 65 pounds pressure with a relief side set for 13 pounds at 65 pounds pressure. The reclaimer pump motor is a General Electric 5 watt motor of approximately $1/150$ horsepower.

All of the foregoing basic parts of the unit are housed in a metal cabinet.

Inspection and Test

This apparatus was inspected and tested at 47-29 Vernon boulevard, Long Island City, and found to operate as designed. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test, and Stanley Goldstein, representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Columbia, Model G Dry Cleaning Unit, having a capacity of 8.5 lbs. dry load, for use in New York City for voluntary installations under the provisions of C26-178.0 Administrative Building Code, on condition that the equipment is as herein described and the solvent used is classed as non-flammable (Perchloroethylene). The Committee further recommends that in the event, the solvent is changed, the electric motors shall be changed to comply with the requirements of C19-80.0d Administrative Code, and all installations in which the solvent used is not of the non-flammable type (Perchloroethylene) shall comply with the requirements of Article 13, Chapter 19, Administrative Code. The Committee further recommends that each appliance bears a label permanently affixed reading:—"Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 471-53-SA".

577-53-SA

APPLICANT—American Gas Furnace Co., owner.
SUBJECT—Application July 13, 1953—American Gas Furnace Co., Ammonia Dissociator (as used with Atmosphere Tube), of Muffle Furnace, approval of.

APPEARANCES—

For Applicant: Frederick C. Schaefer and Harold Olson.
ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 577-53-SA

December 10, 1953

Subject: American Gas Furnace Co. Ammonia Dissociator as used with Atmosphere Tube of Muffle Furnace, approval of.

The American Gas Furnace Co. of Elizabeth, N. J., filed July 13, 1953, an application with the Board of Standards and Appeals for approval of the American Gas Furnace Co. Ammonia Dissociator as used with atmospheric tube or muffle furnace.

Purpose

A device to dissociate nitrogen and hydrogen for use in heat treatment of steel.

Description

The applicant contends that the application covers the approval of a device known as a Gas Dissociator, which contains a coil of heat-resisting alloy metal through which ammonia is passed. The ammonia, when passed through the high temperature chamber, dissociates and is thereby made into a useful atmosphere gas to protect heat treated work from becoming scaled.

There is no connection either in the furnace where the atmosphere is used or in the Dissociator between the combustion chamber and the ammonia gas, this being a sealed system. However, all the combustion burners are American Gas Furnace Company Style A, B and C as previously approved under Board of Standards and Appeals Calendar No. 487-50-SA.

There are no special safety devices commercially used; however, the application of the ammonia itself in this manner constitutes a safety device. In other words, should a leak ever occur in the cracking coils, the ammonia passes into the heating chamber and, being heated to a high temperature, simply burns with a very distinctive colored flame. Ammonia consumed in this way is not toxic and simply burns to water vapor and nitrogen.

The same principle applies in the furnace where the dissociated ammonia is used, that is to say, if a leak should occur, the gas simply burns.

This kind of application of dissociated ammonia for metallurgical purposes has been in use for 15 or 20 years with many thousands applications and installations and with no record of any fire or explosion experienced.

In this particular application, the ammonia bottles are placed near a large door just inside the entrance and so located that they could be turned off conveniently without danger. As an additional precaution Ammonia Gas Masks are placed in three different locations on the premises. Using a mask, the ammonia bottle can be turned off should a leak ever occur.

Inspection and Test

The device was inspected and tested at the plant of the Uddeholm Co. of America, 22-14 37th Ave., Long Island City, and found to operate as designed. Present at the test were L. V. Huber, Chief Engineer, Committee on Test, H. Olsen, representing the Uddeholm Co., W. T. Hornbruck and F. C. Schaefer, representing the manufacturer. All pipes carrying gases are colored, Red for city gas, Blue for air, Yellow for ammonia.

Recommendation

On the basis of the inspection and test, and the data submitted by the applicant, the Committee on Test recommends the approval of the American Gas Furnace Co. Ammonia Dissociator as used with atmosphere Tube or Muffle Furnace for use in New York City, on condition that the device shall bear a label permanently affixed read-

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: 786-53-SM December 9, 1953

Subject: Duro Gas Connectors, Models DRB, ARA and ARB, approval of.

The Central D. Manufacturing Co. of Culver City, California, filed November 5, 1953, an application with the Board of Standards and Appeals for approval of Duro Gas Connectors, Models DRB, ARA and ARB under the provisions of C26-178.0.b and Art. 12 of the Administrative Building Code.

Purpose

To install gas appliances with flexible connectors so that the appliance can be readily adjusted as to location.

Description

The Duro gas connectors, Model DRB is a flexible metallic connector with female coupling at each end, the connector is made of seamless admiralty brass butting having an OD of $\frac{7}{8}$ " and a wall thickness of 0.016". In the manufacture of the connector the tubing is put on a crimping machine, and is corrugated at the rate of 6 corrugations per inch. After corrugating the tube is annealed and the couplings are then soldered to each end.

The Duro gas connectors models ARA and ARB are of aluminum flexible tubing with .049 wall certified $\frac{5}{8}$ " tubing with die cast aluminum fittings. The fittings are $\frac{5}{8}$ " flare by $\frac{3}{4}$ " F. with straight and elbow adapters and $\frac{5}{8}$ " flare nuts. Model ARA comes in lengths from 18" to 72 inches and in weights from 9 to 25 lbs. Model ARB in same lengths but in weights from 19 to 36 lbs.

Inspection and Test

Models of this device were inspected and tested at 178 Stanton Street, New York City. Present at the test were Chief Engineer L. V. Huber, Committee on Test and Irving Lurtz, representing the applicant. The devices were subjected to air pressure under water without leakage, and to hydrostatic pressure without breakage. These devices have been approved by the American Gas Association Inc. Cert. #P-L-27A1.001 and Cert. #P-L-26A.001.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends

the approval of the Duro Gas Connectors, Models DRB, ARA and ARB for voluntary use in New York City when fabricated of material as herein described, and when manufactured in accordance with this report, and the provisions of Art. 12 Adm. Code (Bldg.), on condition each device be stamped:—"Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 786-53-SM."

THE RESOLUTION—

WHEREAS, the applicant states that the building is one and two stories, 18 ft. in height; 20 ft. by 95 ft. in area, of class 3 construction, erected 1904 and 1920, located on a lot 20 ft. by 100 ft. in area, in a business use, B area, Class 1½ height district, and used and occupied—1st and 2nd floors as a factory by a single tenant employing 18 persons; and

WHEREAS, Certificate of Occupancy #117106, issued March 26, 1947, to supersede Certificate #89882 issued on Alt. Applic. 9829/29, describes the building as non-fireproof, manufacturing and storage, and permits the following use and occupancy: 1st floor on ground, 5 persons, manufacturing (machine shop) and storage; 2nd floor, live load not stated, 5 persons, manufacturing (machine shop) and storage, and contains the note that the use or occupancy is not to violate paragraphs a or b of Section 4, Article 2, of the Zoning Resolution; and

WHEREAS, the applicant states that the revocation of Certificate of Occupancy #117106, which permits a factory occupancy by 10 persons in the building in question is sought on the grounds that it was improperly issued for the following reasons: (1) the certificate was issued on Alt. Applic 9829/38, which has been approved for factory use by only 2 persons; (2) exits in the building do not comply with the Labor Law; (3) no inspection was made on the certificate of occupancy application so that the conditions at the premises at the time of its issuance were not known; (4) information to establish the safe carrying capacity of the floors is not given and the safe carrying capacity of the 2nd floor is not specified on the certificate; and

WHEREAS, the applicant states that Exit Order #8-52 has been placed for improper egress facilities and that inspection made June 3, 1952, reveals that an additional story has been erected without a permit within 19 ft. high extension at the rear and violation #2398/52 has been placed for doing this work; and

WHEREAS, the applicant states that Alt. Applic. 2498/52 has been filed in the Department affecting these premises and is now pending and has not been approved because it does not provide for compliance with Section 270 of the Labor Law; and

WHEREAS, Exit Order #8-1952, issued by the Borough Superintendent, June 5, 1952, states that there exists a violation of Section 270 of the Labor Law on these premises in that proper means of egress and exit facilities from the structure have not been provided; and

WHEREAS, Violation #2398/52, issued by the Borough Superintendent, June 5, 1952, states that there exists a violation of Section 211 of the Building and Section C26-161.0 of the Administrative Code in that the alterations made in the rear extension providing steel supported floor at approximately 2nd floor of front of building, also opening cut at rear wall of building at 2nd story, providing access to newly created factory work space at rear without having secured an approved alteration application and permit from the Borough Superintendent; and

WHEREAS, an examination of the records of the office of the City Register indicates that the premises are in the ownership of 383 Douglass Street Realty Corporation, 66 Court street, Brooklyn 1, N. Y.; and

WHEREAS, due notice of this public hearing has been had by publication in the Bulletin of the Board and by notice by regular mail to the owner of record; and

WHEREAS, an examination of the records of the Department of Housing and Buildings indicates that under Alt. Applic. 153/04 it was proposed to alter an existing one story building at the front of the lot, 20 ft. by 30 ft. in area, occupied as a stable shed, by adding one additional story and using the building as a stable and it was proposed also to demolish two existing stables at the rear of the lot; that under Alt. Applic. 11901 of 1920, it was proposed to demolish a one story frame extension at the rear and erect in its place a brick extension, 46 ft. in depth, to make the building 96 ft. in depth on a 100 ft. deep lot; and to continue its occupancy as a factory; that B.N. Applic. 9829, filed August 30, 1938, was to build a new door between buildings and the premises were shown as a single lot, 40 ft. in width, containing a one story building, 20 ft. in width, with a depth of 100 ft. on the easterly half and a 2 story building, 20 ft. front on the westerly half of the lot with a 1 story extension at the rear, with a horizontal opening between buildings on the 1st floor and the buildings were described as occupied on the 1st floor as a factory and light storage and proposed to be occupied on the 1st floor as factory and light storage, and the plans show the westerly building to be then occupied as a machine shop and the easterly building as storage; that this application was approved and permit issued October 19, 1938, and work completed October 31, 1938; and Certificate of Occupancy #89882 issued October 31, 1938, describing the building as a factory and permitting the following use and occupancy: 1st floor on ground, factory and light storage; 2nd floor, live load not stated, 2 employees, factory and light storage, and application for certificate of occupancy under permit #9829/38 was filed with the Borough Superintendent subsequent to March 26, 1947, to supersede Certificate of Occupancy #89882/38, and to permit the following use and occupancy: 1st floor, live load not stated, 5 persons, machine shop, manufacturing and storage; 2nd floor, live load not stated, 5 persons, storage of non-combustible materials, total machine shop, manufacturing and storage, 10 persons; and Certificate of Occupancy #117106 was issued March 26, 1947, permitting the following use and occupancy: 1st floor on ground, 5 persons, manufacturing (machine shop) and storage; 2nd floor, five persons, manufacturing (machine shop) and storage; Alt. Applic. 4649 filed with the Borough Superintendent October 18, 1939, describes the building as 20 ft. front by 60 ft. in depth at typical floor level, and 20 ft. by 100 ft. in area at the street level, 15 and 25 ft. in height, and proposed to convert window opening into door opening at 1st floor; to erect new stud partition for water closet on 2nd floor; and stated that there will be no change in occupancy and no certificate of occupancy was to be issued and describes the existing occupancy prior to alteration as first floor and second floor combined, factory and light storage; that this application was approved October 30, 1939, and permit #8004 issued October 31, 1939, and permit #8045 issued November 1, 1939; construction work was signed off May 23, 1942; and

WHEREAS, the Board found that Certificate of Occupancy #117106 was improperly issued and should be revoked.

Resolved, that the Board of Standards and Appeals be and it hereby does grant this appeal, revoking Certificate of Occupancy #117106. (See resolution of Board adopted this day under Cal. No. 869-53-A.)

869-53-A

APPLICANT—Harry A. Yarish, for 383 Douglass Street Realty Corp., owner (Dean Electronics Corp., lessee).

SUBJECT—Application November 30, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—383 Douglass street, north side, 330 ft. west of 5th avenue (Block 943, Lot 61), Borough of Brooklyn.

MINUTES

APPEARANCES—

For Applicant: Harry A. Yarish.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 19, 1953 as to Alt. Applic. 2498/52, reads:

"4. Provide two remote means of egress from all floors to comply with Sec. 270 of the Labor Law."

and

WHEREAS, the applicant states the building is 2 stories, 18 and 23 ft. in height, 20 ft. by 96 ft. in area, of class 3 construction, erected about 1904, located on a lot 20 ft. by 100 ft. in area, in a business use, B area, class 1½ height district, and used and occupied since May 1, 1953 as a machine shop, 7 persons on the 1st and 7 persons on the 2nd floor, proposed to be used and occupied; 1st floor, electronics factory (assembly of phonographs)—7 persons; 2nd floor, electronics factory (assembly of phonographs)—15 persons; that the building is provided with one interior 3 ft. 6 in. wide iron stairs enclosed in one hour partitions, equipped with one hour, self-closing, fireproof doors; that stair hall leads direct to street and is provided with a ladder and scuttle to roof; and

WHEREAS, exit order No. 8-1952 was issued June 5, 1952 citing a violation of section 270 of the Labor Law, as follows:

"In accordance with the provisions of Sec. 270 of the Labor Law of the State of New York proper means of egress and exit facilities from the structure at the above location not provided as follows:

First and second story used as a factory employing 7 persons."

and

WHEREAS, Certificate of Occupancy #117106 issued March 26, 1947 upon Alt. Applic. 9829/29 permits the following use and occupancy; 1st floor, manufacturing, machine shop and storage—5 persons; 2nd floor, manufacturing, machine shop and storage—5 persons; total manufacturing and storage of non-combustible materials, and limits the use so as not to be in violation of paragraph a or b of section 4, of the zoning resolution; and

WHEREAS, the applicant states that the front portion of the building was erected as a one story building prior to 1904 then increased to two stories under Alt. 153/04; that in 1920, a one story brick, 19 ft. high extension was erected at the rear under Alt. 8501/20; that the building was occupied as a machine shop from 1920 to 1953; that on March 26, 1947, pursuant to Alt. Applic. 9829/29, Certificate of Occupancy #117106 was issued for machine shop with an occupancy of 10 persons on the 1st and 2nd floor combined; that some time prior to 1953, a tier of beams was installed in the rear extension, converting it from one to two stories in height and the building is now used by the Dean Electronics company with a total of 22 employees on both floors for the assembly of phonographs; and

WHEREAS, the applicant contends that no lacquering, painting, staining or any similar work is done on the premises; that there is no storage of paint, stain, varnish or other combustible materials; that the present metal stairs are 3 ft. 6 in. wide and will be enclosed in fire retarded partition, equipped with one hour fireproof, self-closing doors; and

WHEREAS, the applicant contends that the building will be occupied by a small number of persons; that the building is very small in area and to comply with the requirements would render the building useless for all practical purposes as it would seriously reduce the usable area of the building, and thus cause unnecessary hardship and practical difficulty, and it is therefore requested that the Board grant a vari-

ance so as to permit the acceptance of the exits as shown on plans filed with this appeal, on condition that the building otherwise comply with all laws applicable thereto.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in the decision of the Borough Superintendent, acting on Alt. Applic. 2498/52, Objection 4, and that the appeal be and it hereby is *granted*, to permit the proposed second means of exit from the first and second floors, as shown on revised plan marked "Received January 20, 1954" (2 sheets) and "February 2, 1954" (1 sheet), *on condition* that an additional door with a vestibule shall be installed in the front portion of the factory to the stairhall; that the other means of escape by means of steps into the passage from the rear of the second floor and the new fire escape balcony at the second floor with counterbalanced stairs to street shall be installed and maintained; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto and a new certificate of occupancy shall be obtained in place of certificate of occupancy revoked this day by resolution adopted under Cal. No. 856-52-A.

420-53-A

APPLICANT—Prowler and Sushan, for Pierre Allen, owner.

SUBJECT—Application May 28, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—387-389 Bedford Park boulevard, east side, 80 ft. south of Decatur avenue (Block 3280, Lot 5), Borough of The Bronx.

APPEARANCES—

For Applicant: H. M. Sushan.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, the portion of the decision of the Borough Superintendent, dated January 4, 1954, on Alt. Applic. 233/53, which is the subject of this appeal reads:

"S.3. Extension of business use into an additional part of an existing frame building is contrary to Sect. 4.1.5.

S.4. Show capacity of dry cleaning units comply with Sect. 53(a) of the Z.R."

and

WHEREAS, in addition thereto the decision of the Borough Superintendent, dated January 4, 1954, contains the following objections which are not subject to this appeal:

"A-1. Creation of a dry cleaning establishment in a frame multiple dwelling is contrary to Article 13, Subdivision 2, Par. 3 of the Administrative Code.

A-2. Operation of the proposed dry cleaning establishment on the 1st story of a multiple dwelling, constitutes a nuisance under Section 309, Subdivision 1B of the Multiple Dwelling Law."

and

WHEREAS, the applicant states that the building is 3 stories, 37 ft. in height; 40.73 ft. by 82 ft. 7 in. in area at street floor, 40.73 ft. by 67 ft. 7 in. average in area at typical floor, of class 4 construction, erected in 1900, located on a lot 40.73 ft. front by 114.8 ft. in depth, in a business use, B area, Class 1¼ height district, and used and occupied since 1900—cellar, storage, no persons; 1st floor, 2 stores and 2 families, 10 persons; 2nd floor, 2 families, 4 persons; 3rd floor, 2 families, 4 persons, for which no certificate of occupancy has been issued; that the building is proposed to be used and occupied as follows: cellar, storage in connection with one of the stores on the 1st floor and a portion of the cellar

MINUTES

to be used accessory to the tailoring shop on the 1st floor, no portion to be used for dry cleaning or the storage of clothes newly cleaned; 1st floor, 1 store and 1 tailor shop, with accessory dry cleaning, 5 persons; 2nd floor, 2 families; 3rd floor, 2 families; that the building is provided with one interior wood stairs, 3 ft. wide, enclosed in partitions of wood studs, lath and plaster, equipped with hardwood doors which are not self-closing; that stair hall leads direct to street and to roof bulkhead; that in addition there is one fire escape at the rear extending to roof by ladder; and

WHEREAS, the applicant states that the building is an old law tenement erected under N.B. Applic. 271-1900, and has been occupied since erection as follows: cellar, ordinary storage and boiler room; 1st floor, 2 stores and 2 families; 2nd and 3rd floors, 2 families each; and

WHEREAS, the applicant states that it is proposed to alter the 1st floor by removing the apartment arrangements behind the stores and extending the business use for the full depth of the 1st floor and to occupy the building after the alteration as follows: cellar, ordinary storage for stores and use of the portion of the cellar by tailor shop, excluding the storage of recently cleaned clothes or any dry cleaning operation; 1st floor, one store and one tailor shop with accessory dry cleaning; 2nd and 3rd floors, 2 families each; and

WHEREAS, the applicant contends that the present owner purchased the property in December, 1952, for the purpose of utilizing the 1st floor for his own tailoring establishment with accessory dry cleaning; that it is proposed to install two units for the cleaning operation with a total dry load capacity of less than 60 lbs. and an area of 2,000 sq. ft. of floor space for the tailoring and cleaning operation on one floor; that the building is classified as an heretofore erected Class A old law tenement; that the 1st floor has been used for business except for approximately 33 ft. since the building was erected; that the Borough Superintendent has not objected to the extension of business under the Multiple Dwelling Law since the extension of a business in a non-fireproof multiple dwelling is permitted under Section 61 of the Multiple Dwelling Law but has only objected under Section 4.1.5; that Section C26-2.0 of the Administrative Code states that the Code does not provide presumptively for matters contained in the charter, Labor Law, Multiple Dwelling Law, etc.; that it is therefore contended that Section 4.1.5 of the Administrative Code cited by the Borough Superintendent should not apply to this structure; that however a reversal of the decision of the Borough Superintendent on these grounds exclusively is not requested; that it is proposed that the Board grant a reversal of the decision of the Borough Superintendent under Section 61 of the Multiple Dwelling Law with such safeguards to life and property as the Board may deem advisable; and

WHEREAS, the applicant contends that the business use, for which the space will be utilized, is a tailor shop with accessory dry cleaning in accordance with the limitations set by Section 4a.53 of the Zoning Resolution; that the solvents used in dry cleaning will be Perchloroethylene, which has no flash point; that outside of the boiler room area in the cellar there will be no open flame; that no permit is requested for this occupancy from the Fire Department as no inflammable liquids will be used; that the cellar ceiling is fire retarded; that it is proposed to enclose the cellar stairs with 4 in. masonry blocks and a new 3 hour fireproof door at top and bottom; that it is proposed that the walls, ceilings, openings into halls and shafts of the new proposed tailor shop comply with the provisions of Section 61 of the Multiple Dwelling Law and any other safeguards the Board may stipulate; and

WHEREAS, the applicant requests the Board consider the hardship which may devolve upon the owner if this appeal is not granted; and

WHEREAS, the applicant contends as to Objection S-4 issued by the Borough Superintendent, that it is proposed to install two Secomatic dry cleaning units, model AHR as approved by the Board under Cal. No. 880-50-SA; that the applicant has been informed by the manufacturer of these machines that they have requested the approval of the Board of the dry load capacity of their units; that the 15 lb. load indicated on

plans filed with this appeal is the actual load used by the owner and is also the load for which the machines were designed; and

WHEREAS, the premises were inspected by a committee of the Board and the matter given careful consideration in view of the type of building, and the committee recommends that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 233/53, Objections 3 and 4 be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

620-53-A

APPLICANT—James B. Anderson, Jr., for F. W. Woolworth Co., owner.

SUBJECT—Application August 11, 1953—Appeal from a decision of the fire commissioner.

PREMISES AFFECTED—2923 3rd avenue, west side, 60.77 ft. north of East 151st street (1st and 2nd floors); (Block 2374, Lot 51), Borough of The Bronx.

APPEARANCES—

For Applicant: James B. Anderson, Jr.

For Administration: John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated July 14, 1953, reads:

"In reply to your letter of July 8th, please be advised that your request to install a Freon-12 air conditioning system, as proposed, is hereby denied.

You may appeal to the Board of Standards and Appeals for variance."

and

WHEREAS, the applicant states that the building is two stories, 32 ft. in height; 61.77 ft. by 125.33 ft. in area, of Class 3 construction, erected in 1906, located in a business and retail use, B area, Class 1½ height district, and used and occupied since 1917—basement, storage, 2 persons; 1st floor, variety store, 250 persons; 2nd floor, office, 20 persons; no change in use or occupancy is now proposed; that the building is equipped with a one-source sprinkler system in the basement only; that there is an approved interior fire alarm system; that there are two interior 3 ft. 8 in. wide wood stairs, enclosed in partitions of lath and plaster, equipped with wood self-enclosing doors; that stair halls lead direct to street and a ladder and scuttle to roof is provided; and

WHEREAS, the applicant states that the proposed installation will consist of one Westinghouse LU-850 Unitaire Conditioner with 25 h.p. hermitically sealed compressor and a 5 h.p. fan assembly using a charge of 49 lbs. of F. 12 refrigerant; that the installation will be located in a machinery room on the 2nd floor with adequate ventilation of such room by windows opening upon the roof; that a Marley Aquatower will be located on the roof of the 2nd floor for the conservation of water; that the duct work will be through the ceiling of the 1st floor only, and will be equipped with dampers on both supply and return duct; that the lunch counter on the 1st floor will have all open flames hooded and will have its own independent exhaust system; that the entire building is occupied by the owner; that the installation does not constitute a hazard to life or property.

Resolved, that the decision of the Fire Commissioner dated July 14, 1953, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the air conditioning system, as proposed and as indicated on plans filed with this appeal marked "Received August 11, 1953" (3 sheets), *on condition* that in all other respects the equipment shall comply with all laws, rules and regulations applicable thereto; that the plans shall show on the elevation through line BB on Sheet 3; that there is a fire damper, as elsewhere shown, both on the feed and on the return ducts.

658-53-A

APPLICANT—Imre Chairman, for Consolidated Stamp Mfg. Co., Inc., owner.

SUBJECT—Application August 14, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—44 Warren street, north side, 75 ft. 6 in. east of Church street (Block 136, Lot 6), Borough of Manhattan.

APPEARANCES—

For Applicant: Imre Chairman and Peter S. Gluck.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 24, 1953, on amendment to B.N. Applic. 528/53, reads:

"1. An engineer's ladder is not an acceptable secondary means of egress in a factory bldg. and is therefore contrary to Sec. 271, Labor Law."

and

WHEREAS, the amendment which was the subject of this decision was filed July 23, 1953, to omit the unenclosed stairs leading from cellar to 1st floor and to substitute an engineer's ladder leading from vault to sidewalk; and

WHEREAS, the applicant states that the building is subcellar, cellar, and 5 stories, 66 ft. in height; 24 ft. 11 in. by 100 ft. 3 in. in area at 1st floor; 24 ft. 11 in. by 85 ft. in area at typical floor; of class 3 construction; erected prior to 1913; located on a lot 24 ft. 11 in. by 100 ft. 3 in. in area, in an unrestricted use, B area, class 2 height district, and used and occupied since 1929 as follows: subcellar, no use; cellar, storage, no persons; 1st floor, store, 6 persons; 2nd floor, offices, 14 persons; 3rd floor, rubber stamp manufacturing, 7 persons; 4th floor, printing, 7 persons; 5th floor, printing, 4 persons; no change in use or occupancy is now proposed; that the building is provided with a non-automatic dry sprinkler system in the cellar and subcellar in accordance with resolution adopted by the Board under Cal. No. 1150-38-A; that there is one interior stairs of steel construction except for the portion from 2nd to 5th floor; that these stairs are 44 in. wide, except between the 2nd and 5th floor where they are 40 in.; that stairs are enclosed at the subcellar with 4 in. blocks and above with studs, wire lath and cement plaster both sides; stair hall leads direct to the street and to the roof bulkhead and is equipped with fireproof self-closing one hour test doors; that there is one fire escape on the front of the building extending to street by two ladders and not to roof; that window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, Violation #4024-53, was issued by the Borough Superintendent June 8, 1953, for violation of Section 271 of the Labor Law in that exits from cellar and subcellar do not comply with the Labor Law; and

WHEREAS, Certificate of Occupancy #15609, issued September 16, 1929, upon completion of work under Alt. Applic. 1569/26, permits the following use and occupancy: cellar, storage, no persons; 1st floor, store, 4 persons; 2nd floor, storage, 6 persons; 3rd floor, printing, 7 persons; 4th floor, storage, 6 persons; 5th floor, printing, 6 persons; and describes the live load as 120 lbs. throughout; and

WHEREAS, the applicant states that except for the 4th floor the building is occupied by the owner, a manufacturer of rubber and metal stamps, whose main plant is located outside of the city; that the subcellar is not in use and is not entered except occasionally by an elevator repairman; that the cellar is used as a stockroom and no one is employed there steadily; that a small dumb waiter has been installed recently to facilitate and expedite the handling of supplies; that these two stories are equipped with a non-automatic dry sprinkler system with sprinkler heads 25% in excess

of the required numbers and permitted by the Board under Cal. No. 1150-38-A; that no inflammable material is stored in the cellar or subcellar; that the occupancy of the 1st and upper stories has not been substantially changed since the Board's action relating to this building in 1929 and 1938; and

WHEREAS, the applicant states that the amendment filed with the Borough Superintendent relating to B.N. No. 528/53, requested approval of an engineer's ladder as a secondary means of egress from the cellar as a substitute for an unenclosed stairway, previously approved by the Borough Superintendent; that the first means of egress from the cellar is an enclosed incombustible stairway; that staircase partitions on the 1st floor decrease the width of the store to about 12 ft.; that the installation of an additional stairway to the cellar would make the use of the 1st floor almost impracticable; that the Borough Superintendent denied the amendment under Section 271 of the Labor Law; and

WHEREAS, the applicant contends that the owner showed his good intentions when he corrected previously existing exit conditions in cellar and sub-cellar and tried to find ways to install a second stairway; that however there is no possibility of a practical way for such second stair to be installed in the building 23 ft. in clear width; that in view of the fact that the cellar is used for storage only and is equipped with a dry sprinkler system, and no inflammable material is stored therein; that the space lost to the 1st floor through installation of the second stairway would constitute a hardship, and it is requested that the Board grant a variation of the Labor Law as to the cellar exits and permit the acceptance of an unenclosed steel stairway from the subcellar to the cellar and its continuance by steel engineer's ladder to the street, provided with a standard trap door at sidewalk level, all as indicated on plans filed with this appeal; and

WHEREAS, under Cal. No. 1150-38-A, the Board modified Item 1 of Order #1726-LF, issued by the Fire Commissioner requiring the installation of an approved wet automatic sprinkler system in the cellar and subcellar, on condition that there be installed throughout the cellar and subcellar a non-automatic sprinkler system, complying with the Building Code, except that an automatic or other alarm system need not be installed in connection therewith; and that pipe fittings be of malleable iron and the sprinkler heads spaced 25% in excess of the requirements; and

WHEREAS, under Cal. No. 151-29-S, the Board modified Order #50912-LD, issued by the Fire Commissioner, requiring arrangement of the fire escape at the front of the building to conform with Section 271 of the Labor Law and the rules of the Board, particularly in that no stairway from the lowest balcony to ground was provided and also requiring the interior stairway to be extended to the roof; and modified a decision of the Borough Superintendent requiring similar conformance to the Labor Law only so far as it affected the egress and the termination of the fire escape, on condition that two counterbalanced ladders be provided one at each end of the lowest balcony, and modified the order and decision of the Fire Commissioner as to the requirement that the stairway be extended to the roof on condition that a fixed double-rung iron ladder be provided within the stair hall enclosure to the roof and so long as conditions as to occupancy and use remained unchanged and the building be not increased in height or area.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on amendment to B.N. Applic. 528/53, Objection 1, and that the appeal be and it hereby is granted, to permit the exits as proposed and shown on revised plans marked "Received January 20, 1954" (7 sheets) and "February 5, 1954" (3 sheets), on condition that the primary means of exit, consist of an enclosed stairway through the building and the exit as shown from the sub-basement with a ladder from basement level to the sidewalk trap door; that such trap door at cellar level shall be equipped with an easy opening device and left openable at all times when building is occupied; that a secondary exit consisting of a fire escape

MINUTES

as shown, comply with the requirements therefor with a vertical drop ladder to the street, shall be maintained; that the number of occupants per floor shall be limited to that permitted by the primary means of exit; that the existing fire-fighting equipment consisting of a non-automatic sprinkler system in the cellar and subcellar shall be maintained and such additional fire-fighting equipment as the Fire Commissioner shall deem necessary; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area.

716-53-A

APPLICANT—William J. Minogue, for R. George White and Avalon Foundation, owners.

SUBJECT—Application October 6, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—713 Park avenue, east side, 60 ft. 5 in. south of East 70th street (6th floor); (Block 1404, Lot 71), Borough of Manhattan.

APPEARANCES—

For Applicant: William J. Minogue.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION

WHEREAS, the decision of the Borough Superintendent, dated December 10, 1953, on Alt. Applic. 1666/52 reads:

"2. The required exit should comply with Article 7 of the B.C. Conditions of the reconsideration under Alt. 1023/51 will be changed by proposed new occupancy on the fifth floor."

and

WHEREAS, an amendment filed June 2, 1953, as to Alt. Applic. 1666/52 requesting reconsideration of Objection 2 was denied by the Borough Superintendent September 17, 1953; and

WHEREAS, the applicant states the building is 5 stories, 58 ft. in height, 20 ft. by 90 ft. in area, Class 3 construction, erected in 1915 on a lot 20 ft. by 105 ft. in area, in a residence use, B area, Class 1½ height district; used and occupied since February 1952: Cellar—storage; 1st floor—office and reception room, 5 persons; 2nd floor—conference, lunch room and office, 4 persons; 3rd, 4th and 5th floors—offices, 5 persons per floor; now proposed to be used and occupied the same except for the 5th floor which is proposed to be occupied for offices and caretaker's apartment, 5 persons. The building is provided with a voluntary standpipe system. There is one 3 ft. wide fireproof stairs, fireproof enclosed, equipped with kalamein, self-closing doors and leading to roof bulkhead; and

WHEREAS, Certificate of Occupancy #39450 issued February 1, 1952, upon completion of Alt. Applic. 1023/51, describes the building as commercial classification, located in a residence use district, and permits the following: Cellar—storage; 1st floor—offices and reception room, 5 persons; 2nd floor—conference room, employees lunch room and office, 4 persons; 3rd, 4th and 5th floors—offices, 5 persons per floor and contains the note that premises are to be used exclusively for offices of the Avalon Foundation, a charitable, philanthropic and eleemosynary organization; and

WHEREAS, the applicant states the building was erected in 1915 as a one-family dwelling and in addition to the concrete arches and steel beams, it has fireproof partitions, steel stairs, steel and wire glass smoke tower in the stairwell from the 4th floor up; that all doors and trim with exception of two on 2nd floor which are hardwood and covered with sprinklers are kalamein; that closet shelving and clothes poles are kalamein; that the kitchen and pantry dressers and cabinets are

kalamein and the only things in the building that could burn are furniture and flooring; that in addition there is a fireproof rear stair from 4th floor down to the first floor; and

WHEREAS, the applicant states that all these facts were brought to the attention of the Borough Superintendent in the request for reconsideration of his objection; and

WHEREAS, the applicant contends that it is a mystery to him as to what difference a caretaker's apartment, small in area, and incidental to the use of the building has to do with the exits; that nowhere in the objection of the Borough Superintendent is a specific section of the Code mentioned; and

WHEREAS, the applicant contends that as the area occupied by the caretaker's apartment is small in comparison to the office space, and is an incidental use and will provide occupancy of the building day and night, thus discouraging intruders; and

WHEREAS, the applicant states that Certificate of Occupancy issued in 1952 on approved Alt. Plan 1023/51 approved the exits and it is therefore his interpretation that if the exits are approved after January 1, 1938, they become ipso facto acceptable under Article 7 of the Code and are legal exits once the certificate of occupancy is issued; and

WHEREAS, the applicant contends that the Superintendent's interpretation that the caretaker's apartment changes the use is not correct; that if a caretaker's apartment were to be considered a change in occupancy a greater part of office and loft buildings in New York City would be in violation of this interpretation; and

WHEREAS, it appears that the building is not of Class 1 construction although it is constructed mainly of fireproof materials but must be classified as non-fireproof construction in view of its construction and erection prior to 1916; and

WHEREAS, the applicant states that the Department of Housing and Buildings permitted this use for an eleemosynary organization after investigating the purpose of the Avalon Foundation, who are the occupants; and

WHEREAS, the applicant states that all of the doors to the exits are fireproof and self-closing.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1666/52, Objection 2, be and it hereby is *modified* and that the appeal be and it is hereby *granted* to permit the rear portion of the fifth floor to be occupied also as proposed for the living quarters of the caretaker of the building, as indicated on plans filed with this appeal marked "Received October 6, 1953" (5 sheets), showing existing conditions as to the building, and existing conditions and proposed conditions as to the fifth floor; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereafter and shall be maintained as proposed.

ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 14, 1953, on amendment as to Alt. Applic. 1628/53, reads:

"1. Yard area to comply with Sec. 172 subd. 1.

*Note: 13'-0" yard required.
(Reconsideration denied)."*

MINUTES

and

WHEREAS, the applicant states the building is 3 stories and basement, 40 ft. in height, 16 ft. front by 52 ft. in depth, Class 3 construction, erected in 1897 on a lot 16 ft. 7 $\frac{1}{4}$ in. front by 61 ft. 7 $\frac{1}{8}$ in. average in depth in a residence use, B area, Class 1 $\frac{1}{2}$ height district; used and occupied since 1943; Cellar—boiler room and storage; Basement—1 furnished room and kitchen; 1st floor—1, 2-room apartment; 2nd floor, 2 furnished rooms; 3rd floor—3 furnished rooms. No change in use or occupancy is now proposed. The building is provided with one 34 in. wide wood stairs, enclosed in 2 x 4 wood studs plastered, equipped with wood, self-closing doors. Stairhall leads direct to street and is provided with ladder and scuttle to roof; and

WHEREAS, Violation #8754 of 1953 was issued September 10, 1953, for converting the building from a two-family dwelling to a Class B converted multiple dwelling without a certificate of occupancy; and

WHEREAS, the owner was convicted and sentence suspended in Municipal Term, Magistrates court November 6, 1953, on charge of violating the Multiple Dwelling Law; and

WHEREAS, the applicant states that at the time of erection of the building in question under N.B. App. 1755-1897, six similar buildings were constructed at 944 to 954 St. Nicholas avenue, as private dwellings; that at present No. 944, 946 and 954 are being used as Class B multiple dwellings by reason of their conversion prior to 1929; and

WHEREAS, the applicant states that the rear yard depths of these converted dwellings at 944, 946 and 954 St. Nicholas avenue are as follows: 5 ft. 6 in., 5 ft. 6 in. and 11 ft. 6 inches, respectively; and

WHEREAS, the applicant states that 952 St. Nicholas avenue was used as a Class B multiple dwelling until 1950 when the building was sold and such use discontinued.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. Applic. 1628/53, Obj. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* under the powers vested in the Board under Section 310 of the Multiple Dwelling Law, to permit the area of the rear yard as proposed and as shown on the plans filed with this application marked "Received October 23, 1953," (7 sheets), only so long as similar yard conditions as shown thereon exist on the two buildings to the north and three buildings to the south and the court and the side yard exists as shown for the five story multiple dwelling on Lot 35 at the rear, *on condition* that the building shall not be increased in height or area, and in all other respects shall comply with the requirements of the Building Code and the Multiple Dwelling Law for a Class B heretofore converted multiple dwelling; that a certificate of occupancy shall be obtained.

14-54-A

APPLICANT—Lama, Proskauer and Prober, for 9608 Ditmas Avenue Corp., owner.

SUBJECT—Application January 8, 1954—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—1250 St. Johns Place and 256 Troy avenue, southwest corner (Block 1382, Lot 39), Borough of Brooklyn.

APPEARANCES—

For Applicant: Ernest Cordova.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE OF JANUARY 19, 1954—

Affirmative: Chairman Murdock, Commissioner Keating 2

Negative: Deputy Chief Connors 1

Absent: Commissioner Kleinert 1

THE VOTE OF FEBRUARY 9, 1954—

Affirmative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 10, 1953 on Alt. Applic. 4656/53, reads:

"1. The Labor Law, Sect. 270, requires at least two exit stairs enclosed in fireproof partitions and complying in all details with that section of the law, from the second floor.

2. The 2nd floor construction should be sufficient to safety support a live load of 120 lbs. per sq. ft.

3. The exit passage from cellar to Troy Ave. should be not less than 3'-8" in clear width for entire length in compliance with Sect. 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is 2 stories, 28 ft. 6 in. in height, 100 ft. front by 116.7 ft. in depth at street level, 100 ft. front by 32 ft. in depth at 2nd floor level, of class 3 construction, erected 1911, located on a lot 100 ft. front by 120.7 ft. in depth, in a business use, C area, class 1 height district, and used and occupied; cellar, boiler room, restaurant, bar and bowling alleys—185 persons; 1st floor, public market, stores and storage—206 persons; mezzanine, storage—no persons and other store, 50 persons; 2nd floor, billiard parlor—50 persons; that it is proposed to be used and occupied without change—except that the 2nd floor will be used for the manufacture of clothing with an occupancy of 50 persons; that there is one interior stair, 4 ft. wide from 1st to 2nd floor and 3 ft. 8 in. wide at cellar level; fireproof enclosed at cellar and 1st floor and enclosed in fire retarded partitions on the 2nd floor; stair doors are fireproof, self-closing; that in addition there is one fire escape leading to Troy avenue by stairs; and

WHEREAS, certificate of occupancy #115270 issued September 27, 1946 upon completion of work under Alt. Applic. 1283/45 permits the following use and occupancy: cellar, boiler room, restaurant, bar and bowling alleys—185 persons; 1st floor, public market—206 persons; store and storage—50 persons; stores—30 persons; 2nd floor, billiard parlor—50 persons; but does not state the permitted live load on the 1st and 2nd floors; and

WHEREAS, the applicant states the building was originally erected under N.B. Applic. 4336/11 and altered under Alt. 14139/26 and later under Alt. 1283/45 to use the cellar as a bowling alley, the 1st floor for stores and the 2nd floor as a billiard room, and Certificate of Occupancy #115270 was issued for these uses; and

WHEREAS, the applicant states it is now proposed to use the cellar as a bowling alley, the 1st floor for stores and to convert the 2nd floor to manufacturing of clothes; and

WHEREAS, the applicant contends as to objection No. 1 issued by the Borough Superintendent, that the 2nd floor has a legal occupancy of 50 persons and it is proposed to maintain this occupancy; that the 2nd floor has a main exit stair 4 ft. wide, of iron construction, leading directly to the street, enclosed on the 1st floor with 4 in. terra cotta partitions and on the 2nd floor with a fire retarded partition; that the secondary exit consists of a 3 ft. wide door leading to the roof of the one story extension and thence to the street by way of a fire escape and a counterbalanced stair; that in addition a second 3 ft. wide door leads to the same extension roof and thence by means of an iron ladder to the roof of the two story portion of the building; that inasmuch as the occupancy will not be increased on the 2nd floor and as the present exits are legal for a billiard parlor, it is proposed that they be accepted for the new factory use; and

WHEREAS, the applicant contends as to objection No. 2 issued by the Borough Superintendent, that the 2nd floor now has a legal live load of 100 lbs. per sq. ft. and as only light sewing machines will be used for the manufacture of clothing and as a posted load of 100 lbs. per sq. ft. will be maintained, it is requested that the Board accept this condition; and

WHEREAS, the applicant contends as to objection No. 3 issued by the Borough Superintendent, that the present cellar use of bowling alleys will be continued and inasmuch as the present exits from the cellar for the present use are legal, it is requested that these legal exits be accepted, as no manufacturing will be conducted in the cellar and the cellar will not come within the scope of the labor law; and

MINUTES

WHEREAS, on January 19, 1954 this appeal was laid over for a full vote of the Board and set for February 9, 1954.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 4656/53, Objections 1 and 3, and that the decision be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the change of use of the 2nd story from a billiard room to light manufacturing as proposed and as indicated on plans filed with this appeal marked "Received January 8, 1954" (4 sheets), *on condition* that from such 2nd story the exits as thereon shown shall be maintained; that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; and as to Objection 2, that the 2nd floor space proposed to be used for manufacturing shall be of the light type and shall be posted for the proposed floor load of 100 lbs. per sup. ft.; that such loading shall not be exceeded and further that the stair platform shall be so increased as to permit the occupancy of the primary means of exit as proposed for 50 persons; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on January 27, 1953, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 27, 1953, under Vol. II only so far as it has reference to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"* * * that in view of statement by applicant that work has been substantially completed, that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six (6) months from the date of this *amended* resolution." (N.B. Applic. 546/52 and Alt. Applic. 1960/52 and Misc. Applic. 2541/52)

903-50-BZ

APPLICANT—Reginald S. Hardy, for Antoinette Sab-
barese, owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision

MINUTES

of the borough superintendent) previously granted on condition, under section 7i of the zoning resolution, permitting in a business use district, for a term of ten years, the addition of motor vehicle repairs and servicing of motor vehicles for an authorized sales agency, to an existing garage for more than five motor vehicles—previously denied by the Board—reversed by the Court under Cal. 87-25-BZ.

PREMISES AFFECTED—617-633 Brooklyn avenue, southeast corner of Fenimore street (Block 4816, Lot 6), Borough of Brooklyn.

APPEARANCES—

For Applicant: Reginald S. Hardy.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF THE BOARD—Application reopened resolution amended and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 3, 1953 on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution and an extension of time to complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 9, 1925, as acted upon by the Board under Cal. 87-25-BZ and as thereafter *amended* by resolutions adopted through March 3, 1953 under the subject calendar number, only so far as it has reference to obtaining permits and completion of work, so that as *amended* this portion of the resolution shall read:

"* * * that after approval of working plans, that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. Applic. 3613/50 under decision of December 15, 1953.)

and adding thereto:

"* * * that the width and height of the opening for the loading bay may temporarily be of the size as indicated on the plans filed with this request for extension of time to complete, marked 'received January 20, 1954,' (4 sheets), *on condition* that this temporary permission shall not be deemed to apply to the use as permitted by the Board under the resolutions above cited."

643-52-BZ

APPLICANT—Paul Friedman, for B. M. B. Realty Corp., owner.

SUBJECT—Application for consideration—reopening and extension of time to complete—re Application (decision of the borough superintendent) previously granted on condition, under section 21 of the zoning resolution, permitting in a business use, C area district, the extension of an existing one story and balcony building used for the manufacture of metal cabinets, offices, storage and spraying; using more than the area permitted.

PREMISES AFFECTED—768-778 East New York avenue, 471-491 Troy avenue, southeast corner and 707-715 Maple street (Block 4806, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF THE BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

Negative: 0

JOSEPH J. DOYLE, *Chief Clerk.*

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 22, 1953, as they appeared in Bulletin No. 52, Vol. 38, are hereby corrected to read as follows:

692-53-BZ

APPLICANT—Lama, Proskauer and Prober, for Kissena Park Corp., Dominick Mazza and Marie Colonna, owners.

SUBJECT—Application September 28, 1953 (decision of the borough superintendent), under sections 7e and 7h of the zoning resolution, to permit in a residence use district the erection and maintenance of a gasoline service station, lubricatorium, car wash, motor vehicle repairs, storage and sale of accessories, and to permit the parking and storage of motor vehicles.

PREMISES AFFECTED—163-10 Pidgeon Meadow road, 47-02 to 47-06 164th street, southwest corner, and 47-09 to 47-21 163rd place (Block 5494, Lots 8 to 13, inclusive), Flushing, Borough of Queens.

APPEARANCES—

For applicant: Alfred A. Lama.

For Opposition: Stephen E. Faherty, Helen Novotny and G. W. A. Mitchell.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 8, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to December 22, 1953, for inspection and decision without further argument; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Pidgeon Meadow road, 164th street and 163rd place are in a residence use, D area and class 1 height district; and

WHEREAS, the decision of the borough superintendent dated September 9, 1953 acting on N.B. Applic. 3623-53, reads:

"1. Proposed erection of a gasoline service station, lubricatorium, car washing, minor auto repairs, storage, office and sales, parking and storage of motor vehicles on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 116.09, 52.43 and 145.61 ft. frontage by 77.54 ft. in depth, irregular, presently vacant; that as of July 25, 1916 the premises within 100 ft. of 164th street was in a business use district and the balance was in a residence use district, and on September 18, 1947 the present use designation became effective; that it is proposed to erect a modern gasoline service station, for the period of 15 years, to consist of ten 550 gallon gasoline storage tanks and six approved type gasoline pumps; that the accessory building to be erected will have a frontage of 45 ft. and a depth of 30 ft., one story in height, of class 3 construction and contain conjunc-

MINUTES

tive uses of lubritorium, car washing, minor auto repairs, office and sales, and storage; that part of the site will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the accessory building will be colonial in design, having brick facades and a peaked roof, which will tend to make the development in harmony with surrounding property; that a landscaped area will be provided along the southerly lot line as well as a 5 ft. 6 in. high woven wire fence; that landscaped area will act as a buffer to the adjoining property on the south and will provide additional light and ventilation; that the site is highly irregular in shape and occurs in the same block with two other non-conforming uses, a store on lot No. 1 and a pony ride on lot No. 14; that the premises in block 6462, lot No. 1 are occupied as a cemetery; that Pidgeon Meadow road is a main auto artery leading north and south across Queens and there are no other gasoline service stations within the affected area; that parts of the premises have been under the same ownership since 1919 and 1928 without any return to the owner, and it is mandatory that the property now be developed so that the owners may receive an equitable return on their investment; that the premises is unsuitable for use for residence; and

WHEREAS, the applicant states that the title to the property has been held since December 10, 1919 on lots 8 and 11, since May 14, 1928 on lot 13 and since July 1953 on lots 9, 10 and 12, and further states that the assessed valuation of the land is \$3600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivisions e and h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 3623/53, Objection 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

* Correction—Date of ownership of lots 8 and 11 as indicated in the applicant's statement, changed from 'December 10, 1949' to 'December 10, 1919'.

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeals, Room 1018, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

THE BUILDING LAWS AND AMENDMENTS THERETO

THE VARIOUS BUILDING LAWS OF THE CITY OF NEW YORK ARE published in FOUR SEPARATE VOLUMES, consisting of matters affecting or relating to the construction, maintenance, alteration, demolition or removal of structures and buildings in the City of New York; including excerpts from the STATE LABOR LAW, the PLUMBING CODE, ELEVATOR RULES, THE NEW YORK CITY CHARTER, the complete BUILDING CODE OF THE CITY OF NEW YORK; the MULTIPLE DWELLING LAW, the STATE PLASTERING LAW, various local laws, and building and construction rules and regulations adopted by various City and State agencies.

These volumes are now ON SALE at the office of the Supervisor of the City Record, ROOM 2213, MUNICIPAL BUILDING, MANHATTAN, NEW YORK 7, N. Y. The price for the complete set of four volumes is \$4 (\$4.25 by mail), single volumes each containing certain parts of the above described laws, \$1 (by mail \$1.10).

Checks for \$3 or more must be certified.

PUBLIC HEARING

PROPOSED RULES COVERING DRY CLEANING ESTABLISHMENTS PURSUANT TO THE ZONING RESOLUTION OF THE CITY OF NEW YORK (CAL. 958-47-SR VOL. II)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday, March 12, 1954* at 10 A. M., in Room 1013, Municipal Building, Manhattan, on the Proposed Rules Covering Dry Cleaning Establishments, Pursuant to the Zoning Resolution of The City of New York.

Authority

Section 666, Subd. 2 of the Charter of the City of New York and Article V, Section 21 and Article II, Section 4(a), Subd. 53 of the Zoning Resolution of the City of New York.

Application of Rules.

These rules shall be deemed to apply only to those excepted dry cleaning establishments existing or hereafter established, pursuant to Article II, Sections 4(a), Subd. 53, 4-A, 4-B and 4-C of the Zoning Resolution.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York.

Zoning Resolution.

ARTICLE I—DEFINITIONS

§1. Definitions. * * *

(cc) For the purpose of this resolution, "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

ARTICLE II—USE DISTRICTS

§4. Business Districts. (a) In a business district no building or premises shall be used, and no building shall be erected which is arranged, intended or designed to be used, for any of the following specified trades, industries or uses:

(11) Dyeing establishments.

(53) Dry cleaning establishments, except for establishments which conform to the restrictions set forth below:

(a) Not more than two dry cleaning units shall be installed, and such units shall have an aggregate dry load capacity of not more than 60 pounds, as rated by the Board.

(b) The gross floor area of the dry cleaning establishment, including space used for dry cleaning, pressing and incidental operations, and space used for storage, service of customers and convenience of employees, shall not exceed 2,000 square feet. However, additional space may be used on a lower floor which is either a basement or a cellar, provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles.

(c) No solvent having a flash point less than 138.2 degrees Fahrenheit shall be used, except for incidental removal of spots.

To protect the public health, safety and welfare in accordance with the general purpose and intent of this resolution, to safeguard the character of the predominant types of uses located in the districts affected, and to protect the occupants of nearby residences and other premises from traffic congestion, fire, explosion, vibration, noise, heat, smoke, odors, toxic vapors and other forms of air pollution, the Board, after public notice and hearing, may adopt, and from time to time amend, rules and regulations for the operation and maintenance of dry cleaning establishments permitted under subsections (a), (b) and (c) above. Such rules and regu-

lations may cover inter alia location of entrances to and exits from such establishments, installation of equipment and hours of operation of such establishments. Such rules and regulations may also prescribe the conditions under which such establishments may exist in buildings in which residences are located.

Any dry cleaning establishment which was in existence prior to January 1, 1953 in any use district to which the provisions of this section apply, may be continued, but no such establishment shall be enlarged or extended, nor shall the capacity of its dry cleaning units be enlarged, except in conformity with all the provisions of this section. Such existing establishments shall be subject to the aforesaid rules and regulations of the Board.

Section 4-A. Retail Districts. In a retail district the same regulations and restrictions shall apply as are provided for business districts except that no manufacturing or treatment of products shall be carried on other than such as are incidental to the conduct of a retail business conducted on the premises, or such other manufacturing as is now permitted in a business district, provided that in such other manufacturing not more than five per cent (5%) of the total floor space of the building is so used. However, any use or uses specifically authorized under the provisions of §3 (10) shall be permitted in a retail district. In addition, dry cleaning establishments conforming to the provisions of §4(a) (53) shall be permitted in a retail district, provided such establishments are for retail purposes where services are performed directly for consumers or for transient hotels, or as an accessory use in transient hotels and department stores.

Section 4-B. Restricted Retail Districts. In a restricted retail district, the same regulations and restrictions shall apply as are provided for retail districts except, that in a restricted retail district no building or premises shall be used and no building shall be erected which is arranged, intended or designed to be used for any of the following purposes:

(m) Dry cleaning establishments, other than an establishment conforming to the provisions of §4-A, which is located in a passenger terminal, or as an accessory use in a transient hotel or a department store.

Section 4-C. Local Retail Districts. In a local retail district, the same regulations and restrictions shall apply below the level of that first story ceiling as are provided for restricted retail districts, except that no manufacturing of any kind shall be permitted; and no building shall be erected or structurally altered which is arranged, intended or designed to be used above the level of the first story ceiling for any use not permitted in a residence district. However, the provisions of this section shall not apply to projects authorized pursuant to §3 (10) of this resolution. In addition, the provisions of §4-B(m) shall not apply, and dry cleaning establishments conforming to the provisions of §4-A shall be permitted in local retail districts.

Rule 1. Definitions.

For the purpose of these rules, the following definitions shall apply:

1.1. The term "dry cleaning establishment" shall mean any room, place or space in which dry cleaning is performed, as defined in the Zoning Resolution.

1.1.1. For other purposes a dry cleaning establishment shall be as defined in Ch. 19 Adm. Code.

1.2. The term "retail", "retail purposes" and "retail business" shall mean only such dry cleaning establishment performing services on articles conveyed directly by

PUBLIC HEARING

a retail customer to such dry cleaning establishment, or collected directly from the retail customer by such dry cleaning establishment, and directly processing such articles for said customer.

1.3. The term "hereafter" or "hereafter established" shall mean established after January 1, 1953.

1.4. The term "existing" shall mean established before January 1, 1953.

1.5. All other terms used shall be as defined in the Zoning Resolution, Administrative Building Code, Multiple Dwelling Law or Labor Law when not inconsistent with the specific terms defined herein.

1.6. The term "spotting or sponging" shall mean the local application of inflammable liquid solvents and other cleaning preparations to remove spots of dirt, grease, paint or stains from wearing apparel, fabrics, textiles or articles of any other sort.

Rule 2. Permits.

2.1. It shall be unlawful to maintain or operate any dry cleaning establishment as herein defined without a permit from the Fire Commissioner.

Rule 3. General Provisions.

3.1. No dry cleaning unit, system, device, machinery or equipment shall be installed or used unless each such appliance is approved by the Board.

3.1.1. The dry load capacity of any dry cleaning unit for the purpose of these rules shall be rated by the Board on the basis of 2.8 lbs. per cubic foot of the volume of the washing compartment for each washing cycle.

3.2. No solvent shall be used in any dry cleaning establishment as defined herein, unless same has been tested and rated by the Fire Commissioner as being permissible under these rules.

3.3. Before any premises may hereafter be used for a dry cleaning establishment, plans or diagrams and applications shall be filed with the Department of Housing and Buildings by the owner, lessee or agent of such premises on forms furnished by the Department, and an approval obtained thereon.

3.4. Before the Fire Commissioner shall issue or renew a permit pursuant to the Fire Prevention Code and these rules for a dry cleaning establishment existing or hereafter established, he shall require certification from the Department of Housing and Buildings of compliance with these rules.

3.5. Before the Department of Housing and Buildings shall approve any existing dry cleaning establishment, there shall be filed on forms furnished by the Department a statement under oath by the proprietor or agent of such existing establishment as to the extent, capacity and equipment of said dry cleaning establishment as the same existed on January 1, 1953.

3.6. No non-conforming existing establishment shall be enlarged or extended in any conforming manner or respect, unless it is made to comply in each respect to the requirements for dry cleaning establishments hereafter established.

Rule 4. Restrictions on Locations.

4.1. No dry cleaning establishment hereafter established shall be permitted on any floor above the first floor of any building, except when within a fireproof department store, fireproof transient hotel or fireproof passenger terminal.

4.2. No dry cleaning establishment hereafter established shall be permitted within any building:

4.2.1. which is of wood frame construction;

4.2.2. which is classified as a "Public Building" or non-fireproof "Residence Building", pursuant to Section C26-235.0 Administrative Building Code;

4.2.3. any part of which establishment is within twenty feet (20 feet) of any Public Building or any non-fireproof Residence Building;

4.2.4. the restriction against Non-Fireproof Residence Buildings shall not be applicable when the proprietor of the dry cleaning establishment is the occupant of the residential part of the building.

Rule 5. Egress.

5.1. The means of egress in all dry cleaning establishments shall be in conformity with the applicable provisions of the building laws and regulations governing such establishments. In addition thereto, all establishments shall conform to the following:

5.1.1. Three foot (3'-0") clear wide aisles shall be provided, affording proper access to all required means of egress. Such required aisles shall not be obstructed in any manner whatsoever.

5.1.2. Required means of egress shall be indicated by signs reading "EXIT" with letters eight inches in height. Where exits are not visible from any area, illuminated directional signs shall be provided indicating direction of travel to such exits. Each exit sign shall be illuminated by a red light of not less than twenty-five watts or equivalent photometric rating. Directional signs shall be the same dimensions as specified in this section for exit signs. It shall be unlawful to obscure in any manner any required means of egress, passageway, exit sign, exit light or directional exit sign.

5.1.3. All required exit doorways shall be arranged to swing outwardly in the direction of the egress.

5.2. No dry cleaning unit hereafter installed shall be located more than fifty feet (50') from any exit doorway.

Rule 6. Fire Prevention.

6.1. All dry cleaning establishments shall comply with the following:

6.1.1. Be equipped with adequate sand buckets or approved fire extinguishers as the Fire Commissioner may direct.

6.1.2. No device or apparatus employing flame or fire, or which is likely to produce an exposed spark, shall be used in any establishment, except electric apparatus placed at least five feet (5') above floor or approved type of "explosion proof" electric motors.

6.1.3. Electric lighting shall be fitted with keyless sockets, and all switches and receptacles shall be placed at least four feet (4') above floor.

6.1.4. All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding 55 gallon capacity, with a tight-fitting cover, and when filled shall be removed from the premises and disposed of in a lawful manner.

6.2. All solvent shall be received in approved metal containers, not exceeding 55 gallons each, and in such total quantities as may be required for initial charging

PAID

Permit No. 4875
New York, N. Y.

Periodical Division
University of Illinois Library
Urbana, Ill.

PUBLIC HEARING

of dry cleaning units, plus a reserve supply equal to initial charge. Reserve supply shall be stored outside of area devoted to dry cleaning in well ventilated spaces approved by the Fire Commissioner.

- 6.3. All spotting and sponging shall be done within well ventilated spaces. All solvent used for such purposes shall be contained in an approved metal container, not exceeding two quart capacity.
- 6.4. It shall be unlawful to store any inflammable liquids or solvents in any dry cleaning establishment in excess of five gallons.
- 6.5. No smoking shall be permitted in any dry cleaning establishment. Approved signs shall be conspicuously posted to that effect as directed by the Fire Commissioner.
- 6.6. Any heating plant within a dry cleaning establishment shall be a steam or hot water system. No heating plant shall be permitted in the same area or space where dry cleaning units are located, unless such plant shall be placed in a separate ventilated room enclosed by one-hour fire resistive partitions and doors. No heating plant shall be located directly under any dry cleaning unit.
- 6.7. Non-fireproof partitions and ceilings enclosing any dry cleaning establishment hereafter established shall be fire retarded with one-hour fire resistive materials and doors, or in lieu thereof be equipped with an approved automatic wet pipe sprinkler system having its source of supply from the house water system.
- 6.8. All openings from any dry cleaning establishment leading to a fire escape shall be equipped with a fire-proof self-closing door or fireproof window assembly.
- 6.9. Where, in the opinion of the Fire Commissioner, an existing dry cleaning establishment requires additional fire protection facilities for the safety of the occupants or adjoining property, he may order such fire extinguishing appliances as deemed necessary pursuant to Ch. 19 Adm. Code Sec. C19-161.0.

Rule 7. Ventilation.

- 7.1. Every dry cleaning establishment shall be equipped with adequate mechanical ventilation to provide a complete change of air at least once every three minutes of the air volume of such establishment during the

operation of any dry cleaning equipment. Such method of ventilation shall exhaust to the outer air, and be provided with fresh air inlets. Exhaust ventilation shall discharge at least seven feet above any roof or grade and at least five feet away from any other premises, window, door or vent openings.

- 7.2. Any direct equipment exhausts or vents shall terminate to the outer air, at least seven feet (7') above any roof or grade, and at least ten feet (10') away from any other premises, window, door or vent openings.

Rule 8. Operating Precautions.

- 8.1. A printed notice specifying instructions for safe operating methods shall be posted in a conspicuous place in all establishments.
- 8.2. The proprietor of an establishment shall furnish to any person cleaning or servicing a dry cleaning unit containing any chlorinated hydrocarbon solvent an approved type gas mask for his personal use during such process. It shall be the duty of the proprietor to enforce this rule.
- 8.3. All dry cleaning establishments shall operate its mechanical equipment only within the hours of 8:00 A.M. and 6:00 P.M. during regular working days. No such work shall be performed on Sundays and legal holidays.

Rule 9. Equipment Installations.

- 9.1. All equipment shall be installed in a manner to minimize noise, vibration, smoke, odors and other forms of nuisances to the occupants or any adjacent premises.
- 9.2. Should the operation of any equipment or conduct of a dry cleaning establishment be declared a "nuisance" by the administrative official having jurisdiction it shall be forthwith abated or removed upon notice to the proprietor and upon failure to do so within a reasonable time, the Permit for the establishment may be revoked by the Fire Commissioner.

Rule 10. Penalties.

- 10.1. Any violation of these rules shall be subject to the penalties prescribed in the Zoning Resolution therefor, in addition to other penalties prescribed by law.

engineers, pertaining to the work of the board, will be
seen only between the hours of ten in the morning and
one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellant and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

CALENDAR

DOCKET

New Cases Filed up to February 16, 1954

Cal. No. Dept. Premises Affected

82-54-SM—Clow I.P.S. Centrifugally Cast Iron Pipe, manufactured by James B. Clow and Sons, Material.

THE BUILDING LAWS AND AMENDMENTS THERETO

THE VARIOUS BUILDING LAWS OF THE CITY OF NEW YORK ARE published in FOUR SEPARATE VOLUMES, consisting of matters affecting or relating to the construction, maintenance, alteration, demolition or removal of structures and buildings in the City of New York; including excerpts from the STATE LABOR LAW, the PLUMBING CODE, ELEVATOR RULES, THE NEW YORK CITY CHARTER, the complete BUILDING CODE OF THE CITY OF NEW YORK; the MULTIPLE DWELLING LAW, the STATE PLASTERING LAW, various local laws, and building and construction rules and regulations adopted by various City and State agencies.

These volumes are now ON SALE at the office of the Supervisor of the City Record, ROOM 2213, MUNICIPAL BUILDING, MANHATTAN, NEW YORK 7, N. Y. The price for the complete set of four volumes is \$4 (\$4.25 by mail), single volumes each containing certain parts of the above described laws, \$1 (by mail \$1.10).

Checks for \$3 or more must be certified.

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeals, Room 1018, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

PUBLIC HEARING

PROPOSED RULES COVERING DRY CLEANING ESTABLISHMENTS PURSUANT TO THE ZONING RESOLUTION OF THE CITY OF NEW YORK (CAL. 958-47-SR VOL. II)

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on *Friday, March 12, 1954* at 10 A. M., in Room 1013, Municipal Building, Manhattan, on the Proposed Rules Covering Dry Cleaning Establishments, Pursuant to the Zoning Resolution of The City of New York.

Authority

Section 666, Subd. 2 of the Charter of the City of New York and Article V, Section 21 and Article II, Section 4(a), Subd. 53 of the Zoning Resolution of the City of New York.

Application of Rules.

These rules shall be deemed to apply only to those accepted dry cleaning establishments existing or hereafter established, pursuant to Article II, Sections 4(a), Subd. 53, 4-A, 4-B and 4-C of the Zoning Resolution.

These rules shall not be deemed to modify or repeal Chapter 19 of the Administrative Code of the City of New York.

Zoning Resolution.

ARTICLE I—DEFINITIONS

§1. Definitions. * * *

(cc) For the purpose of this resolution, "dry cleaning" includes cleaning textiles, fabrics, garments or other articles by the use of solvents other than water, extraction of the solvents therefrom, and drying the same. A "dry cleaning unit" is the machinery or equipment in which textiles, fabrics, garments or other articles are carried through a complete cleaning cycle. A "dry cleaning unit" may consist of one or more detached component machines.

ARTICLE II—USE DISTRICTS

§4. Business Districts. (a) In a business district no building or premises shall be used, and no building shall be erected which is arranged, intended or designed to be used, for any of the following specified trades, industries or uses:

(11) Dyeing establishments.

(53) Dry cleaning establishments, except for establishments which conform to the restrictions set forth below:

(a) Not more than two dry cleaning units shall be installed, and such units shall have an aggregate dry load capacity of not more than 60 pounds, as rated by the Board.

(b) The gross floor area of the dry cleaning establishment, including space used for dry cleaning, pressing and incidental operations, and space used for storage, service of customers and convenience of employees, shall not exceed 2,000 square feet. However, additional space may be used on a lower floor which is either a basement or a cellar, provided that on such floor there shall be no dry cleaning and no storage of recently cleaned articles.

(c) No solvent having a flash point less than 138.2 degrees Fahrenheit shall be used, except for incidental removal of spots.

To protect the public health, safety and welfare in accordance with the general purpose and intent of this resolution, to safeguard the character of the predominant types of uses located in the districts affected, and to protect the occupants of nearby residences and other premises from traffic congestion, fire, explosion, vibration, noise, heat, smoke, odors, toxic vapors and other forms of air pollution, the Board, after public notice and hearing, may adopt, and from time to time amend, rules and regulations for the operation and maintenance of dry cleaning establishments permitted under subsections (a), (b) and (c) above. Such rules and regu-

lations may cover inter alia location of entrances to and exits from such establishments, installation of equipment and hours of operation of such establishments. Such rules and regulations may also prescribe the conditions under which such establishments may exist in buildings in which residences are located.

Any dry cleaning establishment which was in existence prior to January 1, 1953 in any use district to which the provisions of this section apply, may be continued, but no such establishment shall be enlarged or extended, nor shall the capacity of its dry cleaning units be enlarged, except in conformity with all the provisions of this section. Such existing establishments shall be subject to the aforesaid rules and regulations of the Board.

Section 4-A. Retail Districts. In a retail district the same regulations and restrictions shall apply as are provided for business districts except that no manufacturing or treatment of products shall be carried on other than such as are incidental to the conduct of a retail business conducted on the premises, or such other manufacturing as is now permitted in a business district, provided that in such other manufacturing not more than five per cent (5%) of the total floor space of the building is so used. However, any use or uses specifically authorized under the provisions of §3 (10) shall be permitted in a retail district. In addition, dry cleaning establishments conforming to the provisions of §4(a) (53) shall be permitted in a retail district, provided such establishments are for retail purposes where services are performed directly for consumers or for transient hotels, or as an accessory use in transient hotels and department stores.

Section 4-B. Restricted Retail Districts. In a restricted retail district, the same regulations and restrictions shall apply as are provided for retail districts except, that in a restricted retail district no building or premises shall be used and no building shall be erected which is arranged, intended or designed to be used for any of the following purposes:

(m) Dry cleaning establishments, other than an establishment conforming to the provisions of §4-A, which is located in a passenger terminal, or as an accessory use in a transient hotel or a department store.

Section 4-C. Local Retail Districts. In a local retail district, the same regulations and restrictions shall apply below the level of that first story ceiling as are provided for restricted retail districts, except that no manufacturing of any kind shall be permitted; and no building shall be erected or structurally altered which is arranged, intended or designed to be used above the level of the first story ceiling for any use not permitted in a residence district. However, the provisions of this section shall not apply to projects authorized pursuant to §3 (10) of this resolution. In addition, the provisions of §4-B(m) shall not apply, and dry cleaning establishments conforming to the provisions of §4-A shall be permitted in local retail districts.

Rule 1. Definitions.

For the purpose of these rules, the following definitions shall apply:

1.1. The term "dry cleaning establishment" shall mean any room, place or space in which dry cleaning is performed, as defined in the Zoning Resolution.

1.1.1. For other purposes a dry cleaning establishment shall be as defined in Ch. 19 Adm. Code.

1.2. The term "retail", "retail purposes" and "retail business" shall mean only such dry cleaning establishment performing services on articles conveyed directly by

PUBLIC HEARING

a retail customer to such dry cleaning establishment, or collected directly from the retail customer by such dry cleaning establishment, and directly processing such articles for said customer.

1.3. The term "hereafter" or "hereafter established" shall mean established after January 1, 1953.

1.4. The term "existing" shall mean established before January 1, 1953.

1.5. All other terms used shall be as defined in the Zoning Resolution, Administrative Building Code, Multiple Dwelling Law or Labor Law when not inconsistent with the specific terms defined herein.

1.6. The term "spotting or sponging" shall mean the local application of inflammable liquid solvents and other cleaning preparations to remove spots of dirt, grease, paint or stains from wearing apparel, fabrics, textiles or articles of any other sort.

Rule 2. Permits.

2.1. It shall be unlawful to maintain or operate any dry cleaning establishment as herein defined without a permit from the Fire Commissioner.

Rule 3. General Provisions.

3.1. No dry cleaning unit, system, device, machinery or equipment shall be installed or used unless each such appliance is approved by the Board.

3.1.1. The dry load capacity of any dry cleaning unit for the purpose of these rules shall be rated by the Board on the basis of 2.8 lbs. per cubic foot of the volume of the washing compartment for each washing cycle.

3.2. No solvent shall be used in any dry cleaning establishment as defined herein, unless same has been tested and rated by the Fire Commissioner as being permissible under these rules.

3.3. Before any premises may hereafter be used for a dry cleaning establishment, plans or diagrams and applications shall be filed with the Department of Housing and Buildings by the owner, lessee or agent of such premises on forms furnished by the Department, and an approval obtained thereon.

3.4. Before the Fire Commissioner shall issue or renew a permit pursuant to the Fire Prevention Code and these rules for a dry cleaning establishment existing or hereafter established, he shall require certification from the Department of Housing and Buildings of compliance with these rules.

3.5. Before the Department of Housing and Buildings shall approve any existing dry cleaning establishment, there shall be filed on forms furnished by the Department a statement under oath by the proprietor or agent of such existing establishment as to the extent, capacity and equipment of said dry cleaning establishment as the same existed on January 1, 1953.

3.6. No non-conforming existing establishment shall be enlarged or extended in any conforming manner or respect, unless it is made to comply in each respect to the requirements for dry cleaning establishments hereafter established.

Rule 4. Restrictions on Locations.

4.1. No dry cleaning establishment hereafter established shall be permitted on any floor above the first floor of any building, except when within a fireproof department store, fireproof transient hotel or fireproof passenger terminal.

4.2. No dry cleaning establishment hereafter established shall be permitted within any building:

4.2.1. which is of wood frame construction;

4.2.2. which is classified as a "Public Building" or non-fireproof "Residence Building", pursuant to Section C26-235.0 Administrative Building Code;

4.2.3. any part of which establishment is within twenty feet (20 feet) of any Public Building or any non-fireproof Residence Building;

4.2.4. the restriction against Non-Fireproof Residence Buildings shall not be applicable when the proprietor of the dry cleaning establishment is the occupant of the residential part of the building.

Rule 5. Egress.

5.1. The means of egress in all dry cleaning establishments shall be in conformity with the applicable provisions of the building laws and regulations governing such establishments. In addition thereto, all establishments shall conform to the following:

5.1.1. Three foot (3'-0") clear wide aisles shall be provided, affording proper access to all required means of egress. Such required aisles shall not be obstructed in any manner whatsoever.

5.1.2. Required means of egress shall be indicated by signs reading "EXIT" with letters eight inches in height. Where exits are not visible from any area, illuminated directional signs shall be provided indicating direction of travel to such exits. Each exit sign shall be illuminated by a red light of not less than twenty-five watts or equivalent photometric rating. Directional signs shall be the same dimensions as specified in this section for exit signs. It shall be unlawful to obscure in any manner any required means of egress, passageway, exit sign, exit light or directional exit sign.

5.1.3. All required exit doorways shall be arranged to swing outwardly in the direction of the egress.

5.2. No dry cleaning unit hereafter installed shall be located more than fifty feet (50') from any exit doorway.

Rule 6. Fire Prevention.

6.1. All dry cleaning establishments shall comply with the following:

6.1.1. Be equipped with adequate sand buckets or approved fire extinguishers as the Fire Commissioner may direct.

6.1.2. No device or apparatus employing flame or fire, or which is likely to produce an exposed spark, shall be used in any establishment, except electric apparatus placed at least five feet (5') above floor or approved type of "explosion proof" electric motors.

6.1.3. Electric lighting shall be fitted with keyless sockets, and all switches and receptacles shall be placed at least four feet (4') above floor.

6.1.4. All sludge or residue removed from a dry cleaning unit shall be placed in a metal container not exceeding 55 gallon capacity, with a tight-fitting cover, and when filled shall be removed from the premises and disposed of in a lawful manner.

6.2. All solvent shall be received in approved metal containers, not exceeding 55 gallons each, and in such total quantities as may be required for initial charging

PUBLIC HEARING

of dry cleaning units, plus a reserve supply equal to initial charge. Reserve supply shall be stored outside of area devoted to dry cleaning in well ventilated spaces approved by the Fire Commissioner.

- 6.3. All spotting and sponging shall be done within well ventilated spaces. All solvent used for such purposes shall be contained in an approved metal container, not exceeding two quart capacity.
- 6.4. It shall be unlawful to store any inflammable liquids or solvents in any dry cleaning establishment in excess of five gallons.
- 6.5. No smoking shall be permitted in any dry cleaning establishment. Approved signs shall be conspicuously posted to that effect as directed by the Fire Commissioner.
- 6.6. Any heating plant within a dry cleaning establishment shall be a steam or hot water system. No heating plant shall be permitted in the same area or space where dry cleaning units are located, unless such plant shall be placed in a separate ventilated room enclosed by one-hour fire resistive partitions and doors. No heating plant shall be located directly under any dry cleaning unit.
- 6.7. Non-fireproof partitions and ceilings enclosing any dry cleaning establishment hereafter established shall be fire retarded with one-hour fire resistive materials and doors, or in lieu thereof be equipped with an approved automatic wet pipe sprinkler system having its source of supply from the house water system.
- 6.8. All openings from any dry cleaning establishment leading to a fire escape shall be equipped with a fireproof self-closing door or fireproof window assembly.
- 6.9. Where, in the opinion of the Fire Commissioner, an existing dry cleaning establishment requires additional fire protection facilities for the safety of the occupants or adjoining property, he may order such fire extinguishing appliances as deemed necessary pursuant to Ch. 19 Adm. Code Sec. C19-161.0.

Rule 7. Ventilation.

- 7.1. Every dry cleaning establishment shall be equipped with adequate mechanical ventilation to provide a complete change of air at least once every three minutes of the air volume of such establishment during the

operation of any dry cleaning equipment. Such method of ventilation shall exhaust to the outer air, and be provided with fresh air inlets. Exhaust ventilation shall discharge at least seven feet above any roof or grade and at least five feet away from any other premises, window, door or vent openings.

- 7.2. Any direct equipment exhausts or vents shall terminate to the outer air, at least seven feet (7') above any roof or grade, and at least ten feet (10') away from any other premises, window, door or vent openings.

Rule 8. Operating Precautions.

- 8.1. A printed notice specifying instructions for safe operating methods shall be posted in a conspicuous place in all establishments.
- 8.2. The proprietor of an establishment shall furnish to any person cleaning or servicing a dry cleaning unit containing any chlorinated hydrocarbon solvent an approved type gas mask for his personal use during such process. It shall be the duty of the proprietor to enforce this rule.
- 8.3. All dry cleaning establishments shall operate its mechanical equipment only within the hours of 8:00 A.M. and 6:00 P.M. during regular working days. No such work shall be performed on Sundays and legal holidays.

Rule 9. Equipment Installations.

- 9.1. All equipment shall be installed in a manner to minimize noise, vibration, smoke, odors and other forms of nuisances to the occupants or any adjacent premises.
- 9.2. Should the operation of any equipment or conduct of a dry cleaning establishment be declared a "nuisance" by the administrative official having jurisdiction it shall be forthwith abated or removed upon notice to the proprietor and upon failure to do so within a reasonable time, the Permit for the establishment may be revoked by the Fire Commissioner.

Rule 10. Penalties.

- 10.1. Any violation of these rules shall be subject to the penalties prescribed in the Zoning Resolution therefor, in addition to other penalties prescribed by law.

Minutes of Regular Meeting, Wednesday Afternoon, February 24, 1954, Affecting Calendar Numbers 800-38-SA, 719-39-SM, 87-47-SM, 647-48-SA, 1105-48-SA, 283-50-SA, 500-50-SA, 666-50-SA, 435-51-SA, 787-51-SA, 25-52-SM, 621-52-SM, 314-53-SA, 464-53-SA, 670-53-SA, 809-53-SA, 831-53-SA, 856-53-SA, 965-48-SA—Vol. II, 425-51-SA, 632-45-A—Vol. V, 217-53-A, 590-53-A, 591-53-A, 592-53-A, 593-53-A, 594-53-A, 595-53-A, 596-53-A, 597-53-A, 598-53-A, 599-53-A, 600-53-A, 601-53-A, 602-53-A, 603-53-A, 604-53-A, 605-53-A, 606-53-A, 607-53-A, 608-53-A, 609-53-A, 610-53-A, 654-53-A, 3-54-A, 22-54-A, 42-52-A, 248-47-A—Vol. II, 254-49-A—Vol. II, 567-

PUBLIC HEARINGS

Tuesdays at 10 a. m. to 2 p. m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A. M. to 1 P. M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellant and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

MARCH 2, 1954, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, March 2, 1954, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

380-49-BZ—Vol. II

APPLICANT—Henry G. Harris, for Georgian Estates, Inc., owner.

SUBJECT—Application September 21, 1953 reopened October 14, 1953—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles for a term of years.

806-40-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Edlar Realty Corp., owner (Kesbec, Inc., lessee).

SUBJECT—Application October 23, 1953 (decision of the borough superintendent), under sections 7c and 21 of the zoning resolution, to permit in a business use district the addition of a lunch wagon to an existing gasoline service station, lubritorium, motor vehicle repairs and the parking and storage of motor vehicles (previously granted, for an extension to an existing gas station by the Board and amended to include parking and storage of motor vehicles).

PREMISES AFFECTED—4556 Broadway, northeast corner of Nagle avenue (Block 2172, Lot 1), Borough of Manhattan.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 10, 1953 subject to regular procedure, to consider additional use; and

WHEREAS, a public hearing was held on this application on January 19, 1954 after due notice by publication in the Bulletin; laid over to February 24, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, B area, class 1¼ height district; Nagle avenue and Broadway are in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 16, 1953 acting on N.B. Applic. 76-53, reads:

"1. Restaurant, gasoline serv. station, lubrit., car wash, minor repairs (hand tools only) Parking and Stor. of more than 5 cars, office, sales and storage are contrary to Article II Section 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 85 ft. 2 in., 104 ft. 6 in. and 135 ft. 7 in. frontage by 150 ft. and 32 ft. 4 in. in depth, irregular, on which is located a gasoline service station with a 30 ft. by 62 ft. accessory building; that it is proposed to erect a steel and frame building which will be occupied as a dining car, which is a conforming use, on part of a plot now devoted to the non-conforming use of gasoline service and the parking and storage of more than 5 motor vehicles; that there will be no change in any existing use; and

WHEREAS, the applicant contends that the results of a critical traffic safety survey of the proposed location of the restaurant, with its exits leading directly to the street, indicate that the proposed use will in no way conflict with the operation of the present gasoline station; that the 5 ft. 6 in. high wire fence will keep this building completely separated from the remainder of the plot; that this conforming use will reduce the area of the non-conforming use by approximately 800 sq. ft.; that the building as proposed will be a metal and frame, one story, 16 ft. by 50 ft. 6 in. building; that the exterior finish an entirely novel approach in restaurant design, will be attractively molded stainless steel, with a few colored stripes; that the front yard will be artistically arranged with plants, grass and shrubs; that request is made for a pole sign with an illuminated 8 ft. by 12 ft. pennant and arrow to be set entirely within the building line on Nagle avenue near the easterly lot line; that it is felt that the proposed new building will result in an improvement in the general appearance of the premises, will be an added convenience to the public and an asset to the neighborhood; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 18, 1941, as thereafter amended by resolutions adopted through October 13, 1948, by adding thereto:

"* * * that in the event the owner desires to use a portion of the premises for the installation and use as a diner, located and designed as shown on plans filed with this application dated 'October 23, 1953,' 4 sheets; 'December 23, 1953,' 1 sheet, and 'February 4, 1954,' 4 sheets, such additional use may be permitted to be used as located and designed as shown on such plans; that in all other respects the building and occupancy shall comply with all laws and rules applicable thereto, and except for this change that the resolutions above cited shall be complied with as to the main use of the premises, on the further condition that planting shall be maintained substantially as proposed, properly protected with concrete curbing; that any signs erected shall be non-flashing; that all permits shall be obtained and all work compelled within six (6) months from the date of this amended resolution."

THE RESOLUTION—

WHEREAS, on July 1, 1947 this application was granted by the Board on certain conditions, under section 7e of the zoning resolution, to permit the premises, in a business use district, to be occupied for the baling of waste paper and storage, for a term of two years; and

WHEREAS, on June 7, 1949 time to complete the work and the term of variance was extended; and

WHEREAS, on November 20, 1951 the Board reopened the application and set for hearing December 18, 1951 at 10 A.M., to permit two publications in the Bulletin and filing of a new decision of the borough superintendent, as to extension of term of variance, waiving all requirements; and

WHEREAS, on December 18, 1951, the term of variance was again extended, for two years; and

WHEREAS, the applicant requested reopening of this application and a further extension of the term of variance, which had expired by time limitation; and

WHEREAS, this application was reopened February 2, 1954 and set for hearing on February 24, 1954 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, to consider extension of use which expired December 18, 1953; and

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent,

MINUTES

dated February 8, 1954 acting on an amendment to Alt. Applic. 1085-46, reads:

"6. Repeated. Change of use of 1st floor from storage to storage & baling of waste paper in a class 3 bldg. located in a Business Use District is not permitted. Article II para. 4(a) 20 of the Zoning Resolution.

Note: See Bd. of S. & A. case 249-47 BZ, Bul. 52 Vol. 36 dated 12/18/51."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 1, 1947, as thereafter amended by resolutions adopted through December 18, 1951, only so far as it has reference to the term of the variance, so that as amended this portion of the resolution shall read:

"* * * Granted under Section 7, subdivision e, for a term of two (2) years from the date of this amended resolution, to permit * * * that other than as herein amended the resolution as adopted July 1, 1947, shall be complied with in all respects and a new certificate of occupancy shall be obtained."

THE RESOLUTION—

WHEREAS, on December 9, 1947 this application (Vol. I) was granted by the Board on certain conditions, under section 7h of the zoning resolution, to permit in a business use district, for a term of five years, the parking and storage of more than five motor vehicles; and

WHEREAS, on April 6, 1948 the frame office and shelter building was permitted to be relocated and constructed of masonry construction, and to permit the construction of a new curb cut; and

WHEREAS, on June 15, 1948 and December 21, 1948 the Board reopened the application and extended time to obtain permits and complete the work; and

WHEREAS, on June 17, 1952 the Board amended the resolution under section 7e, to permit the owner to establish an auto laundry within existing building on premises facing Broadway, for a term of fifteen years; and

WHEREAS, the resolution was amended on December 16, 1952; and

WHEREAS, time to complete was extended on October 20, 1953; and

WHEREAS, the applicant requested reopening of this application and amendment of the resolution; and

WHEREAS, this application was reopened on January 19, 1954 and set for hearing on February 24, 1954 at 10 A. M., to consider amendment as to additional curb cut; affected

owners on Truxton street to be notified of proposed hearing by regular mail; and

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated September 17, 1953 on Alt. Applic. 266-52, reads:

"Time of approval has expired as per amended resolution of the Bd. of St. & Appeals dated 12/16/52."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted by the Board on December 9, 1947, as thereafter amended by resolutions adopted through October 20, 1953, by adding thereto:

"* * * that, in the event the owner desires to construct an additional curb cut to the premises from Truxton street, as indicated on plans marked 'Received December 31, 1953,' 1 sheet, such additional curb cut may be permitted for a width of 15 ft. with a similar entrance through the fence on the building line, on condition that the requirements of the resolutions above cited shall be complied with in all other respects, and where the fence is taken away for such opening there shall be suitable fence posts to support and maintain the fence on either side; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution."

499-48-BZ—Vol. II

APPLICANT—Andrew Di Camillo, for Utility Laundry Service, Inc., owner.

SUBJECT—Application June 29, 1953 (decision of the borough superintendent), under section 7h of the zoning resolution, to permit in a residence use district the parking and storage of motor vehicles for owner's, patrons' and employees' cars (no fee to be charged).

PREMISES AFFECTED—2822-2830 West 21st street, west side, 160 ft. south of Neptune avenue (Block 7017, Lot 20, part of Lot 14), Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew Di Camillo.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 14, 1953 subject to regular procedure, as to extension of use; and

WHEREAS, a public hearing was held on this application on February 2, 1954 after due notice by publication in the Bulletin; laid over to February 24, 1954, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; West 21st street is in residence and business use, C area, class 1 height districts; Neptune avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 9, 1953 acting on Alt. Applic. 2301-53, reads:

"1. Proposed parking of cars within a residential district is contrary to Art. 2 Sect. 3 of the Zone Resolution."

and superseded by Alt. Applic. 2301-53, dated December 22, 1953, reads:

"1. Proposed parking & storage of more than 5 cars within a residential district is contrary to Art. 2 Sect. 3 of the zone resolution."

MINUTES

and

WHEREAS, the applicant states the premises consist of a plot, 160 ft. frontage by 118 ft. 9¾ in. in depth; that it is proposed to permit the vacant portion of plot for parking of owner's, patrons' and employees' cars; and

WHEREAS, the applicant contends that on the subject plot there is a one-story brick garage 60 ft. by 118 ft. 9¾ in., which is accessory to adjoining laundry; that of the subject site, 100 ft. frontage by 118 ft. 9¾ in. deep is vacant, and it is proposed to use this vacant portion of plot for the parking and storage of motor vehicles; that Neptune avenue for a depth of 100 ft. is in a business zone and beyond 100 ft. south the area is zoned residential; that while the subject site is zoned residential, it will be noted that there are non-conforming uses on said street; that on same block 7017, lots 24 and 25 are used for the parking and storage of motor vehicles, which was granted by the Board. for a term of two years, under Cal. 37-51-BZ; that lot 27 in the same block is occupied by a live poultry market; that on the opposite side of the street, block 7018, lot 18 is occupied for the parking and storage of motor vehicles, and that this is in a residential district; that a variance for this occupancy was granted by the Board. for a term of five years, under Cal. 800-50-BZ; that block 7018, lot 64 is occupied as a public garage; that the proposed parking lot will only be used for the parking of cars belonging to the Utility laundry (owners of property), their clients and for the parking of employees' cars; that this plot will not be used for commercial purposes; that with the shortage of car space, this plot will keep many cars off the already crowded streets; that a variance is requested for a term of five years and all conditions set by the Board will be complied with; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, it is the understanding of the Committee that the premises are to be used for no other use except in connection with the owners and customers trucks of the laundry adjoining or nearby on Neptune avenue, and on this understanding the Committee recommends that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision h, for a term of five (5) years, to permit the plot to be occupied for parking and storage of motor vehicles belonging to the owner of the premises and his employees and customers in connection with the laundry, with no fee to be charged, as indicated on plans filed with this application marked "Received June 29, 1953," 2 sheets, *on condition* that the premises shall be leveled substantially to the grade of West 21st street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that on the interior and front building lines where walls of adjoining buildings do not occur there shall be erected a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, with no openings therein except one to West 21st street for entrance and exit with curb cut opposite not exceeding 15 ft. in width; that the sidewalks and curbing in front of the premises shall be repaired to the satisfaction of the Borough President; that no signs shall be erected except there may be one sign attached to the fence and not illuminated and not extending beyond the street building line and not exceeding fifteen square feet in area advising of the private use of these premises as a parking lot and such other information as the Commissioner of Licenses shall require; that portable fire fighting appliances shall be maintained as the Fire Commission shall require; that all permits shall be obtained and all work completed within six (6) months from the date of this resolution.

788-49-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Herman Flyer, owner.

SUBJECT—Application, October 10, 1952, reopened October 28, 1952 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business use district the extension to existing automatic automobile laundry.

PREMISES AFFECTED—88-16 (88-12 to 88-20 displayed) Northern boulevard and 33-02 to 33-10 89th street, southwest corner (Block 1436, Lot 6), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: Commissioners Kleinert and Keating 2

Negative: Chairman Murdock and Deputy Chief Guinee 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 28, 1952 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on December 22, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision without further argument; applicant to file revised plan and a record of the approved curb cut permits; then to January 26, 1954, for decision by the full Board; no further argument; then to February 2, 1954, for further consideration and decision; no further argument; then to February 24, 1954, for full vote of the Board; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Northern boulevard are in a business use, B area and Class 1½ height districts; 89th street is in residence and business use, B area and Class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 24, 1952, acting on Alt. Applic. 1904/52, reads:

"1. The extension of a nonconforming legal auto laundry located in a business zone is contrary to Article II, Section 4, subsection (a) (52)."

and

WHEREAS, the applicant states the premises consist of a plot 100 ft. front by 100 ft. in depth, on which is located a one-story masonry building of Class III construction, having a frontage of 25 ft. 1½ in. and a depth of 55 feet, now being used as an auto laundry and office, the balance of the plot being used for the parking of cars awaiting service; that this building was erected under N.B. 1813/48 and Certificate of Occupancy Q48017-48 was issued for an auto-laundry and office; and it is proposed to add an extension to the original building so that the building will have a total frontage of 54 ft. 7 in. and an irregular depth of 90 ft. 1 in. to be of Class 3 construction; that the present auto laundry will be extended into the new extension and it is proposed to maintain the present open parking for cars awaiting service; that it is also proposed to erect a new 5 ft. high woven wire fence on a 6 in. high concrete curb on the southerly lot line where the building does not occur and also along the 89th street building line; the open area will be cinder paved where parking is maintained; and

WHEREAS, the applicant contends inasmuch as the present use is entirely legal it is only proposed to extend said use and the proposed extension is requested for more efficient operation of the business; that the land is high in assessed value and it is mandatory that this extension be added so that under improved conditions the owner will receive an equitable return on his investment and which will also enable him to pay taxes; that Northern boulevard is a highly trafficked auto lane and as such the present auto laundry

MINUTES

use is entirely in keeping at this point; that the proposed extension of the building will enable the owner to render a more effective service to the community as there are no other auto laundries in the affected area and the entire area is highly developed; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, revised plans were submitted and considered; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision c, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 1904-52, Obj. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

APPEARANCES—

For Applicant: Solomon A. Klein.

For Opposition: Rev. J. B. Tusty, A. M. Jury, M. Goldenberg and Marion Roberts.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioners Kleinert and Keating and Deputy Chief Connors 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 15, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision; then to January 26, 1954, for decision by full Board; then to February 24, 1954, for decision after further inspection; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Union turnpike and Main street are in a residence use, E area and class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 5, 1953 acting on N. B. Applic. 1083-53, reads:

"1. Proposed gasoline service station, auto washing, lubrication, office, accessory sales, minor repairs with hand tools and parking of cars awaiting service on a plot located in a Residence use district is contrary to Art. 2, of Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 136.24 ft. frontage by 146.24 ft. in depth, irregular; that in 1916 the use district of this property was business for a depth of 100 ft. from Union turnpike and also for a portion of this site within 100 ft. of Main street; that the balance was in a residence use district; that on January 15, 1926 a small rear portion of the plot within 100 ft. from Main street, but more than 100 ft. from Union turnpike, was changed from business to residence; that on January 17, 1929 the portion of the plot within 100 ft. of Union turnpike was changed from business to residence and the area district was also changed from D to E on this latter date; that the site is at present improved with a frame dwelling and a number of small frame structures used as dog

kennels; that the premises is operated commercially as a dog kennel with signs so signifying; that these dog kennels were legally established in 1926, when the premises was in a business district, under permit No. 15172-26; that the dwelling existed on the plot for many years and was altered in 1932 under Alt. Applic. 4461-32; that it is proposed to demolish all of the dog kennels, runs, washing facilities, storage buildings and the dwelling and to erect a modern parkway-type service station; that the proposed building will have a face brick facade with field stone trim and a gabled shingle roof; and

WHEREAS, the applicant contends that this type of building will be attractive and blend well with the surrounding area; that the building will be located near the center of the plot well away from all lot lines; that heavy planting and shrubbery screens will be provided along the lot lines and the gas station will be enclosed by an ornamental steel picket fence on a brick base, with brick piers provided every 10 ft.; that the gas station area will be confined to a depth of 100 ft. from Union turnpike and the rear portion will be left vacant and not occupied as part of the gas station area; that pumps will be of the low type and will be set 15 ft. back of the building line; that only one post standard and sign is proposed and the entire station will be designed to improve the appearance of the area; that the change in use of the property will eliminate objections to present use of the property insofar as noise and odors emanating from the dog kennels; that this is a heavily travelled highway and there is a distinct need for a gas station on this side of the highway; that this site, which already contains a non-conforming use, seems to be a logical location for an up-to-date gas station; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision e, for a term of fifteen (15) years, *on condition* that the premises shall be occupied substantially as proposed and as indicated on plans filed with this application marked "Received June 2, 1953," 5 sheets, provided that there shall be erected on all interior lot lines a brick masonry wall to a total height of not less than 5 ft. 6 in., properly coped and with no openings therein and except that such wall may be reduced to a height of 4 ft. within 10 ft. of the Union turnpike building line; that the balance of the premises at the rear, not proposed to be included, shall remain unoccupied and shall be properly fenced and kept clean and neat with suitable landscaping; that before further plans are filed with the Borough Superintendent, complete working drawings shall be submitted to the Board for further consideration and for imposition of conditions; that such plans shall be filed within two (2) months from the date of this resolution and after approval all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

445-53-BZ

APPLICANT—Elias K. Herzog, for A. F. and G. Realty Corp., owner.

SUBJECT—Application June 4, 1953—decision of the borough superintendent) under sections 7i and 7h of the zoning resolution, to permit in a business use district, the erection and maintenance of a motor vehicle repair shop, and to permit the parking and storage of more than five motor vehicles as an accessory use.

PREMISES AFFECTED—1158 Close avenue, east side. 174.69 ft. south of Westchester avenue (Block 3736. Lot 30), Borough of The Bronx.

MINUTES

APPEARANCES—

For Applicant: P. D. Concagh, E. K. Herzog and Paul Pearl.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 8, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to December 22, 1953, for inspection and decision; applicant to file proper photographs and a plan showing the area, site and measured adjoining areas showing the building and showing the rear yards; then to January 12, 1954, for inspection and decision; then to February 2, 1954, for inspection and decision; then to February 24, 1954, for applicant to submit revised plans; hearing previously closed; premises have been inspected; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class 1 height district; Close avenue is in business and unrestricted use, D area, class 1 height districts; Westchester avenue is in retail, business and unrestricted use, D area and class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 6, 1953 acting on N.B. Applic. 494-53, reads:

"1. Proposed Auto Body Repair shop in a building located in a business use district is contrary to Art. II Sec. 4(a)29 Zoning Res.

2. Proposed parking & storage of more than 5 motor vehicles as an accessory use to an auto body repair shop located in a business use district is contrary Art. II 4(a)15 Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a building 50 ft. front by 60 ft. in depth, one story, 14 ft. in height, of class 3 construction, to be used as an auto body repair shop, and to permit the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the owner acquired this property in 1926 in connection with lot No. 1 (property to the south) and it was portioned off only recently in connection with the proposed use; that there is no demand for a conforming use and the entire property has been vacant for many years; that at present there is a purchaser for the 100 ft. in question for the use as stated above; that the purchaser is now located to the north of the site under the name of Paul's Body Works, on the same block; that the sites across the street are in an unrestricted district and most of it is developed as garages, auto wrecking yards, etc.; that the erection of a new brick building will enhance the appearance of the neighborhood; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions i and h, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision i, to permit the premises to be occupied substantially as proposed for motor vehicle repairing as indicated on plans filed with this application marked "Received June 4, 1953," 2 sheets, and "February 19, 1954," 1 sheet, *on condition* that the retaining wall on the rear lot line, and as may be necessary on the side lot lines shall be constructed and maintained so that the plot may be maintained substantially level to the grade of Close avenue, *on condition* that the building

in all other respects shall comply with all laws, rules and regulations applicable thereto; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7, Subdivision h, for a term of five (5) years, the unbuilt upon premises may be occupied for the parking and storage of motor vehicles, including those awaiting service; that the sidewalk and curbing abutting the premises shall be constructed and maintained to the satisfaction of the Borough President; that curb cuts may be permitted on Close avenue consisting of two each not over 25 ft. in width; that the proper fences shall be maintained on the rear and side lot lines; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

629-53-BZ

APPLICANT—Siegel and Green, for Seamanav Realty Corp., owner.

SUBJECT—Application August 26, 1953—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district the change in occupancy in cellar of class A multiple dwelling from day nursery to a retail store.

PREMISES AFFECTED—270 Seaman avenue, southwest corner of West 218th street (Block 2250, Lot 72), Borough of Manhattan.

APPEARANCES—

For Applicant: Max Siegel and Bernard Trencher.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0
Negative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Guinee 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 15, 1953 after due notice by publication in the Bulletin; hearing closed; laid over to January 12, 1954, for inspection and decision; then to February 2, 1954, for inspection and decision; then to February 24, 1954, for further study by applicant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Seaman avenue are in a residence use, B area, class 1¼ height districts; West 218th street is in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 13, 1953 acting on Alt. Applic. 1303-53, reads:

"A1. Proposed store in cellar is contrary to Art. II Sec. 3 of the Zoning Resolution.

Note: Residence district."

and

WHEREAS, the applicant states that the premises consist of a plot, 123 ft. 7½ in. frontage by 100 ft. in depth, irregular, on which is located a building 123 ft. 7 in. front by 87 ft. in depth, irregular, six stories and cellar, 64 ft. 3 in. in height, of class 3 construction, for which certificate of occupancy No. 32456-47 has been issued for one apartment, day nursery, boiler room and storage in cellar and 8 apartments on each floor; that it is proposed to change the use of the day nursery in cellar to a retail store; and

WHEREAS, the applicant contends that the subject premises are located at the southwest corner of Seaman avenue and West 218th street and are developed with a six-story non-fireproof, class A multiple dwelling, erected in 1926 as a new law tenement; that subsequently in 1947 a portion of the cellar facing West 218th street was altered to accommodate a day nursery; that certificate of occupancy No. 32456 was issued after completion of this alteration and is in full force and effect at the present time; that the day nursery continued in use from its inception until recently,

MINUTES

when it vacated; that it is now proposed to use the same day nursery premises for a retail store; that the alterations will consist of removing certain interior subdivisions to provide one open area for the store within the same space and to enlarge the existing entrance on West 218th street to accommodate a pair of doors; that no other exterior changes are proposed; that the existing residential type windows are to be maintained undisturbed since it is intended to maintain the residential character of the facade as much as possible; that since the day nursery vacated the premises the owner has endeavored to rent this space for a similar or other conforming use, but has been unable to obtain such tenancy; that since this space is located within a cellar, although its floor is above the grade of West 218th street, the legal use of such a space is limited by the multiple dwelling law to other than dwelling purposes; that this limitation narrows the utilization of this space as does its location in proximity to the street grade; that directly opposite the subject space is the main entrance to Baker field; that when Baker field is used for athletic events it attracts a large number of spectators, which tends to crowd the street in front of the subject premises, together with its resultant clamor and debris, all of which impairs whatever residential character the street has; that the south side of West 218th street between Seaman avenue and Indian road, beginning about 125 ft. west of the subject premises, is now zoned for business use and there are existing stores facing West 218th street; that the north side of West 218th street is zoned partly for business use in closer proximity to the subject premises; that the granting of this application will permit the owner to make a beneficial use of a unique space without in any way being detrimental to or adversely affecting any neighboring properties and the contemplated use in practical effect will be no more objectionable than the former permitted day nursery; that no show windows or unlimited signs will be permitted as the owner desires to protect its large equity in its own property, which is predominantly residential; that this cellar space is adaptable and desirable for a retail store and the owner has received a favorable offer for such a tenancy and is desirous of consummating such a lease; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and after careful consideration the committee recommends that the application should not be granted as they believe the premises can be occupied for some other use compatible with the residential district and with the uses in the building; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, subdivision e, of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 1303-53, Obj. A1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

676-53-BZ

APPLICANT—Burke, Green and Groh, for Andrew J. Presto and Edward J. Riesbeck, owners.

SUBJECT—Application September 18, 1953 (decision of the borough superintendent), under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, auto wash, lubritorium, motor vehicle repairs, storage and sale of accessories, and office, with a business entrance (curb cut) nearer to residence use district than is permitted.

PREMISES AFFECTED—85-05 Astoria boulevard, northeast corner of 85th street (Block 1097, Lot 1), Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 19, 1954 after due notice by publication in the Bulletin; laid over to February 24, 1954, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated August 20, 1953 acting on N.B. Applic. 2872-53, reads:

"1. Proposed erection of gasoline service station, auto washing, lubrication, offices and accessory sales, minor auto repairs with hand tools only on a lot in a business use district is contrary to Art. 2, Sec. 4a(46) & (29) of the Z.R.

2. Proposed entrance on Astoria Blvd. more than 25'-0 from 85th St. is contrary Sec. 7A of the Z.R."

and

WHEREAS, the applicant states the premises consist of a plot, 106.75 ft.; 148.44 ft. and 100 ft. frontage by 185.79 ft. in depth, irregular, presently vacant; that it is proposed to construct a modern gasoline service station on the east side of 85th street between 24th avenue and Astoria boulevard; that the accessory building will be constructed of face brick on the exterior with an asphalt shingled peaked roof; that a steel picket fence on a 2 ft. high brick base, making a total height of 5 ft. 6 in., will be erected along the entire interior lot line and return approximately 70 ft. along the 24th avenue building line; that dense shrubbery will be installed along this fence line both on the interior lot lines and the 24th avenue building line; that one curb cut will be installed along 24th avenue, complying with section 7A; that one concrete island with four approved gasoline pumps thereon will be installed along the Astoria boulevard and 85th street frontages and will be set back 15 ft. from the building lines; that the entire area will be paved with concrete or bituminous paving where not built upon or designated as area to be planted or seeded; that no body or fender work or welding will be done on the premises; and

WHEREAS, the applicant contends that this site is located on the northerly side of Astoria boulevard; that one block westerly of the present site is an existing gas station; that Astoria boulevard is a four lane heavily trafficked parkway; that the station extends through to 24th avenue; that on the north side of 24th avenue, directly opposite this property, the zoning is business and manufacturing uses and there is present construction going on, on these particular sites; that the whole tenure of the neighborhood in this area is business and manufacturing; that due to the increased traffic in this particular area and the business uses being developed on surrounding properties, it is requested that the Board favorably consider this application; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7, Subdivision f, for a term of fifteen (15) years, to permit the premises to be occupied substantially as proposed and as indicated on plans filed with this application marked "Received September 18, 1953," 3 sheets, *on condition* that the plot shall be leveled substantially to the grade of the surrounding streets and shall be arranged as designed and as indicated on such plans; that along the rear lot line in place of the steel fence proposed, there shall be erected a masonry wall not less than

MINUTES

5 ft. 6 in. in height; that complete working drawings shall be submitted to the Board for further consideration; that such plans shall be filed within two (2) months from the date of this resolution, and after approval, all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

735-53-BZ

APPLICANT—George J. Sole, for St. Frances de Chantal R. C. Church, owner.

SUBJECT—Application October 14, 1953—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use, C area district, the erection and maintenance of a parochial school using more than the area permitted at curb level.

PREMISES AFFECTED—1273-1283 57th street and 5610-5624 13th avenue, northwest corner (Block 5690, Lot 42), Borough of Brooklyn.

APPEARANCES—

For Applicant: George J. Sole and Rev. Thomas F. Kelly.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 13th avenue are in a business use, C area, class 1 height district; 57th avenue is in residence and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated November 10, 1953 acting on N.B. Applic. 1496-52, reads:

"7. Repeated. Proposed use of entire plot at curb level violates Art. IV, Sec. 13b of Zoning Resolution." and

WHEREAS, the applicant states the premises consist of a plot, 100 ft. frontage by 100 ft. 4 in. in depth, presently vacant; that it is proposed to erect a building covering the entire lot above curb level; that the auditorium roof, 45 ft. by 100 ft., will extend 4 ft. 9 in. above curb level, and on this will be installed a playground; and

WHEREAS, the applicant contends that the plot of the proposed school is a rather limited plottage to cover all the requirements of a school without sacrificing the playground; that instead of building completely underground, by raising the playground 4 ft. 9 in. above the curb, a social hall-gym could be installed with the required height of 16 ft. clearance necessary for basketball without encountering sewage trouble, lessening the possibility of finding water when excavating for the foundation, facilitating the use of the social hall by cardiacs and elderly people by reducing the climbing and lowering the building cost; that the zoning regulation permits a corner plot to be occupied up to 75% for the first 50 ft. of the corner and the interior 50 ft. up to 60%, making the permissible occupied area 67½% for the full height of the building, or 6770 sq. ft.; that with the exception of the first 4 ft. 9 in. above the ground, the school building occupied at the 1st floor level 5713 sq. ft. or 57%, and from the 2nd floor up to the roof it occupies 5133 sq. ft. or 51%; that by granting this application and making use of the proposed plan, it permits the school to have more and better facilities, enables the children to enjoy a playground as wide

as the school building and getting better block ventilation which could be obstructed by making use of the full percentage allowed by the zoning regulations; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under section 21 as to area, to permit the rear yard portion as proposed to be raised approximately 4 ft. 9 inches above grade, constructed and as indicated on plans filed with this application marked "Received October 14, 1953" (6 sheets) "November 25, 1953" (1 sheet) and "November 27, 1953" (1 sheet), on condition that the rear yard roof proposed to be occupied for a playground shall be properly fenced and requirement for exit therefrom complied with; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

873-53-BZ

APPLICANT—Morris Lapidus, for Jewish Communal Center of Flatbush, owner.

SUBJECT—Application December 10, 1953 (decision of the borough superintendent), under section 21 of the zoning resolution, to permit in a residence use, C area district, the erection and maintenance of structure to be used as a community building, classrooms, gymnasium and offices, using more than the area permitted.

PREMISES AFFECTED—1312-1320 Avenue I, south side, 40 ft. west of East 14th street (Block 6706, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Leo Kornblath.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 24, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Avenue I and East 14th street are in a residence use, C area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent dated December 1, 1953 acting on N.B. Applic. 1359-53, reads:

"1. Area of proposed structure in excess of 60% of lot violates Sec. 13b Art. IV Zoning Resolution." and

WHEREAS, the applicant states the premises consist of a plot, 80 ft. frontage by 100 ft. in depth, on which is located a frame dwelling, to be demolished; that it is proposed to erect a building 80 ft. front by 100 ft. in depth, irregular, two stories in height, to be used as a community building, classrooms, gymnasium and offices; and

WHEREAS, the applicant contends that recognizing the growth of juvenile delinquency in this particular area, the directors have devoted their full time, energies and finances in attempting to erect a building which would provide for the needs of the youth of this community; that it is hoped

MINUTES

that this building, which will provide arts and crafts classes, hobby rooms, lectures, meeting rooms for boy scouts, police athletic league teams, etc., and a gym for inter-regional sports and demonstrations, will make it possible to interest youths of all ages to use this building as their very own, and in so doing combat this juvenile delinquency; that after exhaustive surveys and meetings held with the police department and directors of other youth groups, it has been determined that the minimum requirements for this building would be six classrooms and a regulation size basketball court, together with all the other incidental requirements necessary; that with this thought in mind, the architects have attempted not only to fulfill the need of a functional, but aesthetic building as well; that the plan, as now filed with the department of housing and buildings, comprises a total ground coverage of 5064 sq. ft. and is only 3-1/3% over the allowable permitted and it is therefore requested that the Board grant this appeal for additional coverage for the aforementioned reasons; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution, and is therefore entitled to relief, as to area, on the ground of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under section 21 to permit the excess area as proposed, due to the enclosure of the rear stairway, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and as shown on plans filed with this application marked "Received December 10, 1953" (1 sheet), "January 7, 1954" (5 sheets) and "January 13, 1954" (1 sheet); and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

SUBJECT—Application July 1, 1953—Appeal from an order and a decision of the fire commissioner.

PREMISES AFFECTED—1240-1249 5th avenue, east side, from East 105th to East 106th streets, 3-21 East 105th street and 2-20 East 106th street (Block 1611, Lots 1 and 66); (Basement, 1st and 7th floors), Borough of Manhattan.

APPEARANCES—

For Applicant: E. Ross Winckler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinfert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, Order No. 92808-LC, issued by the Fire Com-

missioner October 17, 1952, as repeated in a decision of the Fire Commissioner dated June 5, 1953, reads:

"1. Discontinue the use of Class C refrigerating units containing not more than 10 lbs. of refrigerant in the following rooms which are not provided with a window to the outside air in accordance with Rule 5 of the Freon rules declared May 26, 1946 by the Fire Department:

Savage refrigerating unit, kitchen, main basement

Savage refrigerating unit, tearoom 1st floor

Frigidaire refrigerating unit, emergency room, 1st floor

Frigidaire refrigerating unit, emergency clinic, 1st floor

Frigidaire refrigerating unit, Chief Engineer's office, basement

Frigidaire refrigerating unit, Dean's office, 1st floor

Frigidaire refrigerating unit, Anatomy, 7th floor

Frigidaire refrigerating unit, Pharmacy storeroom

Frigidaire refrigerating unit, Pharmacy storeroom"

and

WHEREAS, the applicant states the building is 11 stories, 145 ft. in height; 201.10 ft. by 275 ft. in area; of fireproof construction; erected 1939; located on a lot 201.10 ft. by 325 ft. in area, in a residence use district; and used and occupied since erection as follows: cellar, boiler room, machine room, and morgue, 25 persons; basement, kitchen, laundry, clinic, waiting room, office, 500 persons; 1st floor, administration, clinic, waiting room and offices, 350 persons; 2nd floor, hospital stock room, reading room and cafeteria, 325 persons; 3rd floor, hospital, laboratories, offices, 275 persons; 4th floor, hospital, laboratories, classroom, 280 persons; 5th floor, hospital, laboratories and offices, 260 persons; 6th floor, hospital, laboratories and offices, 270 persons; 7th floor, hospital, laboratories and lecture room, 270 persons; 8th floor, hospital and museum, 275 persons; 9th floor, hospital, animal rooms, fan room, 210 persons; 10th floor, hospital, 30 persons; 11th floor, pent houses, 10 persons; that the building is equipped with an approved standpipe system, and partially equipped with a sprinkler system in the paint shop, laundry and the laundry chutes; that there is an approved interior fire alarm system and regular monthly fire drills are maintained; that there are two interior stairs, fireproof construction, fireproof enclosed, equipped with fireproof self-closing doors and five fire towers; and

WHEREAS, Certificate of Occupancy #24915 was issued July 13, 1939, upon completion of work under Alt. Applic. 168-1938 and permits the existing use and occupancy; and

WHEREAS, the applicant contends that to comply with the letter of the code and rectify the deficiencies listed in the order issued by the Fire Commissioner would constitute a definite hardship to the hospital since a comparatively large sum of money would be involved; and

WHEREAS, the applicant states as to the Savage refrigerating unit located in the kitchen in the main basement, that this is a one quarter horse power unit containing 4 lbs. of F-12 refrigerant and is used as an ice cream storage box and was loaned to the hospital by the ice cream supplier; that this unit is in a large kitchen space open via open doorways to the bakery, vegetable preparation room and scullery; that the bakery is vented by two 5 ft. by 4 ft. casement windows and the vegetable room and scullery are each vented by a 5 ft. by 4 ft. casement window; that the doorways between these rooms are without doors; that the kitchen has a forced air supply; that in view of the open access of the kitchen to adequate ventilation, it is requested that this item of the Fire Commissioner's order be modified; and

WHEREAS, the applicant states as to the Savage refrigerating unit located in the tea room on the 1st floor, that this is a 1/4 h.p. unit containing 4 lbs. of F-12 refrigerant and is used as an ice cream storage box; that the tea room kitchen in which this unit is located has access to the doctor's dining room via a doorway with a glass upper paneled door; that the dining room is vented by two 48 in. x 58 in. double hung windows; that an open flame grill is located as shown and provided with a hood and independent mechanical ventilation so arranged as to convey all the products of combus-

MINUTES

tion to the outside of the building; that it is proposed that the door separating the kitchen and dining room be fitted with a screen or louvered opening measuring 41 in. by 22 in. in the upper glass panel so as to provide ventilation to the dining room in which there is adequate ventilation under the code; and

WHEREAS, the applicant states that the Frigidaire refrigerating unit located in the emergency room on the 1st floor is a 1/5 h.p. unit containing 12 oz. of F.12 refrigerant, located in a room in the emergency clinic and is essential for the storage of perishable drugs and medications; that this room is not ventilated to the outer air, having only a forced air supply; that to remedy this condition it is proposed: 1. to remove the unit to a new location as shown on detailed plan C filed with this appeal; to install a vent fan of at least 75 c.f.m. capacity above the refrigerator, exhausting through the wall to a generator room which is ventilated to the outer air by two 58 in. by 50 in. casement windows and an 8 ft. by 8 ft. double sliding doorway, which doorway is left open at all times, or to remove the unit to the examining room shown on detail plan C; to install an exhaust fan at least 75 c.f.m. capacity, with duct leading through the wall across the passageway and through the wall to the ambulance entrance which is open to the outer air, or to replace unit entirely with a non-mechanical ice box; that of the three alternatives herein proposed as to this unit, the 1st is the least expensive to install, and it is therefore requested that the Board accept this proposal; and

WHEREAS, the applicant states as to the Frigidaire refrigerating unit located in the emergency clinic on the 1st floor that this unit is a 1/5 h.p. unit containing 12 ounces of F.12 refrigerant and is located in the allergy clinic in a storeroom and is essential for the storage of perishable medications and drugs; that this room is adjacent to an examining room which is vented by a window with one 50 in. by 16 in. and one 50 in. by 23 in. opening and separate from it by a metal partition with two fixed glass transoms measuring 39 in. by 12 in. each; that there is also a 39 in. by 12 in. swinging transom over the door; that one partition of this storeroom is a partial partition which is open 15 in. from the ceiling; that to remedy this condition it is proposed to remove the transoms between the storeroom and the examining room to provide adequate ventilation from the storeroom to the open air; and

WHEREAS, the applicant states as to the Frigidaire 1/4 h.p. air conditioning unit located in the chief engineer's office in the basement, that this unit contains 8 lbs. of F.12 refrigerant; that this room is not ventilated to the outer air but has forced air supply; that it is proposed to remove this unit and comply with this portion of the Fire Commissioner's order; and

WHEREAS, the applicant states as to the Frigidaire refrigerating unit located in the Dean's Office on the 1st floor that this is a 1/5 h.p. sealed unit containing 12 oz. of F.12 refrigerant, located in the store room of the Dean's professional office where he treats ear, nose and throat patients; that the refrigerator is used for the storage of perishable drugs and medications; that the room is not vented to the outer air but has a forced air supply; that this room is adjacent to an office in which is located a large fixed window with two 50 in. by 16 in. and two 50 in. by 23 in. openings and two self-closing fireproof doors, one of which leads to the office; and

WHEREAS, the applicant states as to this unit, that it is proposed to install a 2 ft. 6 in. by 2 ft. 6 in. louver in the lower panel of the door leading from the office to provide required ventilation; and

WHEREAS, the applicant states as to Frigidaire refrigerating unit, located in the Anatomy room on the 7th floor, that this is a 1 1/2 h.p. unit containing 17 lbs. of F.12 refrigerant, located in a specially designed space, isolated from the surrounding areas by masonry walls and a locked metal access door; that this space is not ventilated; that the unit provides refrigeration for the cadaver ice box, where cadavers are stored for the instruction of medical students; that this unit is far removed from the part of the building housing pa-

tients; that other areas around it are well ventilated by windows; that this unit is located as shown on the original approved plan; and

WHEREAS, the applicant contends as to this unit, that since its use is for teaching purposes, and since the condition cannot be rectified except at considerable expense, it is requested that the decision of the Fire Commissioner be modified so as to permit the continuance of the use of this unit as originally installed under the approved plan at the time of the alteration of the building; and

WHEREAS, the applicant contends as to the Frigidaire refrigerating unit, located in the Pharmacy storeroom, where shown on the basement plan, that this is a 1/5 h.p. sealed unit, containing 12 oz. of F.12 refrigerant, located in the Pharmacy Store Room, and used for the essential storage of perishable drugs and medication; that this room has no window ventilation but has a forced air supply from an 18 in. fan installed in the wall separating the storeroom from the ambulance enclosure which is open to the outer air through the driveway entrance; that this fan is operated by a switch located on the wall outside of the storeroom at its entrance door so that the room can be ventilated prior to entering; that it is proposed to install a 2 ft. by 3 ft. window in the ambulance enclosure wall in order to provide ventilation to the outer air; and

WHEREAS, the applicant states as to the Frigidaire refrigerating unit, located in the Pharmacy Storeroom, where shown on the basement plan, that this unit is an air conditioning sealed model containing 8 lbs. of F.12 refrigerant, used for cooling of the Pharmacy Storeroom, and it is requested that the Board permit the continuance of the use of this unit under the conditions above proposed as to the Pharmacy Storeroom.

Resolved, that the decision of the Fire Commissioner, as expressed in Order #92808-LC, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that in all other respects the requirements of Chapter 19 of the Refrigeration Code shall be complied with as to all installations and that the refrigerating equipment in the Anatomy Room on the 7th floor shall be ventilated to the outer air as now proposed on plan marked "Received February 6, 1954" (1 sheet), and that in all other respects the equipment shall be maintained as proposed and as shown on plans marked "Received July 1, 1953" (8 sheets) and "February 9, 1954" (1 sheet) to the satisfaction of the Fire Commissioner.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 800-38-SA January 21, 1954
Subject: Amendment to resolution as to marketing under
additional trade name.

Delco Appliance Division General Motors Corp. requested by letter dated December 14, 1953, that the resolution adopted October 18, 1938 under Cal. No. 800-38-SA be amended so as to permit the Delco Heat Oil Burner, Model D34, to be marketed by the General Automatic Products Corp. under the trade name of General I-715. The application was reopened by a vote of the Board January 5, 1954.

Recommendation

The Committee on Test recommends that the resolution adopted October 18, 1938 under Cal. No. 800-38-SA be amended so as to permit the Delco Heat Oil Burner Model D-34 (approved October 18, 1938 under Cal. No. 800-38-SA) to be marketed by the General Automatic Products Corporation under the trade name General I-715, on condition that the requirements of the resolution adopted October 18, 1938 under Cal. No. 800-38-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of October 18, 1938 in accordance with the above report.

719-39-SM

APPLICANT—Clark, Carr and Ellis, for Dragon Cement Co., Inc., owner.

SUBJECT—Application for consideration—reopening and to record name of new owner-manufacturer—re Dragon Portland Cement, previously approved.

APPEARANCES—

For Applicant: Walter C. Taylor.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE:

Affirmative: Chairman Murdock, Commissioners Klein-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the Board is advised that there has been a change in the name of the company manufacturing the product.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 10, 1939, only as to the name of the company manufacturing the product approved, so that as amended this portion of the resolution shall read:

"Dragon Cement Company Inc., present owner;
Lawrence Portland Cement Company, Inc., former owner."

87-47-SM

APPLICANT—Imperia Bros. (Nazzarino and Juisippi Imperia, owners).

SUBJECT—Application reopened January 5, 1954 for consideration as to include additional size of cinder block; (previously approved Imperia Brothers Concrete and Cinder Blocks).

APPEARANCES—

For Applicant: William Morelli.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 87-47-SM January 21, 1954
Subject: Amendment of Resolution to Include Additional Size of Cinder Block.

Imperia Bros., Pelham Manor, New York, requested by letter dated December 10, 1953, that the resolution adopted December 16, 1947 under Cal. No. 87-47-SM be amended to include additional sizes of concrete and cinder blocks. The application was reopened by a vote of the Board January 5, 1954.

Purpose

The units are to be used in masonry construction.

Description

The units are manufactured of the same materials in the same manner and on the same machines as the blocks approved by the Board December 16, 1947 under Cal. No. 87-47-SM.

Inspection and Test

Sample blocks were identified and marked at the applicant's plant by Asst. Engr. J. A. Darts, Committee on Test and tests, in accordance with the requirements of the Masonry Rules, were conducted at the Westchester Testing Co., Inc. Results were as follows:

3" x 8" x 18" Solid Cinder Partition Block Compression Strength (5 blocks)—1427 p.s.i. Absorption (lbs. per cu. ft.)—12.8

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted December 16, 1947 under Cal. No. 87-47-SM be amended so as to include the additional sizes of cinders and concrete masonry units herein described so that the following units are recommended for approval (including previously approved masonry units):

I. Concrete Units

- (A) Hollow—4" x 8" x 18" Partition; 6" x 10" x 18" Load Bearing; 8" x 10" x 16" Load Bearing; 8" x 12" x 16" Load Bearing; 8" x 10" x 18" Load Bearing; 8" x 12" x 18" Load Bearing
(B) Solid—4" x 8" x 18" Partition; 8" x 16" 75% Solid Load Bearing

II. Cinder Units

- (A) Hollow—3" x 8" x 18", 6" x 8" x 18" Partition; 8" x 12" x 18" Load Bearing; 8" x 8" x 18" Load Bearing
(B) Solids—2" x 8" x 18" Partition; 3" x 8" x 18" Partition; 6" x 8" x 18" 75% Solid Partition; 8" x 8" x 18" 75% Solid Load Bearing; 8" x 12" x 16" 75% Solid Load Bearing

III. Header Backers

6" x 9" x 18"; 6" x 8" x 18"; 8" x 8" x 18" and 8" x 9" x 18" (all cinder units).

on condition that the requirements of the resolution adopted December 16, 1947 under Cal. No. 87-47-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

LESLIE V. HUBER,
Chief Engineer,

JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 16, 1947 in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 500-50-SA January 21, 1954

Subject: Amendment to resolution Bryant Gas Fired Unit Heaters to permit marketing under additional trade names.

Bryant Heater requested by letter dated November 23, 1953 that the resolution adopted January 16, 1951 and amended April 22, 1952 and July 14, 1953 under Cal. No. 500-50-SA be amended to include additional model numbers of Bryant Unit Heaters and to permit the marketing under additional trade names. The application was reopened by a vote of the Board December 1, 1953.

Purpose

The gas fired unit is intended for domestic commercial and industrial heating and also for use in places of explosive atmospheres.

Description

The Board approved the Bryant Gas Fired Unit Heater 50-327 April 22, 1952; 75-327, 100-327, 125-327 and 150-327 December 23, 1952 and 175-327, 200-327 and 225-327 July 14, 1953, all under Cal. No. 500-50-SA.

Recommendation

The Committee on Test recommends that the resolution adopted January 16, 1951 and amended at various times through July 14, 1953 under Cal. No. 500-50-SA, be amended so as to permit the Bryant Gas Fired Unit Heaters Models 50-327; 75-327; 100-327; 125-327; 150-327; 175-327; 200-327 and 225-327 to be marketed by the Crane Co. under the following model numbers CR50-327; CR75-327; CR100-327;

CR125-327; CR150-327; CR175-327; CR200-327 and CR225-327, on condition that the requirements of the resolution adopted January 16, 1951 and amended at various times through July 14, 1953 under Cal. No. 500-50-SA be complied with.

APPLICANT—Olson Filtration Engineers, Inc., owner.

SUBJECT—Application reopened December 15, 1953 for consideration as to include additional sizes of filters and to permit the use of centrifugal pumps—Olson Superflow Tubular Filters, Models 16-24-52; 20-24-69; 24-24-96; 24-36-96; 30-36-148 and 36-36-216; (previously approved re Olson Superflow Tubular Filter, Model 42-36-308, liquid Filter for solvents).

APPEARANCES—

For Applicant: Leo Krampf.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 666-50-SA January 25, 1954

Subject: Amendment to resolution to include additional sizes of filters and to permit the use of centrifugal pumps.

Olson Filtration Engineers, Inc. requested by letter dated November 20, 1953 that the resolution adopted February 14, 1951 be amended to include additional sizes of Olson Superflow Tubular Filters and to permit the use of centrifugal pumps. The application was reopened by a vote of the Board December 15, 1953.

Purpose

The appliance is used to filter dry cleaning solvents.

Description

The Board approved, February 18, 1951, under Cal. No. 666-50-SA, the Olson Superflow Tubular Filter Model No. 42-36-308. The additional models namely 16-24-52; 20-24-69; 24-24-96; 24-36-96; 30-36-148 and 36-36-216 are identical in construction, design and service to the Model 42-36-308 and differ only as to diameter, length of filter tube and number of tubes. The model number indicates these variations whereby the first number indicates the diameter of the filter shell, in inches, the second number, the length of the filter tube in inches; and the third number, the amount of tubes in the filter.

Inspection and Test

A unit was inspected and tested at 768-39th St., Brooklyn, N. Y. January 20, 1954 in the presence of Asst. Engr. J. A. Darts, Committee on Test and S. Landon and L. Krampf representing the applicant. The unit was so arranged that the solvent was supplied from the washer by means of a centrifugal pump. The unit and pump were tested by shutting off the flow of solvent from the filter so that a pressure

MINUTES

built up within the filter; as the pump continued to operate when the pressure within the filter reached 40 p.s.i. the pump stopped pumping solvent into the filter as the pressure capacity of the pump is limited depending on the size of the pump impeller and all centrifugal pumps used with the filters are designed with a maximum pressure capacity of 35-40 p.s.i.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends that resolution adopted by the Board February 14, 1951 under Cal. No. 666-50-SA be amended to include the Olson Super-flow Tubular Filters, Models 16-24-52; 20-24-69; 24-24-96; 24-36-96; 30-36-148 and 36-36-216 and further that the solvent may be supplied from the washer to the filter by a centrifugal pump having a maximum pressure capacity of 35-40 p.s.i., on condition that the requirements of the resolution adopted February 14, 1951 under Cal. No. 666-50-SA be complied with.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 435-51-SA January 21, 1954

Subject: Amendment of resolution to include additional model of York-Shipley Oil fired furnace, Model S 1 80.

York-Shipley, Inc., York, Pa. requested by letter dated October 22, 1953 that the resolution adopted October 30, 1951 be amended to include the additional model York-Heat (oil fired furnace) Model S 1 80. The application was reopened by a vote of the Board November 10, 1953.

Purpose

The appliance is a suspended warm air furnace (oil fired) for domestic and commercial installation and in garages.

Description

The model S 1 80 is basically the same as the models S 1 115; S 1 150 and S 1 205 approved by the Board October 30, 1951 under Cal. No. 435-51-SA and differs only as to size and capacity.

Recommendation

The Committee on Test recommends that the resolution adopted October 30, 1951 under Cal. No. 435-51-SA be amended so as to include Model S 1 80 so that the models

York Heat Oil Fired Warm Air Suspended Units recommended for approval under this recommendation (including those previously approved) are as follows: S 1 80, S 1 115; S 1 150 and S 1 205, on condition that the requirements of the resolution adopted October 30, 1951 under Cal. No. 435-51-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of October 30, 1951 in accordance with the above report.

787-51-SA

APPLICANT—Sterling Heat Specialties, Inc. owner-manufacturer.

SUBJECT—Application reopened September 23, 1952 for consideration as to additional trade name—Economy Suspended Gas Fired Unit Heater and Fedders Series 18 Gas Fired Unit Heaters; (previously approved re Sterling Suspended Gas-fired Unit Heaters, Models 55S, 90S, 120S, 160S and 200S).

APPEARANCES—

For Applicant: Clarence E. Scott.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connors 3
Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 787-51-SA January 25, 1954

Subject: Amendment to resolution as to additional trade names.

Sterling Heat Specialties, Inc., Massachusetts requested by letter dated August 25, 1952 that the resolution adopted February 5, 1952 under Cal. No. 787-51-SA be amended so as to permit the Sterling Suspended Gas Fired Unit Heater, Models 55S, 90S, 120S, 160S and 200S, to be marketed by the International Heater Co. Utica, N. Y. under the trade name Economy Suspended Gas Fired Unit Heater and by the Fedders-Quigan Co. Buffalo, N. Y. under the trade name Fedders Series 18 Gas Fired Unit Heaters. The application was reopened by a vote of the Board September 23, 1952.

Recommendation

The Committee on Test recommends that the resolution adopted February 5, 1952 under Cal. No. 787-51-SA be amended so as to permit the Sterling Suspended Gas Fired Unit Heaters Models 55S, 90S, 120S, 160S and 200S, to be marketed by the International Heater Co. Utica, N. Y. under the trade name Economy Suspended Gas Fired Unit Heater and by the Fedders Quigan Co. Buffalo, N. Y. under the trade name Fedders Series 18 Gas Fired Unit Heaters, on condition that the requirements of the resolution adopted February 5, 1952 under Cal. No. 787-51-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of February 5, 1952 in accordance with the above report.

25-52-SM

APPLICANT—National Gypsum Company, owner-manufacturer (George M. Wolfe, agent).

SUBJECT—Gold Bond 2 in. Laminated Drywall Partition, approval of.

APPEARANCES—

For Applicant: E. J. Duffy.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 25-52-SM January 13, 1954

Subject: Gold Bond 2" Laminated Drywall Partition, approval of.

National Gypsum Co. Buffalo, New York, filed January 11, 1952, an application with the Board of Standards and Appeals for approval of the construction known as the Gold Bond 2" Laminated Drywall Partition under the provisions of C26-636.0 Administrative Building Code.

Purpose

The material is used to construct 1 and 2 hour fire resistive interior non-load bearing partitions.

Description

The partition is made up of the following materials: Gold Bond Long Length Gypsum Lath and Gold Bond Gypsum Wall board (approved by the Board under Cal. No. 709-39-SM) and accessory ceiling and floor runners and clips.

Depending on the construction, these partitions can withstand either a one or two hour fire test.

Construction of one hour fire resistive partition.

The core of the 2" Solid Laminated Partition consists of a factory laminated core two ½ inch thick Gold Bond Long Length laths cemented together to form a solid core 1 inch thick by 2 ft. wide and up to 12 ft. in length; with joints butted.

The factory laminated core is erected vertically with the bottom edge set into and held by prongs in the floor runner and the top edge is secured by lateral bearing against the vertical leg of the ceiling runner. Each of the core sections are permanently locked in place by 6 inch long pieces of ceiling runner placed between the vertical core joints. In addition to tee joint clips at the ceiling runner tee joint clips are placed at the third points along the vertical joints. These clips are locked in place with a 6d finishing nail.

The outer face of wallboard is first applied to the core opposite the side which had the nail in the joint clips. The edges of the wallboard are butted and secured to the core by coating the back side of the board with Gold Bond Laminating adhesive, the coverage of the adhesive is 15-18 lbs. per 100 sq. ft. of wallboard area or 30-36 lbs. per 100 sq. ft. of completed partition area.

After the wallboard is secured to the core on one face, and the adhesive has had an overnight set, the nails in the tee joint clips on the opposite side are removed and the tab of each clip is bent over. The wallboard is then applied to that face of the core as described for the opposite face.

The joints between the butted edges of the wallboard on both faces is then finished with the Gold Bond Tape Joint System.

Construction of two hour fire resistive partitions.

The core of the two hour fire resistive partition is a factory laminated core of two ½ inch thick Gold Bond

Long Length bevel edge laths cemented together to form a solid core 1 inch thick two layer assembly with the long edge offset.

The factory laminated core is erected vertically in the same manner as the one hour partition except that the vertical edges of adjacent core sections are butted tightly against each other thereby forming an interlocking joint.

The outer layers of wallboard are applied to the core so that the butted joints are staggered with those of the core.

In all other respects the erection is similar to the one hour fire resistive partition except that the tee joint clips are not used.

Inspection and Test

Three partitions were fire tested for one hour resistive rating and one for the two hour. The test specimens for the one hour were designated as Samples 1, 2, and 4, and the construction in all was basically the same.

Sample 1. All boards were installed vertically and all joints between board, i.e., the single surface layers and the laminated core, were staggered, so that no two joints were in direct alignment.

Sample 2. Same as sample 1, except the two surface layers of wallboard were installed horizontally with the horizontal joints on both faces in direct alignment.

Sample 4. Same as sample 2 except that the two surface layers were of ⅜" wallboard instead of ½" wallboard.

The two hour test specimen had ½" wallboard and in all cases the joints were staggered.

The test partitions were fire and hose stream tested at the Underwriters Laboratory in accordance with the requirements of C26-591.0 and C26-592.0 Administrative Building Code in the presence of Asst. Engr. J. A. Darts, Committee on Test and S. Cady and R. Berguin representing the applicant.

Results of the tests.

The three specimens reacted basically the same way; i.e. the paper surface starting to burn and char within 1 to 3½ minutes after start of the fire and cracking occurred within the first half hour.

Specimen #1 failed at 1 hour 52 minutes; Specimen #2 failed at 1 hour 45 minutes and Specimen #4 failed at 1 hour 12 minutes and all three specimens failed due to excessive heat transmission of one thermocouple.

The two hour partition endured the fire test and at two hours the transmitted temperature was well below the set limits.

The complete Underwriters Laboratory Report Retardant 3564 is on file with and is part of the record.

The partition was also impact tested and the maximum deflection was ⅝" and the set was ⅜"; there were no apparent cracks on either face of the partition. The complete impact test report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of Gold Bond 2" Laminated Drywall Partition as a one hour fire resistive (combustible) non load bearing partition when constructed as herein described under the heading "Description" and as further described as Samples 1, 2 and 4 under the heading "Inspection and Test" and as a two hour fire resistive (combustible) non load bearing partition when constructed as herein described. It is further recommended that all plans submitted to the Department of Housing & Buildings showing the proposed use of these partitions shall be marked: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 25-52-SM."

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

621-52-SM

APPLICANT—Inland Steel Products Co., owner.

SUBJECT—Application August 11, 1952—Milcor Metal Access Doors, Models L, K and M and Milcor Cleanout Doors, approval of.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 621-52-SM

January 26, 1954

Subject: Milcor Metal Access Doors Models K, L and M and Milcor Cleanout Doors, approval of.

Inland Steel Products, Wisconsin, filed August 11, 1952 an application with the Board of Standards and Appeals for approval of the material known as Milcor Metal Access Doors Models L, K and M, and the Milcor Cleanout Door under the provisions of C26-88 and C26-178.0 Administrative Building Code.

Purpose

The access door provides access to valves and fixtures and the cleanout door is to be used for the removal of soot, etc.

Description

The access doors are designated as Models K, L and M. Model K has expansion wings and is designed for use with plastered walls, Model L is without expansion wings and is also for use with plastered walls. Model M is designed without flanges and is for use with Masonry, Brick, Stone, Tile, etc.

The wall openings that the door covers ranges from $8\frac{3}{8}"$ x $8\frac{3}{8}"$ to $24\frac{3}{8}"$ x $36\frac{3}{8}"$.

The doors are formed from 14 gauge steel and the frames from 16 gauge steel.

The panels are furnished with concealed hinges; one hinge for door $8\frac{3}{8}"$ x $8\frac{3}{8}"$ up to $12\frac{3}{8}"$ x $12\frac{3}{8}"$; two hinges for doors from $12\frac{3}{8}"$ x $16\frac{3}{8}"$ up to $24\frac{3}{8}"$ x $24\frac{3}{8}"$ and three hinges on the doors from $20\frac{3}{8}"$ x $30\frac{3}{8}"$ up to $24\frac{3}{8}"$ x $36\frac{3}{8}"$.

The locks are flush, screw driver operated special alloy metal cam and the number of cams varies with the size of the door.

The Cleanout door is stamped from 16 gauge copper alloy steel sheets and is so designed that the hinges are integral with the door and frame. Masonry anchors on the flange of the frame provides a grip in the mortar to hold the door in place.

Inspection and Test

The doors were inspected by Asst. Engr. J. A. Darts, Committee on Test, and were found to comply as to gauge of metal and details of construction.

Recommendation

On the basis of the inspection and data filed by the applicant, the Committee on Test recommends the approval of the material known as Milcor Metal Access Door, Models K, L and M and the Milcor Cleanout Door for voluntary installation in New York City under the provisions of C26-178.0 Administrative Building Code, on condition that these doors shall not be used in places or locations where a fire resistive opening protective assembly are required or as an incinerator hopper door; and further that these doors shall bear a label, permanently affixed, reading as follows: "Ap-

proved by the Board of Standards and Appeals for use in New York City under Cal. No. 621-52-SM."

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

314-53-SA

APPLICANT—General Electric Co., owner.

SUBJECT—Application April 22, 1953—General Electric Oil Furnace, Models LB15, LB20, LB30 and LB40, approval of.

APPEARANCES—

For Applicant: K. G. Bateman.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: 314-53-SA

January 11, 1954

Subject: General Electric Oil Furnace, Models LB15, LB20, LB30, and LB40, approval of.

The General Electric Company, owner-manufacturer, filed April 22, 1953, an application with the Board of Standards and Appeals for approval of the General Electric Oil Furnaces, Models LB15, LB20, LB30 and LB40 under the provisions of C26-178.0.b, Administrative Building Code C19-57.0 Administrative Code, and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

Oil fired warm air furnaces for domestic installation.

Description

The units consist of furnaces equipped with automatically operated mechanical draft oil burners integral General Electric Safety combination control with combustion thermostat and motor overload protection, temperature limit control with 250 deg. F. maximum setting, fan control and air circulating fan.

The fan and limit control switch starts and stops blower automatically and limits temperature to safe range. The flame director shuts down units in seconds if oil flame fails. The G. E. non-clog burner head provides atomized oil spray. The master control is a thermal timed control coordinating all starting, running and stopping operations. The motor compressor supplies air for combustion, pumps air and oil to burner. The quick heating Spira-flow heat transfer sections is heavy gauge corrosion protected steel, welded to prevent leakage. The baffled-in surface gives quick heat. Measured air enters at three different points to assure complete combustion. The interior of the steel cabinet is insulated, and has front panel lift off. The frame work of cabinet is of steel. The models differ as to BTU output LB15, being 60000 BTUs, LB20, 85000 BTUs, LB30, 115000 BTUs, LB40, 155000 BTU. The burners and furnaces have been approved by the Underwriters Laboratories, Misc. Petroleum 679. An examination of the details of the assembly indicates that replacement parts are interchangeable and the burners function properly throughout their operating range.

MINUTES

Inspection and Test

These appliances were inspected and tested at 15 Lawrence St., Bloomfield, N. J. and found to operate satisfactory as designed with no flare backs or undue carbon deposits, the CO₂ contents of the flue gasses was 10%. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test and I. N. Dennis, representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the General Electric Oil Furnace Models LB15, LB20, LB30 and LB40 for use in New York City in domestic installations with fuel oil not heavier than #2 U. S. Dept. of Commerce standards, when installed and operated in accordance with this report and the requirements of the Oil Burner Rules of the Board of Standards and Appeals, on condition that each oil furnace bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 314-53-SA."

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 464-53-SA

January 13, 1954

Subject: Blackburn-Smith Pneumatic Cast Iron Ejector (sewage), 30, 50, 75, 100, 150, 200, 250 and 300 gal. size, approval of.

Blackburn-Smith Mfg. Co., Inc., owner-manufacturer, filed June 11, 1953 an application with the Board of Standards and Appeals for approval of the Blackburn-Smith Pneumatic Cast Iron Ejector (Sewage Ejector), 30, 50, 75, 100, 150, 200, 250 and 300 gal. sizes under the provisions of C26-1315.0 and C26-1316.0 Administrative Building Code.

Purpose

To elevate sewage and liquids from low levels to higher sewage lines of out-falls.

Description

As the ejector tank fills with sewage, the float rises with the liquid level, sliding on the float rod. When the float strikes the upper stop on the rod, the rod is lifted, thereby tripping the float switch which closes the electric circuit through the solenoid valve, and also through the motor

starter and motor, putting the compressor into action. When the solenoid is energized, it admits compressed air to the space above the sewage in the collecting tank.

The sewage is forced by air displacement through the outlet connection to the sewer. As the sewage level falls, the float slides down the float rod until it strikes the bottom stop. The rod is then carried down thereby tripping the switch which opens the electric circuit to the solenoid, and also the motor starter circuit so that the motor driven air compressor is stopped.

When the current ceases to flow through the solenoid, air from the ejector tank vents through the valve to atmosphere.

This completes the cycle and sewage again starts collecting in the tank.

The collecting tank is of cast iron, having 1" thick walls with finished surfaces only where absolutely necessary, leaving the natural scale of the iron to resist corrosion, and is tested to 200 lb. per sq. in. The inlet and outlet openings are of particularly large size for the tank capacity. Solids, rags, waste and other various objects contained in the sewage pass through the tank freely, there being no projections or corners to catch such matters.

The float is built of spun copper and lead covered and of such homogeneous structure that it easily withstands a test pressure of 100 lb. per sq. in. The float rod is guided by a stuffing box in the cover of the tank and above that by an outside guide carried on substantial posts.

The tank does not vent through the compressor but back through the air valve.

The control principle is the operation of a compressed air valve by a solenoid. The valve is of the double poppet type with low lift, resulting in gentle seating. The operation of the system is such that the valves are not seated by air pressure. The Blackburn-Smith control permits mounting the valves out of the pot in connection with the compressor unit in a clean, accessible location, far enough from the collecting tank to keep sewage out of the valves, and these several units can be placed where they will be protected from accidental breakage.

The tank switch was designed for this service and is of a wick-acting type due to cam and roller operation with butt contacts between copper strip and carbon buttons diminishing burning of either.

The compressor gives air of greater pressure and therefore the sewage will be discharged through a greater lift. It is directly connected to the air control valve without the use of a storage tank or receiver. When delivering air direct to the ejector tank, the compressor is of the rotary type to assure an even, steady flow of air without surges or pulsation.

Inspection and Test

This apparatus was inspected and tested at the Supreme Court Building, Manhattan, and was found to operate as designed. Present at the test where Chief Engineer L. V. Huber of the Committee on Test, Chief Plumbing Inspector E. J. Ronan of Manhattan, and Chief Plumbing Inspector Leo Manka of Brooklyn, and R. F. Conte, representing the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Blackburn-Smith Pneumatic Cast Iron Ejector (sewage), 30, 50, 75, 100, 150, 200, 250 and 300 gal. size for use in New York City under the provisions of C26-1315.0 and C26-1316.0 Administrative Building Code, provided each tank bears a label permanently affixed reading:—"Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 464-53-SA."

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 670-53-SA January 25, 1954

Subject: A. O. Smith Winter Air Conditioner Gas Fired Models LS100, LMS100, LMD100, HS100, HMS100 and HMD 100, approval of.

A. O. Smith Corp., owner-manufacturer, filed September 14, 1953, an application with the Board of Standards and Appeals for approval of the A. O. Smith Winter Air Conditioner Models LS 100, LMS 100, LMD 100, HS 100, HMS 100 and HM 100 under the provisions of C26-178.0.b. and Chap: 12 Administrative Building Code.

Purpose

These are gas fired furnaces for domestic and commercial heating in nonexplosive atmospheres.

Description

These are forced air furnaces of welded 12 gauge steel construction with quiet operating slow speed blower and silent diaphragm type gas valve and thermo electric type safety shut off. The furnaces are finished in neutral gray hammerloid. The furnaces are of two types LO Boy and Hi-Boy Models LMD 100 and LMS 100 are LO Boy with a height of 43½ inches and a width of 21 inches, Models HMD 100 and HMS 100 are Hi Boy with a height of 63½ inches and a width of 21 inches, Model HMD and LMD have an input of 100000 to 40000 BTU per hour and LMS 100 and HMS 100 an input of 100000 to 50000 per Hr. Model LS 100 has an input of 100000 BTU per Hr. maximum and 71000 min. The furnaces are for use with Natural Manufactured or Mixed Gases.

They have been approved by the American Gas Association Laboratories Model LS 100 and LMS 100 LMD 100 Certificate #4-(1010.4 atnd 1.4).001 Certificate #4-1010-4.401 Model HS100 and HMD100.

Inspection and Test

Models of these furnaces were inspected and tested at 825 Lehigh Avenue, Union, N. J. and found to operate as designed. Present at the test were Leslie V. Huber, Chief Engineer Committee on Test and Charles L. Tracey representing the applicant.

Recommendation

On the basis of the inspection and test, and the data submitted by the applicant, the Committee on Test recommends the approval of the A. O. Smith Winter Air Conditioners gas fired Models LS 100, LMS 100, LMD 100, HS 100, HMS 100 and HMD 100, when installed and operated in accordance with this report and the provisions of Art. 12 Administrative Building Code, provided each burner be

labeled: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 670-53-SA."

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance for use only in non-explosive atmospheres, in accordance with the above report.

809-53-SA

APPLICANT—Imre Chairman and Peter S. Gluck, for Bede Products, Inc., owner.

SUBJECT—Application November 6, 1953—Bede Airless Spray Painting System, approval of.

APPEARANCES—

For Applicant: Imre Chairman and Peter S. Gluck.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 809-53-SA

January 11, 1954

Subject: Bede Airless Spray Painting System, approval of.

Bede Products Incorporated of Cleveland, Ohio, manufacturer, filed November 6, 1953, an application with the Board of Standards and Appeals, for approval of the Bede Airless Spray Painting System, under the provisions of C19 Administrative (Fire Prevention) Code and the Rules for Spraying and Drying Paints, etc. of the Board of Standards and Appeals.

Purpose

To eliminate overspray and reduce spray smoke, by using hydraulic pressure, instead of compressed air for paint spraying.

Description

The equipment consists of a heater unit and pump, the two connected by a hose, and another hose connecting the unit with the spray gun. A third hose, serving recirculation purposes, connects the gun with the pump return, and a fourth is attached near to the pump's shut-off valve for draining the system.

The heater unit consists of two of the units approved by the Board of Standards and Appeals under the name of "Bede Paint Heater", Cal. No. 344-48-SA. The two units are enclosed in approximately 1/16 inch thick sheet metal container. Each of the two units consists of an aluminum casting containing the tubing through which the paint passes, and enclosing a thermostat, two cartridge heaters, and a fusible link which serves as a safety device to prevent excessive temperature in case the thermostat should fail to operate.

Electrical connections to the units are in parallel and the paint flows in series.

A 3/8 inch thick asbestos insulation pad is provided between the castings and the intermediate base of the outer enclosure. The space between the inner casting assembly and the outer enclosure, and the space between the top of the casting and the cover of the outer enclosure is filled with glass wool insulation.

Inlet paint connections are provided near the lower end, and outlet connections near the upper end of the device.

MINUTES

Heater unit has been approved by the Underwriters' Laboratories, Inc., under E-19607, as amended November 6, 1952.

The fluid pump, a solidly enclosed gear pump, is manufactured by George D. Roper Corp., Rockford, Ill. The packing provided is made of Teflon. The pump has a pressure capacity of 600 p.s.i.

The pump is driven by an explosion-proof general $\frac{3}{4}$ H.P. 3 phase 220 v. A.C., or 440 v. A.C. U. S. Syncrogear asbestos protected motor, manufacturer by U. S. Syncrogear Motors, Inc., Milford, Conn. Same is approved by the Underwriters' Laboratories, Group D.G., No. FC-790864.

A $\frac{1}{2}$ " dia. solvent resisting hose feeds the cold paint from the paint container to the pump inlet. All other fluid hoses are $\frac{1}{4}$ " dia. plastic lined and designed for medium-high pressure, having a bursting capacity of 3000 lbs. These hoses are manufactured by Resistoflex Corp., Belleville, N. J.

The spray gun is lighter than the conventional gun. Spray performance, the volume and angle of spray is controlled by the selection of the nozzle.

OPERATION: Paint is syphoned by a pump into the system, sent through the heater to the spray gun and the unused portion recirculated (pressure feed can be used but is not necessary). Circulation is necessary to maintain hot paint at the gun nozzle at all times. Pressure in the circuit is maintained, (generally between 300 to 600 p.s.i.) by a pressure relief valve on the return side of the circuit. An acme type SY strainer is attached to the heater outlet to prevent clogging up the outlet hose. The strainer has a drain valve.

Inspection and Test

The equipment was inspected and tested December 2, 1953, at Mutual Electric and Machine Corp., 719 Broadway, New York. Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test, Victor Peinitich, representing the Fire Department, Imre Chairman, Peter S. Gluck, and Joseph A. Sanches representing the manufacturer, and William J. Ollinger of Mutual Electric and Machine Corp., distributor. Ventilation was automatically set, so that pump and motor would not start operation without the ventilating fan running. At several demonstrations confining of spraying to the object to be painted has been shown.

Recommendation

On the basis of this inspection and test, and the data filed by the applicants, the Committee on Test recommends the approval of the Bede Airless Spray Painting System for use in New York City under the Rules for Spraying and Drying Paints, etc., of the Board of Standards and Appeals, and C19, Article 15 Administrative Code, when installed and operated in accordance with this report, and in compliance with the Electrical Code of the City of New York, provided the appliance bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 809-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 831-53-SA

January 25, 1954

Subject. Burcar Oil Burner, Model BK-3, approval of.

The Burcar Mfg. Co., filed November 2, 1953 an application with the Board of Standards and Appeals for approval of the Burcar Oil Burner Model BK-3 for use in New York City under the provisions of C26-178.0.b, C19-57.0 Administrative Code, and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

A mechanical draft conversion oil burner for use in domestic and commercial installations.

Description

The burner consists of a blower housing and combination base and flange—aluminum castings—steel air tube—cast iron fire cone.

The capacity of the BK-3 is 1.00 to 2.90 gallons per hour.

Model BK-3L has the same capacity as above, the only difference being a longer blast tube for warm air furnaces.

The motor on Model BK-3 burners is $\frac{1}{8}$ HP. Rotation, when viewed from the shaft end, is clockwise. A thermal-overload switch is built-in. The motor requires no attention other than oiling twice a year, through the oil cups provided.

The pump on Burcar BK-3 Model burner is a standard pump, suitable for either single or double pipe installation. When a burner is shipped from the factory, the by-pass is removed from the pump, and is in a cloth bag attached to the burner. The rotation of the pump is counter-clockwise when viewed from the shaft end. Approved magnetic cut-off pumps are available for use with BK-3 Model burners.

The fan is attached directly to the motor shaft and therefore rotates in a counter clockwise direction when viewed from the back or closed end of the motor. The fan is located inside the fan housing protected by a guard and air adjuster which cannot be closed beyond the required minimum.

The Transformer is a standard 10,000 sec. volts—115 pri. volts—250 amps. 60 cycle.

The Primary Controls are either Minneapolis-Honeywell R896A burner mounted, R-187A electronic or stack mounted controls.

The nozzle tube and the electrode porcelains pass through a small casting which also has vanes for spiraling the air. With electronic controls a separate bracket holds the photo-cell, used to actuate the primary control.

These burners are designed to use a solid cone spray nozzle, 60 deg. to 70 deg.

Inspection and Test

A model of this burner was inspected and tested at Market St., Stamford, Conn. The burner was an assembly of approved parts suitable for use with each other for the service intended as approved and the burner is provided with suitable safeguards to prevent abnormal discharge of oil. The burner as assembled was tested for defects and proper functioning throughout its operating range and was found to function properly as designed with no flarebacks or unusual carbon deposits. With the oil cut off the standard controls functioned in 97 seconds and the electronic controls functioned in 25 seconds. All parts are so designed as to maintain alignment and to permit interchangeability. With a stack temperature of 485 deg. F. the CO₂ content of the flue gases was 10%.

Present at the test were Chief Engineer Leslie V. Huber of the Committee on Test and G. I. Carter, J. D. Burns

MINUTES

an I P. Sinnott, representing the applicant. The burner has been approved by the Underwriters Laboratories Misc. Petroleum 2278 Application Nos. 53C 3373 and 53C 3374.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Burcar Oil Burner Models BK-3 and BK-3L for use in New York City with fuel oil not heavier than #2 U. S. Dept. of Commerce Standards, when installed in accordance with this report and the Oil Burner Rules of the Board of Standards and Appeals, provided the burner bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 831-53-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

856-53-SA

APPLICANT—Combustion Engineering Inc., owner.
SUBJECT—Application November 24, 1953—CE Steam Atomizing Oil Burner, Type WR-T and WR-H, approval of.

APPEARANCES—

For Applicant: Myron F. Freeman.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and eating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 856-53-SA January 25, 1954

Subject: C. E. Steam Atomizing Oil Burner Type WR-T and WR-H, approval of.

Combustion Engineering, Inc., New York, filed November 24, 1953, an application with the Board of Standards and Appeals for approval of the CE Steam Atomizing Oil Burner, Type WR-T and WR-H under the provisions of C26-178.0 Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

The appliance is an oil burner, used to atomize fuel oil for combustion in industrial and utility plants.

Description

The burner has been developed for burning of various fuel oils in the furnaces of steam generating units. The tips of these units have been developed with capacities ranging from 5,000,000 to 150,000,000 BTU per hour and are for use with large steam generating units. The capacity of the steam generators range up to over 1,500,000 lbs. of steam per hour and are operated under continuous operating personnel.

The appliance is manually operated. All controls, shut offs, pre-heaters are not part of the application but these items are installed in various other locations in the plant.

In operation, oil is introduced through a central group of openings of the mixing plate while steam passes from the annular space radially into the axial flow of oil in a mixing chamber where the atomization takes place. The mixture of steam and atomized fuel oil then passes through a spray

plate which may be modified to obtain various shapes of flame, which is indicated by a spray angle; variations from a flat spray to one of 90 deg. can be obtained.

Inspection and Test

The burner was inspected at the Glenwood Landing Power Station, Long Island Lighting Co. New York by Asst. Engr. J. A. Darts, Committee on Test and representatives of the Combustion Engineering Inc. and representatives of the Lighting Co.

A burner was stripped so that the parts could be examined and checked against the detail drawings. A unit was then examined while in operation.

The control room was then inspected and the automatic controls and the constant supervision of all features of the operation were noted.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the CE Steam Atomizing Oil Burner Type WR-T and WR-H for voluntary installation in New York City in industrial and utility plants where this type of equipment is required for use with large steam generating units on condition that the burner bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 856-53-SA."

THE VOTE OF FEBRUARY 24, 1954—

Affirmative: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated September 21, 1953, as to Alt. Applic. 2661/52, reads:

"1. Extending convalescent home, which height exceeds permissible under Sec. 4.2.1 of Bldg. Code for Class #3 construction. (Refer to Cal. No. 632-45-A, of B.S.A.)"

and

WHEREAS, the applicant states that the building is 2 stories, 26 ft. in height; 40 ft. by 68 ft. in area, of Class 3 construction, erected 1928, located on a lot 50 ft. by 150 ft. in area, in a residence use, C area, class 1 height district, and used and occupied since 1946—cellar, kitchen and boiler room, 4 persons; 1st floor, nursing home, 25 persons; 2nd floor, nursing home, 29 persons; pursuant to Certificate of Occupancy #117384 issued April 25, 1947 on completion of work under Alt. Applic. 2875/45, and Certificate of Occupancy #117385, issued April 25, 1947, upon completion of work under Alt. Applic. 2876/45; both of these alteration applications was subject to a variance granted by the Board January 29, 1946, under Cal. No. 632-45-A, Vol. II;

WHEREAS, the applicant states that it is now proposed to increase the building to 47 ft. by 110 ft. in area, and to increase the lot to 55 ft. front by 150 ft. in area, and to occupy the extended building as follows: cellar, kitchen, boiler room and storage, 4 persons; 1st floor, nursing home, 45 persons; 2nd floor, nursing home, 49 persons; that the building is provided with a partial sprinkler system fed from the domestic water supply of the building; that there are three ft. 8 in. wide steel stairs, enclosed in two hour partitions, equipped with one hour fire test self-closing doors; that stair halls lead to street and are provided with a ladder and scuttle to roof; and

WHEREAS, the applicant contends that the floors of the proposed extension will be level with those of the existing building in order to avoid steps or ramps between the old building and the new portion of the structure; that the 1st floor will be 3 ft. above grade; that the height from the 1st floor to the high point of the roof is 20 ft.; that the structure will be set back 30 ft. from the building line and the exterior walls other than the front wall will be 4 to 10 ft. from lot lines; and it is therefore requested that the Board permit the use of this public building as a nursing home in class 3 construction as indicated on plans filed with this appeal even though its height is 23 ft. above grade; and

WHEREAS, this appeal was laid over for the applicant to file a plan for the consideration of the Department of Hospitals, and such plan has been filed.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 29, 1946, Vol. II, by adding thereto:

"* * * that in the event the owner desires to extend the building of Class 3 construction substantially as proposed and indicated on revised plans filed with this

appeal marked 'Received September 23, 1953,' 4 sheets, such extension may be constructed and maintained and arranged as approved by the Department of Hospitals as indicated on such plans, *on condition* that the building shall not be increased in height or area; that in all other respects, the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that a sprinkler system shall be maintained in accordance with the requirements of the Building Code, throughout the present building and proposed extension; that there shall be an additional exit provided from the 1st floor to the rear yard either by means of extending the passageway and removing the bathroom or by installing stairs from both rear chambers to grade; that there shall be no doors hung on the openings between the rooms in the proposed rear extension on the 1st floor."

APPLICANT—Maxfield Blaubeux, for Dave Bernstein, owner.

SUBJECT—Application March 25, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—562-564 State street, south side, 5 ft. west of Flatbush avenue (4th floor); (Block 180, Lots 28 and 29), Borough of Brooklyn.

APPEARANCES—

For Applicant: Maxfield Blaubeux.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 23, 1953, acting on Alt. Applic. 1703/47, reads:

"1. Stairs to extend to roof as per Sec. 6.4.1.11 B.C.

2. Stair enclosure to be 2 hr. rating as building is over 40 ft. in height, Sec. 10.5.1.3 B.C."

and

WHEREAS, the applicant states that the building is 4 stories, 49 ft. 6 in. in height; 40 ft. by 88 ft. 4 in. in area at street level; 40 ft. by 60 ft. in area at typical floor area; of class 3 construction; erected 1916; located on a lot 40 ft. front by 90 ft. in depth; in a business use, B area, Class 1 height district; and used and occupied since 1951 as follows: Cellar, ordinary storage; 1st floor, stores, 6 persons; 2nd floor, offices, 13 persons; 3rd floor, factory, 14 persons; 4th floor, offices, 7 persons; and now proposed to be used and occupied as follows: Cellar, ordinary storage, no persons; 1st floor, stores, 6 persons; 2nd, 3rd and 4th floors, offices, 13 persons on each of the 2nd and 3rd floors, and 7 persons on the 4th floor; that the building is provided with one 3 ft. wide interior iron stairs, enclosed in partitions of wood studs, ¾ in. portland cement plaster on metal lath both sides; equipped with wood doors which are not self-closing; stair hall leads to street and is provided with a ladder and scuttle to the roof; and

WHEREAS, Certificate of Occupancy #48263 issued December 7, 1927, upon completion of work under Alt. Permit #11729 of 1924, permits the following use and occupancy: Cellar, ordinary use; 1st floor, 2 stores; 2nd floor, vacant, to be used as office and dance school; 3rd floor, one family; 4th floor, one family; and

WHEREAS, the applicant states that Alt. Applic. 1703 of 1947 was approved for the following use: Cellar, ordinary use; 1st floor, stores; 2nd floor, offices; 3rd floor, offices; 4th floor to remain vacant; and no certificate of occupancy was issued; and

WHEREAS, the applicant contends as to Objection 2, issued by the Borough Superintendent that the owner proposes to use the 4th floor for an occupancy of 7 persons and in lieu

MINUTES

of a 2-hour stair hall enclosure as required by Sec. 10.5.1.3 it is proposed to install a sprinkler system in addition to the present fire retarded stair hall partitions which have a one hour rating, equipped with fireproof self-closing doors having a one hour rating; that the present stairs is of iron construction with terrazzo treads and platforms; that the number of occupants will be limited to 13 on the 2nd, 13 on the 3rd and 7 on the 4th; and

WHEREAS, the applicant contends as to Objection 1, issued by the Borough Superintendent, that a modification of the requirements of Sec. 6.4.1.11 is requested so as to omit requirement that the stairs extend to the roof as the building is only 40 ft. in width by 60 ft. in depth, less than 2500 sq. ft. in area from 2nd to 4th floors and its occupancy will be limited to the number of persons that the use will be of a non-hazardous type and in addition a sprinkler system will be installed as an additional safeguard in an emergency; that a 70 deg. iron ladder will be installed with a metal covered scuttle to provide access to the roof; that the present cellar ceiling is fire retarded with $\frac{1}{2}$ in. plaster board and 26 gauge metal; that the present rear open wood cellar stairs will be enclosed with 4 in. cinder concrete blocks equipped with fireproof self-closing one hour test door; and

WHEREAS, under Cal. No. 2-25-A, the Board on March 17, 1925, denied an appeal from a decision of the superintendent of buildings on Applic. #25016, which appeal involved the proposal to omit a stairway extending from the first to the top story and to provide in lieu thereof horizontal openings on each story leading to the stairway in the easterly section of the premises, and to provide an additional exit from the rear of the restaurant on the 1st story by means of a door leading to the yard of the premises to the rear; that the denial by the Board was reversed in Special Term, Supreme Court, by decision published in the New York Law Journal, October 29, 1925. An appeal was requested by the then Chairman of the Board but was not taken by the Corporation Counsel. In lieu thereof a motion to reargue was submitted to Special Term and denied November 21, 1925 by Mr. Justice Van Sicken.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1703/47, Obj. 1, be and it hereby is modified and that the appeal be and it hereby is granted on condition that the building shall be occupied and altered as proposed and as indicated on plans filed with this appeal showing existing and proposed conditions marked "Received March 25, 1953," (10 sheets), and "July 22, 1954," (2 sheets), on condition that the existing enclosures with vestibules on each floor, as proposed, including the 4th floor, shall be constructed and maintained with doors leading to such enclosures from each floor of at least one hour fire test and made self-closing and opening in the direction of exit; that the scuttle from the 4th floor to the roof shall be maintained within such vestibule with a double rung straight ladder reaching such scuttle; that such scuttle shall have an easy opening device; that the stair hall throughout shall have a sprinkler system of a type as permitted for a converted multiple dwelling, provided the house water supply is at least 2 in. in diameter; that the building shall not be increased in height or area and shall not be occupied for any other purpose than as proposed and shall comply in all other respects with all laws, rules and regulations applicable thereto.

590-53-A

APPLICANT—The Queensboro Corp., for 144-19th Street, J. H. Inc., owner.

SUBJECT—Application July 30, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—35-13 76th street, east side, 519 ft. north of 37th avenue (Block 1276, Lot 71), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: A. O. Dahl and Alfred H. Lindberg.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated July 2, 1953, acting on Elev. Applic. 72/53, reads:

"1. Above application cannot be accepted as it is contrary to Local Law 73 of 1950."

and

WHEREAS, this building is one of a group of similar buildings, 4 and 5 stories in height, 65 ft. by 66 ft. in area, and 74 ft. by 66 ft. in area, erected in 1922 as Class A multiple dwellings of class 3 construction, for which certificates of occupancy have been issued permitting their use as tenements; and

WHEREAS, each of these buildings has been the subject of a violation issued by the Borough Superintendent requiring:

1. The installation of new approved hoistway doors or the relocation of the existing doors to within $1\frac{1}{2}$ in. for swing doors and $2\frac{1}{4}$ in. for slide doors to comply with Local Law 73 (Sec. C26-898.0 of the Administrative Code).

2. The distance from the hoistway door to car door shall not exceed $5\frac{1}{2}$ in.

3. The Basement hoistway door house type lock shall be removed or made inoperative.

and

WHEREAS, the applicant contends that if the apartment entrance doors are relocated to within $1\frac{1}{2}$ in. of hatchway edge, the space between the apartment door and the elevator door will be greater than now exists between the safety pans on the apartment doors and the elevator doors, because the face of the safety pan is flush with the hatchway, whereas the relocated door without the pan would be at least $1\frac{1}{2}$ in. further away from the elevator door; that these safety pans are sturdily constructed, well installed, and the size of the pan and the weight of metal are such as to make them extremely rigid; that the pan has a slope of 60 deg. at top which makes it virtually impossible for anyone to stand on it; that the knob of the apartment entrance door is so located as not to be accessible should anyone try to stand on the safety pan by hanging on to the knob; that these elevators are under complete maintenance contract with a reputable concern and have been so maintained since the initial installation so that they have had constant responsible and technical supervision of their safety and operating conditions; that this installation is unusual in that the elevator cab serves two apartments at each floor by means of sliding doors on the cab, consequently, there are inter-locks on the cab doors and two apartment entrance doors on each floor and the car will not move unless all four contacts are made; that there is, therefore, double the factor of safety, as compared with the usual push-button elevator installation; that this building is a cooperatively owned building with responsible supervision and constant maintenance; that there is a resident superintendent in the basement; that the buildings are not open to the general public; dumbwaiters, however, are accessible to the public for deliveries independently of any entrance arrangements; that as regards the requirement for a toe-guard on the cab, it is felt that this is not necessary because of limited use (eight families at most) and the regular inspection and maintenance contract which insures proper operation of the elevator; that as regards the removal of the lock on the basement door, it should be noted that only the tenants and superintendent now have access to this door so that it is not open to the general public; that removal of this lock would facilitate entry by unauthorized persons and create a grave risk of vandalism and burglary since the elevators open directly into apartments and not into a public hall; that the present installation is as safe as any which would result from the relocation of the doors; that because of the limited use (8 families) it is substantially safer than the usual installation acceptable under the build-

MINUTES

ing requirements and does not warrant the cost and hardship which would ensue from such changes; and

WHEREAS, in the opinion of the Board the condition as previously approved cannot be practically altered to comply in view of there being two sets of sliding doors from each car opening on each floor to separate apartments.

Resolved, that the decision of the Borough Superintendent, acting on Elev. Applic. No. 72/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the existing conditions as to elevators, as indicated on plans filed with this appeal marked "Received February 10, 1954" (2 sheets), and to permit the continuance of conditions as approved by the Department of Housing and Buildings at the time of erection of the building, *on condition* that a toe-guard shall be installed in the car platform if the Borough Superintendent requires it and if it is feasible to attach it; that the lock on the basement doors, required to be removed under violation issued, may be continued; that in all other respects the elevators and enclosures shall comply with all laws, rules and regulations applicable thereto.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 2, 1953, acting on Elev. App. 73/53, reads:

"1. Above application cannot be accepted as it is contrary to Local Law 73 of 1950."

and

WHEREAS, this building is one of a group of similar buildings, 4 and 5 stories in height, 65 ft. by 66 ft. in area, and 74 ft. by 66 ft. in area, erected in 1922 as Class A multiple dwellings of class 3 construction, for which certificates of occupancy have been issued permitting their use as tenements; and

WHEREAS, each of these buildings has been the subject of a violation issued by the Borough Superintendent requiring:

1. The installation of new approved hoistway doors or the relocation of the existing doors to within $1\frac{1}{2}$ in. for swing doors and $2\frac{1}{4}$ in. for slide doors to comply with Local Law 73 (Sec. C26-898.0 of the Administrative Code).

2. The distance from the hoistway door to car door shall not exceed $5\frac{1}{2}$ in.

3. The Basement hoistway door house type lock shall be removed or made inoperative.

and

WHEREAS, the applicant contends that if the apartment entrance doors are relocated to within $1\frac{1}{2}$ in. of hatchway edge, the space between the apartment door and the elevator door will be greater than now exists between the safety pans on the apartment doors and the elevator doors, because the face of the safety pan is flush with the hatchway, whereas the relocated door without the pan would be at least $1\frac{1}{2}$ in. further away from the elevator door; that these safety pans are sturdily constructed, well installed, and the size of the pan and the weight of metal are such as to make them extremely rigid; that the pan has a slope of 60 deg. at top which makes it virtually impossible for anyone to stand on it; that the knob of the apartment entrance door is so located as not to be accessible should anyone try to stand on the safety pan by hanging on to the knob; that these elevators are under complete maintenance contract with a reputable concern and have been so maintained since the initial installation so that they have had constant responsible and technical supervision of their safety and operating conditions; that this installation is unusual in that the elevator cab serves two apartments at each floor by means of sliding doors on the cab, consequently, there are inter-locks on the cab doors and two apartment entrance doors on each floor and the car will not move unless all four contacts are made; that there is, therefore, double the factor of safety, as compared with the usual push-button elevator installation; that this building is a co-operatively owned building with responsible supervision and constant maintenance; that there is a resident superintendent in the basement; that the buildings are not open to the general public; dumbwaiters, however, are accessible to the public for deliveries independently of any entrance arrangements; that as regards the requirement for a toe-guard on the cab, it is felt that this is not necessary because of limited use (eight families at most) and the regular inspection and maintenance contract which insures proper operation of the elevator; that as regards the removal of the lock on the basement door, it should be noted that only the tenants and superintendent now have access to this door so that it is not open to the general public; that removal of this lock would facilitate entry by unauthorized persons and create a grave risk of vandalism and burglary since the elevators open directly into apartments and not into a public hall; that the present installation is as safe as any which would result from the relocation of the doors; that because of the limited use (8 families) it is substantially safer than the usual installation acceptable under the building requirements and does not warrant the cost and hardship which would ensue from such changes; and

WHEREAS, in the opinion of the Board the condition as previously approved cannot be practically altered to comply in view of there being two sets of sliding doors from each car opening on each floor to separate apartments.

Resolved, that the decision of the Borough Superintendent, acting on Elev. Applic. No. 73/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the existing conditions as to elevators, as indicated on plans filed with this appeal marked "Received February 10, 1954" (2 sheets), and to permit the continuance of conditions as approved by the Department of Housing and Buildings at the time of erection of the building, *on condition* that a toe-guard shall be installed in the car platform if the Borough Superintendent requires it and if it is feasible to attach it; that the lock on the basement doors, required to be removed under violation issued, may be continued; that in all other respects the elevators and enclosures shall comply with all laws, rules and regulations applicable thereto.

3. The Basement hoistway door house type lock shall be removed or made inoperative.

and

WHEREAS, the applicant contends that if the apartment entrance doors are relocated to within 1½ in. of hatchway edge, the space between the apartment door and the elevator door will be greater than now exists between the safety pans on the apartment doors and the elevator doors, because the face of the safety pan is flush with the hatchway, whereas the relocated door without the pan would be at least 1½ in. further away from the elevator door; that these safety pans are sturdily constructed, well installed, and the size of the pan and the weight of metal are such as to make them extremely rigid; that the pan has a slope of 60 deg. at top which makes it virtually impossible for anyone to stand on it; that the knob of the apartment entrance door is so located as not to be accessible should anyone try to stand on the safety pan by hanging on to the knob; that these elevators are under complete maintenance contract with a reputable concern and have been so maintained since the initial installation so that they have had constant responsible and technical supervision of their safety and operating conditions; that this installation is unusual in that the elevator cab serves two apartments at each floor by means of sliding doors on the cab, consequently, there are inter-locks on the cab doors and two apartment entrance doors on each floor and the car will not move unless all four contacts are made; that there is, therefore, double the factor of safety, as compared with the usual push-button elevator installation; that this building is a cooperatively owned building with responsible supervision and constant maintenance; that there is a residential superintendent in the basement; that the buildings are not open to the general public; dumbwaiters, however, are accessible to the public for deliveries independently of any entrance arrangements; that as regards the requirement for a toe-guard on the cab, it is felt that this is not necessary because of limited use (eight families at most) and the regular inspection and maintenance contract which insures proper operation of the elevator; that as regards the removal of the lock on the basement door, it should be noted that only the tenants and superintendent now have access to this door so that it is not open to the general public; that removal of this lock would facilitate entry by unauthorized persons and create a grave risk of vandalism and burglary since the elevators open directly into apartments and not into a public hall; that the present installation is as safe as any which would result from the relocation of the doors; that because of the limited use (8 families) it is substantially safer than the usual installation acceptable under the building requirements and does not warrant the cost and hardship which would ensue from such changes; and

WHEREAS, in the opinion of the Board the condition as previously approved cannot be practically altered to comply in view of there being two sets of sliding doors from each car opening on each floor to separate apartments.

MINUTES

Resolved, that the decision of the Borough Superintendent, acting on Elev. Applic. No. 75/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the existing conditions as to elevators, as indicated on plans filed with his appeal marked "Received February 10, 1954" (2 sheets), and to permit the continuance of conditions as approved by the Department of Housing and Buildings at the time of erection of the building, *on condition* that a toe-guard shall be installed in the car platform if the Borough Superintendent requires it and if it is feasible to attach it; that the lock on the basement doors, required to be removed under violation issued, may be continued; that in all other respects the elevators and enclosures shall comply with all laws, rules and regulations applicable thereto.

3. The Basement hoistway door house type lock shall be removed or made inoperative.

and

WHEREAS, the applicant contends that if the apartment entrance doors are relocated to within $1\frac{1}{2}$ in. of hatchway edge, the space between the apartment door and the elevator door will be greater than now exists between the safety pans on the apartment doors and the elevator doors, because the face of the safety pan is flush with the hatchway, whereas the relocated door without the pan would be at least $1\frac{1}{2}$ in. further away from the elevator door; that these safety pans are sturdily constructed, well installed, and the size of the pan and the weight of metal are such as to make them extremely rigid; that the pan has a slope of 60 deg. at top which makes it virtually impossible for anyone to stand on it; that the knob of the apartment entrance door is so located as not to be accessible should anyone try to stand on the safety pan by hanging on to the knob; that these elevators are under complete maintenance contract with a reputable concern and have been so maintained since the initial installation so that they have had constant responsible and technical supervision of their safety and operating conditions; that this installation is unusual in that the elevator cab serves two apartments at each floor by means of sliding doors on the cab consequently, there are inter-locks on the cab doors and two apartment entrance doors on each floor and the car will not move unless all four contacts are made; that there is, therefore, double the factor of safety, as compared with the usual push-button elevator installation; that this building is a cooperatively owned building with responsible supervision and constant maintenance; that there is a resident superintendent in the basement; that the buildings are not open to the general public; dumbwaiters, however, are accessible to the public for deliveries independently of any entrance arrangements; that as regards the requirement for a toe-guard on the cab, it is felt that this is not necessary because of limited use (eight families at most) and the regular inspection and maintenance contract which insures proper operation of the elevator; that as regards the removal of the lock on the basement door, it should be noted that only the tenants and superintendent now have access to this door so that it is not open to the general public; that removal of this lock would facilitate entry by unauthorized persons and create a grave risk of vandalism and burglary since the elevators open directly into apartments and not into a public hall; that the present installation is as safe as any which would result from the relocation of the doors; that because of the limited use (8 families) it is substantially safer than the usual installation acceptable under the building requirements and does not warrant the cost and hardship which would ensue from such changes; and

WHEREAS, in the opinion of the Board the condition as previously approved cannot be practically altered to comply in view of there being two sets of sliding doors from each car opening on each floor to separate apartments.

Resolved, that the decision of the Borough Superintendent, acting on Elev. Applic. No. 90/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the existing conditions as to elevators, as indicated on plans filed with this appeal marked "Received February 10, 1954" (2 sheets) and to

permit the continuance of conditions as approved by the Department of Housing and Buildings at the time of erection of the building, *on condition* that a toe-guard shall be installed in the car platform if the Borough Superintendent requires it and if it is feasible to attach it; that the lock on the basement doors, required to be removed under violation issued, may be continued; that in all other respects the elevators and enclosures shall comply with all laws, rules and regulations applicable thereto.

605-53-A

APPLICANT—The Queensboro Corp., for 164—22nd Street, J. H. Inc., owner.

SUBJECT—Application July 30, 1953—Appeal from a decision of the borough superintendent.

PREMISES AFFECTED—34-41 79th street, east side, 190 ft. north of 35th avenue (Block 1266, Lot 51), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: A. O. Dahl and Alfred H. Lindberg.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinfert and Keating and Deputy Chief Connors 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated July 2, 1953, acting on Elev. App. 91/53, reads:

"1. Above application cannot be accepted as it is contrary to Local Law 73 of 1950."

and

WHEREAS, this building is one of a group of similar buildings, 4 and 5 stories in height, 65 ft. by 66 ft. in area, and 74 ft. by 66 ft. in area, erected in 1922 as Class A multiple dwellings of class 3 construction, for which certificates of occupancy have been issued permitting their use as tenements; and

WHEREAS, each of these buildings has been the subject of a violation issued by the Borough Superintendent requiring:

1. The installation of new approved hoistway doors or the relocation of the existing doors to within $1\frac{1}{2}$ in. for swing doors and $2\frac{1}{4}$ in. for slide doors to comply with Local Law 73 (Sec. C26-898.0 of the Administrative Code).

2. The distance from the hoistway door to car door shall not exceed $5\frac{1}{2}$ in.

3. The Basement hoistway door house type lock shall be removed or made inoperative.

and

WHEREAS, the applicant contends that if the apartment entrance doors are relocated to within $1\frac{1}{2}$ in. of hatchway edge, the space between the apartment door and the elevator door will be greater than now exists between the safety pans on the apartment doors and the elevator doors, because the face of the safety pan is flush with the hatchway, whereas the relocated door without the pan would be at least $1\frac{1}{2}$ in. further away from the elevator door; that these safety pans are sturdily constructed, well installed, and the size of the pan and the weight of metal are such as to make them extremely rigid; that the pan has a slope of 60 deg. at top which makes it virtually impossible for anyone to stand on it; that the knob of the apartment entrance door is so located as not to be accessible should anyone try to stand on the safety pan by hanging on to the knob; that these elevators are under complete maintenance contract with a reputable concern and have been so maintained since the initial installation so that they have had constant responsible and technical supervision of their safety and operating conditions; that this installation is unusual in that the elevator cab serves two apartments at each floor by means of sliding doors on
